CHANGED HANDS.—Mr. Thomas Clark, the owner and for many years the landlord of the Exchange Hotel, Georgetown, has retired and leased his premises to Mr. Elias Clark, late of the Royal Hotel, of the same place.

MR. JOHN DUFF, of Everton, reached home on Thursday last, bringing with him three imported Clyde horses. He had a very rough passage, and was over two weeks on the Atlantic, but both he and his stock reached home none the worse.

OUR BY-LAW.—We learn that the council of Trafalgar has passed a by-law prohibiting the running at large of cows in that township. Now let Milton fall into line and let our town be no longer, as it has been in the past, behind the times in this matter.

MR. THOUT.—On Saturday last Mr. Col. Murray, of Stewarttown, presented Judge Miller a present of half a dozen trout which he had caught in the Credit near his residence. One fish weighed 2½ lbs., one 1½ lbs. and the other four averaged about half a pound each.

THE RIFLE.—There will be practice on the range of the Milton rifle club on next Saturday. Ammunition can be got from Messrs. Johnson & Zealand. A new rifle club has been formed at Stewartown, and there will be a bee on Saturday to put up targets and get the range into order.

Call to hand the latest American styles in hats for spring at prices lower than ever. Treble's, corner of King and James streets, Hamilton.

THE BATTALION BAND.—News comes from Georgetown that the band of the 30th Lorne Rifles is divided into two factions, and that the trouble is so serious that it has resulted in law. There was a trial before a magistrate's court on Tuesday, but the case was adjourned for a week. We have not learned the cause of the split.

The Toronto Quartette Club, consisting of Messrs. Jacobsen, Corell, Kelly and Fleisher, will, at the request of the promoter of Herr Jacobsen's Milton concert, give a concert here on Friday evening, May 14th. They will be assisted by several of Toronto's most prominent singers.

CATTLE SHIPMENT.—Mr. Geo. Denoon shipped yesterday two car loads of cattle for Liverpool by the H. & N. W. and G. T. R. to Montreal. He purchased part of them from the following parties: Mr. David Hartley, Nelson, 4 head, weighing 6030 lbs.; Mrs. Sproat, Trafalgar, 6 head, weighing 8910 lbs.; J. Henderson, Nelson, 2 head, weighing 2700 lbs.; Mr. Irwin, 2 head, weighing 3000 lbs.; Mr. McLarty, 1, weighing 1200 lbs.; Mrs. Hume, 1, weighing 1200 lbs.; Mr. Alexander, 1, weighing 1400 lbs.; Mr. W. Snow, 2 head, weighing 3200 lbs.; and Mr. M. Chisholm, 3 head, weighing 3960 lbs. He shipped, besides, a number came from his own farm.

THE OUTRAGES.—The patrons of the system of sheebeens which have sprung into existence in Milton under the Scott Act commenced their weekly general drunk last Saturday evening, kept it up all Sunday and Sunday night, and their conduct was as disgraceful as usual. Actual no arrests were made, but one young man, who was particularly disorderly on Sunday evening, decamped on a Monday morning to avoid a complimentary interview with the Mayor. About three o'clock on Sunday morning Mr. Joseph Brothers, proprietor of the Milton Agricultural Works, was aroused by hearing something strike the shutters of one of the windows of his residence. He immediately ran out and found that several slats in the shutters had been cracked by two bricks which had been thrown against them, but which had failed to go through and break any glass. Mr. Brothers was unable to find anyone on the street except one belated drunk who was too much overcome to walk, let alone throw bricks. On Sunday morning it was found that the window of the store of Messrs. McKay Bros. had received similar attention, one large pane of glass having been broken with a board which had been poked through it. Whether or not the Scott Act had anything to do with the outrages it is hard to say, for though the Messrs. McKay are strong prohibitionists, Mr. Brothers is an outspoken opponent of the Act.

THE PROTECTION.—Mr. M. C. Wells, the agent of the Globe Hand Grenade Fire Extinguisher Co., of London, Ont., gave an exhibition of the work done by the grenades yesterday evening on the vacant lot next the Wallace House. He had prepared a wall of boards about eight feet high and ten feet in length, which were thickly daubed with tar and against which he had placed a quantity of kindling wood. He sprinkled the whole with a gallon of coal oil and set fire to it. The blaze was so hot that the crowd which had assembled retreated hastily to a distance of about fifteen or twenty yards, and anyone attempting to put it out with water would have found that he had a pretty heavy contract on his hands. The flames, however, disappeared like magic when Mr. Wells threw against them the contents of only two grenades, though, as he explained, they are intended rather for indoor than outdoor use, as it is by the gas generated by their contents that they extinguish fire, and this acts to their advantage when confined. Everybody should provide himself with one or three of these grenades. They are particularly valuable for putting out fire at their commencement, and never fail to do so when properly used, at the worst they will do good service on fires that are pretty well advanced, though of course, to put out such fires a larger number of them might be required. We are informed that at competitive trials which have been made the Globe Hand Grenades have been proved to be the best in the market. They cost only $9 per dozen, and should command a large sale in this country, which is practically without fire protection.

NEW BUILDINGS.—For a roofing material that will resist fire and water, last a century and be good for another, buy the new improved Galvanized Iron Shingle.—W. H. MATHER, Agent for Milton.

ON A SPREE.—A Nelson man named VanNorman came to Milton on Saturday evening, got drunk on sheebeen whiskey and put in the night among the dives. Next morning he reported that he had lost a valuable watch and $45 in cash, but the magistrate whom he interviewed says he does not believe that he had either watch or money to lose.

TEACHERS' EXAMINATIONS.—The Second Class Examinations will be held June 28th to July 3rd; Third Class, July 6th to 10th; First Class (C), July 13th to 16th; First (A & B), July 20th to 22nd, and Junior Matriculation, June 28th to July 10th. Candidates must notify their County Inspector *not later* than May 25th of their intention to present themselves for examination.

TORONTO QUARTETTE CLUB.—At the concert to be given here on Friday evening, May 14th, the programme will be selected from the most popular music of the club. In addition to the quartette there will be solos by Mr. Jacobsen, first violin, and Mr. Corell, the cello player. Miss Berryman, one of the most finished and pleasing singers of Toronto, will be the vocalist.

THE Emma Wells Comedy Company concluded on Monday evening, what was probably the most successful week's engagement on record in Milton. They had not a small house during the week, and the attendance increased evening after evening until on the closing night of the engagement there was hardly standing room. The Milton band had a percentage of the profits and its share amounted to a respectable sum.

SCHOOL INSPECTOR APPOINTED.—Mr. D. McCaig, Eramosa, has been appointed to the inspectorship of the schools in Algoma district at a salary of $1,900, including travelling expenses. Mr. McCaig has been a resident in Wellington county for over 44 years, and for 22 years of that period has been connected with education. He was for many years Principal of the Rockwood Academy, and was afterwards Principal of the Galt Central School and Berlin Central School. He was an applicant last year for the inspectorship of Halton.

HINTS FOR MAY.—Get your vegetable and flower garden in order, prune your fruit trees, and don't forget, above all things, to provide yourself with a pair of those splendid walking boots sold by Colin McRae, 80 & 85 King Street West, Hamilton. He has recently received a large consignment of new goods, including ladies' and gentlemen's walking boots, ladies' fine shoes, boys and girl's school boots, men's working shoes, &c., &c., and as he offers everything at bottom prices the rush to his mammoth shoe house is as great as usual. Among his customers are many Haltonians and his trade with residents of this county is steadily increasing.

JOHN R. CLARK, the "boot-black orator" and so-called temperance lecturer, has been at several towns in the vicinity of Milton within the last few months, and will appear at Georgetown on the 11th and 12th inst. John doesn't show any intention of coming to Milton. He has not been here since the time of the first prohibition camp meeting when, in a discussion about his bus fare, he let his angry passions rise and made use of language which showed that he hadn't forgotten his early education as a street arab, but which was considered hardly the correct thing coming from the mouth of a man of his alleged piety. John's head is level if it is rather hot, and he shows his good judgment in staying away from Milton.

FINED.—Mr. Wm. Brush, proprietor of the Farmers' Hotel, received notice from Police Magistrate Young on Monday that he had been convicted on the evidence of Jimmie Thompson, given at the trial here about a week ago, of a violation of the Scott Act, and that he would be required to pay a fine of $50. Wouldn't it be a good idea for the License Inspector to put the law into force against some of the dozen sheebeen keepers, which he is reported to admit he knows of being in business in Milton, as well as against the proprietor of an orderly, well conducted house, which the Farmers' Hotel is generally reputed to be? Until he does this the less the supporters of the Scott Act say about winking at and encouraging lawbreaking the better.

CHECKERS.—The following is the score of the draught match played between Guelph and Acton checker players on Good Friday. The reason that it is so long of being published, although an account of the match appeared the day after is that some of the Guelph checker players had scruples about publishing it, for no more definite reason than that the Acton players wouldn't like it." We are indebted to a friend in Acton for the score:—

LOST HIS RECKONING.—Oakville was greatly scandalized last Sunday morning when one of the most prominent citizens of that town, a pillar of the church and a man who has been heard of all over Canada as a leading "temperance" worker, was seen, pot and brush in hand, to climb to the roof of his veranda on which he perched himself and proceeded to give a second-story window sash a fresh coat of paint. A neighbor, holding old fashioned Sabbatarian ideas, seeing him at work, stepped over as soon as he had recovered from the first shock of the scandalous sight, and called on the eminent christian gentleman to desist. The latter wanted to know what was the matter and on being informed that he was desecrating the Sabbath, dropped his brush in horror, and scrambled down in a tremendous hurry. He explained that he had lost his reckoning and had no idea that it was the first day of the week though he had wondered that he had not heard the tannery whistle as usual at seven o'clock, nor seen the men going to work. He then went indoors and was so overcome that he remained there all day, neglecting his usual weekly attendance at class meeting, but no doubt amply making up for it in mortification of spirit and self condemnation.

DIED.

FLEMING.—At Brampton, on Wednesday, 28th inst., in her 41st year, Isabella Montgomery, beloved wife of James Fleming, M.P.

GALBRAITH.—At the residence of his son, Trafalgar, on Sunday, 2nd inst., Irvine Galbraith, aged 88 years.

Mr. Galbraith was one of the oldest residents of Halton, having settled in the Township of Nelson in 1837, in which year he was out with the militia called on to suppress the Mackenzie rebellion.

IT COMES IN THE SPRINGTIME.

The demand for a nice new dress. You husbands and fathers, you know it. But it is all right. Why not? You would heartily agree with us if it cost you nothing. As it is, perhaps you grumble a little. Well, suppose you do, it won't hurt you, and you'll buy the dress or pay for it just the same. When it is made up, why, you'll be delighted. We shouldn't tell you this, but you will. Come and tell us if you are not. But, about the dress goods. Well, we have a few pieces—the biggest few in this city—nearly 2,000 pieces. Every one a bargain. We'll quote a few to you: There are about 50 pieces of a twill serge, wide width, all fashionable colors. This is a special drive. Good value at 20c. We offer them this week for 12½c. Then we have another lot—a great big pile—kind of sergy goods, though not serge. These are 15c.; should be 25c. But people will have bargains, so give them what they want. We add another lot at 20c., worth 30c. This makes the third lot. Look out for No. 4. No. 4 is a heap. Contains over 50 pieces all-wool Cashmerette—35c. anywhere else in town. We sell them for 25c.

If you want better goods, we have them. Fit you out in anything in the dress line, and won't charge you much for doing so.

The Storm That Knows No End.

The shoddy clothing now on the market should lay no claim to being first-class, and if men are such fools that they will be hood-winked into buying the rubbish, why they have only themselves to blame.

During the past few weeks people have come to us and made the remark that the Ready-made clothing was nothing more or less than trash, which gave no satisfaction. These same people have shown us clothing purchased from us years ago, and they declare that comparison between the Ready-made garment, and those that have been made to order was out of the question. Why? Because our clothing was made right, the ready-mades were only thrown together. And we state that it is our purpose to storm the fort of cheap and worthless clothing, and show by practical test that Ordered Clothing is the most durable and the cheapest.

Onr seasons stock is now in and we hope to see our Halton friends early.
