Accident.—Miss Minnie Nickell, daughter of Mr. Jas. Nickell, of Esquesing, was out for a horseback ride, when the horse stumbled and pitched her clear over his head. The report is that Miss Minnie's ear was almost completely severed. Exactly how it happened is not known, but she must have either fallen on her side or have been dragged along on the ground for some little distance. The wound was attended to, the ear placed in its former position and sewed, and the doctor is doubtful as to whether it will ever reunite in such a way that the unsightly scar of the very ugly wound will remain.

She was arraigned before Mr. Miller on Monday last and pleaded not guilty. Wednesday next is fixed for her trial.....On Tuesday W. C. Adair was also committed for trial by Mayor Robertson for assaulting his wife on Friday night last. It appeared by the evidence that he was under the influence of liquor and about 12 o'clock at night Mrs. Adair prepared his supper and was standing at the table when he picked up a chair and threw it at her, striking her on the head. Mrs. Adair was confined to her bed for two or three days, and left town on Tuesday morning, it is said, for Whitby. Adair has been drinking heavily for months, despite prohibition nor license restraining him. Some months ago under the Scott Act, he assaulted a clergyman who went to his house to baptise his child, and a constable had to be called in to look after him.

Church Reopening.—The Methodist church in the village of Kilbride has recently undergone extensive alterations and improvements. A commodious schoolroom has been erected in the rear of the church, but so arranged that the two buildings may be turned into one large audience room. The church proper has been seated with handsome new pews, and beautifully prepared and painted, both inside and out. It is now one of the prettiest and most comfortable churches to be found anywhere in this part of the country. The reopening services were held on Sunday last. The delightful weather and good roads contributed towards making the services a great success. Very large congregations attended, the church being crowded to its utmost capacity both morning and evening. Rev. A. C. Crews, of Hamilton, preached in the morning, and Rev. David Hunt, of Millgrove, in the evening. The Carlisle choir led the singing. The total cost of the improvements is about $1,000, a large portion of which has already been provided for. The congregation is prospering greatly under the able ministry of Rev. G. Fergusson.—Spec.

A West Flamboro' Man's Success.—In its biographical sketches of Manitoba's recently elected M.P.P.'s, the Winnipeg Sun says:—Mr. F. W. Colcleugh, M.P.P. for St. Andrew's, was born in West Flamboro' village, county of Wentworth, in 1845. He is a son of Mr. Walter Colcleugh, general merchant, of that place. Was educated in Flamboro' and Dundas, and was articled as a law student to Mr. O. J. McKay, of Picton, county of Prince Edward, in 1860. Mr. Colcleugh abandoned law and took to mercantile pursuits in 1862. He was married to Miss Nichiol, of Cumminsville, county of Halton, in 1865. Mr. Colcleugh came to Manitoba in 1875 and engaged in the mercantile business in the town of Selkirk. When the town was incorporated he was elected Mayor by acclamation. In 1886 he was again elected to that position. Mr. Colcleugh unsuccessfully contested St. Andrew's constituency against ex-Premier Norquay in 1886. At the last general election he was elected by acclamation. In politics the representative of St. Andrew's constituency is a Liberal. He gives the Greenway Administration an independent support.

Mr. Henderson, the Conservative candidate in the contest for member of the House of Commons for Halton, in a letter written by him to the Executive Committee of the Halton Alliance, pledged himself to support the platform adopted at the recent prohibition conference at Montreal and "to unite with other prohibition members to secure the adoption of a definite resolution in favor of the total prohibition of the liquor traffic and the embodiment of the same principle in law." Mr. Waldie, the Liberal nominee, refused to similarly pledge himself. The result was the defeat of Mr. Henderson, who only a few months ago, when he ran in a straight political contest, unhampered by any prohibition foolishness, carried the county by a majority of 147. His fate will be a warning to parliamentary aspirants generally who may be expected, in future, to fight shy of the Montreal platform.

AFTER THE VOTE.

After the returns of the voting had all been received last night, there was a large gathering of voters in the town hall, where Dr. Robertson, ex-P. P.P., and President of the Reform Association, took the chair, and after delivering a speech on the favorable result of the contest to the Liberal party, introduced Mr. Colter, ex-M. P. for Haldimand, John White, ex-M. P. for Halton, Lt.-Col. Campbell, of Nelson, W. H. Lindsay, of Milton, and Mr. John Waldie, M.P., all of these gentlemen delivering addresses which were received with great enthusiasm. The Milton brass band was present and played selections at intervals. Beyond this there was no demonstration, there were no bonfires, no drunkenness was to be seen on the streets, and the general good order throughout the town was in marked contrast with the riotous proceedings on the evenings of the two proceeding parliamentary elections which were held while the Scott Act was in operation. Under license last night the bar rooms were all closed, and as the old-time Scott Act dives were no more, there was no illicit sale of intoxicants. Halton may well congratulate herself on the repeal of the demoralizing Scott Act.

One of the great attractions of the Irish Exhibition in London is Edward Hogan, the Irish piper. Hogan has but one competitor for the high honor he holds of being chief piper in Ireland, and that honor he modestly gives to his own brother. The pipes in his hands sound an entirely new depth and breadth of harmony, and thousands are delighted both with the instrument and the artist.

DIED.

Ellis—On Thursday, August 2nd, 1888, Mrs. Ann Ellis, widow of the late James Ellis, of Palermo, formerly of Milton, aged 53 years.

In a divorce suit, decided in Newark on Thursday, Mrs. McLaughlin, who brought the suit, testified that her husband had the greatest dislike for his mother-in-law. "On one occasion," said she, "he called my mother an old bald-headed gray eagle, a cat and a catamount that would set fire to a barn and then steal out the eyes of the roasted horses to sell for cat's eye jewels." She got her divorce.

The New York Herald discussing the facilities now afforded by the C. P. R. for direct trade with Asia, remarks:—"When we consider that a cargo can leave Southampton for Hong Kong, thence to British Columbia, and taking rail to Quebec, again by the sea to Southampton, we realize that an Englishman can go around the world under his own flag, taking the shortest and most direct route, stopping nowhere but on British soil. This is the realization of an imperial dream grander than was ever conceived by Cæsar or Napoleon."

A duel between two French women was fought on Monday, near Cannes. The cause was a dispute over a young man who had been paying attentions to both of them. These fair Amazons determined to settle the matter on the field of honor. Challenges were sent and accepted. The fight took place just at daybreak, the weapons were pistols and the distance 30 paces. At the first fire one of the combatants was severely wounded in the chest while the other received a bullet in the arm. The greatest secrecy has been thrown over the affair.

Mount Pleasant, Mich., Aug 20.—During a thunder storm the house of Wm. Johnson, one and a half miles west of Calkinsville, was struck by lightning. Mrs. Hugh D Johnson, who was there calling, was sitting in a chair. She was struck on the shoulder, the bolt passing down her spine to the right hip, then through the chair to the floor. It stripped her of her clothing and burned her flesh as if it were a red hot iron, making a bad laceration of the hip. At first she was thought to be dead, but is living, though suffering untold agony. She is still so charged with electricity as to cause a shock to any one touching her. Mrs. Wm. Johnson was also struck on the shoulder, but not so badly injured. Two children of William Johnson, one on the others lap, were knocked clear across the room, but not seriously injured.

Chicago, Aug. 18.—The latest novelty in the Chicago criminal record is a trio of female sandbaggers. Early this morning Minnie Daley, a noted pickpocket and shoplifter, and wife of an expert burglar, accompanied by two other women well known to the police, stopped a well-dressed gentleman in front of the Brevoort house on Madison street and attempted to rob him. Two of the women grabbed him while the third struck him several times in the face with a pair of brass knuckles. The man shouted for help and an officer heard him and went to his rescue. At the sight of the officer a cab driver threw two of the women into his cab and started away at a rapid pace. Minnie Daley made her escape through an alley. The officer followed the cab and ordered the driver to stop, but he refused. The officer finally got into a buggy and caught the cab at the corner of Canal and Adams streets. The women and the driver were placed under arrest and locked up at the armory. On the way to the station the two women pulled out a large roll of money and offered the officer $100 to allow them to go free, but it was refused. The man who was assaulted was not seriously injured.

A most extraordinary application of a very unjust law of the State of New York was made the other day. One Joseph Weber was, when but a boy, sent to the Elmira reformatory, and was kept there till he reached the age of 21 years. Six years ago he was released, and has since led an exemplary life. He recently fell in love with a respectable girl, and made arrangements to marry her. Under the law, it seems, the reformatory authorities have a supervisory power over those who have once been under their charge up to the age of 30 years. Word was sent to the Elmira officials that Weber was going to be married, and the unfortunate young man was arrested, taken before a judge, and ordered back to the reformatory. A law which can be applied in this manner is a disgrace to a civilized community. It would be difficult to find a more flagrant instance of legal injustice, either in the records of the working of the old ticket-of-leave system in England, or in the fictitious history of Jean Valjean, as related by Victor Hugo in his novel "Les Miserables."

The Evening Eye complains that on a recent excursion over the Credit Valley R. R. between Streetsville and intermediate points and Elora the C. P. R. failed to keep faith with the excursionists, having promised a special train for the return trip and eventually requiring them to leave Elora by the regular train at 4.35. We presume the Eye is aware that corporations have no souls, especially the gigantic C. P. R., the management of which is noted for arrogance and selfishness.

First Instalment.—Town Treasurer Irwin has received the sum of $745.38 from the Provincial Treasury, being the first instalment of Orangeville's share of the license fund for the current license year. There were no such receipts as these during the dark and dire Scott Act days. In those times the town was taxed for hummers and parasites and ignorant magistrates. We have the Crooks Act now, and are in the enjoyment of peace and prosperity.—Dufferin Post.

Timely Advice:—An exchange gives this sensible advice: "Farmers who carry insurances on their buildings and crops ought to carefully inform themselves upon the conditions of their policies as to threshing engines now. Many companies require a special threshing license to issue before they will be bound by the policy to pay losses caused by fires which originate from threshing engines, and all require certain conditions to be observed. It is better to be sure than sorry. Look over your policy and see that you are safe."

A mysterious case of illness and death occurred on the farm of Mr. Robert Laidlaw, Oneida township. The other morning the family seemed to be in good health but after dinner all were seized with spasms. Dr. Baxter, of Cayuga, was called in and did everything possible to relieve the sufferers, but the youngest child died on Sunday. The rest of the family are improving. The cause of the sudden sickness remains a mystery. Several theories are advanced, the general opinion being that poision got into some of the eatables, while others state that cholera was the cause.

London, Aug. 19.—After an imprisonment of eleven months and fifteen days Henry Taylor, ex-president of the Ontario Investment Association, was released from custody shortly after five o'clock last evening, and was immediately driven to his home London South, where he was received with great rejoicing by his family. Taylor's wife and son, Ed. F. Taylor, having deposited with Sheriff Glass yesterday afternoon bonds to the amount of $35,000, application was at once made to that officer for his release, and in an hour afterwards Taylor was at liberty. He has greatly changed in appearance during his incarceration, having lost considerably in avoirdupois. It is understood application will be made at Toronto this week for his final charge from the capias.

Six new postal cars, for the service between Montreal, Toronto, and Vancouver, are being built by the Canadian Pacific Railway Company. When finished they will be very handsome. One has been completed and is now doing service, while the five others are soon to receive their finishing touches. There will be sixteen postal cars altogether, ten of which are being reconstructed out of old coaches. It is expected that all the cars will be in running order early in the autumn. In addition to these postal cars, the Canadian Pacific railway are building five new refrigerator cars and twenty conductors' cabooses or vans, commonly used at the rear end of the freight car.

A gentleman who went to Grimsby Camp and was one of the thousands sold by the announcement that Rev. Dr. Talmage would speak there Sunday, says that the price of admission was advanced for the occasion. Ordinarily only 10 cents is charged, but each person yesterday was assessed 15 cents at the gate. Inside the grounds fruit and refreshment stands did a flourishing business and no fakir at a circus could be more anxious to make money out of a good natured crowd than were the parties who dispensed lemonade, cakes, melons, etc. The Times' informant says he paid 75 cents for the feed for two horses, and oats so plentiful and cheap in the country! One water melon, he declared, was cut up into fully fifty pieces and each piece sold at 5 cents. The watchword of the management appears to be "Make hay while the sun shines," and old Sol was out in all his affulgence at Grimsby on Sunday.—Times.

BASE BALL.

The third series of games of H. B. L. were played on Saturday last. A game was played between the St. Ann's and Scotch Block clubs on the Agricultural grounds here. It was fully expected that a closely contested game would have been witnessed, but owing to the fact that pitcher Vance of the Scotch Block team had a very sore arm and was hardly able to pitch the ball after the second innings, and to the catcher getting a finger split, the game became devoid of interest, and was won easily by the St. Ann's club. Score:

St. Anns'..... 0 1 8 6 7 4 8 11—40
Scotch Block.... 4 1 1 0 0 0 0 8— 9

Another game was played at Burlington between the Milton and Burlington clubs. Milton had a weak team, Mr. Storey, their pitcher, being absent, and and Messrs. Brush and Hannant having to play in the lacrosse match here. Burlington team put on their full strength and defeated the Milton club by a score of 9 to 7 in eight innings. The ninth innings was being played, Milton having one run in and men on the second and third bases, with one out, when the train arrived on which they had to leave, and they had to give the game to Burlington. Kenny, the Milton pitcher, did excellent work in the box up to the seventh innings, when his arm gave out, the lake shore boys only making 2 runs off his pitching. The rank decisions of the umpire were not relished by the defeated club, who have entered a protest.

Some Particulars Respecting the Village of Cargill and Its Founder.

The following from the Toronto World respecting Mr. Henry Cargill, M. P., who was for many years a resident of Halton, in the township of Nassagaweya, will interest many of our readers:—

Mr. Henry Cargill, M. P., for East Bruce, owns the bright, busy little village which bears his name, located on the Southampton Branch of the Grand Trunk Railway. It is a stirring place and owes its activity to the energy of Mr. Cargill, whose big lumber mills and sash and door factory are among the largest in Canada. In his mills and factory he employs, all the year round, 250 to 300 men, and draws his supplies from a strip of 12,000 acres of timber lands which he purchased in 1871 from the Government. Some idea may be gathered of the immense business done in the Cargill mills when it is known that the yearly capacity is 5,000,000 ft. of dressed lumber.

This enterprising M. P., in addition to his mills and factory, is the owner of a flourishing flour mill, which turns out 75 barrels daily. It is run by water power, and at present leased by Mr. W. Austin.

Mr. Cargill does not only shine as a manufacturer. He possesses a farm of 800 acres, all under tillage, and in addition has 500 acres of grazing land. He is a successful breeder of fancy stock, his herd of imported and graded stock being a credit to the country. In his large stables are thirty first-class horses, many of them Clydesdales and Percherons. Mr. Cargill's latest addition to this class of stock is the Hurdman team of Ottawa, for which he paid $2,000. His barns are the model of an experienced farmer. Altogether Mr. Cargill has reason to be proud of his enterprise and the citizens of Cargill of their landlord.

Beaten With a Black-Snake.

New York, Aug. 20.—A 14-year-old boy named Joseph O'Brien walked into the Charles Street police station last night and asked for a night's lodging. He told the sergeant that his parents died in Liverpool when he was seven years old. He was then placed in the Kirkdell Orphan Asylum in Liverpool. Soon after the authorities shipped him and fifty others to St. Catharines, Ont. All were put in an asylum there, and afterwards bound out to farmers. He went out to work for a man named Neeson as a cow herder and milker. The lad related a story of fiendish cruelty experienced by him at the hands of Neeson and his wife. He remained with them three years, and frequently his entire body was covered with sores, the results of welts made by a black-snake whip. Eventually two lumbermen interfered and placed him in a hospital. When he left that institution he worked for another farmer. When he had earned $82 he asked for it, but was chased off the farm without a cent. He eventually reached Rochester, where he worked until yesterday. He had $18.50 coming to him, and intends to sail at once for home to see a dying sister, his only relative. In Jefferson Market Police Court to-day the boy repeated his story to Justice Patterson. He will sail for home to-morrow, and in the meantime will be well provided for.

Mr. Peter Ryan, Chairman of the committee appointed by the Irishmen of Toronto to prepare a welcome for the Hon. Edward Blake, has received a letter from Mr. Blake in reply to an invitation to attend the proposed banquet. The hon. gentleman says:—

"I am truly grateful for the kindness which has led my Irish friends to persevere in the flattering proposal notwithstanding my letter of the 2nd ult. But for the reasons referred to in that letter, which still remain valid, I am obliged to ask them to allow me to take the will for the deed and to decline an invitation which I shall always remember with peculiar pride and pleasure. Pray express to them the regret which I feel in being constrained to make this reply, and believe me, faithfully yours,

—Edward Blake."

Executrix Sale

—OF—

Valuable Store Property in the Town of Milton, in the Co. of Halton.

There will be sold in one parcel by PUBLIC AUCTION on the premises hereinafter described at the Town of MILTON, on SATURDAY, AUGUST 25th, 1888, at Three O'clock in the Afternoon, all that valuable property known as

"THE DEWAR BLOCK," MILTON,

and described as follows:

All those certain parcels or tracts of land and premises situate in the Town of Milton, in the County of Halton, in the Province of Ontario, being composed of lots numbers Ten and Eleven in Montgomery's Survey, according to a plan of subdivision of lots numbers twenty-three and twenty-four in Block number Five in Martin's survey of part of the Town of Milton, drawn by Henry Winn, Esquire, Provincial Land Surveyor, dated the twenty-sixth day of June, A D 1850, and registered in the Registry Office for the County of Halton on the Eighth day of July, A. D. 1861.

On the premises are erected 3 large two-story brick stores with cellars, stone foundations, and cut stone facings with centre entrance. The first flat is fitted up for dwellings, offices or public halls, and furnished with vaults. There is steam heating throughout.

The property affords an excellent opportunity for investment.

Terms and Conditions of Sale.

The property will be offered for sale en bloc subject to a reserve bid, and subject to the existing monthly tenancies and subject to an existing incumbrance of $3,500 bearing interest at 6½ half yearly.

The purchaser must at the time of sale pay one-tenth of his purchase money to the vendor or her Solicitor or Agent and within thirty days thereafter a sufficient amount to reduce the purchase money to $3,500, the amount of the existing encumbrance; and interest at the rate of 6 per cent. per annum will be payable half yearly upon the unpaid purchase money during the period provided for payment and until paid.

The vendor will not be bound to account for, produce or show or prove the contents of any abstracts, deeds or evidences of title not in her possession or furnish copies of the same.

The purchaser is to search the title at his own expense. Objections to the title, if any, must be in writing and must be served on the vendor's solicitor within ten days after sale, otherwise the purchaser will be deemed to have accepted the title and he will not be entitled to take objections after such ten days. Should any objection be made to title which the vendor is unable or unwilling to remove, the sale will be cancelled and any money paid by the purchaser will be refunded and such purchaser will have no claim for damages or costs.

In all other respects the terms and conditions of sale will be the standing conditions of the High Court of Justice.

For further particulars apply to Sheriff Clements, Court House, Milton; James A. Fraser, Milton, or the Vendor's Solicitor, at Toronto.
