COMMITTED FOR TRIAL.—Alexander Sharp and John Meredith, Limehouse boys, both of them fourteen years of age, were committed to jail the other day by W. H. Storey, Esq., J. P., of Acton, charged with having indecently assulted Louisa and Barbara Diement, both under twelve years of age and daughters of Alexander Diement, of Limehouse. The boys will be tried before Judge Miller on Saturday.

GREAT EXCITEMENT was produced in Scott Act circles on Saturday when an associated press despatch was found in the daily papers stating that the damages in the Campbell *vs.* Brothers *et al* libel suit were $500 instead of $50. The agent of the telegraph company here says that the mistake was made at the receiving, not the sending office. The suit will cost the defendants upwards of $300 as it is and it was too bad to put another $450 on them.

THERE are some very inquisitive people in Milton, but great though the sensation caused yesterday afternoon by License Inspector Brothers and his revolver, nobody asked that very clover and "truly loyal" young man to exhibit his "gun" and explain its mechanism. One victim a day appeared to be considered quite enough for William's reputation as an expert and to show that those who appointed him and those who granted him his permit to carry his man-killer knew what they were about.

DIED IN JAIL.—John Wilson, a Georgetown man aged 65, being ill and unable to earn his living, was committed as a vagrant last January to the county jail for four months. His time expired in May, but as by that time he had become bedridden, there was nothing for it but to allow him to remain. About this time his son, Thos. R. Wilson, 184 Vanauley Street, Toronto, wrote to Jailer Vanallen enquiring about him. Mr. Vanallen replied, stating that the old man was in a very serious condition and not likely to live long. He also wrote to the old man's son-in-law, Chief of Police Randall, of Guelph, giving him the same information. Neither son nor son-in-law took any steps to remove the dying man to more comfortable quarters nor did they even answer Mr. Vanallen's letters. On Sunday evening Wilson died at the jail, and on Monday an inquest was held on his remains, the verdict being "died of Bright's disease of the kidneys." Wilson is said to have been a decent old man, and industrious as long as he was able to work. His affectionate and dutiful children will no doubt be relieved to hear that he was well taken care of to the last, and that he was decently buried—at the expense of the county.

ON THE WARPATH.—Mr. W. G. Fee, of Toronto, a notorious Tory partisan and election agent, is working through the Scott Act counties of Ontario stirring up the temperance organizations to bring out temperance or third party candidates at the coming elections. As the Scott Act counties are, as a rule, those in which Liberal majorities prevail, Mr. Fee will do a good stroke of business for the Tory party if he can persuade the temperance people to waste their votes upon a third candidate.—Sarnia Observer.

MR. PETER CAMPBELL, of Nelson, complains that yesterday morning when the N. & N. W. train for Hamilton arrived at Zimmerman station the conductor got off and informed a large crowd of people who wished to go to Hamilton to attend the fair there that he had no instructions to let them have return tickets for less than the regular rate, $1.20, and that they could not travel with him at the advertised rate, 60 cents. Zimmerman is a flag station and has no ticket office, but as the company advertised reduced rates from there the tickets should have been available.

MAGISTRATES' COURT.—Mr. Peter Deforest, of Nassagaweya, laid an information against his son-in-law, Bones, for stealing wheat. A sitting was held by James Menzies, Esq., J. P., in the Town Hall, here, on Saturday last, and, from the evidence, it appeared that Deforest leased his farm to Bones on shares, Deforest to receive two-thirds of the grain and Bones one-third. Bones owed Mr. Geo. Hume, of Milton, some money and gave him a chattel mortgage on the grain. One day last week Mr. Hume took three teams and drew all the grain away, with Bones' consent, before any division with Deforest had been made. Deforest claims that Bones stole the grain. After the examination of a number of witnesses, the case was adjourned till Saturday next at Campbellville.

MORE LITIGATION.—Police Magistrate Young and License Inspector Brothers are having their fill of litigation. On Monday the libel suit in which they were defendants was disposed of at the Assizes by Chief Justice Cameron, and to-day Brothers is at Brampton Assizes where he has gone to defend two actions brought against him by Mr. Sanderson, of the Temperance House, for alleged brutal treatment when he arrested her, applied his "nippers" to her and drew his revolver in her house in June last. Mrs. Sanderson has also brought an action against the Police Magistrate for an alleged overcharge of costs when he convicted her some time ago of illegal liquor selling. The penalty for such an overcharge is a fine of $80, and the prosecutor in this case professes to have a sure thing.

PRIZE FARM.—Halton to the front.—The Ontario Agricultural and Arts Association gave annually a gold and silver medal for the best farm in a certain group of counties during the past four years and a bronze medal to the best farm in each county of the group. Mr. John Fothergill, of Nelson, received the bronze medal for this county. This year the association gave prizes for the best farm among those that had received medals during the past years. There were 16 competitors, and the awards were made at the Provincial Exhibition, held at Guelph last week. Two hundred marks was the maximum, and entries were within six points six of the of each other. Mr. Fothergill received the third prize, and his many friends and the farmers of Halton will extend their happy congratulations to him on his success in upholding the reputation of the County of Halton.

Bradstreet's weekly report is indictive of a revival of business in commercial and manufacturing circles. The price of wool has advanced, the cause being the short clip in the States and the advance in foreign markets of the Australian wool. Yes, Here They Are.

Our Paris Dress Goods have commenced to arrive. There is no telling when they will end. We have two cases to hand this morning. Two large cases of choice fashionable goods direct from the French market. The colorings are in the latest autumn tones—exceedingly effective for costuming.

Taken all in all there never was such a novel and stylish lot of Shawls shown in Hamilton as are ours. We have a big lot of them, but we are already having quick sales. You can get a Beautiful Boating Wrap for $1.50 to $1.75, a solid wool Honey Comb Shawl—no shreds and patches, but a solid, durable shawl, in Blue, Pink, Apricot, etc., tints, stripes and checks. Other Shawls follow, running as high as $3.75. They are beauties.

We are well satisfied with these first cases of Paris Dress Stuffs. It is always a great thing to feel well satisfied with anything you buy. You have more pleasure and confidence in recommending the same to customers. We certainly recommend these Dress Goods. We have marked the price very, very low. It is the first lot you see. The next lot may be higher after awhile.

It is always an advantage to buy German-made Shawls. There is a tint to the colorings that you can't get elsewhere. Not only that, but the colors do not fade. You can wash when soiled and they come out bright as new. Ours are all German made. Prices as above. We will not urge to purchase one, but if you require such a thing we advise—merely advise, remember—you to buy one.
