fully. For the past two or three weeks, there have been in the place of the scores formally reported, only seven, or eight new names per week. It is probable that even among those some old cases might be found which have no connection with the present commercial condition of the country. The truth is that, considering the amount of business done in the Province, and the poor crops of the last few years, the failures have not been very numerous, and the revival of business which we are now experiencing, happily proceeds not from any kind of inflation, but from a cause which will certainly render failures even more rare.—*Globe.*

MACEY'S

Air-Tight and Frost-Proof Door!

PATENTED JUNE 16, 1865.

REFERENCES:

RICHMOND HILL, July 20th, 1865.

MR. WM. C. MACEY.

SIR.—Your Air-tight Door seems likely to meet with liberal favor from the public;

We require something of the kind to render out-side doors proof against air and frost—this invention will doubtless meet the case, and will be found both cheap and efficient. It commands itself to the judgement oft hose who investigate the matter, as being calculated to save fuel, and to render a family residence more healthy and attractive.

Having adopted the principle in my residence, you have thereby the test evidence, that I consider your patent worthy the attention of the public.

Yours truly
AMOS WRIGHT, M.P.P.

RICHMOND HILL, July 1st, 1865.

MR. WM. MACEY,

SIR,—Having tried your "Patent Air-tight and Frost-proof Door," I have reason to believe that it is an excellent contrivance, and calculated to contribute much to the comfort of those who adopt it. I am of opinion that much less wood will be required to heat a house in the winter season if your patent is applied to the outside doors of a residence.

M. TEEFY, Postmaster.

RICHMOND HILL, July 4, 1865.

MR. WM. MACEY,

SIR—I have examined your model of newly invented door, and consider it superior to any thing I have seen for stopping draughts and frost, and think it will greatly save fuel, save health and prevent damage from frost. It is likewise cheap.

Yours, &c.,
JAMES LANGSTAFF, M. D.

WANZER & CO'S

FIRST PRIZE

Sewing Machines.

WANZER'S

Combination & Singer

PREMIUM SEWING MACHINES.

THE ONLY PRIZE awarded for Family Sewing Machines by the Judges at the Provincial Exhibition, held in London, Sept. 24th, 25th, 26th and 27th, was given to R. M. Wanzer & Co.

They also took the First Prize for Family Sewing Machines with R. M. Wanzer & Co's Combination, at the Provincial Fair held at Toronto, Sept, 22, 23, 24, 25 and 26, 1862, and also first prizes was awarded to their Singer for manufactory.

The First Extra Prize was also given for Nos. 1 and 2 Singer's Manufacturing Machines.

Prizes of a similar character were also awarded Wanzer's & Co's. Family Sewing Machine and Wanzer & Co's. Singer's Machines over all others, by the Board of Arts and Manufacture, at the Mechanics Institute, Toronto.

They also took First Extra Prizes at the several County Agricultural Fairs—at Hamilton, Paris, Galt, St. Thomas, Beamsville, Whitby, Cobourg, Bowmanville: in fact every place where they have been exhibited.

☞ Wanzer & Co.'s Combination and Wanzer & Co.'s, Singer, excel any Machines that ever were manufactured in the United States or Canada.

R. M. Wanzer & Co. have succeeded in uniting the most valuable properties of the Wheeler & Wilson and Singer Machines, and removing those points which were not desirable in a First Class domestic article, by adding some new inventions (for which they have secured a patent in Canada) have succeeded in producing a perfect Sewing Machine, which being simple in its principles is easily understood, requiring less than an ordinary amount of skill in its operation. Its accurate construction renders it little liable to get out of repair, and it is easily adjusted. The public, on examination, will be convinced of its advantages over all others now in use. Every family should have a Wanzer & Co.'s Combination Family Machine.

All Genuine Wanzer & Co.'s Sewing Machines bear the stamp of R. M. Wanzer & Co., Hamilton, on the plate.
