The supply of poultry this winter does not promise to be over abundant.

It is now said that the Depot companies of the Red River expedition are not to come to this city.

Christmas Day comes on Sunday this year. Holiday to be observed on Monday.

What has become of the agitation as to purchasing a steam fire engine?

Two barges are ready at the Chaudiere for launching next spring. They are strong and will take a large cargo.

The slaughter of deer this season so far by American sportsmen has been very great. It is time this sort of thing was put a stop to.

The Grand Trunk Railway and railways therefrom to this city have been all on time lately the tracks being clear of snow once more.

Driven to desperation the weather-wise now predict a severe winter, because the fleeces of lambs and sheep are found to be unusually close.

We are authorized to state that Mr. May will not seek re-election as School Trustee for By Ward.

Dr. Miles, Commissioner of Education and Inspector of Prisons for Quebec, is in town. He has been sent to enquire into the late escape of a prisoner from Aylmer Jail.

POLICE COURT—Tuesday.—There was only one case before the Magistrate this morning, and that an adjourned one—*Peter Logan vs. Arsineau.* It was dismissed.

We anticipate another success at the Hull readings to-night. We are sure it must be gratifying to our friends in that vicinity to be so favored.

NEW ENGINE.—We believe the Ottawa & St. Lawrence Railroad Company will have a new locomotive and a new first class passenger car running on their track shortly.

The Canada Central Railway station and sheds are now surrounded by a neat picket fence. Telegraph poles it is said will soon be set up along the track, and the wires will then be introduced into the different stations along the route.

The public will learn with pleasure that the band of the Ottawa Garrison Artillery intend to give five concerts during the season. The concerts will take place in Rink Music Hall. They cannot fail to be successful.

The antiquated city of Kingston is very much exercised just now on the local events of this city, to judge from the columns of one of its papers. Even the penitentiary has failed to give an item of news to our Kingston contemporaries.

J. B. Lewis, Esq., the Rev. Mr. Lauder, and the other gentlemen entrusted with presenting the petition to His Lordship the Bishop of Ontario, praying him to remove the seat of the See of Ontario to Ottawa, left town yesterday morning on their important mission.

NOTICE.—Now is the time. Go and see C. P. Dorion, 60 Sparks Street, for stoves and stove-pipe fitting. No puff; but see for yourselves. Lumbermen and country Merchants come and see. The most complete House in this Line in the Capital. See Posters. C. P. Dorion, 60 Sparks Street. 1486 2m.

The St. Lawrence & Ottawa Railway Company are improving their grounds generally at the Ottawa station. They have run a drain through what was popularly known as the Frog Pond, and a large platform is being built on the western side of the freight shed.

BOARD OF SCHOOL TRUSTEES.—The Board of School Trustees is to meet on Thursday next, when some stormy proceedings are expected to take place. It is to be hoped, however, they will complete the appointment of teachers.

READINGS.—The readings last evening in the M. E. Church, York street, were well attended. The selections were very interesting and instructive, and the readers did them full justice. The gentlemen who have got up those readings must feel gratified with the success which has attended their benevolent efforts.

ARRIVALS AT THE RUSSELL HOUSE—Tuesday—E Vaurin, Albany, NY; J Cook, J Mooney, Toronto; A Townley, Paris; W Kinton, Miss McLeod, Mr Hewman, Montreal; L Nan, Des Moines; J Giddles, Chicago; A Cool, St Albans; Wm McDermid, Wm Neelin, W Neelsin, Carleton Place; J Hill, ——; Capt Woosley.

The greater portion of the street railway track was cleared yesterday. The cars made several trips, and were not particular to stick to the track where it was heavily obstructed. This, in all Canadian cities, is the worst season of the year for the running of the rail cars. There is generally just enough snow to make the running of the cars difficult, and not enough to permit of the use of sleighs.

Devlin's Fur Depot.

Many persons who bought quantities of beef and pork at the commencement of the cold weather, with the intention of keeping it fresh during the winter, have been obliged, owing to the warm weather, to barrel and salt it, and some persons who did not take this precaution in time have lost their meat altogether. Beef in particular now sells very slowly on the market on this account.

POPULAR READINGS.—We wish to remind our readers of the opening of the popular readings this evening in the St. Patrick's Hall. The readings in the above hall, since they were started, have been throughout managed by a good working committee, and the patrons of the readings always received good equivalent for their presence. A good programme is arranged for to-morrow evening, and the admission fee is as usual five cents. We predict for the St. Patrick's a crowded house.

ACCIDENT.—It appears that on Monday a young man was accidently shot in a certain office in Sussex street. A number of young men were amusing themselves with a revolver when it went off, the bullet lodging itself in the shoulder of one of the party. It was not extracted until yesterday morning. It is certainly a fortunate circumstance that the accident did not happen more seriously, and the occurrence should be a warning to persons not to trifle with such dangerous weapons.

The men engaged working at the quarry on Wellington street near Pooley's bridge, are very careless in their manner of carrying on operations. A day or two ago a large piece of rock was hurled by one of the blasts across the street, narrowly missing a lady's head, and all but going through the window of a dwelling on the opposite side of the street. When a blast is about to take place men should certainly be placed on the road to warn passers by and drivers of vehicles.

STREET LIGHT.—At the last meeting of the City Council complaint was made that the city generally was not properly lighted, and that sufficient gas was not turned on. This assertion is strictly true, but there are some portions of the town which are particularly miserably lighted. Sandy Hill, for instance, is remarkable in this respect. It is supplied with a few coal oil lamps, which throw but a very poor light, and which are very frequently not lighted at all.

THE GOULIN LARCENY CASE.—The gold watch, chain and locket stolen on Saturday night from Mrs. Goulin and with which one of her boarders stands charged, were found yesterday morning secreted under a wash stand in Mrs. Goulin's bed room. The finding of them we believe was merely accidental: Mrs. Goulin and her servant were cleaning up the room at the time, and on moving the wash-stand saw the watch &c. The case comes up at the Police court again this morning.

THE CHURCH OF ST. BARTHOLOMEW, NEW EDINBURGH.—We are glad to learn that the Rev. Mr. Higginson, incumbent of the above named church, has been presented with a new bell, weighing nearly three hundred pounds. This suitable and handsome offering is the result of much self-denial and exertion on the part of Mrs. Angus Cameron, of the Upper Ottawa, who has exhibited no small degree of disinterested zeal and liberality by such a gift. The bell is not yet hung, but we have reason to believe it will be soon, when its tones will be heard enlivening the thriving little village, and calling its inhabitants to their daily morning prayer.

Sellers and purchasers were numerous on the market yesterday. The attendance was very fair. Pork was abundant and down a little in price. It sold at from $6.50 to $8.25.

Beef was scarcer than for some time back, and persons seemed slow to purchase on account of their dread that fine weather would oblige them to salt it down.

Turkeys (dead) 50 to 60 cents each.
Geese, 40 to 50 cents each.
Potatoes, 50 to 52 cents per bushel.
Butter, tub, 20 cents per pound.

LARCENY.—Yesterday afternoon a woman was seen looking very particularly into Mr. Levin's window and then into the glass in the door, and having apparently satisfied herself that she was safe in committing the deed, seized one of the hoopskirts hanging outside and hiding it under her shawl hurried off. She was seen taking the article by a gentleman in a house opposite, but he supposing she would be detected by some persons on the street, did not trouble himself about giving information, and so she escaped.

A pair of boots were also stolen yesterday from a shoe shop at the Chaudiere by a woman. Information of the theft was communicated to the policeman on duty in the locality at the time, but he failed to discover the thief.

The conduct of the boys in the Rink Music Hall, night before last, was disgraceful in the extreme. There was nobody to check them, and they ran riot, insulting every one who entered the Hall, no matter whether accompanied by a lady or not, and often interrupting the performance. The proprietors will find that such conduct on the part of the denizens of the 25 cent place will seriously injure their Hall as a place of resort. The annoyance and insult ladies and gentlemen are subject to on going to the front seats is already a subject of remark throughout the city, and there are not a few who have come to the determination not to risk such insult again no matter what the attraction may be. Travelling troupes will not be long in learning this, and then the Rink Music Hall will be shunned by them also. It will pay the proprietors of the Rink Music Hall to place a couple of constables in the gallery and the first youth or urchin who cries out let him be dragged out neck and heels. If necessary let the operation be repeated until the insulting vagabonds are all expelled. There are many well conducted individuals in the gallery who will heartily give their assistance to any one who will attempt to keep order. The insulting nuisance has now come to such a pass that it must be dealt with, and the sooner the better for the credit of the Rink.

WALTHAM WALTHAM

THE AMERICAN WATCH.

The public of the United States and Canada have now had over ten years experience of WALTHAM WATCHES, and they are now everywhere acknowledged to be the ONLY RELIABLE

TIME-KEEPERS!

Almost all other watches are sold under false pretences; not one in a hundred bears the name of the real maker; the public have absolutely no security, and have, therefore, been constantly imposed upon. On the contrary, every buyer of a Waltham Watch gets a guarantee of the company, and no matter from whom he buys it, has positive security that he is getting a TIME KEEPER.

It must be admitted that the apparent interest of watchmakers lies in selling other watches, which they can make larger profits, but men of enterprise in the trade prefer an article of large and ready sale, and which leaves no bad stock. It is "small profits and quick returns."

These watches can be had in several grades (all guaranteed), the silver cases are made from coin silver, and from 3 to 6 ounces in weight. The gold cases are made in 18 carat gold, and from 3 to 4 ounces in weight; the size for ladies are richly engraved or enamelled. For the quality, both in gold and silver, are the

CHEAPEST WATCHES IN THE WORLD

These watches can be ordered of any reliable watchmaker or jeweller in the Dominion; but the guarantee of the company should be invariably required. The Company in all cases pay the Government duty, which makes the Canadian consumer a privileged purchaser

THE CANADIAN PAIN DESTROYER

Has now been before the public for a long of time and wherever used is well liked, never failing in a single instance to give prompt relief when timely used, and we have never known a single case of dissatisfaction where the directions have been properly followed, but on the contrary, all are delighted with its operations, and speak in the highest terms of its virtues and magical effects.

We speak from experience in this matter having tested it thoroughly, and that for those who are suffering from any of the complaints for which it is recommended may depend upon its being a Sovereign Remedy.

An Old Lady's Evening Wish.

My wishes soar not very high,
Nor do they widely roam
These moderate wishes are confin'd
To comforts found at home.

Give me what I enjoy so well—
A snug domestic scene;
And take my word, I fell myself
As happy as a Queen,

I'll tell you what I wish for now—
'Tis not a large desire;
I wish to sit at perfect ease,
Beside my evening fire.

I wish a friend or two would call,
To ask me how I do;

Then truly happy I should be,
And they'd be happy, too.

I'd set the tea things on the tray,
And we should all agree,
While taking ever-welcome cups
Of JOHN HILL'S wholesome tea.

The tea would gladen every heart,
And brighten every face;
And nothing more could we desire
In such a happy case.

With JOHN HILL'S Tea I always crown
The comforts of my home;
And when I can partake of this
My wishes seldom roam.

THE DOMINION ALMANAC FOR 1871

WILL BE PUBLISHED EARLY IN DECEMBER

It is intended to serve as a convenient book of reference, and at the same time to be acceptable as an agreeable private companion. With this end in view, in addition to much valuable statistical information, a large amount of interesting reading matter will be found in its pages. The favorable reception which it met with last year, and the wide-spread circulation it obtained in Ontario and Quebec, justifies the hope that it will, this year, command a still larger share of patronage. In order to increase its circulation, and to render it still more valuable as an advertising medium, the price will, this year, be reduced to 10 cents per copy—considerably less than the actual cost of publication.

The following are the rates for advertising

One Page at beginning or end of the Book	$15 00
Half do do	8 00
Quarter Page do do	4 00
One Page in body of work	20 00
Half do do	10 00

Every advertiser taking a page will receive 12 copies of the Almanac for distribution for half a page, 6 copies; and for a quarter of a page, 3 copies.

Applications for advertisements should be sent in at once.
