Local and General.

NAME the king first mentioned in the Bible.

ORILLIA has got a daily paper, the *Times*, the first number to hand.

CHANGE.—A change of base of the telegraph office will soon take place in this village, so it is said.

AN ACCIDENT.—Mr. Alex. Fleury, of Stouffville, got his hand caught in some machinery knives and thus had the misfortune to lose three fingers.

ABOUT 3,000 Rolls of Wall Paper arrived at the Concrete House this week and they comprise elegant gilts, whites, and browns in all the newest styles.

COLD.—The weather of Tuesday and Wednesday was the coldest we have had this winter. Yesterday morning the thermometer registered 20° below zero.

THE advance guard of the tremendous stock of spring goods ordered in the British markets reached the Concrete House to-day and are being opened up as readily as possible.

FANCY DRILL.—The members of the Fire Brigade will please bear in mind that the next drill will take place to-morrow (Friday) evening, commencing at 8 o'clock,

HORSES.—Mr. Robert Trench was at the Palmer House on Wednesday of this week, purchasing horses to take to Manitoba, He bought a number of fine animals at prices ranging from $125 to $150.

LECTURE.—Rev. W. W. Percival will deliver a lecture this evening in the Lecture Room of the Presbyterian church, on "John Wesley and his place in History." Lecture to begin at 8 o'clock. Collection in aid of the Sunday School.

DEAFNESS CURED.—A very interesting 132 page illustrated book on deafness. Noises in the head. How they may be cured at your home. Post free 3d. Address Dr. NICHOLSON, 30 St John Street, Montreal.

FAIR.—The monthly fair which was held here yesterday was the best for a long time. Although the weather was intensely cold a large number of sellers and buyers of stock were present. We understand the prices paid were good.

CHANGE.—We beg to call attention to the change in Mr. F. Kirkby's advertisement. His enlarged space in this day's paper shows that he appreciates printer's ink. Energy and perseverance and judicious advertising is ensuring Mr Kirkby success in his business,

CARNIVAL.—A carnival was held at the Metropolitan skating rink on Tuesday evening. The Richmond Hill band furnished music for the occasion. A large number of skaters from here and Thornhill were in attendance, Good ice and lots of fun is the report we received.

REVIVAL TEAM—The Eureka Duett Revival Team have been engaged by the Richmond Hill Council of Royal Templars to hold a series of meeting in this village. They will hold their first meeting on Thursday, the 21st inst., in the Temperance Hall. Full particulars next week.

ADVERTISE.—Some persons wonder that business is so slack and that so few persons call to see them. We do not wonder at it. In private life it would be thought a strange thing for persons to attend a party without an invitation, so also when a shop keeper has goods for sale and the medium for letting it be known that he has those goods is at his very door, and he does not avail himself of it, is it any wonder he should put on a poor mouth and complain that no person calls to see him? Advertise! Advertise in your local paper and then you will have no cause to complain.

GOOD SLEIGHING.—The sleighing is good; snow is plentiful.

THE Carnival number of the STAR for sale at the HERALD store.

IMPORTED.—Call and see the new spring goods which Mr. Atkinson, of the Concrete House, has just received from the British manufacturers.

WE congratulate Mr. John Morgan, of Willowdale, upon his election as Deputy Reeve of York. A better man could not have been chosen.—North Ender.

A GREAT FIRE.—The large fire at Buffalo the other day amounting to $3,000,000 should admonish people against building such castles in the air as are too much the rage in American cites.

L. O. L.—Bro. Sheppard attended a L. O. L. meeting at Buttonville, a short time ago, with a large number of members of No. 91, Thornhill. After the business was over, they enjoyed a sumptuous supper at Bro. Perry's hotel,

YORK PIONEERS.—At a meeting of the York Pioneers in Toronto on Tuesday, Mr. Lee, on behalf of Mrs. Stevenson, of that city, presented to the society an old Pennsylvania musket used during the rebellion of 1837 by a man named Sheppard, residing in York Township.

A BAD SIGHT.—We take the following from the Bradford Witness:—A boy named Ball, while coasting here, recently, was stuck in the eyes by a snow, which nearly blinded him. Being unable to see, he ran into a telegrah pole while going at high speed and badly injured his back."

VALEDICTORY.—Our friend Arthur Pemberton, of the Stouffville Advance, published his farewell address to the readers of that paper in last week's issue, having sold out to Messrs. Hodge Bros., publishers of the Tribune. We hope the new arrangements will be a benefit to that enterprising village,

EMPIRE:—1873 to 1888, inclusive, the duty collected on imports from the United States amounted to ninety millions of dollars. The Grit leaders propose to abandon these duties, and the *Globe*, speaking for them, urges that these millions be raised by taxes on real estate in the cities and the farms in the country.

R. T. OF T.—At the regular meeting of the Richmond Hill Council on Tuesday evening last the members were given a surprise by receiving a friendly visit from nearly twenty brethren and sisters belonging to Thornhill Council. The programme was furnished by Miss Wiley's side, consisting of three choruses, two readings by Bros. Sanderson and Peache, an essay by Bro. Rutledge, and solos by Sister Ida Simpson and Bro. W. D. Atkinson, all of which were well rendered. Speeches were delivered by a few of the visitors and a very pleasant evening was spent.

SEED CATALOGUE.—We have just received the most handsome Canadian Seed Catalogue we have yet seen; it is issued by The Steele Bros. Co. (Ltd,) Toronto, and contains description and prices of everything in seeds, roses, climbing vines, flowering bulbs and grapes; a book of 112 pages, profusely illustrated, has also a chromo-lithograph plate, showing four varieties of their "New Art Collection of Flower Seeds." New and rare novelties in flower, vegetable and field seeds occupy a large portion of the work. This firm occupy the Mammoth Seed House, corner Front and Jarvis streets, Toronto, (visitors to which are always made welcome), and have an immense establishment, employing 100 hands, and doing business from the Atlantic to the Pacific. We bespeak for this house the patronage of all who are desirous of buying first-class seeds and encouraging Canadian enterprise. Send your address for a catalogue, they are mailed free.

ONE OF the Aurora papers acknowledges the "corn" last week. Speaking of a recent assignment it says. "Doubtless like some others 'Phil.' saw Aurora's coming greatness, as through a glass darkly, and went into the building business too steep." In another paragraph the same paper observes: "There appears to be a general stampede now going on. As the Deputy-Reeve says; 'Who is going to be left to pay for our water-works.'" The reaction has evidently set in much sooner than anticipated and all the sand has been suddenly dumped out of our cotemporary. —Era.

ILLUSTRATED LECTURE. — "Max O'Neil's Journey from Asia to Europe" was the title of an entertainment we had the pleasure of attending on Thursday night last. The company attending was not large but it was select and appreciative, and the best of order reigned in the Masonic Hall. The interesting lecture was delivered in an easy and off hand way by Mr. L. O. Armstrong. Those that were not present missed a cheap twenty-five cents worth. It would have proved a good recompense to the youth of the country and been equal to three months' schooling to them to have attended this one lecture and witnessed the embarkation of "Max O'Neil" at Hong Kong and journeyed with him in sight through Canada to Windsor Castle. The views in the Rockies would have been a revelation to them as it was to most of those present. The lecturer occupied over two hours but the time passed so quickly in viewing the beautiful pictures on canvas and in listening to the lecturer that it was altogether too short.

Death of Mr. D. T. Fairbairn.

We were much surprised and pained on Sunday afternoon last to learn that a telegram had been received in this village from the Masonic Order in Victoria, B.C., informing the Richmond Lodge in this village that one of its members had died in that city on Sunday morning, Feb. 3rd, in the person of Mr. D. T. Fairbairn. Mr. Fairbairn was, at one time, an employee of this office, and he was one who was liked and held in high esteem by the general public. On his leaving here he was tendered a public supper by a large body of villagers, young and old, at the Palmer House. Mr. McMahon, editor of the *Liberal*, was at that time very intimate with the subject of this short sketch, and was one that interested himself considerably in giving this mark of appreciation to a worthy young man who has gone home before he has reached a little more than a third of the allotted time allowed to man. Mr. Fairbairn was the son of Thomas Fairbairn, Esq., Ex Reeve of Teeswater and the proprietor of a paper at that place. We only voice the opinion of all who were acquainted with the late Mr. Fairbairn in saying that he was an intelligent, genial, good fellow, and a good workman, and if faults he had, and who has not, his good qualities out balanced by far any short-comings.

Requiescat in pace.

Fire Brigade Meeting.

The last regular meeting of the Richmond Hill Fire Brigade was held in the Council Chamber on Monday evening, Feb. 4th, commencing at 8 o'clock.

Lieut. Savage in the chair, Aud. W. D. Atkinson Sec'y *pro tem.*

Minutes of special meeting held on Jan. 7th read and confirmed.

Committee on revision of Band By-Laws reported progress.

Steward Trench passed the ballot box for the candidates Moses Ransom, Fulton Soules, and Frank Sims. Ballot was found clear each time and said candidates were declared duly elected members of R H F B.

The Executive Committee handed in a list of names of members up to date, together with the list of hosemen, &c., for the present year, which was as follows:—

Hosemen—M. Brillinger, J. Innes, C. Wright, C. McLean, Jay Sanderson, T. Trench, C. Wiley, W. Atkinson.

Hook and Ladder—G. Cowie, Alfred Wright, A. Wiley, C. Treyethan, A. Ashton, C. Powell, E. Glover, L. Gaby, P. Maclem, J. Crossman.

Suction Hose—J. King.

Tongue men—C. Morrison, R. Garbut.

Engineer—J. Brownlee.

Fir. C. Wiley proposed B. McWilliams as a proper person to become a member of the Brigade.

For. B. Redditt gave notice that he would, at next regular meeting, make a motion to amend Clause 7, Sec. A, of the Brigade By-Laws.

Drill Sergeant Sheppard addressed the meeting in reference to Fancy Drill. He stated that those who had attended regular had made excellent progress, but some nights there were not enough of firemen present to make a corps and he had to ask outsiders to fall in. He asked that the members of the Brigade attend regular, Nearly every one present volunteered to attend as regular as possible during the rest of the term. The next drill will be held on Friday evening.

Meeting adjourned.

TRY NOT TO COUGH.

A physician, who is connected with an institution which contains many children, says: 'There is nothing more irritating to a cough than to cough. For some time I had been so fully assured of this that I recently determined, if possible for one minute, at least, to lessen the number of coughs heard in a certain ward of the institution. By the promise of rewards and punishments I succeeded in inducing them simply to hold their breath when tempted to cough, and in a little while I was myself surprised to see how some of the children entirely recovered from their disease.

'Constant coughing is precisely like scratching a wound on the outside of the body: so long as it is done the wound will not heal. Let a person when tempted to cough, draw a long breath and hold it until it warms and soothes every air cell, and some benefit will soon be received from the process. The nitrogen, which is thus refined, acts as an anodyne to the irritated mucous membrane, allaying the desire to cough and gives the throat and lungs a chance to heal. At the same time a suitable medicine will aid nature in her effort to recuperate.'—Baltimore News.

In Better Humour Now.

"My son, aged eleven, was cured of an eruptive humour that covered his head and face with sores, by two bottles of Burdock Blood Bitters and Pills," testifies Mrs. Mary Fulford, of Port Hope, Ont.

VICTORIA CARBOLIC SALVE is a wonderful healing compound for cuts, wounds, bruises, burns, scalds, boils, piles, pimples, &c.

Miraculous.

"My miraculous cure was that I had suffered from kidney disease for about two years, was off work all that time. A friend told me of B. B. B., I tried it, and am happy to say that I was cured by two bottles," Wm. Tier, St. Mary's Ont.

WORMS CAUSE MUCH SICKNESS among children. Freeman's Worm Powders prevent this, and make the child bright and healthy.

A Professional Opinion.

Rev. F. Gunner, M.D., of Listowel, Ont, says regarding B B.B. "I have used your excellent Burdock Compound in practice and in my family since 1884, and hold it No. 1 on my list of sanative remedies. Your three busy B's never sting, weaken or worry."
