[LAWSON'S OLD STAND] T. BEST, MERCHANT TAILOR

If you want first-class Hats cheap, go to Treble's corner King & James Sts., Hamilton.

BEST OF THE SEASON.—The garden party at Dorland's next Wednesday evening, Aug. 24th. Good programme.

THERE has been a raise in the rates for threshing grain this year. The general price for the past years has been $10, but the thrashers thinking that it was hardly remuneration enough have raised it to $12, and this raise has been pretty generally carried out so far. The new rate, it is understood, will be accepted by the farmers, although they consider the old price was high enough. —Oakville Star.

THE RIFLE.—The following Haltonians will be competitors at the matches of the Ontario Rifle Association next week: Capts. Fox and Panton, and Messrs. J. J. Zealand, W. Leaver, D.D. Scott, W. Elliott, and A. Chisholm and probably Messrs. W. Sommerville and Geo. McKerlie, as well as several marksmen from Georgetown. Capt. Panton and Mr. Zealand will also go to Ottawa the week following to take part in the matches of the Dominion Rifle Association.

SOCIAL.—A grand harvest home social and concert, under the auspices of the Milton Brass & Reed Band, will be held at the residence of Amos Dorland, Esq., Town-line, Trafalgar, on Wednesday evening, Aug. 24th. The band and orchestra (under the leadership of Mr. Robin) will produce an entirely new programme, assisted by the best local talant, of vocal and instrumental music. The committee promise to make this the best garden party of the season, and there should be a large attendance. Admission 25 cents.

A PRIVATE SYSTEM OF WATERWORKS.—Mr. W. H. Storey has put in a hydraulic ram at the planing factory for the purpose of supplying his residence and grounds with water. It is in excellent working order. Hereafter the spacious lawn will receive a plentiful sprinkling which will freshen its verdure very much. A suitable fountam will occupy a prominent place in the grounds next spring. The new "ram" will also supply the factory with water and thus overcome the necessity of raising steam for this purpose during the summer weather.—Free Press.

AN EXAMINATION TEST.—Business was at a stand-still yesterday afternoon during an exhibition given by representatives of the fire engine manufacturing company of Brussels, of the working of one of their machines. The test was a most satisfactory one to the advocates generally of the fire engine scheme, but it is doubtful whether it had any effect on those who favor the waterworks. The fact that though it had been represented that the engine could be drawn by ten boys, it took thirty-one to drag it up Main street, goes to show that one of the principal objections urged against the engine scheme is well founded.

DOMINION INDUSTRIAL EXHIBITION.—We have received the programme of this exhibition, which will be held at Toronto from 5th to 17th September. It will be the greatest jubilee celebration of the year. Over $30,000 will be offered in prizes. There will be drill exhibitions by various societies, brilliant illuminations nightly with 200 electric lights, Chinese lanterns and colored globes, the electrical railway will be in operation, there will be trotting and running races in the ring, magnificent fine art exhibitions, live fish, reptiles, &c. General admission 25 cents. An extra grand programme of special attractions will be prepared.

A MONSTER HORSE.—Mr. W. T. Lundy, of the 4th line east, claims to be the owner of the highest horse in America, if not in the world. The animal is three years old, and stands 20 hands high. He is from old Conqueror, and is in rather poor condition at present, but his owner expects that when well developed he will stand 21 hands high. He was shod by Mr. Bailey, of Mayfield, yesterday, the four shoes aggregating 21½ lbs., or a little over 5¼ lbs. each. Mr. Lundy will exhibit the horse in Brampton on Saturday, August 20th, immediately after which he will take him to Prospect Park, New York City, and undertake to satisfy the curiosity of the historical blow-hard Yankee.—Conservator.

THE RESULT OF A BASEBALL MATCH.—On Saturday afternoon Mrs. Harper, of the east end, called on her neighbor, Mrs. Robert Armstrong, and found her and her husband at home. A discussion arose among the three about the Campbellville-Burlington baseball match, which was going on at the time. Bob backed Burlington and Mrs. Harper Campbellville. Bob called Mrs Harper a "—— black English ——," and Mrs. Harper called Bob an "Irish son of a ——." Bob knocked out three of Mrs. Harper's teeth and Mrs. Harper laid an information before Mayor Hannant, charging Bob with assault and battery. Bob was arrested, kept in jail over Sunday, and on Monday morning was brought before Mayor Hannant and magistrate Smith. The above account of the row came out in evidence and Bob was committed for trial without bail.

SAD ACCIDENT ON SUNDAY.—Last Sunday week about noon Miss Langrill, of Knatchbull, and Mrs. Jno. Stephenson and her little daughter Clara were driving to Knatchbull, when the horse was stung by some insect and became unmanageable when near their destination. The carriage was upset and the occupants thrown upon a pile of stones. Miss Langrill was badly shaken up and her left hip joint was severely injured. Mrs. Stephenson escaped with slight injuries, though several painful bruises were received; but her little daughter, about four years of age, sustained a compound fracture of the right thigh, the broken bones protruding through the flesh and even through one of her undergarments. Dr. Lowry was summoned and reduced the fracture, and the little sufferer was removed to her home on Monday. The Dr. pronounces it a serious injury, but considering the youth of the patient, fully expects to be able to restore the use of the broken limb. Miss Langrill is still confined to her bed.—Free Press.

GREAT
Saturday Sale!
THIS WEEK AT

BARN BURNED IN NASSAGAWEYA.—A frame barn belonging to George Easterbrook, 3rd concession of Nassagaweya, was struck by lightning Friday evening, 12th August, and with its contents was entirely destroyed. Two men were in the structure at the time the lightning struck. They ran out and found the building in flames. They had hard work to get a team of working horses out of the stables—the only animals in the building. The building, with thirty tons of hay, nearly three hundred bushels of wheat, a large quantity of peas and barley, and a number of implements, was burned down in an incredibly short space of time. Mr. Easterbrook intended to thresh on Saturday, the barn being filled to its utmost capacity. His new self-binder had been borrowed by a neighbor in the morning, else it would have been burned too. The loss will be between $1,500, and $2,000. There is no insurance.—Free Press.

SCOTT ACT TRIALS.—On Saturday the 13th August, the "dive at the corner," as "Gallaher's" whiskey shop is called was up before P. M. Young, at the town hall, to answer a charge of violation of the Scott Act. Neither "Gallaher" nor any of his confederates appeared. One witness was called and he swore to having received four glasses of whiskey from "Gallaher." The case was adjourned and will probably be heard at Oakville this week. Cases against two local hotels were also adjourned. "Gallaher's" dive is the first of the kind Acton has had during the six years since the Scott Act came into operation, and there has been more drunkenness on the streets during the past week than has altogether disgraced Acton during all the previous years under Scott Act regime. We understand there are a number of charges against the place and no doubt it will ere long be summarily "pulled" and perhaps "Gallaher" and his pals will find themselves boarding at the county's expense.—Acton Free Press.

BASEBALL.—The match at the agricultural grounds on Saturday afternoon between the Campbellvilles and Burlingtons attracted a large crowd. At first the two teams appeared to be pretty evenly matched, but after Cole, the Burlington catcher, got his hand hurt and had to change places with another fielder, the Campbellvilles had a picnic, as Robinson, who is a good pitcher, from lack of support behind the bat, lost his effectiveness. Mr. Jos. Moat, late umpire for the Red River Valley (professional) League, umpired the game. He is thoroughly up in his business, and by his prompt decisions and excellent judgment managed to satisfy both teams, something that is not done every day by baseball umpires. Campbellville won by 33 to 14 with an inning to spare.

RUNS EACH INNING.

Campbellville	2	0	6	1	4	10	8	7	*	—33
Burlington	0	0	0	3	3	1	0	0	7	—14

In the third inning Smith and Currie, the Campbellville battery, distinguished themselves by blanking the Burlingtons, though the latter got their first striker as far as third base before a man was put out, the three following him going out on strikes.

Shirts, Ties, Collars and Cuffs, all the leading styles, cheap at Treble's, cor. King & James Sts., Hamilton.

KILLED ON THE ROAD.—Yesterday morning the way freight going north on the Northern & Northwestern Railway had on board, as brakeman, a young man named Walter Scott, who was then on his second trip in that capacity. He was a fine, good-hearted, steady fellow, and in the short time that he had been on the road had made himself a general favorite. When just a short distance north of Milton, between 8 and 9 o'clock yesterday morning, the conductor felt the caboose give a sudden jump. As quickly as possible he had the train brought to a stop. Brakeman Scott was missed before this was fully accomplished, and when they backed down a little piece they found the body of their fellow trainman lying on the track, cut and mangled and bleeding. Two or three cars had passed over him, cutting both his legs almost off and crushing his head. Death must have been instantaneous. Deceased came here from Ellicottsville, New York State, only a short time ago, leaving a wife and one small child there. He was very well connected, his brother being County Judge there. The body was sent back to this city and taken charge of by Mr. Pray, undertaker. Word was sent to his brother and to his wife, and word was received from his brother that he would come here to-day to take the body home. Scott was a member of the Northern Railway Provident Society and of the Masonic fraternity. His Masonic brethern in this city will look after whatever funeral preparations can be made here. Just how the unfortunate man came to fall from the cars is unknown, but it is supposed that while stepping from one car to another he became dizzy and lost footing.—Spectator, Aug. 12.

MOTHERS!
Castoria is recommended by physicians for children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation regulates the bowels, quiets pain, cures diarrhœa and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mothers' friend. 35 doses, 35 cents.

Patrick Reilley, of the sixth concession of the township of East Flamboro, lost a valuable mare on Monday morning under very peculiar circumstances. The mare and her colt were pasturing in a field surrounded by a high stump fence, and the colt cleared the fence and got into another field. The anxious mare (which was a blood one and valued at $300) tried to follow the colt, and in jumping the fence became impaled on one of the sharp roots of a stump. She struggled until her body was extricated, but as she advanced towards the colt her entire entrails were drawn from the terrible incision made in the abdominal cavity. After proceeding about ten yards the mare dropped dead.

A CARD.
To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Station D, New York City. 12-1yr.
