Milton was pitted against Berlin, and Georgetown against Walkerton.

BE CAREFUL.—Too much care cannot be taken of young children while the vaccine matter remains in their systems. If a child is allowed to catch cold in that condition, serious, if not fatal, may be the consequences, as has been proved in a case reported from St. Catharines. In that city a 14-year-old girl has just died from the effects of undue exposure after vaccination. She ran about barefooted, and a cold set in which would have been without danger in ordinary circumstances, but the condition of her system, through the presence of vaccine, was such as to cause her death. Parents cannot be too careful of their little ones till such time as the incision has healed up.

BASE BALL.—The base ball match here on Saturday between the Milton and Campbellville clubs was considerable of a farce, as only five of the local club's first nine put in an appearance, and their team was made up of these and four players more or less completely out of practice. The Campbellville men, as was to have been expected, had a very hollow victory.

MILTON CURLING CLUB CO.—The annual meeting of the Company was held at Mr. Dewar's office on Monday evening last, when the following directors were elected: Judge Miller, and Messrs. John Dewar, Duncan Dewar, Henry Watson, Jos. Brothers, J. A. Frazer and D. W. Campbell. Tenders will be asked for from parties desirous of leasing the rink for the season.

SLIPPED OUT.—There is excitement at Bullock's Corners over the departure of Mr. Morden Frazer, who has occupied the position of township treasurer for some two years past. Mr. Frazer left on Monday evening, and it is supposed that he lost no time in crossing to Uncle Sam's domains. He was behind in his accounts with the township some $1,600, and with School Section No. 2, of which he was also treasurer about $500. Apparently Mr. Jonathan Morden and John Frederick, Frazer's sureties, are stuck for $1,300, and Mr. R. Suretus, school trustee, for the $600. There are numerous other losers besides. The stock in Frazer's store has been seized for rent said to be due to his mother. The case is a very bad one, and the end is not yet.—Dundas Standard.

HORSE THIEVES.—The two horse thieves who first struck Grimsby last Saturday, then Burlington, and finally Oakville on Sunday, have so far escaped detection by the police. The first animal taken was a cream horse with black main and tail, from A. B. Randall, of Grimsby. The thieves then proceeded to Burlington, by way of Hamilton, and stole a horse there from Mr. Peart. When they reached the Middle Road, west of Oakville, it apparently betook them that another change would be advisable when an opportunity would present. So they left the Burlington horse at Mr. Samuel Wilcox's, and not being much taken with his stock of bovines, entered the stable of Mr. John McKay, and stole a dark bay horse, which Mr. McKay values at $200. They were seen going through the toll-gate near Cooksville and later on the Kingston road. Constable Clark, Mr. Randall and two other young men from Grimsby passed through Oakville on their way home, after tracking the the thieves as far as Toronto.—Independent.

We congratulate Mr. Wilcox, on his "bovines" being unstolen. We presume that they are a yoke of oxen.

HORSE STEALING.—There seems to be a gang of horse thieves somewhere in this part of the country. We have two new cases to report this week. On Friday night, a grey mare, nearly blind, but still a valuable animal, was taken from the farm of Mr. Wm. Devlin, lot 5, con. 4, Trafalgar, and on Sunday night a valuable mare, top buggy and harness were stolen from Messrs. Andrews & Strong, of Streetsville.

AN EXTENSIVE SALE.—Special attention is directed to the auction sale of the real estate, chattels, &c., of the late David McMichael, lot 34, Dundas street, Trafalgar, on Wednesday, 28th inst., at 11 a. m. The chattels consist of household furniture, horses, cattle, sheep, implements, a large quantity of hay, 600 bushels of oats, &c. No reserve. Terms, 12 months credit. See posters. H. M. SWITZER, Esq., Administrator.

We direct attention to Colin McRae's advertisement. He is getting in an immense stock of fall and winter shoes, and has already received over two thousand pairs. Everyone who has not yet purchased should visit the mammoth shoe house, 30 & 32 King Street West, Hamilton, where all kinds of fine and coarse, heavy and light, wide and narrow boots and shoes can be had at bottom prices. Special bargains of boy's and girl's school boots, men's shell Cordovan boots, the best in Canada, and J. & T. Bell's fine French kid button boots.

Milton is to have a new Grit and Scott act paper. We feel sorry for both Milton and the man who expects to make a living out of the paper.—Spectator.

NO SMALLPOX HERE.—We understand that there is a rumor abroad there is smallpox in Milton. There is no foundation for it as there has not been a case of smallpox here for many years.

ACCIDENT.—On Wednesday evening of last week rather a serious accident happened to Mark Maw, resulting in the loss of a portion of the first and second fingers of his right hand. Mr Maw was engaged in making cider and was turning the mill at a pretty high rate of speed when he accidentally stepped on an apple, which turned under his foot and threw him off his balance and in trying to save himself from falling his hand became caught in the gear of the mill, with the above result.—Georgetown Herald.

There is no secret or patent in the production of "Myrtle Navy" tobacco. It could be produced by any manufacturer, but no manufacturer could make it pay at the price, unless he could purchase on a large scale a sell on and large scale. He could not sell below the present price without a loss even if he could purchase on the lowest advantageous terms. To get a large market therefore, without which he would have no inducements to go on, would be the work of many years. That is the reason why Messrs. Tuckett & Son have the command of the market, and they are wise enough to know that they can retain it only by keeping the prices down to hard pan figures.
