

YOU & YOUR PET

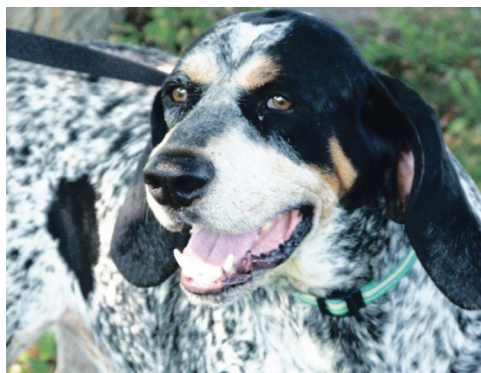

Bentley is a gentle companion for an older family

By **JUDITH-ANNE KOLU**
Upper Credit Humane Society volunteer

Over the years, we have had many dogs that just manage to stick like glue in your memory and Bentley will be added to that list; he is just very appealing.

Arriving as a stray Bentley, a blue tick hound, is strikingly marked, 3-4 years old with a low key presentation. He will win you over on contact as he is relaxed, low energy and is accepting of his present circumstances, which are edging into months of residence.

Bentley is attempting and achieving in streamlining his figure as he was tipping the scales at 98 lbs which was not a healthy weight for his breed.

Bentley is good on leash, but the walker must be prepared for his hound side to kick in because if he decides to go in a certain direction, he can become quite strong. A fenced yard is a definite requirement as hounds are runners when they scent.

Ronald soldiers on waiting for adoption

Ronald soldiers on with tail erect as he waits, what must seem an eternity, for adoption. This handsome brown and white tabby was found as a stray on the Second Line of Erin during the ongoing freezing cold of January this year.

Ronald likes exercise, he is very active and involved. He gets along with all the other cats. Come and meet Ronald by calling 519-833-2287 or emailing adoptions@uppercredit.com

Calypso and her friends want to meet you

By **BARB JOHNSON**
North Halton Kitten Rescue

Calypso was probably dropped off to "live in the country" and was struggling to survive when a property owner discovered her. She was very thin, had infected abrasions on her face, a broken canine tooth, a broken tail and an upper respiratory infection. Fortunately for Calypso, the property owner provide food and shelter and persevered to find a rescue to take her in.

Calypso was treated at a Georgetown veterinarian clinic for the infections and soon gained enough weight to be spayed and have her tooth removed. Her tail healed and now she is a healthy cat!

Perhaps because of her ordeal Ca-

lypso has decided life should be full of games, attention and people to snuggle with. She gets along with other cats (male and female) and had no problems with a friendly dog. She welcomes being picked up and held, she snuggles on the bed at night and is overall a happy cat. Calypso would like a home with activity, especially another cat to play chase with and people for the attention she loves.

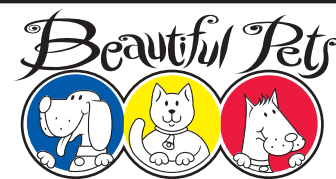

Calypso and her friends from the NHKR: Ying & Yang, Rizzoli & Isles, Mrs. Christie, Snoopy, Ginny and Popcorn will be available for adoption, 11 a.m. to 2 p.m. at Pet Valu, 369 Mountainview Rd. S. on Saturday, Oct 26.

Kittens adoptions are also at Pet Valu, 235 Guelph St at the same time. For more information or to preview: www.NHKR.ca or call 905-873-8547.

Gentle Bentley is very food motivated (hence his girth), housebroken and practising his basic commands. An adult family or one with older children, not in the preschool years, would be the best fit.

This captivating canine will make a great addition to a family who will enjoy giving him exercise and be willing to continue the correct diet to bring him to a healthy weight. If you feel you are that family, call the Shelter at 519-833-2287 or email adoptions@uppercredit.com to meet him.
