TORONTO.

New Paper—Temperance—Press Association.

TORONTO, Dec. 14.

John Cameron & Co., proprietors of the *London Advertiser*, will issue a new Ministerial paper in Toronto, in January. C. Tyner, present editor of the Hamilton *Times*, will have the editorial management.

A number of temperance men, ministers and others had an interview with the License Commissioners by appointment this morning to discuss the question of limiting the number of licenses issued to saloons in this city.

Messrs. Evans & Boomer, as agents of R. S. Walkem, Esq., of Kingston, on Saturday filed a petition against the re-election of Schuyler Shibley, Ministerial candidate for Addington. Mr. J. D. Waggoner, Opposition, is again the petitioner.

On Saturday afternoon a meeting of the Toronto branch of the Dominion Editors and Reporters' Association was held in the reporters' room of the Legislature, when the organization was completed. Notice was given of motions that would bring up the following subjects at next regular meeting of this branch: The hardships under which the employees of the Toronto daily papers labor, through the publishers ignoring the observation of all statute and other holidays; the necessity of establishing a Canadian Associated Press; the necessity of organizing a Press Mutual Insurance Society.

MONTREAL.

Police Court—Sad End—The Hospitals—Nouveau Monde—Stock Market.

MONTREAL, Dec. 14.

John O'Connell has been fined by the Police Magistrate $20 and costs, &c., for selling liquor without a license, and Peter Boyle, coachman, for an indecent assault upon a little girl, 15 years old, in St. Catharine street, $12 or two months.

An unfortunate woman, named Margaret Hushin, aged 30 years, wife of Peter Gillespie, about four o'clock yesterday morning went to the rooms of a Mrs. Burke, Murray street, suffering and shivering, laid down upon a bed, and almost immediately afterwards expired.

There are now 25 small-pox patients in the Civic and 11 in the General Hospitals. One died and two were admitted in the former on Friday, and a man named William Smith, who fell from a car and broke his thigh at Prescott, was admitted into the latter.

The *Nouveau Monde* still continues to describe all who voted for Mr. Mackenzie as members of the Guibord party, apparently because the *Gazette* condemned the judgment recently given by the Committee of the Privy Council.

YESTERDAY'S DESPATCHES

GREAT BRITAIN.

Bishop Colenso.

LONDON, Dec. 14—The Bishop of London has prohibited Bishop Colenso from preaching in his diocese.

SPAIN.

Reported Death of Gen. Loma.

LONDON, Dec. 14.—The correspondent of the *Daily News* at Bayonne telegraphs a report in circulation there that General Loma has died of wounds received in the last battle with the Carlists, but despatches from San Sebastian, the General's headquarters, leave the report unconfirmed. Telegrams from Carlist sources assert that he was killed on the field.

CHINA.

Wreck of an American Vessel.

HONG KONG, Dec. 16.—The steamship 'Mongol' from Shanghai for New York, has been wrecked, and sixteen persons perished.

UNITED STATES

Attempted Highway Robbery.

NEW YORK, Dec. 14.—To-night Herman Bergman, of Virginia, on his way to Boston, while near the Erie depot, Jersey City, was attacked by three highwaymen, who knocked him down, and were in the act of robbing him, when two policemen came up, and succeeded in arresting them.

Sad Disaster—A Family Drowned.

NEW YORK, Dec. 14.—At Preakness, N. J., a small village near Patterson, five children of a dairyman, named John Dotterich, for girls, aged 16, 15, 13, and 8, and a boy six years, were playing with a sleigh upon a small pond, in which ice an inch thick had formed. The pond was near their home, and the mother of the children was watching their sport from a window, when the ice gave way, and all five children were drowned before their mother's eyes, in spite of all the efforts made to save them.

Steamer Ashore.

The steamship 'August' which went ashore last night on the Ronier shoals, lies in a dangerous position. The passengers have been taken off and brought to this city.

The Abductor of Charley Ross Shot

Burglars in attempting to rob the residence of Judge Vanbrunt, on Cany Island, last night, were shot. The judge fired two shots, one killing a man named Master instantly, the other wounding Dougherty that he died in an hour afterwards. Dougherty stated positively before dying that it was Master who had abducted Charley Ross.

Fatal Gas Explosion.

ST. LOUIS, Dec. 14.—A large iron tank in the purifying house of the St. Louis Gas Light Company, exploded yesterday, instantly killing Thos. Pratt, chief engineer of the works.

The Vicksburg Negro Troubles.

NEW YORK, Dec. 14.—A Vicksburg despatch to the *Times* says that business of every kind has been resumed. The white men are on the alert and well armed. They have sent scouts into the country districts, and every movement of the colored people is closely watched and reported. The legislature meets in extra session next Thursday to discuss questions arising out of the present state of affairs, and a heated debate, if not actual violence is expected.

SOUTH AMERICA.

The Reported Insurrection in Uruguay.

LONDON, Dec. 14.—Advices from Monte Video declare that information sent here in regard to an insurrection in Uruguay is without foundation. There is no trouble of any kind reported there.

MID-NIGHT DESPATCHES

GREAT BRITAIN.

English Opinion Ignored.

LONDON, Dec. 14.—The *Journal de St. Petersburg* complains of attacks in the English journals on the proposed re-opening of the international code conference, and says that their unfavourable comments may lead to a settlement of the questions involved without the acceptance or participation of Great Britain.

General Loma's Wounds.

Despatches from San Sebastian admit that General Loma has been wounded, but represent that his injuries are slight, and he is expected to recover within a week.

The nephew of Marshal Serrano was killed in a recent battle.

Bismarck on French Monarchy.

Intense feeling has been aroused in France by some of the papers read in the Von Arnim trial. One despatch especially, in which Bismarck says he cannot but wish to see France weak, and deems it unadvisable to strengthen her by contributing to the establishment of the monarchy, causes profound indignation.

GERMANY.

Von Arnim Trial.

BERLIN, Dec. 14.—A special states that during the trial of Von Arnim that the despatches and letters sent to the New York *Herald* have been copied, and are being used as evidence against Von Arnim. Arnim testified that he did not even know the name of the *Herald* correspondent.

Argument was commenced in the Von Arnim case to day. The public prosecutor spoke two hours and a half, and concluded by asking that the prisoner be sentenced to two and a half years imprisonment.

BERLIN, Dec. 19.—The trial of Von Arnim resumed, Baron Holstein gave his testimony. He denied that Prince Bismarck commissioned him to watch Von Arnim. The accused had stated that he would not resign and that the foreign office would not place him on the retired list because he held documents which compromised Bismarck. With the examination of this witness the taking of testimony closed and the public prosecutor made a speech for the Crown. He declared the accused had been guilty of bad faith, and his statements were unworthy of credit. He argued that the Count purposely abstracted the documents and never had any intention of returning them. The revelations communicated to the Vienna *Presse* were intended to be used as weapons for a campaign against Prince Bismarck, but the accused retreated almost before the attack was commenced. The echo of the assassin's shot at Kissingen was too much for him. The offence was without extenuation, and was aggravated by the rank of the accused. 'Nevertheless,' concluded the prosecutor, 'the Government would refrain from demanding deprivation of civil rights.'

Herr Haltzendorf, counsel for the defence, argued, that if all the charges were admitted an acquittal was unavoidable on purely legal grounds. It could not be maintained that the Crown had any right to the missing documents. The accused in his conflict with Bismarck considered that he was defending his honor.

UNITED STATES

Coolness of a Priest.

NEW YORK, Dec. 14.—Father Farrelly, of St. Paul's Catholic Church in Williamsburg, last evening, with great presence of mind, walked down the aisle and urged people to leave the building, which they did, and when the last were about departing, the flames broke through the floor in front of the altar, but the firemen being quickly sent for, promptly extinguished the fire with comparatively slight damage. The coolness of the priest prevented a panic.

King Kalakana.

WASHINGTON, Dec. 14.—Despatches say that King Kalakana is filled with amazement at the magnitude of the country he has traversed. The idea that a railroad could run 3,000 or 4,000 miles in an almost direct line in any one country had previously been beyond his mental grasp. He expresses much gratification for the reception accorded him, which is far beyond his expectation. Very few people in Washington hold any other opinion than that his visit relates in some manner to annexation. Some believe a reciprocity treaty is his immediate object, but very few think it is merely social, or that the government would pay so much attention to so insignificant a ruler if it had nothing to gain thereby. Kalakana is still indisposed.

Given Bail.

NEW YORK, Dec. 14.—Coroner Croker is admitted to bail in $185,000 to-day.

No More Need Apply.

ALBANY, Dec. 14.—Governor Dix has given notice that he will not entertain any more applications for pardons, as he has not time to give them proper examinations.

The Longshoremen.

NEW YORK, Dec. 14.—The members of the Longshoreman's Associations of Hoboken, N. J., numbering 800, held a meeting last night, and by a large vote dissolved the association, and after this each man must look out for himself. To-day the funds of the Association, amounting to about $6,000, was drawn from the Bank, and is being divided among the late members. This morning sixteen of their number went to work on the dock of the White Star Line.

The German S.S. Companies of Hoboken are only employing a few of the men who struck, and the Hamburg line refused to employ any of them.

Recovered.

PATERSON, N. J., Dec. 14.—The bodies of the five children of the German Dotterweich, who were drowned yesterday in Upper Preakness, have been recovered.

Great Fire.

BOSTON, Dec. 14—The shoe factory of Mason R. Keith & Co., at Campbell, on the Old Colony road, was totally destroyed by fire on Saturday night last. The small fire department of the village not being able to stay the flames. The factory was one of the largest in the State, and it employed from 175 to 200 hands who are all thrown out of employment. There was a large amount of unmanufactured material on hand, including about $30,000 worth of leather. Five hundred cases of shoes were among the goods destroyed. From an estimate their loss is put at about $115,000, on which there is $75,000 insurance. The destruction of the establishment is likely to prove a permanent loss to the village, as it is stated that the firm will take the opportunity to close up its business there.

Decision of a Suit.

NEW YORK, Dec. 14—The famous Hackley contract case which has been in the courts for many years, has at last been finally decided by the Court of Appeals in favor of the city. The suit involved over $500,000.

Reception.

The Union League Club gave a reception to the Right Hon. Wm. E. Forester, of England, to-night, in its theatre, which was literally packed. Among the guests were Gov. Tilden, W. E. Childers, M. P., England; Cyrus W. Field, Royal Phelps, A. T. Stewart, Peter Cooper, Jackson S. Schultz, Rev. Dr Chapin, Salem H. Wells, Mayor Vance, Mayor Elliot Wickham, and Judges Noah, Davis, Edwards and Pierrepont.

Murder and Robbery.

NEW YORK, Dec. 14.—A mysterious case has been developed at Ridgewood. Two young children of one Joseph Denton, a seafaring man, the affections of whose wife are said to have been transferred to a negro named Joe Lawrence, have been, it is said, either kidnapped or murdered. Bones have been found in the woods, in which may be those of the children who disappeared. Four months after Denton had gone to sea for an eighteen month's voyage, Lawrence has been already suspected of the murder of an Englishman named Broadhent, alleged to have had $11,000 in his possession.

Important Law Suit.

The city is sued by ex-State Senator Harry Gennett for $150,000, claimed to have been unlawfully obtained by him in connection with the Harlem Court House. The motion was to have been made in the Supreme Court Chambers to-day for attachment against the Government property and appointment. A motion for attachment adjourned over, and a motion for reference taken into consideration by Chief Justice Daves.

A Bloody Time Threatened.

CHICAGO, Dec. 14.—An afternoon paper has a New Orleans despatch, signed by Gov. Kellogg, dated at noon, in which he says the members of the Retiring Board are in session at the State House making their final compilation. On the streets there is much subdued excitement.

The *Picayune* this morning says Gov. Kellogg has instructed Capt. Lawlor, the officer in charge of the defence of the State House, that if he can hold out against attack for twenty minutes, the streets will run with blood.

Gov. Kellogg authorises the statement that he has never made any such assertion to Capt. Lawlor or any one else. A grand conclave of white leaguelets will convene to-morrow evening. It is not probable that any movement will be made until after that meeting.

Kidnappers Identified.

WASHINGTON, Dec. 14.—The Argentine Legation has received the following official telegram:

NEW YORK, Dec. 14.

The men shot by Judge Von Brun have been identified as the kidnappers of the Ross child.

A Military Guest.

WASHINGTON, Dec. 14—The President has telegraphed to General Sherman, inviting him to come to this city and assist in the entertainment of King Kalakana. General Sherman has accepted the invitation, and replied that he would be here on Wednesday morning.

Another Big Fire.

BOSTON, Dec. 14—A fire broke out about eleven o'clock tonight in a large five story brick block, on Wareham street. A strong wind prevailing it spread rapidly, crossed the street and burned through to Pembroke street. At this hour 12:10 it is thought to be under control. Ten buildings have thus far been destroyed. The loss is very heavy, but cannot yet be ascertained.

CENTRAL AMERICA.

The Revolution.

PANAMA, Dec. 5.—According to the latest news by steamer, which left Callaoon the 29th ult., the revolution had not been quelled, though it was expected it would soon be. The Government has acted in a most energetic manner and is enthusiastically supported by the people in general.

Moquega has been retaken by the Government forces with the loss of four lives. Pierola and such forces as he could get together retreated to the mountain fastness, where he was hemmed in by the Government troops and will undoubtedly be captured.

An outbreak at Cajamarica on the 14th ult., was quelled at the expense of 63 killed and 40 wounded.
