LOCAL NEWS.

Devlin's Fur Depot.

There was a small market this morning. Pork was the principal article brought on.

We understand that a certain den o nuisance is to be broken up shortly.

Planks are badly wanted in many places in the sidewalks in Cumberland street.

A hole in the crossing at Church and Cumberland streets, is dangerous to man and beast.

It is rumoured that the police force are to be increased in number. They certainly should be.

The piece of sidewalk leading from Sussex street to the St. Patrick's Hall is in a very bad condition.

A couple of additional lights are very much needed on Rideau street, between Cumberland and Gloucester streets.

A poor woman named Welsh lost $17 a couple of days ago in the vicinity of the market. The finder will be kind enough to leave it at the police station.

RACES.—The good people of Kemptville are to have the pleasure of witnessing a series of horse races to-day. The horse racing mania is certainly infectious.

Carpets and House Furnishings made a specialty, at Garland, Mutchmor & Co's. A large stock and new styles, at reduced prices.

A cart drawn by a lean horse stuck in the mud in St. Andrew street yesterday afternoon, and half the load had to be taken off before the animal could proceed on its way.

The remains of the steamer *Otter* which was destroyed by fire some weeks ago, and which sunk near the Queen's Wharf, is now being removed. It is believed the machinery was not much injured.

Parliament Square is now well planted with healthy looking trees of various kinds. They are, moreover, all boxed in and the boxes are being painted. The Square has already a greatly improved appearance.

When is that lot at the west side of Dr. VanCortlandt's residence to be fenced in? As it is at present there is constant danger of serious accidents occurring. The vacant lot at the corner of O'Connor and Sparks streets is in a similar condition.

BOARD OF SCHOOL TRUSTEES.—A special meeting of the Board is called for this evening at 7 o'clock, in the City Hall. We understand that the meeting is called for the further consideration of the appointment of teachers for the ensuing year.

A new crossing has been laid at the corner of Dalhousie and George streets for which the inhabitants in that locality are only thankful. Let them be laid in every part of the city, and particularly in Sparks street.

NOTICE.—Now is the time. Go and see C. P. Dorion, 60 Sparks Street, for stoves and stove-pipe fitting. No puff; but see for yourselves. Lumbermen and country Merchants come and see. The most complete House in this Line in the Capital. See Posters. C. P. Dorion, 60 Sparks Street. 1486 2m.

The workmen engaged in digging a drain in Rideau street, and who are compelled to blast the rocky soil at times, should be careful to look that no horses are passing or near at the time the explosion occurs. Yesterday afternoon a team of horses were nearly frightened into gallopping off by a blast which took place as they were passing.

MESSRS. Durie & Sons have received the October number of the *Edinburgh Review* which contains a number of interesting papers on current events. They have also for sale the *Englishman's Domestic Magazine* a periodical which is always gladly welcomed by the ladies.

SOCIAL READINGS.—The readings last evening in the basement of the Congregational Church were well attended. Mr. Workman, assisted by Miss Workman opened the programme with a duet. All the selections, songs, and instrumental music were well received by the audience and were well rendered.

Preparations are being rapidly made for the completion of the Library of the Parliament Buildings. A large quantity of freestone has arrived by cars, and is being hauled to the ground. Iron has also arrived per barges from Montreal, and there is every appearance of the work being pushed on energetically as soon as the masons get to work.

POLICE COURT — THURSDAY MORNING.—James Cummings for being drunk and disorderly in the public streets was fined two dollars and costs, or three weeks in jail.

Felix Blondin, was charged with selling liquor without being licensed to do so. The person who gave the testimony against the defendant was examined at considerable length, and finally, at the request of Mr. DeGrant, the case was adjourned until to-morrow morning to allow other witnesses to be examined.

Early in the fall it was generally supposed that butter would be very scarce and dear in and about Ottawa, but the large supply daily brought on the market shows that notwithstanding the great fire and consequent scarcity of fodder, this article of consumption is still plentiful in the surrounding country. The butter sold on the market is moreover generally of a very good quality. The price remains steady at 18 and 20 cents per pound.

THE WALHALLA TROUPE.—This troupe give their third entertainment, with a change of programme, to a good house last night. The performances were in every respect up to the mark. Little Bo-Peep on the rolling globe on the slanting plank was astonishing. The tableaux were as on previous nights beautifully arranged and very effective. The giraffe act was capitally done. The fountain concluded the performance, and elicited the usual admiration.

ARRIVALS AT THE RUSSELL HOUSE.—G. H. Hodges, Montreal; John Cully, do; J. P. Grant, do; R. Nimmo, T. Perrin, do; Ross Bryson, do; J. H. Dumble and wife, Cobourg; O. Shepard, Boston; Lewis A. Hall, do; Jno. Cosgrove, Toronto; J. C. Geddes, Chicago; J. Marshall, Toronto; F. A. Hall and wife, Perth; J. B. Pantre, Lancaster; Lawrence McEwen, England; C. Mutetread, Clinton; Alex. Manning, Toronto; R. D. Tinning, do; B. S. Nicholls, N. Y.; Walter Smith, Onslow; Captain Fuller, England; H. F. Turquand, do.

HARDWARE.—We would call the attention of the public to Mr. Birkett's advertisement in another column. It is probably useless for us to recommend those who wish to purchase in this line to go to Mr. Birkett's establishment. It is long established, and well known as the most extensive and complete in the city, and but a small advance on cost is charged. A large stock of hardware of every description is after being received, and country merchants in particular would do well to give him an early call. Go to the sign of the Anvil.

T. H. E. QUADRILLE CLUB.—The first assembly of the season of this club took place on Wednesday evening, in Gowan's Hall. There were about 80 couples present, and everything being well prepared for the occasion, it is useless to say that all, members, as well as those invited, enjoyed themselves.

It must have been gratifying to the members to witness the success which attended the club on the opening night. It is the intention of the club to hold fortnightly assemblies during the winter.

HULL READINGS.—The readings in Hull, on Wednesday evening, were a complete success. The hall was well filled, and every one was delighted with the evening's entertainment. C. B. Wright, Esq., occupied the chair, and although the programme was a lengthy one, it was got through with at half-past nine. The music for the evening was furnished by Messrs. Mercer, Midford, Smith, Howe and Topley. Particularly to be admired, were the duetts by Messrs. Smith and Midford, and Messrs. Howe and Midford. The readers were Messrs. W. Washburne, Pratt, Davison, A. Washburne, and H. L. Loucks. A very pleasant feature was the entire absence of the noise usual at such places.

Devlin's Fur Depot.

Some means should be adopted to prevent the boys in the gallery of the Music Hall from insulting persons as they enter the door and proceed to take their places in the reserved seats. Such conduct is not witnessed in any other city in Canada, and it is not creditable to the Capital that such ruffianism should be permitted to rage unchecked. The proprietors of the rink will find it damaging to their building as a place of resort, and if there are no other parties in the city capable of dealing with the evil, they will find it to their interest to take the matter up. Ladies will not go to a place where they are subject to insult, be it ever for so short a time, nor will even members of the sterner sex. Proprietors of troupes will soon find this out, and the building will fast get into disrepute. The question may be asked "how is the grievance to be remedied?" and the following incident will perhaps be an answer: Similar conduct on the part of the denizens of the pit was attempted twice in the Theatre Royal, Montreal. On the first occasion a number of soldiers (belonging to the gallant 60th Rifles by the way), who were in that part of the house quickly put a stop to the shouting by quietly seating themselves beside the shouters in different parts of the pit, and in broad English telling them "if they did not shut up they would be chucked out." The men looked as if they intended to do it, and it was surprising how quickly quiet was restored. On the second occasion two policemen walked down the passage of the pit, and catching sight of two youths loudly complimenting a gentleman with an eye-glass in the dress circle seized the bawlers by the coat collars, and in a trice had them outside the building. The officers remained in the pit and no more names were called that evening, nor has the amusement been attempted since. All that it wants is policemen plucky and determined enough to seize the noisy ones and carry them at once to the lock up. It is astonishing what a salutary effect this will have on the remainder. If it took the whole police force of Ottawa, and twice the number of special constables, the insulting behaviour of the youthful rowdies in the Rink gallery or anywhere else in town should be put a stop to.

THE

DOMINION ALMANAC

FOR 1871

WILL BE PUBLISHED EARLY IN

DECEMBER.

It is intended to serve as a convenient book of reference, and at the same time to be acceptable as an agreeable private companion. With this end in view, in addition to much valuable statistical information, a large amount of interesting reading matter will be found in its pages. The favorable reception which it met with last year, and the wide-spread circulation it obtained in Ontario and Quebec, justifies the hope that it will, this year, command a still larger share of patronage. In order to increase its circulation, and to render it still more valuable as an advertising medium, the price will, this year, be reduced to 10 cents per copy—considerably less than the actual cost of publication.

The following are the rates for advertising

One Page at beginning or end of the Book	$15 00
Half do do	8 00
Quarter Page do do	4 00
One Page in body of work	20 00
Half do do	10 00

Every advertiser taking a page will receive 12 copies of the Almanac for distribution for half a page, 6 copies; and for a quarter of a page, 3 copies.

Applications for advertisements should be sent in at once.

No. 262.

THE SECRETARY OF STATE FOR THE COLONIES,
TO THE GOVERNOR GENERAL,
DOWNING STREET,
8th October, 1870.

SIR:—

I have received and laid before the Queen your Despatch No. 201, of the 7th of September, in which you enclose an address to Her Majesty, from the House of Assembly of Nova Scotia.

I observe that this address was agreed to by the Assembly, on the 16th of April, it only reached this Country on the 21st of September. If this delay rests with the Provincial Government, I can scarcely be wrong in inferring that they do not attach that importance to the address which on its face it would appear to deserve. I lose, however, no time in acknowledging it. The House of Assembly request to be informed, first, whether should the Dominion of Canada claim to be made independent, Her Majesty's Government are prepared to acquiesce in such a measure and to permit the Dominion to assume the position of a free and independent nation, and secondly, whether if the people of any one of the Confederate Provinces dissatisfied with the Confederation, desired independence, Her Majesty would be graciously pleased to set it free.

In answer to the first question I have to state that Her Majesty's Government have no reason to doubt that the people of Canada are sincerely desirous of maintaining unimpaired the existing connection with the rest of the Empire, and they, therefore, think it unnecessary to enter into a discussion as to what might be the policy of this Country towards the Dominion if a different state of circumstances were to arise.

But I may observe that whilst her Majesty's Government have ever been ready to assist in preserving a connection based upon the free will of the people of British North America, the Assembly cannot be ignorant of the disinclination of this Country to interfere, by force, with the wishes of the Colonists.

With respect to the second question, I have to observe that it is not within the legal power of the Sovereign to dismember the Dominion of Canada, and that Her Majesty would view with great regret any attempt to disturb an Union which, as She believes, is calculated to promote the security of every Province included in it.

In conclusion I am to express Her Majesty's satisfaction at the assurances of the continued loyalty and attachment of the people of Nova Scotia, and Her confident expectation that further experience of the results of the Union with other Her North American Dominions will remove the apprehensions which are entertained by the Assembly, and will prove that in assenting to this Union the Imperial Parliament has laid the foundation of a greatand prosperous community, in which Nova Scotia will exercise the influence justly due to the vigour of its inhabitants, and to the important maritime position of its territory.

I have, &c.,
KIMBERLEY.

Governor-General,
The Right Honourable Sir John Young, Bart.
