WHAT'S IN A NAME.—The Guelph Mercury says:—A manufacturing firm in Acton some weeks ago had considerable outside painting to do, and seeing the advertisement of a superior mineral paint for sale by a prominent Philadelphia dealer, decided to secure the required quantity from him. Several barrels of the paint were ordered, the freight and duty paid thereon, and on their arrival the barrel heads gave the information: "Manufactured by James Watson, Limehouse, Ont." The next time that firm want paint they will only go three miles for it.

WANTS IT CHEAP.—At the recent arbitration of the claim of Mr. Thos. Lush against the corporation of the town of Milton, Mr. Johnson Harrison, who was a witness on behalf of Mr. Lush, swore that in his opinion the water diverted from Mr. Lush's farm and turned into the reservoir was worth $1,500. On Monday evening Mr. Harrison, at a meeting of the town council, put in an application for water from the waterworks for his farm and offered $20 a year for it. Mr. Harrison's views on the value of water for farming purposes appear to have changed slightly since he was in the witness box.

SERIOUS ASSAULT UPON A CONSTABLE.—On the night of the Freelton Fair, October 17th, Constable Mooney was viciously assaulted by a gang of men composed of Dick Thompson, Bethlemew Sullivan, Peter Zimmerman, and Joseph Greenlees. The quartette appeared at the Hamilton Police Court on Saturday to answer the charge. The story told by Constable Mooney was a terrible one of the rough handling he was subjected to by the prisoners, who kicked and abused him so badly that he was confined to his bed for two weeks. The four were committed for trial, bail being fixed at $200 and two sureties in $100 each for each of the prisoners.

ALLEGED HORSE STEALING.—On Monday Isaiah Halliday, of Trafalgar, was brought before Justices Lindsay and McCollom on a charge of horse stealing. It is alleged that some time ago Halliday obtained a loan from David Whalley, of Whalley's Corners, Toronto Township, giving a horse as security. The horse was left with Halliday, but Whalley, hearing that Halliday was trying to sell the animal, went and took it home, and put it into his stable, whence it was taken early last Sunday morning by Halliday. The magistrates committed the alleged horse thief for trial. He was brought before Judge Miller yesterday, pleaded not guilty and elected to be tried without a jury, and was remanded until to-morrow.

THE Montreal Medical Journal for November contains an address on "Recent Advances in Surgery," by Dr. F. J. Shepherd; introductory address, Dr. Jas. Stewart; "Operations on the Cervex Utori," Dr. T. J. Alloway; and "Certain Eye Symptoms of Intercranial Origin," Dr. J. W. Sterling. There are also hospital reports by Dr. T. J. Alloway, reviews of works by Dr. Austin Flint and Drs. Fox and Gould, and reports of the proceedings of the Canadian Medical Association (Surgical Section), the Association of American Physicians and the Medico-Chirurgical Society of Montreal. There are interesting selections and the editorial department is as full and able as usual. Published by the Gazette Printing Co., Montreal.

A LONG FELT WANT.—Mr. Jas. A. Frazer, Milton, has made arrangements with Mr. F. A. Green, of Carlisle, to carry on a first-class undertaking business in connection with his furniture store. Mr. Green has had considerable experience in this line, having a thorough knowledge of the process of embalming dead bodies, by means of which they may be kept for weeks if necessary, their complexions retaining the appearance of persons having fallen asleep; the deathly pallor is thus taken away and the natural appearance restored. Mr. Green will lay out and embalm the body, and arrange for funerals whenever his services may be required. Funerals will be conducted in first-class style and at moderate rates.—See Adv. 22-tf.

Children Cry for Pitcher's Castoria.

Lowville.

We are glad to learn that Mrs. Wm. Pickett, who has been ill with diphtheria, is recovering.

It is said that a Toronto company are negotiating with our enterprising paint manufacturer, Mr. W. O. Morse, for the purchase of his property. The soil is of the variety for making terra cotta brick, and is therefore very valuable.

Mrs. C. Langford has sold her farm, consisting of 100 acres, to Mr. M. Crawford, for $5,500. She intends removing to near Waterdown, having purchased 100 acres of the Speck estate.

One of our young men who was out hunting on Thanksgiving Day in the backwoods in the region round about Stoney Valley had the misfortune to lose his way. After tramping around for some time, however, he came across Mr. H. McDaid, and that gentleman kindly showed him the way home.

A concert for the re-opening of the literary society will be held in the temperance hall on Friday evening next, Nov. 23rd. It promises to be a first-class concert, as the committee have spared no pains in trying to make it a good entertainment. There will be two short plays, entitled "The Limerick Boy" and "That Rascal Pat." There will also be vocal and instrumental music, readings and recitations by well known artists from other societies and elsewhere. The usual admission fee will be charged.

Prof. Charles gave his magic lantern entertainment in the temperance hall, here, on Friday evening.

The St. George's Church Sunday School closes on Sunday next, for the winter months, after a successful season's work.

—OBSERVER.

He Has a Short Memory.

To the Editor of the Champion:

SIR,—License Inspector Brothers, instead of doing his duty and trying to make the Crooks Act a success, appears to be letting it take care of itself, and is doing his best to bring it into contempt and discredit and to make it compare unfavorably with the Scott Act by running it down in his newspaper. He exulted last week over the arrest, not in Halton, but in Hamilton, of a thirteen-year-old boy who had got drunk on licensed whiskey. The Bouncer need not crow over that, and if his memory was better I don't think he would do so. He must surely forget that a few years ago, when the Scott Act was in force in Milton, a number of small boys got drunk on unlicensed whiskey and that a brother of his own, younger than the Hamilton boy, was the drunkest of the lot, was carried home helpless and senseless, and in such a state that it was feared for a while that he would not come to. Billy had better drop his attacks on the Crooks Act and do his duty, or perhaps he may be called upon to make way for some body more zealous, efficient and friendly to the Act than himself. The Crooks Act, so far, has not had fair play in Halton, but it must have it.

3. That the tender of Richard Johnson, at the rate of 23 cents per foot for ½ inch pipes, including stop-cock complete, be accepted.

Mormonism in Peterboro.

PETERBORO', Nov. 20.—It is a fact not generally known that Ontario already has her Mormon settlement. About 70 miles north of this town, there exists a form of Mormon heathenism, which at any rate has not been losing ground. On the contrary, owing to the absence of their shameful practice of bigamy, their teachings have been gaining for them adherents, and until recently they have not only been able to keep their congregation together and preserve an outward unanimity but have also added a number of professing Christians.

Of late, however, things have been running far from smoothly. Rev. Chas. Whatham, a well-versed Anglican missionary, located in the district and as a Christian minister gathered around him adherents of the Christian doctrine of all denominations, Methodists, Baptists, Presbyterians and Episcopalians alike, and by means of one kind or another finally so discomfitted the Mormons that they were compelled to accept a challenge sent them by Mr. Whatham, to meet him at a public meeting to discuss the various points at difference. The result was that the Mormon elders were compelled to admit that their Book of Mormon was anything but inspired, and in fact anything but true. From this time out the adherents of the Mormon faith are numbered, and they are gradually beginning to learn that such doctrines as theirs have no place in this Canada of ours.

North-West Assembly.

WINNIPEG, Nov. 20.—In the North-west Assembly yesterday a resolution "That it is advisable to take a vote of the people to ascertain if a prohibitory or a license law is desired in the Territories," was introduced. It was hotly opposed, some members wanting the votes to be taken by districts. One amendment was that if a vote be not taken, it is the opinion of the Assembly that a stringent license system should be introduced. This was defeated, and the original resolution adopted.

OREGON AND WASHINGTON.

No section of the country is to-day attracting as much attention as Montana, Oregon and Washington; Montana, because it now ranks first in the production of precious metals; Oregon, because of its rich valleys, and Washington Territory by reason of its mild climate, timber, coal, minerals and wonderful production of fruits and cereals. The rapid growth of Spokane Falls, with a water power exceeding that of Minneapolis; Tacoma, on Puget Sound, the terminus of the Northern Pacific Railroad, with 12,000 inhabitants; Seattle, 30 miles distant, an energetic and thriving city, mark this section of the Pacific Northwest as one that offers peculiar inducements to those seeking new homes.

By writing Chas. S. Fee, Genera Passenger Agent, Northern Pacific Railroad, St. Paul, Minn., he will send you illustrated pamphlets, maps and books giving you valuable information in reference to the country traversed by this great line from St. Paul, Minneapolis, Duluth and Ashland to Portland, Oregon, and Tacoma and Seattle, Washington Territory. This road, in addition to being the only rail line to Spokane Falls, Tacoma and Seattle, reaches all the principal points in Northern Minnesota and Dakota, Montana, Idaho, Oregon, and Washington, possesses unequaled scenic attractions, as well as superior train equipment, such as dining cars, and colonist sleepers for the use of intending settlers, neither of which conveniences are to be found on any other line ticketing business to the States and Territories named. 47-10ms.
