Invalids! Attention!
Dyspepsia, Derangement of the Digestive Organs, Dropsy, Diseases of the Skin, Affections of the Liver and Urinary Organs are positively cured by using the water for a few weeks.
Rheumatics! Read!
Hundreds of Rheumatics have been cured by the Sulphur Baths. Suffering is alleviated by the first, and cripples throw away their crutches after about half-a-dozen baths.
TESTIMONIALS.
"Montreal, 28th July, 1876.
"I hereby certify that I entertain a very favorable opinion of the Baths and Waters of the Caledonia Springs in many forms of disease, among which I would especially mention chronic Rheumatism, the stigmatic of Gout, Neuralgia, some of the varieties of Cutaneous disease, Dyspepsia, Chlorosis, and in carefully selected cases, some of the diseases of the Kidney and Bladder.
(Signed) GEO. W. CAMPBELL, A.M., M.D.
Dean of the Medical Faculty, McGill College.
Dr. Wm. Robertson, of Montreal, wrote as follows, in 1839:—"But the disease above all in which the action of the water is most decided is Rheumatism. * * * I have known a few individuals who suffered much from improper use of mercury who were restored to health by the use of the waters.
ACCOMMODATIONS.
A magnificent new hotel, capable of accommodating 300 guests, will be opened on June 1st for the accommodation of visitors. The grounds have been improved and beautified, and every means for amusement and exercise provided. The trip thither by the Ottawa River is most enjoyable, and a railroad from the river to the Springs is in course of construction. Until the railroad is built, comfortable carriages will be in waiting at the wharf for the conveyance of visitors to the Springs. The distance of the Springs from Montreal and Ottawa respectively is 85 and 50 miles.
Mr. W. CHAMPNESS will open a good Livery Stable, providing good carriages, horses, saddles, &c. There is a good race-course on the property of the Company.
The PANACEAN WATERS of these Springs will yet make Caledonia the greatest resort in the world for health and pleasure seekers. Thousands of testimonials might be procured, but the reputation of the Springs renders it unnecessary to do so.

LACHINE
Canal Enlargement.
NOTICE TO CONTRACTORS.
Sealed Tenders addressed to the Secretary of Public Works, and endorsed "Tender for the Lachine Canal," will be received at this office until the arrival of the Eastern and Western mails on THURSDAY *the Sixteenth day of September next*, for the enlargement of this canal, consisting of the widening and deepening of the channel from near the new basin east of Wellington Street bridge, upwards, to the river St. Lawrence at Lachine, embracing the construction of new locks at St. Gabriel and Côte St Paul, also the taking down and rebuilding the upper portions of the present locks at these places: building regulating weirs, culverts, bridge piers; the construction of a new entrance lock at Lachine, and the formation of a channel and basin on the south or river side of the existing entrance.
The works will be let in sections of the respective lengths indicated on a map of the line, which, together with plans and specifications of the various works, can be seen at this office, and at the Lachine Canal Office, Montreal, on and after FRIDAY, *the Third day of September next*, at either of which places Printed forms of Tender can be obtained.
Contractors are requested to bear in mind that Tenders will not be considered unless made strictly in accordance with the printed forms, and—in the case of firms—except there are attached the actual signatures, the nature of the occupation and place of residence of each member of the same; and further, an accepted bank cheque, or other available security, for the sum of from *one to three thousand dollars*, according to the extent of work on the section, must accompany each Tender, which shall be forfeited if the party tendering declines or fails to enter into contract for the works, when called upon to do so, at the rates stated in the offer submitted
The amount required in each case will be stated on the form of Tender.
The cheque or money thus sent in, will be returned to the respective parties whose Tenders are not accepted.
For the due fulfilment of the contract, satisfactory security will be required on real estate, or by deposit of money, public or municipal securities, or bank stocks, to the amount of five per cent on the bulk sum of the contract, of which the sum sent in with the Tender will be considered a part.
Ninety per cent only of the progress estimates will be paid until the completion of the works.
To each Tender must be attached the actual signatures of two responsible and solvent persons, residents of the Dominion, willing to become sureties for the carrying out of these conditions, as well as the due performance of works embraced in the contract.
This Department does not, however, bind itself to accept the lowest or any Tender.
By Order,
Department of Public Works, Ottawa, 9th August, 1875. F. BRAUN, Secretary.

PUBLIC MEETING.
In compliance with the request of Mr. J. H. FRAZER, as Local Agent of the Ontario Government I hereby call a Public Meeting of the
Citizens of Ottawa
ON
WEDNESDAY AFTERNOON, 11TH INST., at 2 o'clock in the City Hall, to consult with Dr. McDougall, Commissioner for Ontario and Mr. J. H. Frazer, as to how the interests of Ottawa may be promoted by being represented at the
INTERNATIONAL EXHIBITION
Philadelphia 1876.
W. H. WALLER, Acting Mayor.
August 10th, 1875. 1in

H. M. Deroche, M. P. P., is spoken of as Speaker of the new Ontario Parliament.

The Hon. M. Fournier is expected to return to the city to day.

Mr. Patrick, Clerk of the House of Commons, returned to the city on Saturday evening.

Ald. Waller received a telegram from Mayor Featherston of an encouraging character, with respect to the negotiation of the last debenture bonds of this city, transmitted to London last week. It is probable that they will nett as much, if not more, than the last issue of the Water Works bonds, which will be something satisfactory for the citizens of Ottawa to know.

Lieut.-Col. Dennis did not leave for Manitoba on Monday evening as was announced in our issue of yesterday, owing to illness in his family. He will, however, take his departure at an early day. The Colonel will go *via* the "Dawson Route," and will visit the different surveying parties who are out in connection with the Department of the Interior before his return. It is to be hoped that his trip may be a pleasant and satisfactory one.

We learn from the Fisheries Department that the salmon artificially bred last season at the Restigouche works, superintended by Mr. John Mowat, have been distributed in the rivers emptying into the main Restigouche and Chaleur Bay. There were disposed of in this manner about 705,000 fine, healthy young salmon. Also from the hatching house at Gaspe Mr. Vibert, the Superintendent, has deposited in several of the neighboring rivers about 110,000 salmon fry.

ELECTION OF THE PROVINCIAL SECRETARY.

Mr. Wood, the new Provincial Secretary in Mr. Mowat's Administration, was elected yesterday, for South Victoria, by a majority of seventy-four votes. The falling off in Mr. Wood's majority since his previous election may doubtless be accounted for in the popularity of his new opponent and the vigorous efforts made by the opposition to deal a damaging blow to the Government. The majority is, however, still a fairly large one, and under all the circumstances the new Minister and his colleagues are to be congratulated upon the result. Within a day or two we shall have cause and effect fully discussed from the points of view held by the local organs of the respective parties. In the meantime we shall hold to the opinion that what will be claimed as evidence of a reaction is simply the result of bringing into the field by the Opposition an exceedingly popular and influential candidate, possessed of very respectable ability and personal fitness in other respects for the position. It may appear that under the circumstances Mr. Wood's success is in a special respect an evidence of his own and the Government's popularity.

MONTREAL.

Montreal Centre Election Case—Robberies—Personal—The Jacques Cartier Bank Meeting—Stocks.

MONTREAL, 10th August.

The Montreal Centre case is postponed until to morrow morning at 10 o'clock. At 1 o'clock judgment will be given on the petition for *habeas corpus*.

About half-past 10 o'clock yesterday morning two well dressed men entered the Exchange of H. D. Browne, broker, 124 St. James Street, and while the clerk was engaged in changing one thousand dollars for a third person, succeeded in getting possession of $1,500, which was lying on the desk in the front part of the office. The desk is protected by a glass shade placed on the counter, and the total height is not less than six feet. As there was only one clerk in the office at the time he is unable to say whether the thief reached over the glass or lifted it, and thus took possession of the money. The theft was not discovered for some time after the occurrence. The clerk cannot say whether the person for whom he changed the money was an accomplice, but he is certain he remained in the office after the departure of the other two. There is up to the present no clue to the thieves.

Yesterday morning, about 11 o'clock, two men came into the druggist establishment of Mr. Hart, No. 400 Notre Dame street, and asked change for five dollars in silver. Mr. Hart went into his private office to get it when the men followed. Some two hours after two men entered, one of whom was the man got the change. They asked for eau de cologne. Mr. Hart and his clerk were in the store at the time. One of the men kept Mr. Hart in conversation whilst the other wandered about, like most Americans, examining everything in the store. The clerk was busy serving a customer, and from the respectable looking appearance of the men did not suspect anything wrong. Watching his opportunity, the man who was so minutely examining the stock went into the office, picked the lock of the drawer of the desk from which Mr. Hart had taken the change and emptied it of its contents, amounting to 200 dollars in bank notes and silver coins, he came out unobserved, and after a little parley both he and his companion left the shop with their booty. Mr. Hart has no doubt they were Americans, with the accent and manners of men from the Eastern States. One of the men was tall with a round full face, dark complexion and moustache, no beard. He was about 35 years of age, and his companion about five years younger.

Mr. N. S. Whitney, shoe manufacturer of St. Helen street, was on the train coming from St. Aumond yesterday, and he had a cheque on the Bank of Montreal for $3,187.50, which he obtained from Bond Bros., brokers of this city, on the 28th ult., in the pocket book, which he placed in the outside pocket of his shooting jacket. In the train were a number of very rough looking men, French Canadians, who could speak a little English, as they were in a quarrelling state, and Mr. Whitney had a travelling bag in their proximity he got up and tried to pass them so as to get it. One of them hustled him considerably as he was passing, and he thinks that was the time one of the gang abstracted the pocket-book. In addition to the cheque it contained 21 dollars in greenbacks, about four dollars in Canadian notes,
