One night last week an attempt was made to burglarize the residence of Mr. John R. Barber and Reeve McLeod. The thief was successful in effecting an entrance into Mr. Barber's and made away, we are informed, with an amount of money. In the other instance he retired after destroying the shutters on some of the windows. Since the above was in type we have learned that an unsuccessful attempt was made to enter the residence of Mr. A. D. Thompson. Owing to the threats of a faithful dog, the depredator thought it wise to adjourn until some more convenient season.—Georgetown Herald.

Good chance for unemployed persons. Outfit free to actual canvassers. Write for terms. BRADLEY, GARRETSON & Co., Brantford.

DISGRACEFUL.—On Tuesday of last week three young girls who said they hailed from Georgetown were arrested by the police authorities on a charge of vagrancy. The story that they told is that a few days before they were brought to Guelph by three young men of that city, who paid their railway fare and drove them to Puslinch Lake. One of them was taken ill at the lake, and a doctor had to be sent for to Hespeler, for which a fee of $5 was charged. They returned to Guelph, where they were arrested as vagrants. During the night one of them was seized with fits, and the Chief of Police, by instructions, telegraphed to Georgetown for the mother to come at once. The names of the parties who accompanied the girls on their pleasure excursion was divulged by the girls.

NOTICE FOR YEAR OF THE GORE FIRE INS. Co.—We have much pleasure in calling attention to the advertisement of the Gore District Mutual Fire Insurance Company, whose head office is at Galt. This Company does business on both the Cash and Mutual plans, and has of late been so successful that its fiftieth or semi-centennial birthday finds it in the front rank of Canadian Insurance companies. The fact that on the 31st December last, the Company practically owed nothing except its Reinsurance Reserve, and held Assets of the value of $216,896 available to meet losses, over $90,000 of which was in cash or its equivalent, proves it to be as strong financially, (when their relative business is compared) as the best Stock Companies, with every ability to deal promptly and liberally with sufferers by fire. The rates to these who prefer the Cash principle are liberal, and to Mutual Policy-holders they are about 20 per cent. less than the customary stock rates Mr. WILLIAM PANTON is agent for Milton and vicinity. 48-2m.

On Dominion Day Mrs. Thurlow, wife of a West Nissouri farmer, was found hanging in a barn dead. A verdict of suicide was returned. THE CROPS.—The Arthur *Enterprise* says:—Although the crops in this section were looking somewhat short and parched from continued dry weather, the splendid rains of last week have improved their appearance very much; in fact the farmers say that they look far above the average for this season of the year, and that if nothing unusual intervenes, the harvest in this section will be far above the average.

Among the passengers who alighted from the Pacific express upon its arrival at the Richmond street depot on Saturday evening was Edward Harris. After his departure from the city his friends proceeded to New York, where he was found still laboring under considerable mental depression from which he has suffered. As the only unsecured creditors are members of the own family, no difficulty will be experienced in arranging his affairs, and it is hoped that his depression will pass off in a few days. The total amount which he held for the purpose of investing it at the time of his departure was found to be perfectly intact.—*London Free Press.*

The North Wentworth Reformers on Saturday renominated Mr. Thos. Bain, M. P., and Dr. James Macmahon, M. P. P., as their candidates for the House of Commons and the Ontario Legislature respectfully. Wilson, of Dundas, is talked of as the man to run against Dr. Macmahon, though Mr. Wilson has not yet been formally nominated. The Reformers are very hopeful of success, and they do not mean to fail for lack of effort.

NIAGARA FALLS, Ont., July 11.—Great excitement was caused at Niagara Falls to-day by C. D. Graham, the Buffalo cooper, announcing his hazardous attempt to go through the rapids and whirlpool below the great falls. In the presence of a vast multitude of people he successfully made the voyage this afternoon in a barrel especially made for the trip. After pounding over the rocks, and being tossed several times out of the water by the huge waves, he was shot through the rapids into the whirlpool. He made one circuit of the pool, dashed out into the lower rapids, quickly passing through them and safely landing at Queenston. This was a trial trip. Graham proposes to repeat the feat frequently during the season.

SCOTT ACT CASES.—A charge against Mr. Rathwell of selling liquor was dismissed, one against Mr. Sloan was adjourned. The Act appears to be demoralizing the people of this county. At a recent picnic over 150 flasks of whiskey were on the ground and the scenes of drunkenness and fighting were most disgraceful, and such as were never witnessed under the license law. La Prescott liquor is sold in dozens of places and by peddlers, the only difference being that prices are ten cents instead of five. If it had not been that the men in camp were of a very superior class and that the hard cases had little money, the result would have been disastrous in the extreme. The sobriety of the camp was not in any way owing to difficulty in procuring liquor.—*Perth Expositor.*

SUIT ABOUT BRIDGES IN BEVERLY.—On Tuesday last Judge Sinclair held in Division Court in the forenoon in the Town Hall, Rockton. The principal case before him was the adjourned case of Marcy vs. the Township of Beverly, in which the plaintiff sought to recover the value of putting in two bridges in the side road, south of Westover. The defence claimed that the pathmaster had exceeded his instructions in letting a contract for making two bridges when only one was necessary and ordered by the Council, and that it was never intended that the bridges should be paid for by the Council, but that only one bridge should be built, the Council to furnish the material and the pathmaster to do the work by statute labor. The amount claimed was $48.45, which the Council claimed was excessive. A jury was called in the case and rendered a verdict for the plaintiff for the full amount.

The License Inspector, Mr. John S. Coppin, had two men arraigned before the Police Magistrate, J. H. Flagg, charged with asking for liquor during prohibited hours. It was proved that although making urgent appeals they did not get any firewater at the hotel in this county but took themselves off to a Scott Act county and got some Scott Act temperance drink that sent them off reeling. They were fined for asking for liquor; this is worth noting to those who frequent hotels on Sunday, that they are liable to prosecution for asking liquor on Sunday, whether obtained or not. Another feature in this case is that these men went to a Scott Act county and obtained liquor on Sunday and got drunk when refused in a county not governed by the Scott Act; in this case the Scott Act is a failure on the side of temperance. Out of respect for their families we withhold their names this time, but, on the next occasion, they may not be so fortunate.—*Mitchell Advocate.*

The Supreme Lodge Knights of Pythias commenced its fourteenth annual session Tuesday morning in Toronto. The grand parade of Uniformed Knights in the afternoon was one of the most imposing displays ever witnessed in the city, it being estimated that nearly 5,000 Knights were in the parade. At night a public reception was held in the Mutual street rink.

HAMILTON, July 13.—A gang of pickpockets worked the city very successfully yesterday, and quite a few of the visiting Orangemen went away heavy hearted over their little losses. Henry Hall, of St. George, had his pocketbook containing $100 in cash, and notes to the amount of $1,200 stolen. Mrs. Ferguson lost her pocketbook containing $15. John Haines, St. Catharines, lost pocketbook containing $70. Jacob Thomas, Tilsonburg, lost pocketbook containing $10. Henry Lodge, of Wilmington, lost $15. Two ladies, who were travelling together, both lost pocketbooks, and to judge only by the number of losses reported to the police the losses were very numerous.

BEARS KILLED.—The Arthur *Representative* says: On Sunday last Mr. Dan. Shouglrne observed a large bear and three cubs in a bush on lot 7, con. 2, Arthur Township. He at once gave the alarm and Mr. John McQuinn, Mr. John Shouglrne and Thomas O'Brien, who happened to be working close to hand, immediately went to his assistance who by this time had treed the cubs. On reaching the spot the tree was cut down and two of the cubs captured. The other escaped a short distance with the old one, but was soon treed again. Finding it difficult to capture them in the dark, a fire was built and watch kept up until daylight when the last cub was secured alive. During the afternoon of the second day a cub was tied to a tree in the bush, a couple of good shots keeping watch with rifles a short distance off. In a little while Mr. Cub commenced making considerable noise, which attracted the old bear, and on making her appearance she was despatched with rifle bullets.

This year John Dillon stumped the district against him, denouncing him for his opposition to the Premier's policy toward Ireland and pointing out the unreasonableness of Mr. Trevelyan's attitude in view of the fact that he had been Chief Secretary for Ireland, and by actual observation knew the merits of the issue. A. L. Brown (Gladstonian) received a majority of 301, obtaining 2523 votes to 2493 for Mr. Trevelyan. The result produced a seusation throughout the country.

A special from Pierre, Dakota, says: Pierrie citizens have just passed through one of the most remarkable [illegible] freaks of the elements ever [illegible] in this section. For the last 103 [illegible] mercury averaged about 103 [illegible] Tuesday night capped the climax. About 9 o'clock the western heavens were suddenly illuminated, and in a few moments the wind swept down the streets, blowing down several houses and doing other damage. The wind was red hot and the people were compelled to seek shelter in cellars to avoid the intense and suffocating heat. Passengers from Montana, on the Northern Railway, say the air was almost unendurable, and the trainmen had faces blistered and swollen by the hot air. A letter from Ashton says the thermometer there marked 120° at 4 a.m.
