The burglars then decamped.

RUNAWAY.—On Monday morning Mr. Joseph Smith, of Omagh, met two passengers at the 4th line milk station on the C.P.R., and, after having started to Omagh with them, the king bolt dropped out of the axle of the buggy and the horse took his departure with the front wheels, leaving Mr. Smith and his friends sitting on the road in the remaining part of the buggy.

Both were stunned for a time, and considerably bruised about the body. Mrs. Turner was hurt internally.—Star.

THE Milton brass band took their usual march out on Saturday night. They are improving very much both in marching and playing, and the citizens of Milton and surrounding country seem to appreciate their efforts, judging from the numbers that congregate to listen to their playing. All they want now to make really a fine display is uniforms, and we think the council might recognize their merits by making them a grant for that purpose, as other town councils contribute largely to a band's support.

This they will send monthly free to any person sending them their name and postoffice address. It will contain an exciting story by one of the authors of the day, and a list of prices of all goods throughout their establishment. This price list will be a good guide to intending purchasers, as it will enable them to judge about the price which they should pay for any article they are about to purchase.

FIFTIETH YEAR OF THE GORE FIRE INS. CO.—We have much pleasure in calling attention to the advertisement of the Gore District Mutual Fire Insurance Company, whose head office is at Galt. This Company does business on both the Cash and Mutual plans, and has of late been so successful that its fiftieth or semi-centennial birthday finds it in the front rank of Canadian Insurance companies. The fact that on the 31st December last, the Company, practically owed nothing except its Re-Insurance Reserve, and held Assets of the value of $316,896 available to meet losses, over $90,000 of which was in cash or its equivalent, proves it to be as strong financially, (when their relative business is compared) as the best Stock Companies, with every ability to deal promptly and liberally with sufferers by fire. The rates to those who prefer the Cash principle are liberal, and to Mutual Policy-holders they are about 30 per cent. less than the ordinary stock rates. Mr. WILLIAM TAYLOR is agent in Milton and vicinity. 48-2m

DEPARTURE OF CHILDREN.—Mr. John J. Middlemore, the founder of the Orphan Children's Emigration Charity, London, Ont., left Liverpool on the 19th June, in the S. S. Superior, with a party of 50 girls and 70 boys between the ages of 8 and 13 years, who are brought out to this country for adoption or hire, chiefly among farmers. They are expected to arrive at the Guthrie Home, near this city, on or about the 28th inst. This will be Mr. Middlemore's 14th annual visit to these shores with juvenile emigrants from Birmingham, England, since 1872. Already many applications accompanied with good references have been made for the children expected to arrive, but more are required. Further particulars may be obtained by addressing Mr. H. Gibbens, Manager of the Guthrie Home, London, Ont.

A DARING TRICK.—One day this week a number of boys of this town were playing on the Grand Trunk Railway track, and through some mishap a quarrel ensued, ending in one of the boys about 14 years of age taking hold of another about 11 years and laid him across the track and held him there until a freight train that was coming up approached within but a few yards of him. The engineer, seeing the perilous position of the boy, whistled on brakes, whereupon the daring scamp pulled the boy away just in the nick of time, for one minute longer and the boy would have been run over and probably killed. The younger boy was so frightened that he became so weak he could not struggle and after getting home vomiting from the stomach set in and lasted some time, caused by fright. Had the elder boy made a mis-step in the act of pulling him away no doubt the younger might have been killed. This act is deserving of punishment by law.—Brampton Times.

Somewhat Silent.

We have been somewhat silence concerning Staples of late. We are going to talk a little about them to-day. Staples are about like farmers' wheat. We all have to have them. Silks, Satins, Fancy Dress Stuff, are luxuries. But Staples are necessities. People must have them. The question is where to get them good at the right price. There is no use coming to Hamilton if you cannot beat county prices. But you can every time. We buy all our Linens direct from the Irish and Scotch makers. We can give you Table Linens, Linen Sheeting, Towelling and Towels, at prices that will astonish you. We have Cotton Sheeting and Pillow Casings at prices wonderfully low. We have Check and Stripe Shirting, heavy makes, fast colors. Any pile you like. Prints by the hundreds of pieces, English, Canadian and American makes. We have everything necessary in Staples. Get our prices if you would do wisely. We keep at 12 James St., N.

The prize list of the Toronto Industrial Exhibition Association has just been issued. It contains, besides the usual list of articles for which prizes are offered, views of the principal public buildings, drives, etc., in the city. The front of the cover has a lithographed female figure gazing from the foreground on the Exhibition grounds, which are represented as spread out beneath her feet. The back of the cover also contains a very artistic and well-executed design.

Whiskey seems to have a very strengthening effect, if the following can be taken as a guarantee:—A resident of the city invited his friends to have a drink of whiskey the other day, and as he produced a three-gallon jar from a hidden corner of a cupboard, holding it out at arm's length, remarked, "When I got this jar on the 30th of April, it was all I could do to lift it, but now you see I can hold it straight out without any effort, and from this I have not the least hesitation in pronouncing that whiskey is very strengthening."—Guelph Mercury.

BELLVILLE, June 14.—An extensive silver robbery is reported to-day from Cobourg. The police here received word that Fred. Jacobs, alias Johnson, had been captured in Buffalo. Johnson is the Toronto thief who burglarized Burrel's axe factory here in 1883, and was captured in the tower of the Methodist Church. He was sentenced, with his partner, to seven years in the Penitentiary, but escaped. Johnson also escaped from the Central Prison, and was caught on York-street, Hamilton, after an exciting chase. He is a notorious thief, and originally belonged to Toronto.

KINGSTON, June 14.—Mr. R. Montgomery, late County Master, and Mr. Callaghan withdrew from the Orange order some time ago because, as they contended, it was being used and prostituted for political purposes. Mr. Montgomery lately placed his views in print. The gentlemen named though not active, were regarded as good Orangemen, and only awaited its political purification in order to return to it. At a meeting on Saturday they were expelled from the order entirely after the matter had been very warmly discussed. A third was thought to merit expulsion, but he had good Conservative friends and they saved him. Montgomery and Callaghan are clearly the objects of political malice.

Immediately after the occurrence Robbie made for the woods.
