TELEGRAPHIC SUMMARY.

The Belgrade Cotton Mills, near Oldham, Lancashire, containing 50,000 spindles, have been destroyed by fire. The loss is computed at a quarter million dollars.

The Centennial of the battle of New Orleans was duly celebrated throughout the United States on Saturday.

A suit has been brought by the Counsel of Tweed and his bondsmen, to compel the other members of Tammany to disgorge their share of the ill-gotten gains, and asking that a receiver be appointed.

The new tariff of freights from New York to the West goes into effect to day. It is on the basis of 75 per cent. per 1,000 pounds for first class freight to Chicago.

A fearful railway accident occurred near Odessa, in Russia, on Friday last in which sixty-four military recruits were killed, and fifty-four wounded. The train ran off the track, fell over an embankment and took fire. The cars were employed in transporting recruits for the army.

The rumour that Austria was preparing for war is contradicted, by one of the Vienna journals.

Don Carlos has arrived at the town of Azpyia, some fifteen miles southwest of San Sebastian, after an inspection of the Carlist lines.

The Prince of Wales has reached Lucknow in India. While engaged in a pig-sticking expedition on Saturday, Lord Carrington met with an accident by which his collar bone was broken.

The delay in answering Count Andrassy's note regarding Turkish affairs, on the part of France and England, is owing to the absence from London of Lord Derby the British Foreign Minister.

A man named Wm. Thompson, convicted of an outrage on a girl 12 years of age last spring, was sentenced to 21 years' penitentiary on Saturday, in Baltimore.

The Spanish Government has ordered from Herr Krupp's foundry, at Essein, six 11-inch breech-loading steel cannon, with 600 rounds of ammunition, for delivery in Cuba. Each gun will cost $120,000.

Rome has consented to adhere to the terms of Count Andrassy's note concerning Turkish reforms.

The Duke of Norfolk, President of the Catholic Association of Great Britain, is enlisting subscriptions in aid of the persecuted clergy in Germany. He subscribes $5,000 and Cardinal Manning $1,500.

TELEGRAPHIC.

FOREIGN.

GREAT BRITAIN.

The Turkish Imbroglio.

LONDON, Jan. 8.—The Pall Mall *Gazette's* telegram from Berlin says Count Andrassy's proposals are substantially identical with the suggestions made by the Foreign Consuls assembled at Moshbar last autumn, and are designed to remedy the grievances. The undecided question of guarantees is postponed till the Sublime Porte indicates the acceptance or rejection of the proposals.

Great Fire in a Cotton Factory.

LONDON, Jan. 8.—The Belgrade Cotton Mills near Oldham, Lancanshire, containing 50,000 spindles, have been destroyed by fire. The loss is computed at a quarter of a million dollars.

A Barque's Crew Rescued.

It is now ascertained that the vessel ashore on the slip sand in the North Sea is the barque *Hunter* from Christiana for an English port. The tug which put out from Harwich at midnight has succeeded in saving the crew.

The Erie Railway.

During the past week considerable commotion has been experienced in Erie, but there is no material change in the affairs of the Company on this side, and prices fluctuate as usual, and opinion is divided concerning the result of pending antagonism.

Aid for Persecuted Priests.

The Duke of Norfolk, President of the Catholic Association of Great Britain calls for subscription to aid persecuted German priests. The Duke subscribes $5,000 and Cardinal Manning $1,500.

London Press on Gov. Tilden.

The London *Economist* opposes the nomination of Gov. Tilden of New York as an agent in the new scheme of re-organization, and while according to him the highest honour, expresses the opinion that because he may become a Democrat candidate for the Presidency of the United States, that event or preparations for it will necessary absorb all his energies and prevent an outlay of that influence which is necessary in the settlement of vast interests involved.

Austrian Movements.

A special from Vienna to the *Standard* contains the following:—A report is current in Bosnia and Dalmatia that 40,000 Austrian troops will very shortly occupy Bosnia. In Vienna official circles assurances are constantly given that no occupation of Turkish provinces is intended, even if the Porte rejects Count Andrassy's proposals. If the Insurgents refuse to lay down their arms when the great powers require them to, Austria will simply discontinue the subsidy which she now gives to refugees from revolting districts.

The Seat of War.

Late advices from Khodjent says it is reported that 25,000 insurgent Turcomans are assembled in the neighbourhood of Andijan, which is expected to be the chief theatre of war. Andijan has been fortified, and is capable of offering a strenuous resistance.

The "Mosel" Disaster.

A Berlin telegram to the *Times* gives the assurance that the principal facts elicited in the inquiry relative to Thomas will be officially published.

Opposed by a Turkish Ambassador.

LONDON, Jan. 10 (6 a.m.)—A Berlin despatch to the *Daily News* says it is reported that the Turkish Ambassador at Paris endeavoured to influence Count D'Cazes against the ratification of Count Andrassy's note, and consequently it is inferred that the Porte was assured that Great Britain would regret it.

The Spanish Coast.

The *Times*, in a leading article, says:—"The notice in the *Gazette* of January 8th, warning mariners not to approach the Spanish Coast east of Bilboa, on account of the danger from the Carlist batteries planted there, will suggest thoughts that our Government is treating a serious matter too lightly. Being at peace with Spain, we have a right to trade with any part of her territory. The Government of Spain is bound to protect the property of our countrymen when within three miles of her coast. Were any of our seamen murdered or our ships burnt in one of her harbours, we should insist that criminals be punished, and compensation made. The Spanish Government might plead that it is too weak to control its unruly subjects, and too poor to pay. If such an excuse were false we should invite that Government to do justice, or prepare for reprisals, which would amount to a declaration of war. If the Government were really powerless, we should have the right to take its place, and defend the lives and property of our subjects. These elementary facts suffice to show the duties of our Government in the present case. If the Carlists injure any British ships, we must look to Madrid for redress. Either King Alfonso or we must assume the police of the Spanish coasts. The plain duty of Spain is to place a fleet off the coasts, such as will silence the Carlist batteries. If the Government will not protect its own coasts it must pay for any damage the rebels may do. We fail to see why Spain should be freed from the duty of guarding her own coasts. Her navy is so powerful that in case of a rupture with the United States she would have the advantage in the commencement of the struggle. Some vessels may be stationed off Cuba. That is an arrangement with which we cannot concern ourselves. If Spain insists on having the luxury of rebellious colonies at a time when wasted by civil war at home, she must take the consequences. The article goes on to review the habitual leniency of other powers to Spain, the result of which is that her statesmen presume on the continuance of foolish and treacherous impunity. It would be better for all parties if Spain was held accountable for her actions. The United States might set a good example by insisting that Cuba be no longer allowed to become the plague instead of the Pearl of the Antilles. The article concludes by recommending that Spain be told that she will be held accountable for every shilling of damage done to foreign vessels by Carlist shells, when doubtless, after preliminary bluster, a remedy would be found easy, and Spain would see clearer the danger of dallying with civil wars.

France Accepts the Austrian Note.

A Vienna correspondent of the *Times* announces that France has unreservedly accepted the Austrian note. A Vienna despatch to the *Standard* reports that the Turkish Government has ordered the Circassians settled in Belgravia, to be organized into twelve battalions, which are destined to guard the frontier of Servia.

The Deutschland Disaster.

The *Post's* Berlin despatch states that Captain Buckenstein will not demand a German inquiry into the loss of the steamer *Deutschland*.

A Conference.

The German Government has invited other maritime States to an International Conference, to devise a common mode of inquiry in shipwrecks and other disasters to shipping.

FRANCE.

Count Andrassy's Note.

PARIS, Jan. 9.—Count Andrassy's note regarding Turkey has not yet been officially communicated to the Sublime Porte. This, however, will probably occur as soon as an understanding has been arrived at between the signators of the treaty of Paris. If France and England have not yet officially made known their views on matters, the delay seems solely to have arisen through the temporary absence from London of Lord Derby, the British Foreign Minister.

The French Elections

An active canvass is being made for Prince Napoleon in Corsica, where a coalition exists against the election of M. Rouher.

M. Ollivier has issued an address to the electors of the Department of Var. He declares that he is in favour of the alliance of Democracy and Liberty by the hand of a strong and national power. Referring to the past he says the Emperor did not desire to enter into a conflict with Prussia. He did all in his power to preserve peace. If intrigues of irreconcilables had not thwarted his plans and revealed his movements to the enemy, and if the Emperor had not been betrayed, and if the resources of the country had not been disorganized and squandered by the Revolution, the Army of the Rhine would have been victorious.

SPAIN.

Permit to Exiles.

MADRID, Jan. 9.—The Government has given permission to several Generals who are now in exile to return to Spain.

Snow Storm.

There has been a heavy fall of snow in Guipseca, which impedes all military operations in that Province.

Don Carlos Inspects his Troops.

SAN SEBASTIAN, Jan. 9.—Don Carlos has arrived at the town of Azpytia, fifteen miles south west of here, after a tour of inspection along the Carlist line.

Contraband of War.

An official despatch has been received here which states that a Spanish man-of-war has captured a vessel under the German flag, laden with contraband of war.

Will not Accept Resignation.

El Cronista is confident that the Government will not accept the resignation of Senor Rubi, Financial Commissioner to Cuba.

Willing to Sever Allegiance.

The same journal reports that the wife of General Tristany, the noted Carlist leader, has informed the Spanish Ambassador at Paris that her husband will declare allegiance to King Alfonso if he is allowed to retain his military rank.

GERMANY.

The Austrian Note.

BERLIN, Jan. 8.—Count Andrassy's note in regard to the proposed reforms in the Sultan's Vassal Porvinces, makes no definite proposal for controlling the execution of these reforms; but as stated, he proposes virtual control through the supervision of the Consuls and the reports of the Ambassadors.

Released from Prison.

BERLIN, Jan. 9.—A telegram from Moscow says that Dr. Strousberg, the bankrupt railway contractor, has been released from prison on condition that he will remain in Moscow until his trial has terminated.

AUSTRIA.

A Contradiction.

VIENNA, Jan. 9.—The *Fremdenblatt* announces that it is enabled to state positively that despatches from Vienna in today's London *Standard* reporting that the Austrian Government had ordered all men here liable to military service to hold themselves in readiness to join their respective Corps on 48 hours notice, is totally without foundation. Reserves have neither been called out, nor have any preparations been made for so doing.

RUSSIA.

Fearful Catastrophe—64 Men Killed and 54 Wounded.

ODESSA, Jan. 9.—A train filled with military recruits ran off the track yesterday and plunged down an embankment. The wrecked cars caught fire, and before all the men could be extricated many were burned to death. The total number of killed is 64, and 54 are injured, several fatally.

BELGIUM.

The Strike Continues.

BRUSSELS, Jan. 9.—Two battalions of caribineers have gone to Charleroi, where the strike continues. The troops of the garrison of Brussels have received orders to be in readiness to proceed to Charleroi if their presence should be required.

AMERICAN.

NEW YORK.

New Feature of the Tweed Trial.

NEW YORK, Jan. 8.—A suit has been brought by Tweed's counsel and bondsmen, asking that all members of the old ring except Tweed be compelled to refund, and asking for the appointment of a receiver.

New Tariff of Freights.

It is announced that the new and advanced rates on freights from New York to the West will go into effect on Monday, on the basis of 75 per cent. per 1,000 pounds, for first class freight to Chicago. The schedule is to be uniform on all the trunk lines going west from New York and Boston. A deferential allowance is made in favour of Philadelphia and Baltimore, on the ground that the distance from those cities to Chicago is less than from New York. The difference is not considered large enough to make it a matter of serious concern for the mercantile community of this city.

Retiring from the Stage.

NEW YORK, Jan. 8.—Oakey Hall's retirement from the stage seems tolerably well authenticated. His engagement at the Park Theatre terminates to night.

Indictments by Grand Jury.

The United States Grand Jury, yesterday, presented indictments against Joseph D. and Victor A. Malone, wholesale liquor dealers, for having received nine barrels of whiskey which they did not enter on their books.

Ordering Arms.

The following specials were published here to-day:—The Spanish Government has ordered from Herr Krupp's foundry, at Essein, six eleven inch breech loading steel cannon, with 600 rounds of ammunition, for delivery in Cuba. The contract has been made at the special request of Gen. Joyellar. Each gun will cost $120,000.

Navigation Interrupted.

ALBANY, Jan. 8.—There is sufficient floating ice in the river here to interfere with the navigation of ferry boats.

Battle of New Orleans.

Flags are flying here to-day in honour of the victory achieved by Gen. Jackson at New Orleans.

The Turf.

The following are most important engagements made for American horses in England, *Preakness* will run in the International handicap at Newmarket for the Ascot cup. *Bay Eagle* will run for the Prince of Wales stakes at Epsom, and Bentby Plate at Newmarket. *Bay Final* will run in the city and suburban, the Metropolitan, and for the Alexandra plate at Sandown Park. *Mate* will run in the Newmarket handicap and also in the city and suburban. Colt *Epotist* will run for the Ascot new stakes. Colt *Brown Prince* will not run until late in the year. English colt *Galopin*, last Derby winner, is not entered for any of the coming stakes. He will not run again.

WASHINGTON.

Centennial Celebrations.

WASHINGTON, Jan. 8.—The Washington Light Infantry corps are making arrangements to visit the Centennial Exhibition, as are also the Encampment of Uniformed Patriarchs, I.O.O.F., of this city. The anniversary of the Battle of New Orleans receives to-day no distinctive recognition anywhere in this city.

Indian Affairs.

WASHINGTON, Jan. 8.—The Commissioner of Indian Affairs does not apprehend any trouble at the Red Cloud Agency on account of the failure of supplies. Congress will be asked for an appropriation to bridge over the time intervening between this and the end of the fiscal year, but temporarily the Commissioner thinks he will be able to serve rations as usual.

Abolition of Navy Yards.

Mr. Whithorne, of Tennessee, Chairman of the Naval Committee of the House, is strongly in favour of abolishing all the navy yards in New England, and is anxious that his committee shall report a bill to that effect.

MISSOURI.

A Defaulting Clerk.

ST. LOUIS, Jan. 8.—A Kansas city despatch says D. J. O'Connor, chief clerk in the freight department of Kansas City, St. Joseph, and Council Bluffs Railroad, in this city, has absconded, leaving his cash account some seven thousand dollars short.

A Chapter of Crime.

ST. JOSEPH, Jan. 8.—Frank Brown, convicted of murder, who, with several other prisoners, escaped from gaol in this city, on the 28th of last October, has been recaptured. No clue to other prisoners.

Burglary.

OSBORN, Jan. 8.—On Thursday night burglars stole a bottle of chloroform from a drug store, with which they drugged the whole town. They robbed both hotels, all the stores, and many private residences. They secured several thousand dollars and escaped.

LOUISIANA.

Day of Rejoicing.

NEW ORLEANS, Jan. 8.—Flags and pennants were displayed throughout the city and public offices closed in honour of the day. The Continental Guards, recently reorganized, under Capt. Montgomery, and other military organizations, paraded and fired the national salute.

Steamer Sunk.

A special to the *Picayune*, from Bayou Sara reports the sinking of the steamer *Belle*, of Yazoo, in twelve feet of water, twelve miles above that place. No lives were lost. It is believed the boat can be raised. Her cargo consisted of 400 bales of cotton and 2,500 sacks cotton seed.

KANSAS.

Close of Mining Operations.

MUSKOGEE, Jan. 18.—A recent decision of the Secretary of the Interior peremptorily closes all mining operations in the Choctaw Nation for the present. The principal sufferers are the Osage and Houston Coal Company, and the Texas Coal Company, employing two hundred hands, who are thrown out of employment.

PENNSYLVANIA.

PHILADELPHIA, Jan. 8.—Last evening Geo. O. Fletcher, who has been on trial for several days past for killing Joseph Hanley was convicted of murder in the first degree. The trial excites considerable interest in the city.

MARYLAND.

Sentenced for Rape.

BALTIMORE, Jan. 9.—Wm. Thompson, convicted of an outrage in March last on a girl aged twelve years, was yesterday sentenced to twenty-one years imprisonment in the Penitentiary.

The Association of Importers, at Halifax, have formed a committee to investigate alleged infringements of the Customs Act which are prejudicial to the trade of Halifax. The question of reduced and uniform rates of freights are under consideration. St. John, N.B., contemplates forming a similar association to co-operate with the Halifax body for mutual protection.

COMMERCIAL.

Gold . . . . . 113¼.

THE OTTAWA MARKETS.

SATURDAY, Jan. 8.—There was a slight improvement in the market to-day, both in the attendance of buyers and sellers, owing to the timely fall of snow, which enabled farmers to bring their produce to the city. There was a small supply of vegetables and dairy produce, and a fair supply of meat, which, however, for the most part looked as if it had been often there before. There were a good few waggon loads of hay, prices for which tended downwards. The wood market was, as usual, well supplied, and a good many farmers preferred to drive their supplies back again to selling at the prices offered.

MEAT.—Beef, hind quarters, 5½c to 6½c; fore, 4½c to 5c. Mutton, 6c to 7c, and 8c for hind, and 6c to 7c for fore. Pork 8c to 8½c, per 100 pounds.

FISH AND POULTRY.—There was a very poor supply of poultry, and very little demand, at prices much under previous quotations. Turkeys, 70c to 75c. Geese, 60c. Chickens, 35c to 40c per pair.

DAIRY PRODUCE.—Butter, 25c for prime; no supplies of other kinds. Eggs, in box, 25c per dozen.

On Christmas Day a couple of young men from Pembroke, who were driving along the Eganville road, about six or seven miles from town, met with a very narrow escape. The top of a tall pine tree close to the road was broken off by the force of the wind as they passed, and it fell so close to the cutter that the occupants had to whip up their horses and also to lean forward themselves to escape the branches. As it was, some portions of the falling tree struck the buffalo robe hanging at the back of the cutter.
