Special to THE TIMES.

STREETSVILLE, Sept. 9.—Yesterday afternoon this place was threatened with another conflagration, but fortunately the fire was discovered before much damage was done.

The inquest held on the remains of Timothy Street, the victim of the late fire, resulted in a verdict in accordance with the particulars given on the 7th inst.

In addition to the names of the sufferers by the fire, we afterwards learned that Mr. Geo. Howard's stables and store room were burned, together with a large quantity of lumber, on which there was no insurance. Loss heavy.

At ten o'clock a number of carriages, containing the County Judge, J. Hogle, the Warden, Mayor Williams, the teachers of Napanee and Newburgh, the County Inspectors of Prince Edward and this County, Mr. Striker, M.P.P., and others, escorted the hon. gentleman to the High School, which was decorated for the occasion. In the afternoon a public meeting was held in the Town Hall, and a resolution was discussed in regard to the abolition of the present system of Trustee Boards, and substituting therefor one Board for each Township. A vote was taken, strongly favouring the present system.

LONDON.

Harvest Home Sermon—The City vs. County in Cricket—A New $8,000 Church.

Special to THE TIMES.

LONDON, Sept. 10.—Bishop Hellmuth, who has just returned from Europe, preached to-day in connection with the harvest home.

A cricket match was played yesterday afternoon between the city of London and the county of Middlesex elevens, resulting as follows: City eleven—First innings, 281, of which 92 were made by Saw, 61 by Locke, 31 by Sanders and 20 by Bradford. The county eleven: first innings, 119; second innings, 95; being beaten in one innings by 47 runs.

The English Church people of London South have decided to erect a new brick church at a cost of $8,000.

All quiet in police circles.

The weather to-day was very cold, raw, damp and windy.

ST. CATHERINES.

Grain burnt.—Prayers for Rain.—Narrow Escape.—Charge of Shooting—Strike ended.

Special to THE TIMES.

ST. CATHARINES, Sept. 9.—The fire now raging in the Welland Marsh got into D. Campbell's property, and destroyed 8 acres of oats and farm waggon.

The Bishop of the diocese of Niagara has issued an order for prayer to be offered on Sunday for rain.

Another narrow escape from instant death occurred at Lock 20, sec. 13, on the New Canal. A few days since D. Quill was preparing the bed of the wall for another stone to be laid on it, which was being lowered when the hook broke which is attached to the tag rope. Quill was warned of the approach of the stone, but not before too late to prevent it striking him and throwing him heavily down. He had presence of mind to fall over into the lock, for if he had not done so, he would, in all probability, have been cut in two.

A man named Fitzpatrick was arraigned before Mayor Baxter, of Thorold, on the 5th inst., charged with shooting at Chas. McDonald, with intent to kill. It came out in the evidence that both men were drunk on Sunday last in the shanty of McDonald, and a quarrel ensued, and in the scuffle a pistol, which Fitzpatrick had threatened to use, went off, but no damage was done.

The strike which existed among the stone-cutters of the Quaker Bridge, Welland Canal, is over. It seems that it was through a misunderstanding between the contractors and the men that the strike originated.

HULL.

Pic-nics—Nuisances—Bailiff Arrested—Drunk.

Special to THE TIMES.

HULL, Sept. 9.—The Sunday school children of St. James' Church held a pic-nic in Marston's grove to-day, the children were highly delighted with the treat.

The St. Vincent de Paul charitable society will have a pic-nic next Thursday, the 14th, to Buckingham and Montebello, going and returning by the steamer Peerless.

A number of boys who consider themselves young men, and whose names are known, for the last two or three nights have been loitering before one of the stores, obstructing the sidewalk and making use of obnoxious language, and other unseemly behaviour. It would be well if the police were to look after them a little.

The residents of a house in Main street were greatly annoyed on Friday night by the riotous conduct of a number of drunken men.

Bailiff Grondin was arrested to-day on a warrant taken out by Mr. A. Rochon, advocate of this city, on a charge of appropriating monies that belonged to said Mr. Rochon, and which he had obtained in his capacity of bailiff at St. Andre Avelin.

One Pichette, being full of whiskey this evening, attempted to expostulate with one of our policemen for locking at him; not being an orator, and not eloquent, he will have to mourn the want before the Recorder on Monday morning.

Almost every Sunday boys congregate in a field in Eldyville to play base ball, their noise and shoutings are anything but pleasant to the inhabitants.

Over 100 acres of swamp and a barn was burned in the township of Nassagaweya on Friday afternoon. This morning the fire is under control.

TORONTO.

E mains of Tecumseh Present—Yacht Countess of Dufferin—The Beecher Lectures.

Special to THE TIMES.

TORONTO, Sept. 9.—A clergyman writes to the *Mail* and accuses the members of the United Canadian Association Committee, who searched and profess to have found the remains of Tecumseh, of desecrating the grave of a most worthy Moravian missionary, and says that after disinterring the bones, they gave them to a physician, who now takes pride in exhibiting them to his chums. He further says that an Indian chief, a scout of the Kentucky rangers, was killed and buried about the same place where Tecumseh is said to have found his last resting place.

Sir Francis Hincks is in town.

It is said that the yacht Countess of Dufferin has been sold to a gentleman in Syracuse for $20,000.

Rev. Henry Ward Beecher lectures here on the 25th instant in Shaftesbury Hall, under the auspices of the Young Men's Christian Association.

LATER.

Sale of Grace Church to the Reformed Episcopals—A Young Reprobate Makes a Bold Bid for Penitentiary Lodgings.

Special to THE TIMES.

TORONTO, Sept. 10.—Grace Church building was sold yesterday to the Reformed Episcopal Church, price not stated; but the terms are that the purchasers assume all mortgages and debts, and pay back to the original subscribers the money donated.

A lad fifteen years of age, named Chantler, was arrested to-day for attempting to outrage a little girl three years old.

MONTREAL.

Fully Provided For—Election Petition—Deputations—Death from Sun-stroke—Pox—Inquest

Special to THE TIMES.

MONTREAL, Aug. 9.—It is stated that a bully named Mallette, of Oka has received an appointment from the Quebec Government as foreman over a gang of men at St. Vincent de Paul quarries, at a salary of $150 per annum, so that he will be out of the way of troubling the Indians.

Large sums of money changed hands here over the result of the championship lacrosse match in Toronto, and intense disgust is felt at the utter defeat of the Montrealers. It is now proposed in sporting circles to amalgamate the Shamrock and Montreal Clubs, and select from the amalgamation the strongest possible team with which to overcome all opposition and win back the much coveted championship.

The Prothonotary has issued a summons for the trial of the petition presented by Joseph M. Robillard, the defeated candidate in the last election, and others, to have Narcisse M. Lecavilier, M. P. P. for Jacques Cartier County, unseated and disqualified. The case commences on the 11th, and will probably last a long time, as seventy witnesses are already summoned.

Corice Tetu and Dr. Feroy, of Quebec, are in town as a deputation to obtain the aid and concurrence of the citizens of Montreal in using their influence to get relief from the principal cities of the United Kingdom, France, and the United States, towards the sufferers by the late fire in Montcalm Ward, Quebec.

The young man Johnson, who has been confined in the general hospital, suffering terrible pain from lock jaw, and on whose leg an operation was performed in the hope of saving his life, died last night. He was a Swede and 25 years of age.

Capt. Miles, late of the 13th Hussars, died of small-pox this morning in the city hospital. The unfortunate gentleman had for some time been living in Montreal, but through certain causes he was always in straitened circumstances. His wife lives in Toronto.

A deputation was in the city to-day from Quebec to advocate an appeal to the Local Legislature on behalf of the sufferers by the St. Johns, the Quebec and St. Hyacinthe fires.

The inquest on the body of Wm. Taylor was continued to-day. Dr. Leprohon testified that the deceased was not intoxicated when he died, and that death was the result of a blow or fall. Acting Sergt Miller stated that he thought the deceased was helplessly drunk, as he had every appearance of being so. Laliberte told me that he had a little cut in his head, looked at it, and it appeared to be about half an inch long. As the wound did not appear to be dangerous, I told Martel, a constable, to open his collar and put him into the cell, and have an eye to him. Laliberte said that he got him lying drunk in McGill street; it is the duty of the reserve man to visit the prisoners during the night, and to notify the sergeant if anything strange occurs. A few minutes after 5 o'clock Martel sent Sub-Constable Prevost to tell witness that deceased was dead. Martel stated that he had visited deceased several times during the night, and that he had found him sleeping as a drunken man would. The jurors brought in a verdict that Taylor came to his death from a wound received in a scuffle in which he was engaged with one John Long, William Bagus, and another man, and that it has not been proved to the satisfaction of the jurors that said wound was inflicted by the prisoner, John Long; said jurors further find that deceased did not receive the attention at the hands of the police which, under the circumstances, his condition required; also of opinion that it was the duty of the sergeant in charge of Chaboiller Police Station to have procured medical assistance immediately after being informed by Sub-Constable Laliberte, that deceased William Taylor had received a wound on his head. The prisoner was handed over to await the action of the Court of Queens Bench.

LATER.

Memorial Sermons on the Late Dr. Taylor—Another Singular Case of Death in the Police Cells—A Young Reprobate at his Father's Money—Sunday Excursion—The Oddfellows and the Late Mr. Taylor.

Special to THE TIMES.

MONTREAL, Sept. 10.—Memorial sermons on behalf of the late Rev. Dr. Taylor were preached to large audiences in all the Presbyterian Churches to-day.

Mullaney, Sir Francis Hincks' coachman, was arrested and immured last night in the same cell in Chabollies Square station in which the unfortunate Taylor, of Kingston, died on Friday morning. Strange to say he also was found dead this morning, probably of congestion of the lungs.

The son of ex-Councillor Villeneuve is under arrest for stealing a large sum of money from his father. The young reprobate had fallen into the toils of several fast women.

Sunday excursions on the Montreal, Ottawa and Western Railway were well patronised to-day. some 2,000 people went. The Railway Commissioners sanctioned the train running.

The Oddfellows escorted the late Wm. Taylor's remains to the depot on Saturday evening en route to Kingston, and will send a delegation to the City Council on Monday, asking that an enquiry be made as to the cause of neglect of Taylor by the police in the Chaboilles Square station.

THE RUBBER!

Champion Lacrosse Match.

TORONTO HOLDS HER OWN AGAINST THE MONTREAL TEAM.

Three Straight Games for the Western Team.

GREAT EXCITEMENT—6,000 PEOPLE PRESENT.

Special to THE TIMES.

TORONTO, Sept. 9.—Quite nine thousand people were present on the lacrosse ground this afternoon to witness the match for championship of the world, between Montreal and Toronto. The greatest excitement was manifested throughout the whole game, and after the ball passed through the flags the last time, cheers rent the air. Amongst the crowd on the grand stand were a large number of ladies. The weather was fine and cool, and a better day in every respect could not have dawned. The ball for the first bout was faced five minues past three, and a minute and a half afterwards was passed between the Montreal goal by T. Arthur; the play was quick and active, and at the outset, set off with vigour, both teams being evidently on their mettle; after a brief wait the game became hot, and though the Toronts goal was several times in danger, the rubber was put through the Montreal flags after 2½ minutes play by R. H. Mitchell. The third game was the toughest of the series, and up to the very last was in doubt, for struggles of a very hot nature took place round the flags of each team; finally, after fifty-three minutes of truly scientific play, entirely free from roughness, and in strict accordance with the rules, R.H. Mitchell again passed the ball through for the Torontos. In this game, after it had progressed twenty three minutes, the ball was so near going through the Toronto flags, that the spectators cheered lustily, thinking the Montreal had scored one, but a protest being entered, the fist was forthwith game, and the ball was again faced; the result is therefore, three straight games for Toronto. Large sums of money changed hands betting at the starting being slightly in favour of Montreal, but as the match proceeded, it under went a change and before the last game odds were freely offered on the home men. The best of feeling was manifested throughout. The winners play the Tecumsehs of this city for the champion-hip on the 30th instant, but it is not expected to be a very hard contest for the Toronto. There is some talk of the Tecumsehs challenging the Montreal club to a match on the latter's ground.

HAMILTON.

Yachtsmen and Sportsmen Rejoicing—Base Ball Match—The Ambitious City Going Into the Peanut Business.

Special to THE TIMES.

HAMILTON, Sept. 9.—There is great rejoicing among yachtsmen and sportsmen over the fact of Hamilton winning at the Toronto regatta yesterday and the stallion race to-day.

The base ball match this afternoon between the Standards of this city and the Toronto Club resulted in favour of the latter by 14 to nothing.

The experiment of growing peanuts here has been successful. Mr. Hill, a market gardener, produced specimens yesterday. The nuts were large and fully developed.

CLIFTON.

A Simple Simon falls in with kind chaperons. He is allowed to win at three-card Monte, and then relieved of $2,000.

Special to THE TIMES.

CLIFTON, Sept. 9.—Yesterday a man named Thos. Curtis came to Clifton to see a brother, and while at the Falls he fell in with a party of men who were very kind in showing him around. In the evening they enticed him into a bush near by, and started a three-card Monte game by candle-light. After letting him win a little money, they invited him to have a drink out of a bottle which one of the gang had with him. After taking the drink Curtis remembered no more, till this morning he awoke out of the stupor; and finding he had been relieved of $2,000, he immediately gave information of the affair, with a description of the men, to Thos. K. Wynn, Ontario policeman. Inside of an hour afterwards, Chief McDonald and Policeman Wynn had three men arrested, by the names of Dan Flanagan, Wm. Goodwin, and Chris. Delmage, whom Curtis recognized as the robbers. They were tried to-day before Police Magistrate Hill, and committed for trial.

DISTRICT NEWS.

BROCKVILLE.

The young ladies employed at Mr. Hutchinson's store, on Thursday evening, chartered the Tolford and had an excursion up the river. No gentlemen were along, and the ladies affirm they never had such a pleasant time. Hard on the boys.

PRESCOTT

Over forty new buildings are in course of construction in Prescott and vicinity.

The *Plaindealer* is calling for a dog-tax.

The hop harvest has been very successful. While some Indians, who were come to assist a farmer to get in his hops, were having dinner, the flooring gave way, and they all descended to the cellar, where they quietly continued their meal, thinking it was part of the programme.

ARNPRIOR.

The Rev. James Elliot, of Kingston, will preach the anniversary sermon in the Methodist Church, Mohr's Corners, on the 17th inst. There will be a tea meeting next day.

On Wednesday last, Mr. Hugh McConnell, a man over 50 years of age, swam across the Allumette Lake at Pembroke a distance of nearly two miles.

The Pakenham Driving Club will hold their first annual races on the 19th and 20th inst.

Mr. Hugh McConnell left at the Pembroke *Observer* office, a few days ago, the blade of a curious old sword, or rapier, which he had found last week in the mud, near the mouth of Bear River, a small stream emptying into the Ottawa about 70 miles above Pembroke. From the appearance of the weapon it is supposed to have belonged to some of the officers of Champlain, the celebrated French adventurer, and to have been lost in one of that leader's expeditions up the Ottawa.

RUNAWAY.—About 5 o'clock Saturday evening a team, belonging to a farmer, attached to a waggon in front of Mr. Bankerville's store, on Rideau street, took fright and started off at a full gallop, taking with them, for a distance of 30 or 40 yards, the stone (weighing something like 300 lbs.) they were tied to. After shaking off the stone they dashed madly on, and would have gone, goodness knows where, had not their career been suddenly cut short by coming into collision with an express waggon belonging to Mr. H. H. Brennan, which was standing outside his store loaded with provisions and groceries. The only damage done was the making of a thoroughfare through the side of the waggon, upsetting the contents into the road and completely demolishing the hind wheel. The team was not hurt, and appeared ready for another escapade. Mr. Cox, the owner, wonders what could have caused them to run away, as he never knew them to do the like before, and thinks it will be very hard if required to pay for the damage.

IMPORTANT NOTICE.

A NEW GAS LIGHT FOR THE STREETS

The undersigned having purchased from J. D. Gould, of Boston, Mass., the patent right of the "ELL VAPOUR BURNER," for the Dominion of Canada, are now prepared to furnish this Gas Light to cities and towns, either by contract or otherwise. The obstacles heretofore encountered in lighting the streets with a vapour light have been entirely overcome by the invention of the Perfected Burner.

Its Points of Merit are:

It gives a Brilliant Light, fully equal to the coal gas. It is simple in construction, self-regulating, and does not smoke, or get out of order. Can be burned at one-half the expense of coal gas, and is even cheaper than the "kerosene lamp" now in use. The duration of light was 10 Hours on one burner during the recent trial, which further decreasing the expense attending its use. It is not affected by the frost in winter. It obviates the use of Street Lamps and Service Pipes, and is adjustable to any street lamp now in use. It is particularly adapted to light the Parks, Public and Private Grounds.

Orders for light promptly attended to.

TOWN AND COUNTY RIGHTS FOR SALE.

Also, Agents for the Ellis Patent Gas Burner, Regulator and Shade combined, warranted the best Gas Burner in the world. No waste of gas. Absolute economy. Will save 15 to 50 per cent. over any other burner. Over 500,000 sold in one year.

MATHUSHEK PIANOS.

EXCEL in volumes of tone.
EXCEL in voice-like quality of tone.
EXCEL in firmness and purity of tone.
EXCEL in durability and keeping in tune.
EXCEL for the concert-room.
EXCEL for teaching schools and conservatories.
EXCEL for the parlor and drawing-room.

These are broad assertions, but capable of proof, they are unlike any other instruments, all their peculiarities are points of excellence. Their illustrated and descriptive catalogue, which we send FREE to any address, explains in harmony with accounts and testimonials that is claimed for the Mathushek.

There are thousands of happy families in Mathushek pianos willing to certify to their superior excellence. We have room here for but a few brief extracts:—

NEW YORK, Oct. 8, 1875.

We, the undersigned, Jurors of Pianos at the Fair of the American Institute, after a careful examination of the Concert Grands do award to FREDERICK MATHUSHEK the highest premium, making the last Fifty Gold Medals he has received for superiority of his pianos.

(Signed) EDWARD MOLLENHAUER, A. D. W. SHEPPARD, W. J. GRANFORD, CHARLES PFADEL.

Musical Conservatory, Syracuse, N.Y.

These Pianos must take the lead of all known instruments, and their peculiar construction renders them by far the most durable, and the least liable to get out of tune.

EUGENE J. MERRIAM.

Since the date of this Concert the Mathushek has been my favourite.

T. JAY WATSON, Watson's Conservatory of Music, New York.

No money would tempt me to vacate my Mathushek.

D. SCHUTZ, N. Buffalo.

Mathushek superior to all others.

M. MOLLENHAUER, N. York.

Mathushek has in reality taken a step in advance of all makers of Pianos in the world.

J. G. SHAW, Musical Critic, Saratoga.

I have heard nothing lately that is sweeter of tone. Its notes are more like those of our sweetest singing birds, or those of the finest organ stops, than anything else I have heard. We are delighted with our instrument. May you be blessed with great and well-deserved success.

Yours truly, SPENCER L. FINNEY, Pastor Second Presb. Church, Princeton, N.J.

The Mathushek Orchestra Square Grand Piano is brilliant, of wonderful power, full melodious in tone.

ALFRED H. PEASE, Rochester

I was fully convinced that the Mathushek was the crown of all.

M. MELKIN

My son James, who has taken care of my piano for the past ten years, says that the 10 Orchestral jobs received from you, is the best made and finest instrument in this city.

Yours, &c.

D. M. SOMERVILLE, Cleveland, O.

Elm St. W. M. E. School House.

We have great pleasure in our present Mathushek instrument to lead the singing in a E. Sabbath nothing can excel it. The tone is soft and full. The back is grand, and when we return we shall expect to be mentioned. Our Sunday-school sings out clear as a bell.

FANNING KENWEDY, Superintendent.
S. L. FINNEY, Pastor.
SAMUEL FRISBY, Musical Conductor.

It has given my family the very highest satisfaction.

Rev. JOHN BREDEN, Berlin.

It has given entire satisfaction, and delighted all who have seen it.

THOMAS KENT, Toronto.

It gives the most complete satisfaction. For sweetness, smoothness and richness of tone we have never heard its equal.

J. O. EMMETT, M.D., Penfield.

This is to certify that I purchased two of your Mathushek Pianos and find them all that I could wish of a first-class instrument. I consider them second to none.

GEO. TAYLOR, Dundas.

The Mathushek I purchased from you three years ago has given the most perfect satisfaction. Everything you said in regard to it has been fully borne out. Quite a number are in use here, and all say they would use no thing but their piano for any they have ever heard.

DR. ALBURN, St. Thomas.
