FOR ST. VALENTINE'S DAY, 1887.—Valentines in great variety, and new designs, for sale by Henry Watson, Apothecaries' Hall, Milton. 34-1t.

A Brookville, Nassagaweya, correspondent writes:—Mr. Waldie, Liberal candidate for Halton, held a very successful meeting here last Wednesday evening. He was warmly received and made an excellent speech, making a strongly favorable impression. Dr. Winn occupied the chair. D. McGibbon, barrister, of Milton, replied in the interests of Mr. D. Henderson, the Ministerial candidate. He was followed by Dr. Robertson, ex-M. P. P., of Milton, in behalf of Mr. Waldie, and Mr. J. Milne, of Brookville, who, to the satisfaction of the large audience, exposed the illogical and unfair statements of Mr. McGibbon and showed up the extravagance and maladministration of the Government. Mr. Waldie will poll a very large vote in the banner township.—Globe.

SUICIDE.—Last Sunday a young man, 27 years old, son of Mr. Barnes, lot 18, con. 2, Esquesing, committed suicide by hanging himself in his father's barn. The young man, his grandmother, and a little brother were all of the family who were at home at the time, the rest having gone to Georgetown to church. The two brothers went to the barn and shortly afterwards, the younger, who had left the elder for a few minutes saw the latter standing on a beam tying a rope around his neck. The boy asked what that meant and his brother replied that he was going to put an end to himself. The boy, becoming frightened, ran off and told his grandmother what was going on, but she did not believe him. He then ran back to the barn and found his brother hanging there. Before the rope could be cut the young man was dead. The cause of the suicide is supposed to have been a disappointment in a love affair.

HAMILTON TOLL-GATE.—Before the Hon. Justice Galt, judgment was delivered on the 4th inst. in the matter of the Hamilton & Milton Road Company against Messrs. W. J. Lavery, William Hopkins, John Alderson, William Pearson, Charles Daley and James Newman, continuing the injunction against these defendants and making the further order that none of the defendants should pass the company's gate without first paying toll. The Road Company say they will continue their proceedings before the Police Magistrate, and should the persons fined pay no respect to the decision of the Justice the company will apply to the High Court of Justice at Toronto for an order restraining such persons from passing the gate without first paying toll, and should these orders be disobeyed application will be made for the committal of such persons for contempt of court.—Times.

ROBBERY.—Mr. James Sherwood, farmer, of Trafalgar, about two miles from Milton, a short time ago hired a colored man named Charlie Smith to work for him. Last Sunday evening, the rest of the family having gone to church, Mr. and Mrs. Sherwood went out to the barnyard to milk the cows, taking Smith with them to help. Before the milking was finished Mr. Sherwood missed the darkey, and suspecting that something wrong, made for his house, where he found that his desk had been broken open and that $93 had been taken from it. Mr. Sherwood tried to track Smith through the snow but could not keep the trail. Smith came to Milton the same evening, went to J. H. Brownridge's livery stable and applied for a conveyance and drivers to take him to Toronto, where he said his mother was seriously ill. Mr. Brownridge, believing the man's story and having no suspicions that anything was wrong, had a team hitched without delay and took Smith to Toronto, arriving there about 5 a. m. on Monday. The darkey struck off without delay to see his "maw" and so far the police have been unable to find him.

The celebration of the Queen's jubilee in the old country will be an interesting affair. The date has been officially set for the 20th of June, that being the fiftieth anniversary of her Majesty's accession to the throne. It was in 1837, the year of the Canadian rebellion, that Victoria became Queen. Her father died the year after she was born, but it was not until her thirteenth year that the fact was imparted to her that she was the heiress to the British throne. It is recorded of her that on learning the fact she cried much, presently remarking that "there is much splendour but more responsibility." Queen Victoria is not only a constitutional sovereign, but is the best representative of the idea of constitutional government known among monarchs. Some of the Canadian regiments expect that they will be enabled to take part in the celebration, but requisite permission to leave the country has not been received from the Militia Department at Ottawa. Her Majesty is in her sixty-eighth year and in a short time will have reached the allotted span of three score years and ten. The Canadian regiments which take part in the jubilee will probably never have another opportunity of seeing the most distinguished woman in the two hemispheres.

Canadian Items.

The C. P. R. shops at Yale, B. C., were burned on Sunday.

Big Bear has been released from Stony Mountain penitentiary.

Canadian capitalists propose to build a line of railway from Goderich to Wingham.

Snow in British Columbia has blockaded the railway and broken the telegraph line.

David Davis of Beamsville has been appointed Police Magistrate for the County of Lincoln.

Not a single case of pocket-picking, larceny or robbery occurred during the carnival at Hamilton.

During the year 1886, no less than 273,000 tons of coal were shipped from Sydney, Nova Scotia.

A young man was found at St. Thomas the other morning with his cheek frozen to a lamp post.

Counting up majorities before election day is all right enough, but honest hard work discounts it out of sight.

The population of Montreal is 185,540. In 1881 it was 150,752. The increase has been almost 35,000 in less than six years, or 23 per cent.

The confidential agent of an extensive business house in St. Catharines is said to be short in his accounts to a large amount as high as $60,000.

A man in the neighborhood of Mount Forest lost a horse blanket, and on the following Sunday the fact was announced from one of the church pulpits.

There is great destitution among the Indians on Peace River in the Northwest Territory. On the Sturgeon Lake reserve measles is making fearful havoc.

He was prepared to-morrow to support the most stringent prohibitory law that could be placed on the statue book whenever it was deemed necessary by the people.

John Langan, 21 years of age, was accidentally shot dead by a revolver, in the hands of a comrade named Henry Patterson, at St. John, N. B., last week. The ball entered his right eye and death followed almost instantly. Langan owned the revolver and had handed it to Patterson to look at. Before handing it to him he warned him to be careful, but the warning was unheeded. The next instant it was discharged, and Langan fell.

A meeting was held at Rigetown last week to consider the question of forming a new county, with Ridgetown as the county town. No definite line of action was agreed upon. The proposed new county takes in the whole of East Kent except that portion of Harwich lying north of the sixth concession, Thames survey, and that part of Camden Gore lying west of the sixth concession. The population of the district in 1884 was over 17,000, and is now estimated at 20,000.

The question of appointing a police magistrate was before the Bruce county council at its January session. Mr. John George, of Port Elgin, addressed the members in support of a very lengthy petition asking for the appointment. The matter was referred to a special committee, which reported, recommending the Government to make the appointment. The council voted adversely, the report being thrown out by a vote of 30 against the report and 10 for it.

ABOLITION OF TOLLS.—A Toronto despatch says: York county council this afternoon took steps towards the abolition of toll-gates on York roads. The report of a special committee was adopted recommending that at the expiration of the present leases the county cease to collect tolls at four gates, and that the remainder of the gates be leased for a term of one year; also, that the gates in the counties of Peel and Ontario be leased subject to the proviso that the leases may be cancelled by the county giving three months' notice in writing to the lessees.
