THE RIFLE.—The matches of the Milton Rifle Club on Saturday, notwithstanding the unfavorable weather, were fairly well attended, and the shooting was creditable considering the fact that the majority of the competitors never took part in a match until this season and that the wind was gusty and so strong at times that at 600 yards it was necessary to allow from 10 to 12 feet for it. CONCERT.—We understand that arrangements are being made by the congregation of Knox Church for a grand concert on the evening of Thanksgiving Day, Nov. 18th, at the Town Hall, proceeds to be applied for church purposes. Negotiations are in progress for the engagement of prominent city singers. Further particulars will be given when arrangements are completed.

HAMILTON Spectator:—Some of the Scott Act journals of Halton are so intensely partisan that they have refused to print the fact that the Scott Act inspector of that county shot a man with his didn't-know-it-was-loaded pistol. When things like this are suppressed, in the interest of temperance, some idea may be formed of the value of Halton Scott Act newspaper testimony concerning the working of the Act.

SUCCESSFUL EXHIBITOR.—Mr. James Main, of Trafalgar, importer and breeder of Cotswold sheep, Suffolk pigs, turkeys, geese, &c., has been a yearly exhibitor at the Provincial Fair for the past 23 years, and is said to be the oldest continuous exhibitor thereat. He has been very successful again this year, receiving the large sum of $520 for prize money obtained at the Industrial, Provincial, Hamilton and Milton fairs.

INCORRECT.—Three weeks ago the following appeared in the CHAMPION:

DANGEROUS COUNTERFEIT.—The News-Record says: Most dangerous counterfeit ten dollar bills on the Bank of Commerce are in circulation in Fergus. They can only be identified by the date May 1st, 1871, near the lower right hand corner and capital $6,000,000 printed in the centre at the bottom. The $10 Bank of Commerce bills of date May 31st, 1871, show a capital of $4,000,000.

The News-Record appears to be mistaken, as Mr. J. Butterfield, agent here for the Bank of Hamilton, has received from the Manager at Hamilton of the Bank of Commerce the following communication with regard to our contemporary's item: "This is not correct, as genuine bills are issued showing the capital at $6,000,000, as well as $4,000,000."

Scott's Emulsion of Pure

COD LIVER OIL WITH HYPOPHOSPHITES,

Almost a Specific for Consumption.

The thousands of testimonials we have received from sufferers who have been permanently cured by Scott's Emulsion satisfies us that it will cure consumption in its early stages, and alleviate if not cure in its latter stages.

It is reported that a revolution in Mexico of serious proportions is considered imminent.

The Bulgarian Government is inclined to negotiate with Russia regarding the election of a prince.

The whole French infantry will be provided with rifles next spring at a cost of $20,000,000.

Since Sept. 1, 1885 twenty-six vessels belonging to the Gloucester District fleet, valued at $164,000 and insured for $118,400, have been lost. The loss of life aggregated 104.

It is stated that negotations between the British and United States Governments for a new extradition treaty containing important provisions have been concluded, and that there is no doubt of its being ratified by the United States Senate.

Sir Charles Tupper has met with gratifying success in his efforts towards making the Colonial Exhibition in London a permanent institution, all the Provincial Governments having agreed to contribute their present collections and to supplement them from time to time.

Mr. Gladstone publishes an addendum to his Irish pamphlet, in which he argues, as the Act of Union was an immoral act, Irelaud's demand for Home Rule is not grounded upon mere political expediency, but it is the exercise of a constitutional and judicial right which she prossessed in 1799 and has never lost.

Mr. Robert Kennedy, son of the distinguished vocalist who died at Stratford the other day, has been so successful with his entertainment "The Jacobite Songs of Scotland" in the Province of Victoria, Australia, that he has decided to extend his tour. The entertainment has been already given 74 times, and been received with uniform favor. Mr. Kennedy's new tour will occupy six months. He has resigned his honorary position as conductor of the Melbourne Caledonian Society's choir

A Syndicate has been organized in New York to build a railway 455 miles long on the south side of Lake Superior from Duluth to Sault Ste. Marie, connecting at the latter place with the Canadian Pacific and Grand Trunk. The capital has all been subscribed, and the contracts are being let.

Reports from Buffalo, Toledo, Fort Wayne, Chicago and Detroit, indicate that Thursday's great storm visited those cities with exceptional violence. The propeller Silah Chamberlain was sunk off Cheboygan, Mich., and five lives lost, and the schooner Geo. M. Case was lost at Port Colborne, with the captain, cook and one of the crew. On the Tuesday previous there was a tremendous storm in Texas, and the Sabine river overflowed its banks, destroying the town of Sabine Pass, and capsing a loss of 65 lives. Whole families were swept away and not a house left standing within five miles of the lake.

The progress of private readjustment of rents in Ireland proves the justice of the proposals in Mr. Parnell's bill for reductions of rent. The Marquis of Lansdowne has conceded 24 to 35 per cent. on the ordinary rents introduced by the decision of the Land Courts. Lord James Butler has reduced his rents 37½ per cent., and Lord Lismore 25 per cent. The average reduction throughout the richest eastern and central counties is from 25 to 30 per cent. The tenants in these districts have thus obtained practically the terms intended to be secured by Mr. Parnell's bill, and it is now becoming improbable that any widespread eviction warfare will occur.

All About Mantles.

Our Mantles are about all in. What this means you who know the immense numbers we import every season can imagine. Those who do not know we will tell. We won't enumerate. Life is too short. We merely mention casualties.

Did we ever mention that we buy all our Mantles in Germany? Perhaps we did. Well that is where this season's have come from. Paris for Dress Goods, Berlin for Mantles. Our Mantles of all kinds, Dolmans, Paletots, Jerseys—same names as last year. Cut makes the difference.

The cut of some of our Mantles is a revelation. Their fit is perfection—to say nothing of their novelty. Novelty permeates everything now-a-days. Novelty is only another name for originality. The more originality in Mantles the better they sell, or anything else for that matter.

Our Mantles are as varied in price as they are in cut. They run up a sort of financial ladder—every rung in a dollar. Some have only a rung or so, others a good many. Every line is value. Good value every way—price, style, fit—what you will.

We have any quantity for selection. Lovely things in every color and make of goods. We would like you to see them—Cloths as usual we have in thousands of yards—all the new things. Nappes, Boucles, Beavers. We do first-class Mantle-making on the premises. Note this: Our Mantle maker is a New York lady and guarantees newest styles and best fit in the city.

Hamilton, McILWRAITH & McMASTER

MARRIED.

PURVIS—LAIDLAW.—On Wednesday, 6th Oct., at St. Paul's Church, Hamilton, by the pastor, Rev. R. J. Laidlaw, uncle of the bride, Harry Purvis, son of Dr. G. A. Purvis, of Portage Du Fort, Que., to Annie Henderson, only daughter of the late James H. Laidlaw, of Esquesing, Ont.

FEATHERSTONE—DEFOREST.—On the 18th inst., at the residence of the bride's father, by the Rev. J. H. Robinson, John A. Featherstone, of Trafalgar, to Maria W., fifth daughter of Mr. James DeForest, of Nelson town-line.

DIED.

CHISHOLM.—At Oakville, on Saturday morning, Mary Rebecca Howse, beloved wife of W. B. Chisholm, in her 38th year.

SWITZER.—At his residence, Palermo, Oct. 17th, Major H. M. Switzer, of the 20th Battalion, Lorne Rifles, aged 68 years.

Major Switzer was one of Halton's most prominent and respected residents. He emigrated to Canada from the County of Limerick, Ireland, in 1832, with his parents, William and Eliza Switzer. They settled in the Township of Albion and cleared a farm there. Mr. Switzer, at the age of twenty-one, left home and entered mercantile life as a clerk with J. M. Chaffee, at Tullamore, Gore of Toronto, where he remained eighteen months, when he entered the dry goods establishment of the late J. A. Smith, Toronto. There he remained five years, and in 1844 removed to Palermo, when he commenced the business which he continued up to the time of his death. He was married in 1845, and Mrs. Switzer and six out of their seven children survive him. He was appointed postmaster of Palermo in 1846, and justice of the peace at the time of the separation of Halton from Wentworth, and retained both positions until his death. He served as a loyalist in the rebellion of 1837, and the love for military matters which he acquired then accompanied him through life. He was a cadet in the Military School at Toronto, and ever since the organization of the 20th Battalion, Lorne Rifles, held a position on the staff as paymaster. A few years ago he was gazetted to the brevet rank of major, granted him in consideration of his long and efficient service. At the annual meeting of the Township of Trafalgar Agricultural Society held at Oakville, on the 20th day of January, 1886, the following resolution was unanimously adopted: "Whereas the success of the Society depended in a great measure for many years on the indefatigable labors and untiring zeal of H. M. Switzer, Esq., it is therefore further resolved that he be and is hereby appointed a member for life of the said Society, having on a former occasion been presented with a service of plate." Deceased took very great interest in every thing connected with the welfare of the village and township in which he lived. He was a member of the Church of England and always took an active part in matters connected with the church. In 1845 he worked hard for the erection of St. Luke's Church, and many of the trees which ornament the grounds were planted by his hands. For the past year he was actively engaged in promoting the building of the handsome parsonage which is just completed, and to the very last his interest was unabated. In politics he was a Conservative. Whoever sought his advice found in Mr. Switzer a good friend, and his death leaves a blank which it will be hard to fill. His remains were buried yesterday at St. James's cemetery, Toronto, a number of his fellow officers of the Lorne Rifles attending the funeral in uniform.

HOLLINRAKE & SON

Have advantages which the majority of merchants do not possess—buying for two concerns they can purchase goods in such large quantities and to better advantage—as the large buyer can get closes prices than the smaller—buying their goods for cash thereby saving the discount which is in itself a profit, and their two places of business being under their own personal supervision (it is almost impossible to run a business successful except in that way).

HOLLINRAKE & SON thank the people of this County for their past patronage. That, together with push, hard work, square dealing, and giving the public the best value every time, they have been enabled to build up the best trade in the Town of Milton to-day, and still intend to keep their establishment in the front rank, as The Leading Store of Milton. The following Departments are filled with good goods at bottom prices:

Dry Goods, Millinery,
Mantles, Hats, Caps,
Groceries, Boots & Shoes

New goods arriving. Bargains to be had all the time at

Hollinrake's Cheap Store.
