HALTON FAIR.

The wet weather of last Thursday and Friday interfered greatly with the success of the county fair. The exhibit, however, was excellent, fully up to the average in nearly all classes, while in fruit it was probably the best on record for the county. The band competition was a feature, the music being of a better class than that discoursed by the bands of former years, and the awarding of the prizes gave general satisfaction, which was something unusual. Though the attendance was smaller than usual it was very good and the receipts at the gate were sufficient to pay the prizes. Owing to want of space we are unable to give the fair as full a report as we otherwise would. The following is the prize list:
