INCENDIARISM.—An incendiary broke into the paint shop of Mr. Hall, of Burlington, at 3 a. m. on Sunday and set it on fire. Mr. McGee, who with his mother and sister live in the building, gave the alarm and the fire was put out after injuring some stock. Mr. Hall is a Scott Act man and the Burlington prohibitionists are trying the game of accusing the Antis of incendiarism.

THE GUELPH JUNCTION.—Work on the Guelph Junction Railway is progressing most favorably. It is the intention to have all the grading and bridges built this fall from Campbellville to Goldie's mill. There is no difficulty about the right of way in Guelph, but as soon as the arbitrator decides the work will be proceeded with, and it is to be hoped that there will be no unnecessary delays in this direction.

WHISKEY AT OAKVILLE.—On Tuesday three men, full of bad whiskey, raised a disturbance in the Oakville agricultural hall where the fall show of the Trafalgar Agricultural Society was being held, and one of them was run in by Chief Constable Sumner. As the man was being arrested his coat was thrown back, exposing a quart bottle in his pistol pocket containing a beverage which, if Beak Young is to be believed, has long been almost unknown in Oakville.

RELIEVED OF HIS MONEY.—A young man named Ferguson, who has been employed on a farm near Milton, got drunk in the east end dives on Saturday and continued his spree during Sunday. On Monday morning, being still drunk, he was run in by Chief Constable Bradley and on Tuesday he was brought before Mayor Hannant. He admitted the truth of the charge laid against him by the chief, and stated that while drunk he had been robbed by the frequenters or keepers of the dives of $55. As his spree had cost him so heavily he was let off on promising to leave town. He was however, allowed a few hours' grace to look for the stolen money.

THE PEPPER CASE.—The charge of assault laid by Mrs. Perryman, of Silver Creek, against Didn't-know-it-was-loaded-Creek, Inspector Brothers and Detective Harley was tried before W. H. Storey, Esq., J. P., assisted by Messrs. Allan, Fyfe and Hall, J. P.'s, at Acton, on Saturday and was adjourned till next Saturday. P. M. Young was not allowed to interfere, as he threatened, with the administration of justice in this case, having "changed his mind" when sat on by Mr. Storey and the Attorney-General.

THE RIGHT OF WAY.—A farmer of Nassagaweya, is somewhat insensed at some parties in connection with C. P. R. right of way purchase. The line passing through his farm will have three sharp corners which it will be impossible for him to plow. He naturally asked for remuneration for the land which was practically useless to him, when he was informed that if he desired to till it he could dig it with a spade. The farmer thought there might be some logic in the reply, but considered that it was hardly in keeping with the age to go back to this primitive method of agriculture.—Mercury.

A DISTRESSING ACCIDENT.—While assisting Mr. James Sayers, lot 17, con. 7, Nassagaweya, last Friday, in pulling stumps, George Flynn, son of Mr. Martin Flynn, met with an accident by which he lost a finger and will be unable to resume work for some weeks. The stump machine was in operation and one side of a heavy stump was raised several feet and the young man was working under the side of it when the chain broke; the stump came back to position, and the lever of the machine struck him across the left hand, completely severing the fore finger and burying itself in the palm of the hand. Dr. Winn was called and dressed the injured hand, several stitches being necessary. The wound is very painful, but is slowly healing.—Free Press.

SCOTT ACT APPEAL CASES.—The appeal case of William Pitman, hotelkeeper of Georgetown, was heard at Osgoode Hall, Toronto, on Tuesday, before Judge Galt, who reserved his decision, and who during the examination remarked that the police magistrate of Halton did some very curious things. Mr. Shilton, of Georgetown, for appellant; Mr. Dolemere contra. The Wattie case will be heard tomorrow. The decision was given in the Pitman case yesterday, quashing the conviction, and the prisoner was released this morning. He says that he was very comfortable in jail and that the man who pays $100 to escape two months' imprisonment for the violation of the Scott Act is an idiot. Our learned and impartial police magistrate has had rather hard luck with his convictions of late.

THE RIFLE.—The annual matches of the 20th Lorne Rifles were held at Georgetown last week. Owing to a dense fog, shooting was found to be impossible on Friday, the day advertised for the meeting, and competitors had to remain over until Saturday, when firing commenced at 7 a. m. The attendance was not as large as it might have been, but the unfavorable weather may have had something to do with this. The scores, taking into consideration the baffling winds, rain and bad light, were very creditable. The Martini match was shot late in the day. It was almost dark when some of the competitors fired, and for this reason the scores, except that of Capt. Moore, were much smaller comparatively than those made with the Snider. In this match there were only eighteen competitors, and as there were as many prizes, the last man on the list got there with a score of seven misses. The arrangements for the carrying out of the matches were most creditable to the council of management and range officers and gave general satisfaction.

Streetsville Review.

The first prize (at the Brampton fair) was given to Brampton, Streetsville securing second, and Milton took third place. It seems to be a failing of Brampton to resort to unfair means in accomplishing her purposes. Competent judges say that Streetsville band can play all around the Brampton band.

"NEVER TRIED IT."

What! Never tried Johnson's Tonis Bitters! Then do so at once, it's positively the best general tonic on the market. I've often heard of it but thought that it was to be placed on the list of the many trashy preparations that flood our market, but since you recommend it so highly i'll give it a trial. Do so; it's good for any complaint in which a tonic is benefit, and can be taken by man, woman, or child, 50c. and $1 per bottle at H. Watson's drug store, Milton.

Reports from Lewis and other parts of the Highlands declare that the Crofters are on the verge of starvation. The local authorities are unable to accede to the Government demand that they join the Canadian companies in the guarantee for the proposed Imperial colonization loan. The landed proprietors are believed to be willing to take up the guarantee in order that a large emigration of Crofters to the Northwest may take place next spring.

ESQUESING FAIR.—Miltonians who attended the fall show of the Esquesing Agricultural Society at Acton yesterday, say that it was by long odds, both in attendance and in the display of farm productions, stock, &c., the best ever held in the township.
