A new Comet.

A new comet, supposed to be that of 1812, has been discovered, but will not be visible to the naked eye for nearly two months.

York Rangers.

By a Militia General order, published in the last issue of the Canada *Gazette*, the head quarters hf the 12th Batalion of infantry, "York Rangers," has been changed from Markham to Parkdale.

True.

The smallest country newspaper is worth more to its subscribers in one month than its price for a year, and does more for its neighborhood for nothing than many a high official does for his munificent salary.

Monthly Sale

Eckardt's monthly sale was held on Wednesday, when a quantity of household furniture, the property of the late David Hopper, were offered for sale. A team of horses was also offered. Bidding was not very brisk, and prices were only moderate.

Monthly Fair.

The regular monthly cattle fair was held here on Wednesday, and was pretty well attended. A good amount of stock was purchased by our home butchers and others. Farmers would do well to remember that this fair is held the first Wednesday in every month.

Demand for residences.

There is a growing demand for dwelling houses in this village. We have had several enquiries for houses to let and to purchase within the last few days. Those having properties for sale or to let should advertise them, as the newspaper office is the first place of enquiry by strangers wanting residences.

Reform Meeting.

We would call attention to the notice in another column, of a meeting of the Reformers of West York to be held in the Town Hall, Parkdale, on Tuesday next, Oct. 9th. The President, J. C. Ferrier, Esq., specially requests that there be a full attendance as there is some very important business to bring before the meeting.

I. O. G. Templars.

On Wednesday evening of last week the lodgd of the Independent Order of Good Templars, which has for some time been in a comatose condition, was resucitated under the manrgement of Mr. W. H. Rodden, Special Organizer for the Grand Lodge of Canada. The lodge revives with twenty-two members, five of whom are newly initiated. The officers for the term were elected on Wednesday night of this week.

The Price of Rowdyism.

On Tuesday two young men named Espey and Jones were up before Messrs. Lawrence and Marsh, J. P.s, charged with assault. The young men were in the Dominion Hotel on Saturday evening and were under the influence of liquor. At seven o'clock the proprietor asked them to leave the bar as he had to close up. They refused to do so, when the proprietor attempted to compel them. They then attacked him and tore his clothing considerably. He entered a complaint, and the result was that they were fined $12 and costs.

Division of York County.

No move in the proposal to divide the County of York has yet been taken. The division proposed was only intended for judicial purposes, and in case it was made there will be a County Court held at Newmarket. This, it is contended, would not extend great advantages to the outlying townships, for in the case of North Gwillimbury and Georgina townships those who wish to attend the court would have to go to Newmarket by stage, whereas they now have railway connection direct with Toronto. It is proposed to call a mass meeting to consider the matter at Newmarket.

Good for York.

The Provincial Agricultural and Arts Association offered prizes for the best farms in Ontario, and last week, at the Provincial Exhibition at Guelph, the Judges presented their report. The district in which the competition took place comprised the counties of Cardwell, Peel, York, Ontario, Durham, Simcoe and Muskoka and Algoma. The prizes are awarded as follows: Gold medal—Simpson Rennie, Scarboro'. First silver medal—Wm. Rennie, Markham, East York. Second silver medal—David Smellie, Vaughan, West York. Bronze medals—Thos. J. Black, township of Chinguacousy, county of Peel; Albert Tamblyn, near Newcastle. This makes a fine showing for the county of York, which carries off the three first prizes, two of them within three or four miles of Richmond Hill. We congratulate the prize winners.

Church Anniversary.

The Dedication Anniversary in connection with the Methodist Church in this place will be held on Sunday and Monday next, Oct. 7th and 8th. Sermons will be preached at the usual hours by Rev. I. Tovell, of Toronto. On Monday, tea will be served from 5 to 7.30, after which addresses will be delivered by Revs. J H. Starr, Newmarket, I. Tovell, Toronto, E. Barrass, M. A., Kleinburg, J. W. Totten, Thornhill and John Pickering, Eglinton. Music by the choir. Tickets, 25cts., children 15cts Collections on Sunday in aid of Trust Fund. The popularity of the speakers will ensure success.

Who is Right?

An astronomer at Buffalo says the sun spots have grown much larger within a month, and that we shall have an extremely cold winter. He asserts that the temperature in this locality for the winter will equal that of Alaska in an ordinary winter, and that the northern part of South America will be affected as severely as we have been in ordinary times. We believe that Buffalo astronomer must be a coal dealer.

Mr. Vennor writes to the Orillia *Packet*: "A roaring wet autumn, very open after October cold wave. No snow at close of year Unusual warmth in January, 1884. Hardly any winter at all west of Toronto. Severe frosts may do harm on bare ground.

PERSONALS.

Mr. Henry Miller visited the Provincial Exhibition at Guelph last week.

Professor Herr Mark Mendelson, the Phrenologist, left the village on Monday morning after spending nearly two weeks at the Palmer House, plying his profession.

Messrs. A. S. and R. Patterson, son and nephew of P. Patterson, Esq., have been off to Chicago for a trip, and have just returned. They took their bicycles for companions.

Use the safe, pleasant, and effectual worm killer, Mother Graves' Worm Exterminator; nothing equals it.

Have you tried Holloway's Corn Cure? It has no equal for removing these troublesome excrescences.

A SURE CURE FOR SUMMER COMPLAINTS.—Procure from your druggist one 37½-cent bottle of Dr. Fowler's Extract of Wild Strawberry, and use according to directions. It is infallible for Diarrhœa, Cholera Morbus, Canker of the Stomach and Bowels, and Cholera Infantum.

A VEXED CLERGYMAN.—Even the patience of Job would become exhausted were he a preacher and endeavoring to interest his audience while they were keeping up an incessant coughing, making it impossible for him to be heard. Yet, how very easily can all this be avoided by simply using Dr. King's New Discovery for Consumption, Coughs and colds. Trial bottles given away at R. E. Law's, Richmond Hill, and T. A. Hewitt & Co's, Thornhill.

Mr. Betts, or in the possession of any of the five gentlemen who composed the committee.
