LET THEM RING.—A lady residing on Queen Street says if a certain pair of inquisitive young girls will ring a bell, the handle of which projects from her door, the next time they visit her neighborhood, instead of opening the shutters and peeping into her parlor as they did the other evening, she will be happy to admit them and introduce them to her friends.

Mr. George Sleeman, the well-known Guelph patron of baseball, has just completed $20,000 worth of improvements upon his large brewery. As he cannot sell any beer in Guelph or the adjoining county, the wonder is what George does with all the beer he makes, or what he will do with the still greater quantity which he proposes to make with his increased facilities. It is a second "mystery of Gilgal." It may be added, as an evidence of the liberality of the press, that the local Prohibition organ, the Mercury, gives the brewery a big puff.

Wet feet invariably produces a cough, which, if allowed to stand, weakens the lungs, and in time brings on consumption. Mrs. Foley, whose husband keeps a hotel in Morristown, about sixteen miles from Hamilton met with a very painful accident on Saturday afternoon. She had been in the city all day, and was driving home alone. While descending the heights, a little way past the York street toll gate, the carriage upset and Mrs. Foley was thrown out on the road. Her head coming violently in contact with the frozen, gravelly ground, a large portion of the scalp was torn off the right side—from the eye-brow clear around to the nape of the neck. She was taken to Burgess' hotel and Dr. Stark was summoned to attend her. The doctor skillfully adjusted the scalp to its proper position, and he has hopes that no serious results will ensue; but he would not allow Mrs. Foley to be removed from the hotel, and she will probably have to remain there for several days. Yesterday she was doing well.—Spectator.
