Sudden Death—The Tariff—Funeral—Old and New Post Offices—Opening of Navigation—Confirmation.

TORONTO April 20.

At the Police Court, this morning, a very sad and sudden death occurred. An unfortunate inebriate named John Smith was arrested at an early hour on Front street, in a state of intoxication, and was taken to the police station, where he remained until 9 a.m., when he was driven to the Police Court, Upon arriving, he complained of feeling very weak, and took the arm of a policeman to help him up stairs. Upon arriving at the cage where the prisoners are confined, he sat down, and immediately after fell to the floor, and died without a struggle. An inquest was held this evening, and a verdict rendered in accordance with the above facts.

A meeting of retail grocers was held this afternoon, at which a committee was appointed; the general increase of prices was agreed upon was necessitated by the recent increase of the tariff; it was also resolved to establish a retail Board of Trade, and a general meeting of the grocers is to be held in a few days to complete the arrangements.

There are at present four prisoners in gaol in a dangerous state of health owing to consequences of intemperance.

The funeral of the late Rev. Jas. Parker, Inspector of City Schools, took place this afternoon, and was attended by several clergymen, school trustees and masters of schools, and a large number of gentlemen, boys of head classes also assembled, but owing to the heavy rains they did not proceed to the cemetery.

Frank Dulon, actor at the Academy of Music, died at the hospital on Saturday last.

The old post office is to be continued to be used by the Government. The building is to be hurried over to the use of the Receiver General's Department, in order to get the new post office in readiness for the morning. The clerks had to work Saturday night and last night on both occasions. They were treated to a very comfortable supper by Postmaster Leslie. The clerks are working late to-night also.

It blew hard all last night and this morning the wind was accompanied by rain.

The "City of Toronto" left this morning in the midst of the storm on her first trip of the season for Niagara.

The Lord Bishop of Toronto held confirmation in St. Peter's Church, last night, when 21 ladies and 13 gents received the rite of confirmation.

The Foresters intend holding a grand musical jubilee very shortly. It is to be on a larger scale than the one held last year.

MONTREAL.

Mortality—Robbery—Destructive Fire—Post Office Investigation—Stock and Money Market.

MONTREAL, April 20.

There were one hundred and fifteen interments last week—24 from small pox, 22 of which were Roman Catholics.

The house of the Rev. J. Fraser, Craig street, was entered last night and robbed while he and his family were at church.

Another destructive fire occurred at the Tanneries about three o'clock this morning. Ten dwellings were destroyed, rendering nineteen families homeless. Loss about $10,000; insurance, $4,000. The fire is supposed to have been the act of an incendiary. Most of the houses were owned by Joseph Bougie, a carpenter, and all the tenants were poor people on whom this loss will fall heavily.

Nothing very important was done at the post office investigation to day. The counsel for Mr. Palmer was allowed to cross examine Mr. Wright. The investigation promises to be very long. The Commissioners have agreed to call any witnesses Mr. Palmer might name, and he will call one or two experts to prove that his handwriting does not resemble that on the envelope and slip to John Young.

Stocks firm—Montreal 197½, closing at 197½ to 197¾; Telegraph, 187½ closing at 187¼ to 188; Merchants, 114½, closing at 114¼ to 114½; Commerce, 126½, closing at 126½ to 127; mining consols at 6 50.

A large and enthusiastic public meeting was held in the Mechanics' Hall to-night to consider the state of the jury system and law of libel. Acting Mayor Kennedy presided, and speeches in favour of the change in the jury system and amending the libel law were made by Messrs. Clendenning, Dr. Carpenter, Jos. Doutre, Q.C., James Haley, Dr. Dawson, C. Alexander, G. W. Stephens, J. W. McGauran and others. The main topic of discussion was the *Witness* trial, and considerable feeling was shown against Judge Ramsay, whom Mr. Clendenning styled the prosecuting Judge amid great applause.

It is stated that the crew who brought the ship 'Puritan' up the harbor last Saturday have settled for six thousand dollars each.

The Sanborn Case—Reorganization of the Treasury Department—President favors the Finance Bill.

The *Times* Washington correspondent states that the report in the Sanborn case is likely to be presented this week.

There is some talk of urging a bill for the organization of a treasury department. The President has not yet made public any intimation whatever as to his purposes in regard to the finance bill, now before him; but the conviction is very general and very strong that he will either sign the bill or permit it to become a law.

The Inter-Oceanic Canal Survey.

A letter from the United States steamer 'Saranac,' states that the Inter Oceanic Canal Commissioners with commander Lull, have made a trip up San Juan river and crossed Lake Nicaragua to the Pacific. The Commissioners are yet to examine the Arato route under Captain Selfridge, who has arrived at Panama.

Smash up of a Street Car.

A horse car in Newark by the snapping of a chain became unmanageable and dashed down a hill some distance when it struck a switch and was capsized. A dozen passengers were badly cut by glass and severely bruised, but it is believed that none are fatally hurt.

While this opinion is nearly universal, a few who opposed the bill still adhere to a hope that it will be vetoed without reference to what becomes of the bill already passed.

Movements are already in progress to secure an action in the Senate on the House bill, and various propositions for amendments as a basis of compromise are suggested, by which the opposing parties may substantially unite in legislation on the subject.

The tragedy causes intense excitement.

General Debility.

NORTH HAVEN, Knox County, Me., June 12th 1871.

Mr. James I. Fellows, Chemist,
St. John, N. B.

DEAR SIR.—Having used your chemical preparations of Hypophosphites, which was recommended to me by Mr. Blagdon, apothecary of Rockland. I am truly surprised with its wonderful effects, because for several years my health has been declining, notwithstanding every means possible, which offered encouragement, was used by me. Several alarming symptoms appeared, amongst which were dyspepsia, palpitation of the heart, impoverished blood and great prostration. Since January, when I began the use of your Syrup, my health has steadily and amazingly improved, so that now it gives me great pleasure to recommend it to others, and in this way to show my gratitude for return of health. To all who require a remedy for debility, I would say they will find your Compound Syrup of Hypophosphite just what you say it is. I believe it is the best preparation in use.

I am, Sir, &c.,
