Hon. T. B. Pardee Very Sick.

The report is quietly going the rounds that the illness of Hon. Mr. Pardee is so severe that it is unlikely that he will again return to the duties of his department in the Crown Lands office. Mr. Pardee is a very sick man and his resignation, it is said, may be looked for at any time.

In that event Col. Gibson, M.P.P., Hamilton, will undoubtedly go into the Cabinet.

Hope for Ireland.

LONDON, Aug. 3.—Sir George O. Trevelyan, in a speech last evening, said that his victory made it next to impossible for the government to proclaim the Irish national league. The election, he declared, largely settled the Irish question. Henceforth Ireland must be treated in a spirit of conciliation, kindness and confidence.

Sir George O. Trevelyan's victory is felt in Conservative circles to be the severest blow the unionist cause has yet experienced. Intense interest pervaded the clubs last evening. Each side attached supreme importance to the election as the first fought since the general election between a Gladstonian and a Liberal-Unionist, the other contests having been between Conservatives and Gladstonians.

The cholera has appeared in Malta.

Judgment was given in Guelph Tuesday in the case of John Coughlin for violating the Scott Act. He was dismissed. This is the fifteenth time that Coughlin has been up on similar charges, and he has been fined once.

Since the St. Thomas disaster an order has been issued by all the leading railways in the country to the effect that all trains are to be stopped by hand brakes at diamond crossings. There was a rule to this effect on most of the roads before, but it was not adhered to, as it was customary for the engineer to use air, and it is as much as a brakeman's hands are worth to attempt to set a brake by hand should the air be used. Railroad men state that it is an unusual thing for air brakes to refuse to work. They say that it is very hard to stop a train by hand when air is used, as the brakes do not grip so well as they do when hand brakes alone are used.

BASEBALL.—The clerk's baseball club and a nine from the Olympic lacrosse club played a game of baseball yesterday, the Olympics winning by nine runs, with an innings to spare.

BEERY BOYS.—A Milton man left home a short time ago leaving a half barrel of beer on tap in his cellar. During his absence a number of boys, who entered the cellar through a window, consumed every drop of the beer.

Dr. Freeman's many friends will be glad to know that he has so far recovered from the injuries he sustained a couple of months ago, when his horse kicked him, that he hopes to be able to be out and attend to his practice within a few days.

A LUCKY GERMAN.—A German, employed in the Dominion Cordovan Tannery here, received a letter the other day informing him that he had fallen heir to $22,000. He spent a portion of his newly acquired wealth in treating his fellow employees, and they had a big jollification.

BIG PEACH CROP.—The peach crop is the heaviest ever known. Mr. Domo-hue's orchard, Stoney Creek, is so laden with this luscious fruit that he has been compelled to prop up the branches, and even then the trees are breaking down. Not only this one orchard, but every tree nearly in that neighborhood is like this. The plum and pear trees are also heavily loaded.—Times.

CRICKET.—The Milton and Burlington clubs will play a match on Monday next on the court house square.

THE RIFLE.—Mr. W. O. Hood has organized a rifle club at Streetsville. Practice will be commenced soon and it is expected that matches will be arranged with the Milton club.

COMMITTED FOR TRIAL.—Wm. Burns, of Port Credit, a sailor, 20 years of age, the Brampton Banner says, has been committed for trial for indecent assault on his cousin, Emma Miller, a child nine years old.

A FINE STORE.—The fine new brick store which is being erected by Mr. G. Smith next door east of his old stand is nearing completion. It will be finished in the best style with a plate glass front and will be occupied by Mr. J. M. Bastedo, merchant.

PERSONAL.—Dr. Alexander P. Robertson and Mrs. Robertson, of Chicago (formerly of Milton), were in town this week.....Mr. Edwin Morse and Mr. and Mrs. William Morse, of Hagersville and St. Thomas, have been visiting their family here this week.

MR. Joseph Moat, formerly of Milton and late of Grand Forks, Dakota Territory, arrived here on Saturday evening. He has sold out his business at Grand Forks and will spend a few weeks with his Canadian friends before looking for another location.

THE Burlington base ball club repudiate the title "champions" of Halton, which they say was given them in the Hamilton Spectator without their authority. They intend to play a series of games with the other Halton clubs and will claim no championship honors without earning them.

DON'T forget the moonlight excursion this evening per N. & N. W. R. to Burlington Beach, where the 18th Batt. band of Hamilton will give an open-air concert. Special train will leave Milton at 7.20 p. m. and will leave the Beach, returning at 11 p. m. Tickets from Milton to the Beach and return only 35 cents.

EVERYONE KNOWS IT:—That Wm. Farmer's, 35 King-st. west, corner McNab, Hamilton, is the most reliable photographic establishment in the city. For one month we will give you any style you wish of best cabinets for $3 per dozen, with proofs. Will give to every twentieth customer getting one dozen cabinets, an oil painting or mirror.

OVER 200 tickets were sold at the N. & N. W. R. station on Tuesday for the excursion in connection with Graco Church Sunday School. First-class coaches were provided by the company for the excursionists, who enjoyed themselves greatly, particularly those who took the extra trip on the steamer Lily on the lake and across the bay to Hamilton.

A LIVELY PARTY.—One of the liveliest parties on record in Milton came off in the South Ward on Saturday night and what made it so lively was a quantity of bottled ale imported for the occasion by the host. When the guests dispersed, which they did at about midnight, some of them were tremendously noisy and so top-heavy that they had great difficulty in getting home. Indignation and disgust provailo among the local prohibitionists, because the ale having been dealt out "free gratis for nothing" they cannot make out a case of violation of the Scott Act against the giver of the party.

LAWN PARTY.—On Tuesday evening last a most successful lawn party was given by Mr. Andrew Ford, near Omagh, in aid of the Methodist parsonage at that place. It was a beautiful moonlight evening and additional light was given by a number of Chinese lanterns. The tables were loaded with beautiful and tempting cakes, etc., and the young ladies and gentlemen of the committee did their part exceedingly well in looking after the wants of their visitors. Rev. Mr. Bell delivered a short address, Misses Appelbe and Post and Prof. Cline gave some vocal music, all of them being loudly applauded. The Milton Band played various selections during the evening, and many remarked, "How well they play!" 'How they are improving!' etc. Amount realized $108.

FIRES.—On Saturday last a passing train of the H. & N. W. R. set fire to grass opposite the farm buildings of Mr. Robert Willmott (on what was formerly Mr. James Harrison's farm), and the ground and grass being parched by the drought and heat, the fire spread rapidly towards the barns, which would no doubt have been consumed but for the timely arrival of Mr. Edwin Brown and his gang of men from the brickyard, who stayed the fire and got it put out. Mr. Rowland Orr's barn also had a narrow escape from fire started by an engine of the G. T. R., but Mrs. Orr was equal to the emergency, carried water and sprinkled the grass and kept the fire from getting to the buildings until assistance arrived. We would advise permission to be asked from the railway companies to have a couple of furrows plowed on the inside of the railway tracks which would prevent fire running through the grass.

THE PRISONER RELEASED.—The case of Mr. David Dewar, proprietor of the Commercial Hotel, who was arrested on the 22nd inst. at Toronto and lodged in jail here under a warrant issued by Police Magistrate Young under a conviction for an alleged violation of the Scott Act, was brought by a writ of *habeus corpus* before Mr. Justice O'Connor at Osgoode Hall, Toronto, on Thursday last. Mr. B. B. Osler, Q. C., appeared for Mr. Dewar. He showed that the warrant under which the arrest was made was dated a day ahead of the conviction, which he claimed was a fatal irregularity, urged that the police magistrate, holding an appointment for the county, had no jurisdiction in Milton, an incorporated town, and that as the term of the prisoner's sentence had elapsed before his arrest he could not be held. Mr. English, counsel for the police magistrate, said that the notice given him had been too short to allow him to prepare his case properly, and asked for an adjournment. The learned judge replied that the counsel ought to know that there could be no delay about *habeus corpus* proceedings. No adjournment longer than an hour would be granted, but that time would be quite sufficient to look up all the law bearing on the case. Mr. English would not accept of so short an adjournment and an order was made for the quashing of the conviction and Mr. Dewar's release, which was carried out at about 3 p. m.

WANTED.—At the Wallace House—a good servant girl. Good wages.

THE Burlington Baseball Club went over to Gimsby Park on the steamer Rupert on Friday with a large excursion party and played the park nine. Only six inning were completed when the game was stopped to enable the visitors to catch the steamer. The score was:—Burlington, 12; Park, 5. Batteries—Burlington, Crooker and Husband; Park, Rosebrugh and Graves.

ROBBERY.—Last Sunday night the residence of Mr. Walker, 2nd line west, below Meadowvale, was burglarized. Mrs. Walker was wakened, and perceiving men in the room where she and her husband were sleeping, called out, and the visitors left suddenly, taking $24 with them. A sheet on the floor heaped up with clothing indicated the burglars intended providing for colder weather.—Peel Banner.

MATRIMONIAL.—An Ottawa despatch says: One of the greatest social events which have taken place in the vicinity of the Capital for a long time past occurred yesterday morning, when Miss Ella Eddy, daughter of the Mayor of Hull, the big lumberman, was united in matrimonial bonds to Mr. J. B. Bessey, stock broker, of Ottawa. The ceremony was performed before a large circle of friends by Rev. Mr. Carson, pastor of Dominion Methodist Church. The wedding presents were very numerous and valuable.

GEORGETOWN HAS BURGLARIES TOO.—The Exchange Hotel, near the G. T. R., Wm. Pitman, proprietor, was burglarized last week. The depredators entered by a back window and, our informant says, opened a box where there were about $200 in cash, some deeds, notes, receipts and other valuable documents. These they took with them, but left behind Mr. Pitman's gold watch and chain, which they might have had with little trouble. On Monday Mr. Pitman learned that a Brampton constable had found papers in a secreted place near that town. He at once went to Brampton and secured them.—Free Press.

BASEBALL.—John Macdonald & Co.'s nine easily defeated the Acton club at Acton on Saturday afternoon by the following score:—

The distressing paleness so often observed in young girls and women, is due in a great measure to a lack of the red corpuscles in the blood. To remedy this requires a medicine which produces these necessary little blood constituents, and the best yet discovered is Johnson's Tonic Bitters. Price 50 cts. and $1 per bottle, at Watson's drug store, Milton.
