The Halton County Teachers' Association, and Dr. McLellan.

On Thursday evening, the 27th ult., the Teachers' Association and a large audience of our townsfolk were favored with an admirable lecture by Dr. McLellan, Inspector of Model Schools and Director of Teachers' Institutes. The subject of the lecture was "Critics educational Criticized." The Dr., with great felicity of expression, introduced the subject by showing, at considerable length, the necessity for educating human beings intellectually and morally so as to fit them for what they were intended to be individually and socially. It was such education that made nations prosperous and influential in the modern sense.

Manhood suffrage should not be granted to every man unless every man were sufficiently educated to vote intelligently.

The Dr. in eloquent and scathing terms fell foul of the educational critics. These were chiefly the editors of the metropolitan press. Their principal charges against our educational system are that it has too many objects in it, that its system of cram, it leads to undue development of the young brain, and consequently to feeble health and premature death. Such charges the Dr. met and rebutted in a very fair and able manner, and established by statistics gathered, that so far from the rising race being crammed to suffocation with lessons, the great bulk of them have their minds healthily exercised with little more than the three requisite ba—reading, riting and rithmetic. The Dr. strongly advocates, however, the teaching of drawing and music in our common schools; drawing as an industrial art, so that Canada may compete with other nations in manufactures which require beauty and symmetry; and vocal music so as to relieve the tediousness and dryness of school study, as well as to enliven the home circle and aid in the public worship of God.

On Friday afternoon the Dr. addressed the teachers assembled in the Model School. The address, with blackboard illustrations, was on the theory and art of teaching. As a lecture it was clear, instructive, eloquent, and all it could be desired, shewing that the lecturer himself was master of the theory and practice he so ably illustrated and taught to others.

There, however, one thing, and a great thing, to know how to teach, but to teach and perhaps a greater thing to know and teach what ought to be taught. I regret to say that the religious element was scarcely recognized in the Dr.'s addresses. They were decidedly secular. There was no mention of the Bible, which, perhaps at present time might be considered impolitic or expedient omission. But the great christian truth should never have been ignored that the fear of God is the beginning of wisdom—a knowledge of God, who knows our needs, who is perfected in holy perfection, and who holds before us as the foundation on which to build the whole superstructure of our intellectual and moral education.

It is in vain that we teach children to fear God—God as revealed to us in Jesus Christ. Such teaching has been often tried and as often has failed. It wants the mighty motives of the Gospel of Christ. When children receive this teaching and example at home, and perhaps not one hour's teaching in the Sunday school, it seems to nothing in the common schools, what can we expect but to raise a rising race grow up in that condition of mind and heart which neither regard nor regards man, except under the lash of selfish expediency.—W. J. M.

Dr. Marmaduke's message says that in [illegible] the high license law has reduced the number of saloons in Missouri from 3,000 to 2,240, and has raised the revenue from traffic from $540,000 to $1,642,000. The present license runs from $550 to $1,000, and in towns or cities the municipal authorities can add as much as $500 more, so that in some towns the license paid is $1,500. The governor recommends the sale of spirits at drug stores in all places except licensed hotels and saloons.

LOWVILLE.

The fraternity of correspondents hail with pleasure the imitation of that self-opinionative limbury, "Primus Nobile." Some of the minor lights are too short sighted to fathom the logics of this non de plume. It must be admitted they have a rather bizarre appearance. It is really understood who Marcia is thought to be, but that lily is a mystery. Pshaw, the second Solomon himself, would be perplexed if he were asked to name the greatest gossip here. I think it is not doing justice to all parties to use such marked discrimination in the identification of the smaller lights. As the country from has been given up, would it not be well for "Primus" to take up the quill once more for the purpose of simplifying it.

The shooting alley is doing remarkable business, but "we" has not got back that lost $25 yet. Some of the boys literally rubble the paper while lying on the ground.

The female seminary is in full blast. Males admitted if they are expert drawers.

There has been another series of revival meetings in the vicinity; but the non-observers of law have not decreased in number.

A fastidious lady would like to know whether it was the Donkey who made the particular mention of our dear boy. Well, you see thing are not always what they seem to be, and sometimes what seems a dog is not one. Ask him to explain this.

Things have been rather brisk on the exchange—leather, coal oil and soap, especially.

Persons who have lost any letters might find it to their interest to call at the "whole-sale."

A fire alarm was given on Friday evening. As it was only a little soot burning in a chimney no loss of property was sustained—but a new invention, the "ripple brake," became unmanageable and the operator got the bowels of its contents, besides being laid out.

There seems to be considerable rivalry between two ladies who are bidding for the attentions of one of our most aristocratic young gentlemen.

Miss Templeroy Armstrong, of Toronto, preached in Kilbride on Sunday, in the Presbyterian and Methodist Churches. Both houses were crowded to their utmost capacity.

Our public school is still progressing under the management of Mr. Nixon. I wonder if a new school house would be a benefit, and make concert and unity prevail. W. LILY.

YOUNG LIBERAL CLUB.—The Young Liberal Club was re-organized on Thursday evening last at a meeting in Lyon's hall. Dr. Stuart was chosen delegate to the convention.

COUNTY ORANGE OFFICERS.—The following officers for the County Orange Lodge were elected at the meeting held here on Tuesday: Sol. Hannant, C. M.; W. B. Smith, D. C. M.; David Harris, Chaplain; Chas. Taylor, Sec'y; John P. Roper, Treas; John Baird, Lecturer; Thos. Graham, Proxy.

THE Original New Orleans University Singers gave a concert at the town hall on Monday evening. They attracted a large crowd, and their singing of plantation melodies and camp meeting hymns was the best ever heard in Milton. The solos of Miss Tillie Jones, whose fine soprano voice has been well cultivated, were particularly admired.

SECRET lamb's wool underwear imported direct, cheap, cheaper than ever at Treble's, corner King and James streets, Hamilton.

SERIOUS ACCIDENT.—Mr. Wm. McCarter, of Nelson, near Kilbride, was engaged on Tuesday in rolling a large log up a ten foot incline when the chain to which it was attached gave way, he fell back and the log rolled over him at the bottom of the incline crushing his chest, breaking four of his ribs and inflicting serious internal injuries. He is in a very dangerous state and is in care of Dr. Freeman.

SENTENCED.—Wm Clark, of Georgetown, pleaded guilty on Saturday, before Judge Miller, to having stolen from G. N. & N. W. R. train on the 14th ult., an overcoat, muffler and gloves belonging to Alexander Munro, a Hamilton commercial traveller. Clark was sentenced to four months in jail. He is an old offender, having put in two years in penitentiary for burning a barn and one year in the Central Prison for stealing a watch.

GRIP'S CARNIVAL NUMBER.—This, the publishers say, will be the finest publication ever issued from their establishment. The special features will be cartoons in five colors, with gold borders, the double-page centrepiece being one of J. W. Bengough's finest and funniest conceits. Subscribers to Grip get this Carnival Number free; to others the price will be ten cents. It will be dated February 12th. Get it. Address Grip, Toronto.

NO underwear in the trade wears like Treble's first class wool. Buy your woolen underwear at Treble's corner of King and James streets Hamilton.

THE ASSEMBLY.—Though the weather on Friday evening was wretched it did not interfere with the success of the assembly given at the town hall by the bachelors of Milton. The attendance from the town and neighborhood was large and Toronto, Hamilton, Georgetown, Brampton, Oakville and other places at a distance were well represented. Altogether the assembly was decidedly the event so far of the season, and the most successful ever given in the town. We understand that there will probably be another in about a month.

TREBLE is doing an enormous trade in wool underwear this season. The reason is his prices are exceedingly low.—Corner King and James streets, Hamilton.

BOSTON CHURCH.—The annual Anniversary services will be preached in Boston Church, on Sabbath, the 6th February, at 11 a. m., by the Rev. Mungo Fraser, M. A., of Knox Church, Hamilton; and the annual tea meeting will be held in the church on Monday, the 7th of February, when addresses will be delivered by the Rev. Mungo Frazer, M. A.; Rev. Alex. Gilray, of Toronto; Rev. McIntyre, of Nelson, and Rev. A. F. Kirkpatrick. Tea served from 6 p. m. to 7.30 p. m. 32-2t.

You will save 30 per cent. by buying your wool underwear at Treble's. Largest stock, cheapest goods in the trade. Treble's, corner King and James streets, Hamilton.

CURLING.—The annual President vs. Vice-President match of the Milton curling club was played on Thursday, two rinks a side, the Vice-President winning by six shots.

HORNBY.—The tea-meeting in behalf of the Presbyterian church, which took place on Monday evening, was a great success. The hall was crowded to its utmost capacity. Mr. W. H. Lindsay, of Milton, acted as chairman and made a model chairman. Speeches were delivered by Revs. D. Hunter, McLeod Dobin and M. C. Cameron, which were full of humour and practical thoughts. Knox College boys rendered in fine style several glees. They gave some choice recitations also. The choir from Knox church, Milton, sang several anthems to the great delight of the audience. We never heard the choir in better voice. Every one went away pleased with the programme. The church realized $95 from the entertainment.—Com.

THE CENTRAL FAIR.—The directors of the Agricultural Societies of North and South Wentworth and the City of Hamilton met on Saturday afternoon and formally amalgamated these societies, as is usual every year, for the purpose of holding the Great Central Fair of 1887.

NO GRANT FROM THE COUNTY OF WENTWORTH.—The by-law to grant $1,000 towards the building of the new and free roads into the city of Hamilton from east and west came up at the county council of Wentworth last Friday and was defeated by a vote of 16 to 5. The opposition was led by the Flamboro' councillors, who declared against giving any funds for the construction of the new roads while the city of Hamilton took no part in the struggle carried on by the farmers of their district to remove the toll-gate on York-street, one of the principal roads into the city.

THE Carnival Number which is being issued this week by the Montreal Witness, will, we believe, command a most unprecedented sale, as it is published at the extremely low price of 15 cents, or two copies for 25 cents—all free by post. It is to contain 24 pages, literally crowded with excellant colored pictures and engravings of the principal scenes of the Carnival, correctly as well as beautifully executed. The idea of sending two copies at such a reduction is a capital one; everybody can afford to buy one copy to keep, and at least one other to send to friends at a distance.

FACTORY SCHEME.—Mr. Robt. Barber was in town last Friday hustling around interviewing our magnates. He was obtaining their opinion on the prospects for the establishment of a woolen factory in this town. A very important feature of Mr. Barber's proposed scheme was the assumption that the town would liberally bonus such an admirable institution as he proposed to establish. He informed us that he had met with highly favorable reception from the business men of the town. Mr. Barber's scheme is all right except the bonus part of it. The town would be delighted to see a large woolen factory open up here. But a bonus, oh no! Some other day—good day.—Brampton Banner.

OBITUARY.—Mr. John Haggert, President of the Haggert Manufacturing Company, died at his residence, at Brampton, county of Peel, on Wednesday, the 20th January. His death was not unexpected, as he had been in declining health for a year or two past. The news of his demise will be received with regret by a great many friends and customers of the firm throughout every part of the Dominion. The late Mr. Haggert was a Scotchman by birth, and came to Canada, over forty years ago, and had most of the time since resided in the town of Brampton where, by energy and industry, he built up a most extensive business in the agricultural implement line. He was a man of great energy, and always was a leader when any question in which the interests of the town were concerned was brought forward. He was a Reformer in politics, and for many years was President of the Peel Reform Association.

AN entertainment at which surrounding societies might well gaze on with wonder, was held in the town hall, Nelson, on January 21st, by the Nelson Literary Society. The music, for which that society is renowned, was excellent; being furnished by Mr. J. Cleaves and Mr. J. Baker (Waterdown), Miss Thompson (Bronte), Miss A. Jardine and Miss M. Dodson (Nelson). The Nelson quartette club contributed well to the entertainment. The literary part of the programme was ably managed by Miss M. Inglehart (Burlington) and Miss McLaren (Nelson); also two dialogues entitled "When Women have their Rights" and "A Family Flurry" seemed to carry the whole audience with them. The organist, Miss S. Springer, displayed her art well in the accompaniments. The chairman, Rev. Mr. Mackintyre controlled the crowded house with perfect ease, and greatly enlivened the meeting by the great wit and humor which he possesses. The meeting closed about eleven o'clock by singing the national anthem. Receipts in neighborhood of $40.—DISTANT SPECTATOR.

KNOX CHURCH, MILTON.—The annual meeting of Knox Church took place on Thursday evening. The attendance was good considering the popular lecture in the town hall at the same time. The Rev. M. C. Cameron, B. D., occupied the chair. The manager's report was read by the secretary, Mr. Hugh Campbell, which was received enthusiastically by the congregation. It showed that the congregation was in a healthy, vigorous condition. Their handsome new manse is completely free from debt. Mr. John Lawson read the treasurer's report, which showed the progress of liberality during 1886. The Sabbath collections were $87 in advance of last year's. The schemes of the church were better by $842, with the augmentation yet to report. After paying every demand the treasurer was left with a balance on hand of $86.08. The pastor stated that there were 28 members added to the charge; he made 401 pastoral visits, baptized 20, and attended 17 funerals. The S. S., after paying large demands for new library and mission calls, had a balance on hand of $18. The benediction was pronounced, which brought to close one of the most harmonious and prosperous meetings ever held in Knox Church.—COM.

DRUNK AND DISORDERLY.—Dan Wilson, the notorious Milton tough and whiskey informer, has been employed for some time a few miles out of town, but he has generally managed to come in every Saturday evening, fill himself with shebeen whiskey, remain over Sunday and help his blackguard chums to maintain the unenviable reputation which Milton has gained since the advent of the Scott Act. Dan managed to avoid the clutches of Chief Constable Bradley until last Sunday, when he came to grief. Hearing a tremendous racket in a down town house the chief went in to investigate. He found Dan with his coat off challenging all comers to fight and he promptly arrested him and left him in the cells to cool off. On Tuesday morning Dan was brought before Mayor Hannant on two charges, one laid by the Chief, of being "drunk and disorderly on the streets and in other places in the town of Milton," and the other, laid by Mrs. Annie Wilson, of entering her dwelling and being drunk and disorderly there. Daniel pleaded guilty to both charges and was fined on the first $8 and costs, and on the second $2 and costs. As the alternative in both cases was thirty days' imprisonment, both fines and costs, amounting to $18.50, were paid on Tuesday afternoon. Wilson is one of the gang who, a couple of years ago, trumped up a charge of illicit liquor selling against the proprietor of the Wallace House, managed to secure the conviction of the latter and received great credit in consequence from the "temperance" people of Milton. Our Scott Act friends were rather disgusted when they heard shortly afterwards that Dan had been selling whiskey on the fair grounds at the Nassagaweya agricultural exhibition, but nothing came of this as Wilson cleared out and did not return until after three months, when it was too late to proceed against him.

YOU can get a good heavy undershirt for 25 cents, better quality, all wool, 50 cents; Treble's famous O.K. shirt at 75 cents, the best in the trade. Call and examine our stock before purchasing elsewhere. Corner of King and James Hamilton.

CHURCH DEDICATION.—The opening service in the new Methodist Church, Burlington, was held last Thursday evening. By 7 o'clock the commodious audience room was well filled, and soon after every available seat was occupied, among the audience being a large number of ministers and others from a distance. Rev. W. J. Hunter, D. D. President of the Niagara Conference, conducted the opening services, after which Rev. Dr. Potts preached an impressive and appropriate sermon from Psalm cxxiii. 1: "I was glad when they said unto me let us go into the house of the Lord." Rev. Mr. Cleaver, the pastor of the church, then announced that Rev. Dr. Stone, of Toronto, would explain financial matters. Dr. Stone stated the cost of the building to be $12,500, including $2,000 for furnishing. Of this amount some $5,000 was still unprovided for, and Dr. Stone proposed then and there to raise $3,000. An active canvass for subscriptions was begun, and in a comparatively short time $5,140 had been secured, the largest subscription being one of $750, given by the ladies of the church. The choir was assisted by Mrs. (Dr.) Emory, of Hamilton; Mrs. Galloway, of Toronto, and others, and under the able leadership of Mr. J. Wilson, rendered excellent service. The new church is a handsome red brick structure, ornamented with cut stone trimmings, presenting a fine appearance from the street, and reflecting great credit upon the architect, Mr. W. A. Edwards, of Hamilton, and the contractors, Messrs. Crooker & Son, E. Williamson, George Knife and George Allen, of Burlington. The auditorium is carpeted and upholstered throughout, and is complete in all its appointments, seating 700 persons. In the rear of the main building is the school-room, with convenient class rooms; ministers' vestry also attached. The pastor and congregation are to be congratulated upon the successful completion of this work. The sacred edifice was formally dedicated to the worship of God Sunday morning, Rev. Dr. Hunter officiating.
