THE CANADIAN CHAMPION

MILTON, MAY 31, 1888.

GEORGETOWN'S council wants only three licenses issued for that village when the Crooks Act goes into operation, and Acton council will be satisfied with two. Three hotels in Georgetown and two in Acton will be quite sufficient for the accommodation of the travelling public, and the commissioners should not license any more. Milton's council has not yet been heard from, but three licensed hotels ought to be enough for the town.

THE vote on the repeal of the Scott Act in Stanstead, Que., took place yesterday, and the good news comes this morning that the Act was defeated by a majority of 160. The Act was first voted on in Stanstead in 1880, when it was defeated by a majority of 181. In 1884, however, it was carried by a majority of 325. The good example set on the 1st March by Halton, the banner temperance county of Canada, seems likely to be followed wherever a vote is taken on the Scott Act.

THE Free Press complains that there is a great deal of drunkenness on the streets in that village nowadays. Our "temperance" contemporary should be careful how it throws stones at the Scott Act which is still just as much in force in Halton now as it was a year or two ago when it was the practice of prohibitionist orators and newspapers to assert that it had almost banished drunkenness and crime from Halton and to abuse the CHAMPION for occasionally writing up the drunken orgies that have been so frequent here for the past six years of Scott Act regime. The Free Press may expect to be accused of slandering its own village and to be called "a dirty bird that fouls its own nest." It may count on the sympathy of the CHAMPION, however.

THE Revised Bible, over the preparation of which the ablest men of the British and American churches spent their time and talents, is making very slow progress in supplanting the old King James version. It is a students' rather than a people's book. The action of the General Assembly of the Presbyterian Church of the United States in declining to sanction its use in public worship is only one of the several evidences of this fact. Such large bodies, of course, move slowly, but in this matter they are apparently not behind the mass of churches, the testimony of booksellers being that there is no popular demand for the revised Scriptures either of the New or Old Testaments, the sales of the old version exceeding those of the new.

EVERY adventurer nowadays who has lung power and cheek and who can manage to get up an address or two on temperance or religion is always sure of finding plenty of good people ready to lionize him, let him occupy pulpits in their churches, and give him money. No credentials as to good character are required. Indeed the worse the fellow can show his past life to have been the better he will draw, and as long as he professes conversion it matters little how inconsistent with his professions his conduct may be. The case of the pretended ex-monk Widdows, who held forth to large audiences from many Canadian pulpits after he had served a sentence at Toronto for an abominable crime, and who has lately been convicted in England and sentenced to ten years' penal servitude for a repetition of the same offence, is a notable one, and ought to be a warning; but it won't. We venture to say that were Widdows's second term of imprisonment ended and were he to come back to Canada in the roll of an evangelist or a "temperance" lecturer he would find as many dupes as ever.

"THE Canada Temperance Amendment Act," passed last month at Ottawa, provides that when any petition for the revocation of an order in council for the bringing into effect of the second part of "The Canada Temperance Act" "has been heretofore or is hereafter adopted by the electors of the county or city named therein," the Governor in Council may at any time after the expiration of thirty days (instead of sixty days as formerly) from the day on which the same was so adopted, by an order in council published in the Canada Gazette, declare that the second part of the Act shall no longer be in force. Under this amendment it is now open to the Government to declare the Scott Act repealed in those counties which voted on it on the 19th April, as well as in Halton, where it was repealed considerably more than sixty days ago. The Government organ yesterday contained the welcome news that immediate action would be taken. This is what the Empire's Ottawa correspondent says:

"It has been decided to issue forthwith a proclamation declaring at an end in those counties where the Scott Act was recently repealed the Order-in-Council declaring the Act in force. This will, therefore, permit the issue of licenses forthwith, if being understood here, although the period for granting licenses is passed, that Mr. Mowat has made some arrangement to meet the wishes of the people of the counties who have recently decided in such an emphatic manner against the Act."

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

A Sunday Circus in a Scott Act Town.

(Guelph Mercury.)

A drunken man created a sensation in the Presbyterian church, Mount Forest, last Sunday. During the service he rushed up the aisle, blood streaming down his face and was up in the pulpit talking to the pastor before the sexton could stop him. He was immediately conducted out of the church and Dr. Meikle summoned from the congregation to dress his wounds. He had got into a row in the McQuillan house and was struck over the head with a poker, inflicting a deep and ugly gash. How he came to the church is hard to understand.

AN ANSWER

TO THE PRESENT WAR SCARE IN ENGLAND.

Who says that Britain's noon is o'er?
That British valor's fled?
Who says that Britain owns no more
Such blood as once she shed?
Let fools who bear our country ill,
Defame her as they may,
But Britons now are Britons still,
And shall be so for aye.
Then give a cheer for England,
For honest, valiant England,
Though much she loves her ledger lore,
But oh she loves her honor more.
Hurrah, hurrah, for England,
And the flag we all adore.

Who says the world may wrong her now,
Nor fear to meet its due?
The bane of war she nobly shuns
For men and Him on high;
But rouse her—oh! the British guns
Will thunder back the lie.
Then give a cheer for Scotland,
For brave, for bonnie Scotland,
The land that bred a Bruce of yore,
That glorious Colin Campbell bore,
Hurah for Scotia and the flag we all adore.

The blood we shed like heroes true,
In many a bright campaign—
At Inkerman and Waterloo,
And 'midst the fields of Spain,
Such blood is still in British hearts,
As brave, as true, as then;
When honor calls, the lion starts,
And Britain's up again.
Then give a cheer for Erin,
For brave old dauntless Erin,
In many a gallant scene of yore
The foremost flag that Britain bore
Was carried by an Irish hand; an Irish regiment o'er.

Georgetown, May 26th, 1888.

Finance Minister Foster.

Hamilton Times.

Wha the de'il dae ye think we have gotten for a King, But a wee, wee German lairdie?

George Eulis Foster for Minister of Finance! The same Professor Foster who used to preach prohibition in Hamilton and surrounding country, under instructions from D. B. Chisholm! The same Professor Foster who used to profess great concern lest the opposition of leading Reformers to the passage of the Scott Act should prove hurtful to the Reform party. When his Scott Act job gave out, Prof. Foster went to New Brunswick and ran for Parliament as an Independent, against Mr. James Domville, Conservative. Once elected, Mr. Foster's Independence vanished into thin air, and as an out-and-out Tory he so commended himself to Sir John Macdonald that he was called to the Cabinet and made Minister of Marine and Fisheries. The appointment was regarded as a joke. The chief Tory organ could say nothing better in defence of it than that, Prof. Foster being a Baptist, it is fitting that he should have control over the waters. And now the man is Minister of Finance. He holds the position in the Cabinet next in importance to that of the Premier. The mantle of Tupper has fallen upon him. The fate of trade and commerce is in his hands.

The temperance people have found out long ago that the elevation of one of their leaders to the second highest position in the Cabinet was not calculated to advance their cause. Sir Leonard Tilley was a great temperance advocate and prohibitionist. Even Tupper was a total abstainer. Foster only a few years ago was most severe upon men who put any ordinary political issue ahead of prohibition when deciding how to vote. But Foster in office will do as Tilley did; he will figure out how to get the most revenue from taxes on whiskey, beer and wine, without drying up the source of supply. In office, he will wait for public opinion to drive him, though out of office he was quite ready to lead public opinion on the road to prohibition.

When Professor Foster was making a frugal living by lecturing on prohibition, he used to profess great sympathy for the poor, especially for those whose poverty and sufferings were directly traceable to indulgence in strong drink. He studied the question closely enough to know that the use of intoxicants is as often an effect as a cause of poverty. When men and women work hard and long for such poor pay that their incomes do not suffice to provide them with proper food, clothing, fuel and shelter, they are prone to drown their trouble by the use of stimulants.

THE QUEEN'S BIRTHDAY.

Though some Miltonians went to Toronto and elsewhere on Thursday the great majority of the people of the town remained at home, the members of the band having made arrangements for a grand celebration of the day, the first since the advent of the Scott Act, over six years ago. By nine o'clock a large crowd of pleasure-seekers had collected and the programme opened shortly afterwards with a procession, headed by the band, and the Omagh and Lowville base ball clubs, marching through the streets and proceeding to the agricultural grounds, where the baseballists played a match, the score of which appears elsewhere. Another similar procession took place about noon, followed by another base ball match the report of which we also publish. Next was a lacrosse match played between a team from the Maitlands of Toronto and the junior twelve of the Milton Olympics. The match was a hard-fought one, lasting nearly three hours, the Torontonians winning by 4 goals to 1. Following is the prize list of the foot races and other sports:—

100 Yds. Race—7 entries, 1st, Thompson of Glenwilliams; 2nd, Clark of Toronto.

200 Yds. Race.—8 entries, 1st, J. Thompson, 2nd A. J. Knight of Toronto.

One Mile Race—2 entries, 1st, Vair; 2nd, Calvert.

Boys' Race, 100 yards—6 entries, 1st, Smith of Acton; 2nd, G. Watson, Milton.

Farmers' Race, 100 yards—5 entries, 1st, Moore of Oakville; 2nd, Fred Tuck of Trafalgar.

Pipe Race—6 entries, 1st, Bell of Acton; 2nd, Minchin, Omagh.

Throwing Baseball—11 entries, 1st, Dalton, St. Anns, distance 107 yards; 2nd, J. McDonald, Morden, Man., formerly of Scotch Block, 103½ yards.

Half Mile Race—8 entries, 1st, Clark; 2nd, Vair.

Quarter Mile Race—8 entries, 1st, Thompson; 2nd, Mitchell.

Obstacle Race—4 entries, 1st, Fred. Tuck; 2nd, Thompson.

Throwing Lacrosse Ball—2 entries, 1st, Jarvis Dewar; 2nd, Vair of Toronto.

The promenade concert in the evening was also given in the agricultural grounds, and it attracted a very large crowd, who were delighted with the selections played by the band, under the leadership of of Prof. Roblin, and the music of the Milton orchestra, led by the same gentleman, as well as with the vocal solos and choruses contributed by leading local amateurs. The evening's entertainment concluded with a beautiful display of fireworks, managed by Mr. H. H. Freeman. The members of the managing committee are to be congratulated on the efficient manner in which they carried out their programme and on its financial result, $192 clear of all expenses, a most welcome addition, to the funds of the band.

BASE BALL.

Bronte and St. Anns base ball clubs played a match at St. Anns on the 24th of May, resulting in a victory for the latter club by a score of 20 to 1. The Oakville will have to keep their eyes on that cup they won, as the St. Anns boys are after their scalps.

On the 24th inst. the Canadians, of Toronto, beat the Georgetown team on the grounds of the latter. Score, 25 to 15.

The baseball match between the Oakville Stars and Acton Pastimes, played on Thursday at the agricultural grounds for the championship of the county and the handsome silver cup offered by the Milton band, was something of a surprise. The Actonians were apparently the heavier team, and from their display in their preliminary practice were the favorites among the sports, and backers of the Stars were few. By the end of the second innings, however, the tables had turned completely and the Oakville boys had the call. The curves of the Oakville pitcher, who was well supported behind the bat and in the field, were a Chinese puzzle to the Acton sluggers, among whom there were no less than ten cases of strike out. Only five of the Stars, on the other hand, "fanned the air." The first Acton twirler was pounded out of the box, and his successor fared no better, two and three baggers were common, and one Oakville "kid" banged the ball on the nose for a home run. On account of the roughness of the ground the score was larger than might otherwise have been, the Stars winning by twelve runs, with an inning to spare. The umpiring of Mr. Joseph Moat, last year one of the umpires of the Red River Valley League, was first-class and there was no "kicking." The score:

To the Base Ball Column of the CHAMPION:—

A game of base ball was played on the Omagh grounds between Scotch Block and Omagh clubs on Saturday, 26th May, resulting in a victory for the Block club by a score of 15 to 4. The fielding of the home team was very good, but the Norval pitcher did good work for the Block, striking out nine men. The Omagh pitchers also did very good work, striking out six men. The score is as follows, by innings:—

The Omagh and St. Anns clubs will play on the agricultural grounds on Saturday afternoon.

LACROSSE.

The first twelve of the Milton Olympics went to Brampton on Thursday to play one of the scheduled games of the Central District of the Canadian Lacrosse Association. The boys had rather hard luck. They were unable to get out their strongest team and were beaten four straight games, their opponents playing their usual good game. The result of the match has apparently been too much for the sporting reporters of the Brampton Times and Banner, who have troubled with "big-head" ever since, and according to whom the performance of the local team was something wonderfully scientific, while the visitors depended altogether on main strength and awkwardness. The Times and Banner are commencing their crowing rather too early in the season. Their team hasn't won the championship yet.

At Georgetown on the 24th the Ætnas, of that burgh, defeated the Crescents, of Acton, 4 games to 1.

At Milton on the 24th, the Maitlands, of Toronto, defeated the local junior twelve 4 goals to 1.

LACROSSE.—The home team will play the Young Ontarios, of Toronto, on the Agricultural Grounds on Saturday afternoon next. This will be the second contest in this district for the Olympics and the team are practising hard to be in condition for the match. The team will be chosen from the following players: R. Brush, J. Bradley, M. E. Mitchell, H. H. Watson, J. Little, G. Little, W. May, M. Brush, F. Smith, S. Hannant, J. Hannant, C. Burrows, J. Ford, W. F. Dewar and Jarvis Dewar. Ball faced at 4 p. m. Admission 10 cents.

OREGON AND WASHINGTON.

No section of the country is to-day attracting as much attention as Montana, Oregon and Washington; Montana, because it now ranks first in the production of precious metals; Oregon, because of its rich valleys, and Washington Territory by reason of its mild climate, timber, coal, minerals and wonderful production of fruits and cereals. The rapid growth of Spokane Falls, with a water power exceeding that of Minneapolis; Tacoma, on Puget Sound, the terminus of the Northern Pacific Railroad, with 12,000 inhabitants; Seattle, 30 miles distant, an energetic and thriving city, mark this section of the Pacific Northwest as one that offers peculiar inducements to those seeking new homes.

By writing Chas. S. Fee, General Passenger Agent, Northern Pacific Railroad, St. Paul, Minn., he will send you illustrated pamphlets, maps and books giving you valuable information in reference to the country traversed by this great line from St. Paul, Minneapolis, Duluth and Ashland to Portland, Oregon, and Tacoma and Seattle, Washington Territory. This road, in addition to being the only rail line to Spokane Falls, Tacoma and Seattle, reaches all the principal points in Northern Minnesota and Dakota, Montana, Idaho, Oregon, and Washington, possesses unequaled scenic attractions, as well as superior train equipment, such as dining cars, and colonist sleepers for the use of intending settlers, neither of which conveniences are to be found on any other line sticketing business to the States and Territories named. 47-10ms.

OLD DR. CHASE'S NEW RECEIPT BOOK.

His Last & Crowning Life Work.

Dr. Chase's Third, Last and Complete Receipt Book and Household Physician, or the Book for the Million, contains nearly 900 pages and sells for $2.25 in cloth binding and $2.50 in imperial oil cloth, marble edges, and is justly by him called

THE CROWNING WORK OF MY LIFE.

It is the result of over a half a century's observation study and experience. Yet this cubes its no compilation of his former books. It is wholly a New Book. If 30 years ago he could produce a book that has had the sale of over fifteen hundred thousand copies, and has made his name familiar in nearly every English-speaking home in the United States, Canada, and thousands of homes in Europe, Australia and South America, what kind of a book could or would he produce as his Crowning Life Work, with more than thirty years of additional practice and experience? The book itself answers the question, and is the most valuable production in the history of book publishing.

CAUTION! Unscrupulous and pirating publishers are attempting to copy this book by taking portions of it out and palming it off on the public as the complete work. We own the manuscript purchased from Dr. Chase's heirs. See that you get the Genuine book. See that it has our name on the title page and is copyrighted by us.
