HAVING guarded against loss from Fire by insuring your property, consider if it would not be as well to make a little additional provision for your family in case of your own premature death;—whether it would not be as well, through the assistance of a Life Assurance Company, to provide a legacy for your wife or daughter; or, if you have not the happiness to be blessed with them, think if the possession of a few hundred pounds additional might not be of advantage to yourself a few years hence. If you decide that it would, write to the Managing Director of the PROVIDENT LIFE ASSURANCE AND INVESTMENT COMPANY, 20 Toronto Street, Toronto, for a "Proposal" form, and a copy of the Rates.

Or, possibly, the Agent of the "Beaver" may possess a copy of both documents, which he can accommodate you with, and give you a little information on the subject besides.

TESTIMONIALS

IN FAVOR OF THE NEW

ROTATING HARROWS.

WE, the undersigned farmers of East Gwillimbury, hereby certify that we have seen STILES & MERRITTS' PATENT HARROWS at work, and that they are superior to the common harrow for the following reasons, viz.:—That they will do more work at one going over the ground than the common harrow will at two; that it is impossible to clog them, as they discharge all roots or grass behind; that they are constantly freeing themselves; that the teeth wear equally on all sides, and consequently sharpen themselves,

J. Doan.	J. Aylward, Esq.	W. Holliday,

From the Hon. J. Simpson.

Stiles & Merritts' Rotating Harrows was tried on the roughest field on my Farm, and the work performed by it at one turn was equal in my opinion to what would have been accomplished by any other harrow that I am acquainted with at two turns. The draught is easy, and the harrow keeps clean.
