Mr. John Cameron, Sen., proprietor of the *Liberal*, arrived in the city yesterday, from Toronto.

A petition has been filed in Toronto against the return of Mr. Adam J. Baker for the county of Simcoe, at the late local election.

The inspection of ballots in the Montreal West Election case takes place today at the office of the Clerk of the Crown in Chancery.

M. Devlin, member for Montreal Centre, who has been absent from his place in the House for some days in consequence of illness in his family, returned to the city last evening.

Messrs. J. L. McDougall, M. P., and William Murray, M. P., arrived in the city last night from Renfrew and are staying at the Russell House. They look hearty and none the worse for the contest of Saturday last in the South Riding.

The Hon. Adam Crooks, Treasurer, has been in the city for the last two days on business connected with the Provincial Treasury Department. He is staying at O'Meara's Hotel. It is thought Mr. Crooks will be returned for South Oxford by acclamation, Mr. Oliver having signified his intention of resigning his position as representative of the constituency.

The Hon. A. McKellar, Commissioner of Agriculture in the Ontario Government, arrived in the city yesterday, and is staying at the Union House. His present visit is in connection with the meeting of the Board of Arts and Agriculture, which takes place to-morrow in the Clarendon House. He, in company with Mr. Forin, the contractor, made an official inspection of the new Normal School. The honourable gentleman expressed himself well pleased with the progress made towards the completion of the work. It is thought the institution will be ready for occupation by midsummer.

The Vote on the Senate Bill Amendment.

The organs of the Bonapartists are indignant at the passage by the Assembly yesterday of M. Wallon's amendment to the Senate bill, and express their disapprobation in violent articles. The Republican papers, with the exception of *Le Francais*, are jubilant over the passage of the bill, by which they say half of the work has been accomplished. The Ministers, with the exception of Tailhand, Minister of Justice, and Chabaud La Tour, Minister of the Interior, supported the amendment of Wallon. Tailhand voted No, and Chabaud La Tour abstained from voting.

UNITED STATES.

The Tariff.

WASHINGTON, Feb. 23.—In the House to-day, in committee on the tariff, a large number of amendments were offered and rejected. Finally, no more amendments being offered, the Committee rose and reported the bill and amendments to the House.

Dawes thereupon proceeded to address the House on the necessity of providing for a deficit in the Treasury, and spoke on the impossibility of framing any Revenue bill that would satisfy all sections and all interests. He referred to the income tax as a tax which was most just and proper in theory, but as one which had proved objectionable in all countries where it was tried, because it was promotive of perjury and demoralization. Believing that the necessities of the Government called on Congress to pass some revenue measures before adjournment, he proposed to make one more effort in that direction, and if it failed, then he should feel that he had discharged his whole duty on the premises. He, therefore, offered as a substitute for the bill one taxing whiskey, the tax to be hereafter made 90 cents a gallon, tobacco and sugar as on the amended bill, and restoring the ten per cent. on manufactured goods; and on that he moved the previous question. The previous question was seconded and the main question ordered; yeas, 133; nays, 114. The substitute was then agreed to; yeas, 131; nays, 111.

The question then recurred on ordering the bill to be engrossed and read a third time, on which he moved the previous question.

Mr. Black made a point of order, that under the new rule it would require a two thirds majority to second the previous question on the first day of the bill coming before the House.

The Speaker sustained the point of order, and defended the propriety of the new rule from a reflection made upon it by Mr. Black, by reminding that gentleman that under the old rule one fifth of the members present could prevent action on the bill.

The previous question was seconded by the necessary two thirds, and the bill was then passed. Yeas, 123; nays, 113.

WASHINGTON, D. C., Feb. 23.—In the debate on the Tariff Bill to day Hathorn, of New York, offered an amendment to tax imported mineral water, which was adopted.

Clews & Co., financial agents of the State, in New York, any statement of his transactions in behalf of the State; and when the statement was finally obtained, he discovered that bonds appearing in Clews' account as paid, had also been paid by himself.
