The Company is formed to take up and develope lands in Manitoba or North-West Territory, extending to

250,000 ACRES,

Obtained in free grant on condition of settlement from the Dominion Government.

First—By settling upon the lands suitable emigrants from Great Britain or other countries, to whom free grants of alternate lots for moderate sized farms will be given by the Company along with advances for passage money, implements, seed, &c.; and,

Second—To hold for increased value the alternate reserved farms, and sites suitable for towns, or lying in the line of projected railway routes to the west or of mineral value. Two millions of emigrants leave Britain in the course of every ten years, and from the knowledge acquired of the business and the facilities possessed by the Company for obtaining the proper class of emigrants, it is expected that the number stipulated for by the Government to be settled in ten years, viz., one thousand families, may be accomplished in about half that time. Seven townships were selected last summer situated on both banks of the Little Saskatchewan River, and admitted by all who have been in that part of the country to be of the most fertile and beautiful character to be found in the North-West.

LEA & PERRINS'

Celebrated

Worcestershire Sauce!

Declared by connoisseurs to be

THE ONLY GOOD SAUCE.

CAUTION AGAINST FRAUD

The success of this most delicious and unrivalled Condiment having caused certain dealers to apply the name of "Worcestershire Sauce" to their own inferior compounds, the public is hereby informed that the only way to secure the genuine is to

ASK FOR LEA & PERRINS' SAUCE,

and to see that their names are upon the wrapper, labels stopper and bottle.

Some of the foreign markets having been supplied with a spurious Worcestershire Sauce, upon the wrapper and labels of which the names of Lea and Perrins have been forged, L. and P. give notice that they have furnished their correspondents with power of attorney to take instant proceedings against Manufacturers and Vendors of such, or any other imitations by which their right may be infringed.

Ask for LEA & PERRINS' Sauce, and see Name on Wrapper, Label, Bottle, and Stopper.

Wholesale and for Export by the proprietors, Worcester; Crosse and Blackwell, London, &c., &c., and by Grocers and Oilmen universally.

BERKELEY, Sept. 1869.—Gentlemen, I feel it a duty I owe to you to express my gratitude for the great benefit I have derived by taking "Norton's Camomile Pills." I applied to your agent, Mr. Bell, Berkeley, for the above pills, for wind in the stomach, from which I suffered excruciating pain for a length of time, having tried nearly every remedy prescribed, but without any benefit at all. After taking two bottles of your valuable pills, I was quite restored to my usual state of health. Please give this publicity—for the benefit of those who may thus be affected.—I am, Sir, Yours truly, HENRY HALL. To the Proprietors of NORTON'S CAMOMILE PILLS. 3695

FOWLE'S

PILE AND HUMOR CURE.

For Internal and External Use.

WARRANTED A SURE AND PERFECT CURE for all kinds of Piles, Leprosy, Scrofula, Tetter or Ring-Worm, Salt Rheum, and all diseases of the Skin.

One Bottle warranted to cure all cases of Piles; From One to Three Bottles in all cases of Humors.

This remedy has been faithfully tested and found to be almost infallible in the cure of the above named diseases. Its success has been so universal that the Proprietor guarantees to cure those who will use his medicine, or in case of failure to refund the money paid. Since it was first introduced it has received many thousands of testimonials, proving its efficacy for the cure of the awful diseases it is recommended for. The pile and humor cure is entirely vegetable in its composition, and can be used in perfect safety in all cases. There is no danger of driving the humor in, as it cures from the surface and the patient's bodily health constantly improves while under this treatment.

Price 1$ per Bottle. Sold by all druggists.

THE GEORGIAN BAY RAILWAY AND THE LUMBER TRADE.

The effect upon the lumber trade, and hence upon Ottawa interests generally, of the railway communication projected between this city and the mouth of French River, is discussed in an able manner in another column by a correspondent. The writer of the correspondence in question is entitled to acceptance as an authority upon the subject of which he treats. His thorough knowledge of commercial matters, his familiarity with the lumber trade in all its details, and his character as distinguished from a visionary business operator, attach to his conclusions much more than ordinary value.

To a practical mind the railway scheme of this Government must have presented at first sight, the exceptional advantages which our correspondent claims for it. It will open up a very extensive lumbering region, and make it easily accessible from both the Eastern and Western termini. We have no doubt that, in the matter of the transport of lumber in all its various conditions, it will prove as serviceable as our correspondent believes. And it is perfectly clear that as a means of forwarding supplies, its value cannot be over-estimated. Nor do we see what the Toronto people have to complain of, since it is quite manifest that the Georgian Bay branch will afford them facilities of competing advantageously with Montreal and Ottawa for the furnishing of the supplies of flour, pork, oats, &c., which the lumbermen consume largely. The whole country must come to regard the Government scheme as promising in every respect the greatest measure of advantage. Since the first outburst of feeling at the Boards of Trade of Toronto and Hamilton, a couple or three weeks ago, the sober second thought appears to have set in, and now we hear nothing of prejudiced western interests.

MID-NIGHT DESPATCHES.

UNITED STATES.

The Murderer of Mrs. Bingham.

BOSTON, March 26.—George Pemberton, the alleged murderer of Mrs. Bingham, was arraigned in the East Boston Court to-day, and fully committed for murder. He was guarded by 60 policemen, there being manifest danger that the people would appeal to lynch law.

The Mitchell Demonstration.

Thos. F. Burke, O'Donovan—Rossa, and other Irish citizens, met the Police Commissioners at the City Hall this afternoon, and a consultation took place concerning the proposed Mitchell procession next Sunday. The Commissioners are reported to have said in substance that they could not grant permission officially, as there was a law directly prohibiting such parades on Sunday. They did not say, however, that they would officially forbid it. The conversation, it is said, resulted in an understanding that the Commissioners would not interfere one way or the other in the matter, and that the procession will consequently take place.

YESTERDAY'S DESPATCHES.

UNITED STATES.

Honour to the Memory of John Mitchell.

NEW YORK March 26.—Charler O'Conor will deliver the funeral oration at the coming testimonial to John Mitchell, if his health permits. The proposed Sunday parade is abandoned, the law standing in the way, and a demonstration at the Hippodrome is substituted.

The Ice in the Susquehanna.

Dispatches from West Branch, Susquehanna, indicate no change for the better. The continued cold weather increases the danger to Locks Haven by thickening the ice. At Milton, Pa., the ice is three feet thick, and increasing daily; at Williamsport 300 men continued the work of cutting the ice, and a channel three miles long was made yesterday.

Turf Matters.

CHICAGO, Ill., March 26.—The Southern and Western turf men held a joint convention here yesterday and adopted the report of the Board of Appeals, and of the Committee appointed at Indianapolis to agree and compromise in reference to the State referee to settle disputes from violations of the rules of the National Association. Sectional feeling was ignored, the greatest harmony prevailed, and the general impression was that we are a National Association now.

Thursday's Despatches.

GREAT BRITAIN.

Illness of the Member for Meath.

DUBLIN March 25.—John Martin, member of Parliament for Meath, is in precarious health in consequence of excitement produced by the death and funeral of John Mitchell.

SPAIN.

BAYONNE, March 25.—The Carlist General Mendini has entered France.

A Carlist Defeat.

MADRID, March 25.—Gen. Compas has inflicted another defeat on the Carlists at Huguet, near Rideaure. The enemy lost 300 and the Alfonsists 78 killed. The Carlists are concentrating for an attack on Puycerda.

Opposition to Cabrera.

PARIS, March 25.—According to the latest advices from the Carlist Headquarters at Estella, Generals Mendini, Saballs, and Tristany have united in a forcible protest against Gen. Cabrera's manifestos in favour of Alphonso.

Bismarck to be made Duke of Lauenberg.

LONDON, March 25.—A *Daily News* despatch from Berlin says it is definitely settled that Bismarck is to be made Duke of Lauenberg.

BERLIN, March 25.—The Government contemplates an amendment of the law against the Jesuits, so as to make it operative against other religious orders.

UNITED STATES.

Coal Famine in the Coal District.

NEW YORK, March, 25.—Wilkesbarre, Pa., in the heart of the anthracite coal region, is threatened with a coal famine. Dealers can get coal but from one colliery, which is scarcely able to fulfill the orders.

Reduction of Rates.

CHICAGO, March 25.—The passenger rates from Chicago to Buffalo have been reduced from $14 to $9.

Canal Legislation.

ALBANY, March 25.—In the Senate today Senator Laning has introduced the following bill:—"No contracts shall hereafter be made or entered into for any work on any of the canals until the same shall be expressly authorized by the Canal Board. The Canal Board shall have power, and they are hereby authorized to direct the work upon unfinished canals in such a manner as to increase from time to time."

Rumoured Cabinet Changes.

WASHINGTON, D.C., March 25.—During Secretary Bristow's absence from Washington rumours have been circulated that he intends to resign his position and enter upon other pursuits, but the most intimate friends of that gentleman deny the truth of the rumour. Ex-Senator Chandler's name has been mentioned as his successor, but he recently declared there was no office in the gift of the President that he would accept. Treasurer Spinner said to-day his visit to the President yesterday had exclusive reference to business for private parties, the particulars of which he fully related. It is inferred from his conversation that he is not over anxious to retire from his position. His retirement from it will be immediate. The question will come before the Cabinet to-morrow as to whether the President has power to fill vacancies during recess in cases where the offices become vacant while Congress was in session, but the nominations to which failed of confirmation.

Coal Famine.

POUGHKEEPSIE, March 25.—The coal famine along the Hudson includes Poughkeepsie, Cold Springs, Peekskill and Sing-Sing. Coal is brought in limited quantities only at Newburgh, and a daily drain is made on the yards in the country towns and dealers in large cities.

Arrest of a Supposed Murderer.

BOSTON, March 25.—Geo. Pemberton has been arrested, charged with the murder of Mrs. Bingham. His identification with the crime seems certain.

The Ice Gorge at Wilkesbarre.

WILKESBARRE, Pa., March 25.—It has been cold to-day and to-night it is freezing hard. The foot of the Wilkesbarre gorge was examined this afternoon on behalf of the City Council by Street Commissioner Johnson, with a view of setting a force of men at work cutting a channel through it. The water was found to be as low as in July, and not current enough to carry away the ice if it were once cut into small pieces. For this reason work was not begun. Blasting with nitro-glycerine is still being discussed.

DEATH OF DR. VANCORTLANDT.

It was with deep regret that the citizens of Ottawa were made aware of the death of Dr. Vancortlandt, on Thursday morning at 8 o'clock. The deceased from his educational attainments and eminent skill as a physician, had gained for himself a high reputation. Having devoted much time in his early days to the study of scientific subjects, he was enabled to prosecute successfully experiments in this direction in the Ottawa Valley. He did much to acquaint the outside world with the geological formations of Central Canada, which ultimately led to the discovery of rich mineral deposits. In addition to his contributions as a mineralogist he, as a student of botany, gave considerable information regarding the vegetable productions of this region and the arable and fertile qualities of the soil.

Dr. Vancortlandt was born in Newfoundland in 1805, and was the son of a retired military officer who was connected with some titled families in England, his sister having married Sir G. Butler, and her grandson now is Lord Elphinstone. The doctor was educated at the school of the late Rev. D. Wilkie, D. D., in Quebec, and at fourteen commenced the study of medicine under the late Dr. Hacket, with whom he remained until he left for England in 1825. In 1827 he passed his examination at the Royal College of Surgeons, and was complimented by Abernethy and Sir A. Carlisle upon the creditable manner in which he acquitted himself. In 1829 Dr. VanCortlandt was chosen librarian to the Royal Medical and Chirurgical Society of London, there being a large number of English candidates for the office. He was elected as a recognition of the brilliant examination he had passed at the Apothecaries Hall. After an absence of three years the deceased returned to Canada, and settled in the then town of Bytown, where up to the time of the death he practised his profession and prosecuted the scientific researches before referred to. He was instrumental in founding the Ottawa Atheneum in this place, to which he contributed a museum and library. He has been president of the Mechanics' Institute and Atheneum, and has held similar positions in other societies of the city. He published an interesting work on the building stone of the Ottawa Valley. The Doctor was somewhat eccentric in his manner, yet his genial and warm-hearted qualities won the esteem of a large circle of acquaintances. He died at the ripe age of 70 years, and leaves a widow and several children to mourn his loss. He will be buried with military honours to-morrow by the Ottawa Field Battery, of which corps he has been surgeon since its organization some twenty years ago.

Ottawa Auxiliary Bible Society.

The Public Breakfast—A Large Attendance—Good Speeches.

The novel idea of giving a public breakfast was carried out on Thursday morning by the Ottawa Auxiliary Bible Society, and was a fitting termination to their usual anniversary meeting. The affair took place in the large and commodious dining room of the new Union House. Mr. Graham did his utmost to provide for the comfort of his guests, who sat down to the number of one hundred and fifty. Amongst those present were the Rev. Dr. Hall, of New York; Rev. Mr. Stephenson, of Montreal; nearly all of the city clergyman, Hon. Senators Flint and Vidal, Hon. Sir John Macdonald, Hon. Malcolm Cameron, Messrs. Wilkes, Young, Walter Ross, Wood, Lewis Ross, Cushing and Goudge, of the House of Commons, many of our leading citizens and a large number of ladies.

Mr. George Hay, President of the Society, filled the chair, and the vice chairs were filled by the Hon. Malcolm Cameron and Mr. James Johnson, Commissioner of Customs.

THE SPEECHES.

After ample justice had been done the repast, the Chairman said he would not trespass on their time in making a speech lest it might preclude them from hearing abler men who were to follow. He would first call on the hon. Malcolm Cameron.

Mr. CAMERON said nothing would afford him greater pleasure than to make a speech on this interesting occasion, but he felt like making an apology, as most of them had come to hear the talented strangers who were their guests this morning. He could not, however, refrain from expressing his pleasure at hearing the able address of Dr
