PAIGE, the constable, has laid information against a number of parties for using profane language at him. The cases will be tried while the P. M. is in town to-day, or adjourned, as usual.

Summer Underwear and Hosiery, immense stock, imported from the largest manufacturers in Europe, at prices that cannot be beaten.—Treble's, cor. King and James Streets, Hamilton.

VACCINATION.—Now that smallpox is so prevalent in some parts of Canada, and is likely to spread, everybody who has not already been vaccinated should have that operation performed on him without delay.

HARD TO KILL.—On Saturday last a Milton man fired seven revolver shots into the head of a "yaller dog," which didn't appear very much the worse in consequence, and which was finally despatched with a crowbar.

FINE PHOTOGRAPHS.—J. J. Millman photographer, 76 King St west, Hamilton, (successor to Millman & Eckerson) is making the finest photographs in all styles ever produced in Hamilton. Parties visiting the city should call and examine his work. 44-yr.

INCARCERATED.—"Long John Smith," of Palermo, was incarcerated in the gaol here on the 19th inst, he having failed to pay the fine levied on him some time ago for smashing the windows of Hiram Roberts's house at Palermo.

THE atmosphere in several parts of Milton is befouled by nuisances which should be looked after by the Board of Health, and which if not attended to may cause an epidemic. Let the members of the Board of Health better themselves.

WATERDOWN HIGH SCHOOL re-opens on Monday, Aug. 31st, with its former staff. Of the pupils who attended during the past year one obtained a second class A certificate at the late examination (partly), two obtained second class B, and ten third class certificates.

A SALVATIONIST ON THE RAMPAGE.—Hugh Ryder, of Georgetown, came to Milton on Friday "with gyves upon his wrists" and was incarcerated in the county jail by Chief Constable Search, on a charge of threatening to kill his wife and burn his house. He is a member of the Salvation Army, and his mind is said to have been upset by religious excitement.

GAOL INSPECTION.—Dr. O'Reilly, Provincial Inspector, visited the gaol here on Wednesday, 19th inst. He found two prisoners in confinement committed for trial on a charge of pocket picking, and five lunatics awaiting removal to the asylum. He expressed himself as being well satisfied with the condition in which he found the gaol and with the management of that institution by Gaoler Vanallen.

HIS BIRTHDAY.—Mr. Charles Knees, proprietor of the Cordovan Tannery, celebrated last Thursday (his birthday) by entertaining his large staff of employees at his residence in the evening His fine grounds were tastefully decorated and illuminated by Chinese lanterns, a bounteous repast was laid before his guests, and toasts, songs and speeches succeeded each other until after midnight.

REMOVED.—Mr. Maxwell, who for several years past has been the Milton agent of the N. & N. W. R., has been removed to Hagersville, and his place here will be taken by Mr. John Hartnett, late agent at Alliston. Mr. Maxwell is a first-class railway man, has made himself very popular here, and the people of Milton will be sorry to lose him. Mr. Hartnett is a Trafalgar man, is well known in this neighborhood, and will no doubt do the railway company and its patrons here good service.

Ex-Gov. ST. JOHN, of Kansas; Sobieski, a Pole, alleged to be of royal blood; Mrs. C. H. St. John, of Colorado; Rev. Ward B. Pickard, of New York; Prof. A. A. Hopkins, of Rochester; Hon. Lou J. Beauchamp, of Ohio; Rev. W. A. McKay, of Woodstock; Mr. F. S. Spence, of Toronto; and Mrs. A. M. Hocking and Miss Bowes, of Milton, are announced as the speakers whose names appear on the programme of the so-called temperance camp meeting which commences here to-day—six foreign speakers and only four Canucks.

COUNTY COUNCIL will meet on Tuesday next, the first day of September. The principal business to be transacted will be the appointment of a Public School Inspector. There are numerous applicants for the position, including Messrs. McCaig, of Rockwood, McMillan, of Toronto, Deacon, of Woodstock, McCulloch, of Merriton, and Lyall, of Hamilton. All of these gentlemen are legally qualified for the position of Inspector, and are possessed of first-class testimonials, and it is hard to predict which of them will be selected by the council.

THE ODEMETER.—Mr. James Burton, general agent for Canada for the Gillespie Odemeter, was in Milton on Friday. The odemeter is a machine of about the size of an ordinary watch, and when affixed to the hub of a buggy or any wheeled vehicle registers every revolution of the wheel and indicates exactly the distance travelled by it. It is invaluable to livery stable keepers as a check on their customers, and is useful to all who do much travelling on wheels. It cannot possibly be tampered with and is dust and water tight. Hundreds of odemeters are being sold daily and never fail to give satisfaction. Mr. Burton came to Milton from Streetsville and the odemeter affixed to the wheel of his buggy showed that the distance from Campbell's Hotel, in the latter village, to the door of the CHAMPION office was exactly 18¾ miles. Mr. Burton will send agents through Halton at an early date.

DON'T NEGLECT IT.—Colin McRae's gigantic clearing sale of his summer's stock of boots and shoes to make room for fall importations will very soon be closed. He has been offering great bargains in all kinds of ladies', gents' and children's footwear which have attracted a tremendous rush of customers. All who require anything in those lines should pay Mr. McRae's establishment a visit without delay, for nowhere else can they find so large and well selected an assortment at such low figures. Don't forget the address, 30 & 32 King-st. W., Hamilton.

EX-LICENSE INSPECTOR FRAZER was at Waterloo on Wednesday and Thursday of last week attending the band tournament and games there, which attracted thousands of visitors, and says that though licensed lager beer flowed without stint, he did not see a single case of drunkenness or hear of a single row. No less than fifteen drunks were counted here on Wednesday alone, and in the evening a well-known Scott Act man, paralyzed by whiskey, lay for some time on the door-step of Mr. Frazer's office on Main Street. The people of the County of Waterloo will do well to stick to their license law and vote down the Scott Act if it should ever be submitted there.

PASSED.—The following are the names of the candidates at Milton, Oakville, and Waterdown who were successful in passing the July non-professional second and third class teachers' examinations: Milton.—third class—R. Anderson, D. Kingsbury, G. Logie, R. Meade, A. Nixon, W. Campbell, N. Robertson, A. Easterbrook; second class—Grade A, A. Baynton; Grade B, J. Baynton, Oakville.—third class—M. Diment, M. Hutchison, J. Ford, A. Speers; second class—Grade B, J. Williams, M. Coates; Waterdown.—third class—C. Flatt, L. Dorland, T. Agnew, E. Colling, P. Hartley, W. Langrill, H. Job, L. Paige, J. Agnew, G. Dorland; second class—Grade B, C. McMonies.

ANNUAL PICNIC OF THE N. & N. W. R. EMPLOYEES.—It was at Port Dover that the employees of the Northern and Northwestern railway, Northwestern division held their second annual picnic on Saturday last. The day was fine, the crowd was large, and the picnic was an emphatic success. There must have been 2,000 persons who went to Port Dover on the excursion trains, and 3000 people in and about the park. Three trains carried the excursionists—the regular, which left Hamilton at 7.15 a. m., a special, which left at 8.45, and a Beeton special, which left about half an hour later. There were in these trains 28 passenger coaches, and most of them were crowded. A large number joined in the excursion on the Beeton special, leaving here at 7 a. m. and arriving home at 11 p.m. All seemed well pleased with the day's outing.

PROLIFIC WHEAT.—Mr. John Hardy, of Esquesing, was in Milton on Friday and left with us a splendid sample of wheat of the Roger variety. Mr. Hardy informs us that he first obtained this wheat through the annual seed distribution of the Rural New Yorker, receiving along with it a little Democrat and White Mountain wheat. He liked the appearance of the sample so much that he purchased a further supply of each from Mr. Rennie, seedsman, of Toronto. The Roger wheat, however, was the only one of the three which proved very successful with Mr. Hardy, and he pronounces it to be by far the best paying wheat now grown in Canada. No other variety of wheat he says holds its own and improves like it when exposed in the spring to cold weather and drying winds. Mr. Hardy's crop of this wheat was 400 bushels grown on six acres of high land, the soil being a sandy loam. It is a red wheat with a white chaff.

AWFULLY SUDDEN DEATH.—Dr. W. H. Macdonald, 422 Church street, was found dead in his bed yesterday morning. He had been out the previous night spending the evening at Mr. Priestman's, Gloucester street, and returned home shortly after midnight. He retired to bed after passing a few minutes in his study making the entries for the following day. At nine o'clock yesterday morning when his housekeeper went to arouse him she received no answer, and calling in a neighbor burst open the bed-room door. Dr. Macdonald was lying dead in bed. The deceased started practice in Toronto three years ago, and since that time had obtained a reputation of being a very clever physician. He was a graduate of Trinity College, and a gold medallist of the same institution. He was a student with Dr. McFarlane about four years ago, and afterwards pursued his studies in the old country He was a Licentiate of the Royal College of Physicians and Surgeons, Edinburgh, and a member of the Royal College of Surgeons, England. He was one of the medical staff of the General Hospital. The deceased was about 30 years of age, and unmarried. His parents reside at Acton. The cause of death is attributed to heart disease. Last night Coroner Johnson issued a warrant ordering an inquest, which will be held this morning at eleven o'clock, at the late residence of the deceased.—Mail, Aug. 20.

ROBBERY ON THE TRAIN.—While the 11.05 train from the east was standing at the depot here yesterday morning, Mr. George Robinson, P.L.S., Toronto, was severely jostled in the crowd, and a few minutes afterwards discovered that his pocket-book, diary, &c., were missing from his breast pocket. By this time the train was in motion, but he despatched a telegram from Rockwood informing the authorities here of the robbery, and giving a description of a couple of young men suspected of the crime. Mr. Rae, agent G. T. R., immediately notified Constable Easton and others and the town was searched for the suspected parties. They were found to have been at McCarthy's livery stable, and engaged a rig, and were about to leave for Guelph. Their arrest was promptly made, and they were conducted to the cells. A search of their persons resulted in the finding of $105 in bills of various denominations, part of which was concealed in the lining of one of the prisoner's hats. During the afternoon the pocket-book, papers, &c., accompanying the money were found in the water closet at the G.T.R. The names of the parties in custody are Albert Henry and [redacted] Clark, residence refused to be g[redacted] The case came up for trial last ove[redacted] at 7 o'clock before magistrates A[redacted] and Hall, the Reeve being out of t[redacted] at the time. A GOOD YIELD.—Notwithstanding the reports that come from various parts of this neighborhood relating to poor crops, it is pleasing once in a while to note the yield of good crops. Last Saturday Mr. E. Duffield, near Eden Mills, threshed 14 acres of barley which yielded 680 bushels. In Puslinch Mr. Joseph Smith had a return of barley of 52½ bushels to the acre, and 80 bushels to the acre of spring wheat. Mr. Robt. Lamb's barley turned out 55 bushels to the acre and his wheat 33. These farmers have no reason to growl about bad crops.—Mercury.

MR. STOCK'S NARROW ESCAPE.—Tuesday afternoon Mr. Thomas Stock and four ladies were driving over the high iron bridge over the Grindstone Creek between Waterdown and Burlington and met a heavy loaded lumber wagon in the middle of the bridge. The space was too small to admit of the free passage of the two vehicles, and the wheels became locked. The horses attached to the democrat in which the ladies were seated, became unmanageable and Mr. Stock was thrown from his seat clean over the bridge. In his descent he grasped the wires and was suspended by them until the driver of the other team rescued him. Had he not been so lucky in obtaining a hold he would undoubtedly have been dashed to pieces, as the bridge is over 125 feet high. The ladies were also pitched [redacted]
