Fenian Amnesty Meeting.

An immense meeting in favour of amnesty for the Fenian convicts, was held in Hyde Park to-day. It was estimated that 10,000 persons were gathered around the various speakers' stands. Mr. John O'Connor Power, member of Parliament for Mayo County, presided, and in his speech declared that the Fenian prisoners were entitled to approbation rather than censure.

Mr. Biggar, member for Cavan County and Messrs. Parnell and Mellon were also present. Resolutions of the usual character were carried by acclamation.

FRANCE.

Appropriation for War Expenses.

VERSAILLES, July 31.—The National Assembly to day voted an appropriation of 18,000,000 francs for supplementary war expenses.

A Socialist Movement.

Two students and two citizens who were charged with being implicated in a Socialist movement have been convicted and sentenced to 10 years imprisonment. Four persons who were convicted of same offence were sent to prison for a short time.

SWITZERLAND.

Berne Strikers Killed.

BERNE, July 31.—Four of the striking workmen on the St. Gothard Tunnel were killed and 8 wounded when the Swiss troops attacked the strikers last Thursday. The men have resumed work.

CHINA.

An English Ship Seized.

SHANGHAI, July 31.—There are renewed indications that China is about to commence war upon Hashgar, in consequence of the alleged discovery that the rulers of that tributary are preparing to revolt against the Chinese authority.

Fire.

A fire in Hong Kong destroyed much foreign property, including the premises of Russell & Co. The loss is estimated at $350,000.

The disturbances in Monchoaria continues. The Government troops are reported to be held in check by the insurgents.

Seizure of a British Ship.

On June 12th the steamer *Carisbrooke* from Singapore, and owned by British subjects, was discovered landing passengers and cargo on the Island of Hainan which, being closed to foreigners, the ship was boarded and seized, by English Customs officials in the Chinese service, and ordered to Whampoa for investigation. The Captain of the *Carisbrooke* promised to follow a Chinese gunboat to that port but persistently endeavoured to escape to Hong Kong. After several warnings the vessel was fired upon and disabled and finally captured and taken to Whampoa. Several hundred passengers were on board the *Carisbrooke* at the time but none of them were injured, the shots being directed at the rudder only. There is much excitement among the English though there are few who deny that the seizure was warranted as the attempt to smuggle was obvious. A judicial investigation at Canton having resulted unsatisfactorily the matter has been referred to Pekin for judgment.

SERVIA.

Servian Insurrection.

BELGRADE, August 1.—Prince Milan has gone to Vienna to confer with the Foreign Office in regard to the situation in Herzegavinen. The Servians have opened subscriptions in aid of the insurrection and much excitement prevails in the principality.

AUSTRIA.

Austria and the Servian Insurrection.

VIENNA, August 1.—Count Andrassy, the Austrian Premier, who was on leave of absence has returned to Vienna on account of the Herzegovinen complications. The Vienna press says it has reason to believe that Prince Milans object in coming to this city is to sound the Government and ascertain whether Austria intends to preserve neutrality, even if the insurrection is protracted; whether she will not recommend the Porte to redress the evils which have caused the present disturbance, and finally whether she is inclined to support the demands which the Servian Government contemplates respecting the developments of the independence of Servia. The *Presse* concludes that if the Austrian Governments reply is not altogether in the negative. It will be because Turkey is at fault for showing a lack of energy at the commencement of the Herzegovinen insurrection.

IRELAND.

QUEENSTOWN, July 31.—The steamship *Algeria* of the Cunard line, from New York, arrived at this port at 8 a. m. today.

AMERICAN.

NEW YORK.

Crops in England.

NEW YORK, 31st July.—A *Herald's* special from London says the harvest prospects in England have improved owing to the prevalence of good weather. There is a full supply of foreign wheat at present. Continued reports are more favorable.

Report Denied.

The report circulating yesterday that several theatrical people are heavy losers by the failure of Duncan, Sherman & Co. proves to be without foundation in many instances. Letters have been received from John T. Raymond, John Brougham and Wm. Whatleigh denying that they are losers.

Beecher's Salary.

The *Sun* says August Storr, treasurer of Plymouth Church, has paid to Henry W. Beecher $30,000 as the first instalment of his $100,000 salary. Two secret meetings of the Board of Trustees have been held within the past three weeks and there has been very much difference of opinion, bordering almost on dissension as to how the remaining $70,000 will be raised. The amount paid to Beecher was a surplus that the pew rents netted at a sale in January and covers his $20,000 salary. The *Times* says it somewhat authoritively states that the officials of Plymouth Church intend to raise the $30,000 additional salary voted to Beecher by a mortgage on the Bethel. A fund is now being raised by the members of Plymouth Church for the benefit of Miss Bessie Turner.

The Western Union Telegraph Company

A member of the executive committee of the Western Union Telegraph Company well acquainted with Commodore Vanderbilt was questioned as to the truth or falsity of the report that Vanderbilt was ready to sell out his stock. He said you need not use my name but I can assure you that Mr. Vanderbilt is perfectly willing to sell his Western Union Stock. He says it cost him (86) and he will never sell it at a loss. If it can be got up to the nineties the Commodore will sell out to any one who will give him his price for it, but the retirement of Vanderbilt from the Board would not necessarily involve the retirement of his friends. Vanderbilt has a large number of followers in all the enterprises which he enters into and in our Board, Schell, Wark, Harper, Durkel and Thorne are all looked upon as his friends. All these gentlemen are identified with the management of the Company and have doubtless made a good deal of money in buying stock and have generally a very nice thing of it in enjoying the privileges of the lines for transacting their own private business. I do not believe that these gentlemen will sell out their stock even if Vanderbilt should. There are thirty-five million dollars of Western Union stock in all. The Commodore holds five millions, and his friends eleven millions more, making $16,000,000 in all, enough to control the Board at all elections. If Mr. Gould desires to control this Board he will have to buy out the Vanderbilt clique as well as the Commodore. It is well known in our Board that Jay Gould owns $7,500,000 of Western Union stock against $5,000,000 held by the Commodore. Should he buy out the interest of Commodore Vanderbilt, which the latter is quite willing to sell, the moment the stock rises above 86, Gould, with his $7,500,000 will be very near controlling it all himself. However, he cannot rely upon his friends. He has no such followers as the Commodore has, but he makes up in the cash what he lacks in support.

WASHINGTON.

The Death of Senator Johnson.

WASHINGTON, July 31.—The intelligence of the death of Senator Johnson produces much sorrow in this city even among those who were politically opposed to him. His long public services in Washington had secured him many warm personal friends.

Command to be Removed.

The following despatch was sent from here this morning.

The General of the Army directs me to say that the commanding officer at Fort Barracas should be authorized to remove the whole or any part of his command to the Pine Woods of Florida, or to any point the Commanding General of the Department of the Gulf may approve, regardless of Departmental Lines.

Court-Martial.

A general court-martial has been ordered to convene at Fort Whipple, Va., on the 30th August, for the trial of such officers as may be brought before it.

A Profound Sorrow.

The death of Andrew Johnson has created a profound sensation here. Flags have been placed at half-mast on the public building, and universal regret is expressed on every side.

Gold to be Sold by the Treasury.

The Assistant Treasurer at New York has been directed by the Secretary of the Treasury to sell gold during the month of August as follows, viz.: One and one half million dollars on first and third Thursdays, each, and one million dollars on the second and fourth Thursdays, each. The total amount to be sold is five million dollars.

An Executive Order.

It becomes the painful duty of the President to announce to the people of the United States the death of Andrew Johnson, the last survivor of his honored predecessors, which occurred in Carter county east Tennessee, at an early hour this morning. The solemnity of the occasion which called him to the Presidency with the varied nature and length of his public services will cause him to be long remembered. As a mark of respect for the memory of the deceased, it is ordered that the Executive Mansion and the several departments of the Government at Washington be draped in mourning until the close of the day designated for his funeral, and all public business be suspended on that day. It is further ordered that the War and Navy Departments cause suitable honor to be paid on the occasion, to the memory of the illustrious dead.

BALTIMORE.

A Negro shot.

BALTIMORE, Md., July 31.—Late last night Policeman McDonald, in trying to keep order at a colored ball, was attacked and roughly handled by a burly negro, who locked the door. Fearing the negro meant mischief, the officer drew a revolver and shot the negro dead. The door was then opened and the crowd quietly dispersed.

Two men were recently charged before a London magistrate with wilfully maiming forty horses belonging to the London Street Tramway Company, doing damage to the amount £150. They were further charged with stealing six pounds of horse hair, which it appears that they took from the manes and tails of the horses under their charge as employees of the company. This they sold to hair dealers. They were committed for trial.

Within the twenty-four hours from Friday evening at 8 o'clock to Saturday night, there were nine alarms of fire, one at the Tanneries again, which consumed some unoccupied houses, and bid fair to have proved a disastrous conflagration.

Two New York detectives came on here in reply to a dispatch sent them by the Chief of Police respecting some women who are supposed to belong to the gang of shop-lifters of whom Lesalle "Newman" and Miller were arrested a short time since, and who committed the Ville Marie Bank robbery. The New York detectives recognize the women as two of a gang imprisoned in Brooklyn for robbery but who all broke jail chiefly through the efforts of one of the women by the name of Mary Marris, *alias* Kate Harris, *alias* Black Lena, *alias* Black Nugent, and who seems proud of her feat. Both flatly defied the officers taking their stand on the laws of Canada and under the "aegis" of the British Constitution which does not include grand larceny among the crimes for extradition. A great quantity of the goods lifted here have been traced to Toronto.

The Montreal West case was adjourned from yesterday to Monday, in consequence of the wife of Mr. McLaren, leading counsel for the respondent being in a dying state.

The first grain reaped this season on the Island was cut on Thursday on the farm of Markland Malson, Esq., at Lachine, and was a fine crop of barley.

Margaret Dalton, a victim of the Lachine outrage was arrested on Friday night. M. J. H. Hall has entered an action in the Superior Court for £1200 against Mr. Richard Eaton, engineer, for an amount of his share in the patent for the pulverising and grinding machine which Mr. Eaton is unwilling to transfer.

TORONTO.

City Engineer Suspended—Mysterious Disappearance—The Holman Troupe—A Case of Abortion.

TORONTO, July 31.—The President of the City Council has suspended the City Engineer, and a committee, consisting of the President of the City Council, the Chairman of the Board of Works, and Ald. Boustead, is at present engaged in investigating certain charges brought against that gentleman.

A son of Sergeant Major Cantlin, of the Old Fort, Toronto, mysteriously disappeared last Sunnay. The lad is only 14 years old, and had ten dollars in his pocket. The only surmise of his sorrowing parents is that the missing boy may have surreptitiously started to pay a visit to his grandmother at Halifax, N.S.

The great success enjoyed by the Holman Opera Troupe at the Horticultural Gardens has encouraged them to prolong their stay by another week.

Last night about 10 o'clock a box was discovered just outside the western limits of this city, and, on its being broken open, it was found to contain the doubled up body of a female, perfectly nude. It is supposed to be a case of abortion. Three men and a woman have been arrested on suspicion. One is a Dr. Davis, a noted quack, and the woman is his wife. It is said that evidence of a most damaging nature has been brought to light. Some clothes have been found in the Leader Lane of this city, which are supposed to belong to the body found. They are those of a lady. The police are very reticent. An inquest was held on the body this (Sunday) afternoon, and a verdict returned that the woman came to her death by abortion, caused by parties unknown. Dr. Davis and his wife will stand their trial to-morrow morning at the Police Court.
