EXCHANGE ECHOES.

C. P. Moore, the man who is in Parry Sound jail for receiving promissory notes by false pretences, was again up before Police Magistrate Farrer Tuesday afternoon to answer to three more charges. Mr. James Hull, Mr. Sidney Harris and Mr. John Moyer are the plaintiffs, and after hearing the evidence the magistrate committed the prisoner for trial at the next Court.—Parry Sound Star.

A sad drowning accident took place on Sunday afternoon in Big Head river near Mr. Gifford's on 7th line of St. Vincent. Fred Miller, a son of Mr. Miller's 7th line, was in bathing with another lad when he got beyond his depth and not being able to swim went under. His companion gave the alarm, but it was about an hour and a half before the body was recovered, and of course life was past recovery. The boy was about 15 years of age.—Meaford Monitor.

Andrew Howell came before Magistrate George Gray and Nelson Waite Monday night on a charge of bigamy. Both wives were present in court. Rev. Mr. Edmisson gave evidence as to the first marriage and Rev. Mr. J. Willoughby as to the second. Mr. Howell admitted his error, saying that drink was chiefly accountable. He had believed his former wife dead. The prisoner was committed to Guelph for trial, and left yesterday morning for that place in charge of Chief Constable Ed. Johnson.—Harriston Tribune.

Mr. H. W. Jenkins, who recently returned from a trip to Old London and other parts of England, after an absence of 32 years, was somewhat surprised to find that the old land had not made progress noticeable on this side of the Atlantic in the same time. The people are far too conservative, adhering to old ideas and styles. They have better roads than the average Canadian highways are, but the vehicles are clumsy and all means of locomotion is ancient compared with the palace cars on American roads. The London omnibuses are wearisome, and on the whole Mr. Jenkins perfers western life to the best obtainable in the effete east.—Owen Sound Sun.

After an illness of over a year, Mr. David Russel Dobie passed away at his residence on West st. this morning at half past six o'clock. Mr. Dobie was in his 63rd year and was born in Dumfries, Scotland. He came out to this country with his father when he was about 12 years of age and settled on a farm in Sullivan Township, near Chatsworth. When Mr. Dobie left the farm he came to Owen Sound and learned the saddlery trade, subsequently going into the insurance business which he conducted successfully for many years. He also had been secretary of the Owen Sound Board of Education for the past thirty years and had always proven an energetic and accommodating official. During the past five years he has been secretary of the Police Court. The brothers and sisters of Mr. Dobie who survive him were wired for last night when it was thought he was about to die. They are Jas. of Thessalon, William, Port Arthur, Alex., Sault, Mich., and Joseph on the farm in Sullivan, also Mrs. McKissock who is here at present and Mrs. Buchanan of Thessalon. A loving wife and four children survive and have the sympathy of the community in their sad bereavement. The funeral will take place on Thursday afternoon to Greenwood cemetery.—Owen Sound Sun.

TRAVERSTON.

Mr. Charles Robson left week ago Monday for Toronto, where he will brighten up on some subjects till August 10th, when he leaves for Duluth to fill a lucrative position in the Business College there. Charlie is bound to forge ahead. Word came to Miss May on Saturday that she had carried off honors at the recent Ottawa Normal Examinations. Congratulations. Miss Maggie came up from the Queen City on Saturday evening and got many a warm hand clasp on Sunday.

Mr. George Putherbough, of Aberdeen, spent a couple of days with cousins on the 6th.

Miss Ida Cole, of Flesherton, is the guest of Miss Sue Greenwood, at present, and is renewing old acquaintances. Miss Ida was ever a favorite here.

Miss Jean Ledingham and her brother Mark, of Dornoch, were the guests of Miss Sarah Jack on Sunday. Mrs. N. McKechnie, of town, was also out to the old home.

Everyone was glad to have Joe Firth back from Berkeley to Zion's Corner.

Messrs. Richard Haley and George Blair have recently brought home the latest improved binders.

Rev. W. R. Smith's illustrated Sundoy School talk to Zionites on Sabbath last was one of the most attractive and instructive lessons ever given.

About seventy of as bright youths and winsome maidens as can any where be found gathered at Mr. Will Cook's last Friday night. The new barn was well floored so there was ample room for Methodist plays and denominational reels, besides the quieter games. Will and his partner know how to make everybody happy and Mrs. C. has slassings of good things to eat. The young folks have warm spots in their hearts and warmly applauded the genuine treatment they receiyed from the genial couple.

The 6th is becoming noted for its progress. Two new barns within four furlongs adds much to its appearance. Mr. Wm. McNally's was raised on Friday. Mr. Ronald McDonald's stone work stood the racket well, though only a green wall. Mr. Malcolm Black was the framer and he did never better work. The sun was hours high when the last rafter was up. Will McNally of the 9th and Michael Neil were the captains. Will won easily, but it wasn't Mike's fault that he didn't score. The boys played football till twilight and then "youth and beauty" played and courted, danced and sported till the big moon began to wane. There was crowd enough during the p. m. to have built a Tower of Babel. Mr. Mc. is popular with the boys, so are Mrs. Mc. and her bright daughters.

Mr. John Cook drives the most elegant turnout hereabouts. New harness, new buggy, fine team and nice covers make a pretty sight.

Miss Lucy McNally is an adept in the art of cookery and is moreover a most devoted daughter. She gave up an excellent situation in Toronto in the spring and came home to assist in the busy time while the barn was was abuilding. It being up now, she returned to the city on Monday to resume her old position at increased wages. Last Thursday she turned out 70 dilicious pies and did any amount of other work. Mr. John McNally's eldest daughter, Mary, accompanied her back to the city. It is Mary's first trip from home.

Mr. Will Dunsmoor, of Hamilton, is spending a jolly time with his cousins the Dunsmoors and Greenwoods.

Mr. and Mrs. W. McKinlay and their princely baby boy, Lauder, of Toronto, were out visiting friends on the 4th on Saturday. Mrs. Lauder, of town, accompanied them.

ITCHING PILES.

Mr. O. P. St. John, Dominion Inspector of Steamboats, 246 Shaw street, Toronto, writes:—"I suffered for nine years with itching piles. After trying many remedies in vain, I began to use Dr. Chase's Ointment and it has entirely cured me." More people have been cured of piles by using Dr. Chase's Ointment than by all other treatments conbined. It never fails to cure piles.

DORNOCH.

Miss Kate Skene, of Toronto, has been for the last couple of weeks the guest of relatives and schoolmates here.

Mr. Pythagoras Thibadeau, of Markdale, spent Sunday of last week very very pleasantly with acquaintances in the vicinity.

Mr. Flanagan, of Shallow Lake, is visiting in the neighborhood.

Mr. Chris Scheuermann, wheelman on a boat plying from Buffalo to Oswego, was on a short visit to his parents here last week.

Rev. Dr. Smith, late of Dhwar, India, accompanied by Mrs. Smith and family arrived at the parental home here last Wednesday. Mr. and Mrs. Smith have spent the last couple of years as missionaries in India, but the climate proved too much for their health, hence their return. Previous to their trip to India the Rev. Dr. spent seven years in War Tossed, China. We are glad to state that the voyage home has improved his health very much and he is expected to occupy the Presbyterian pulpit next Sabbath.

On Friday evening, the 13th inst., from over the wires to Mr. A. McCracken came the sad, sad news of the death of his daughter's husband, Mr. W. H. Ferns, of Main, New Hamshire, on the same mail came particulars of his illness being appendicitis being ill only a few days. Mr. Ferns was married only six short weeks ago, here, to Miss Hannah McCracken and the many who witnessed the nuptials few looked so full of life and vigor or had a more seemingly happy future before them. Mr. and Mrs. McCracken left at once and were present at the funeral and Mrs McCracken still remains to comfort her sorely bereaved daughter who has the universal sympathy of her many friends here.

Miss Julia Lister arriyed home from Toronto and is spending a few merry weeks around the old home.

Junior Lacrosse Match.

A Lacrosse match was played on the Agricultural Grounds, Durham, Friday, July 20th, between the Stationers and the Corkers, of Durham, which resulted on a score of 3 to 1 in favor of the Stationers. It was a fast game from start to finish. The Stationers outplayed their opponents easily and had no work in defeating them. Their combination was grand. When half-time was called the score stood 1 to 1, W. Lavelle scoring for Stationers and H. McDonald for the Corkers. On the next half the Stationers scored 2 more goals the tricks this time being done by W. Lavelle and O. Hinds. Another match will be played between the same teams on Friday 27th. The ball will be faced off at 7 p. m. Admission 5c., Ladies free.

The above report was handed in to us by one of the boys, a little fellow of about ten or eleven years old and appears just as writen. Not bad at all. Try again. Ed.]

BOOTHVILLE.

Miss Eva Booth, accompanied by Miss Ella Renton, of Dromore, has gone on the C. P. R. excursion to Niagara. They intend taking the boat from there to Buffalo, and will spend a fortnight with relatives in that city.

In a letter from S. Todd, who is working in Hamiota, Man., he states that there has been no rain there this year and the heat is so intense that the thermometer registers 130 on the street.

Mrs. J. McAuley, Sault Ste Marie, Mich., is at present visiting at Mr. D. Runciman's.

Misses Katie and Lizzie McDonald, of Balsam Valley, visited at Mr. W. J. Wilson's on Tuesday.

A number of our young people attended a party at Mr. Hugh Wilson's Swinton Park. They seem to have had some narrow escapes on a raft that was built for two.

Mr. Vint Hill has purchased a new threshing engine, with which he intends to run a chopper.

We must congratulate Mr. J. A. Graham and his entrance class on the result of the examination. When he took the class in hand some of them were just recommended for the junior fourth. He has another class starting for next year, and we are sorry he is is going to leave us at the end of this year, or we would have another star to put on the bell house of old No. 14.

Mrs. Jas. Kinsman has returned from Port Hope, We are sorry to hear that her father, Mr. J. Heard, is suffering from gangrene.

Miss Gertie Wilson, Swinton Park, has charge of the Post Office during the absence of Miss Booth.

Our blacksmith, Mr. Tom Wilson, is having a very busy season. Anyone wishing machinery repaired quickly and neatly just come to Boothville.

A number of our men attended the raising of Mr. Thomas Mahar's barn, Swinton Park. J. McQueen and Mr. N. McKenzie were captains. There was a close race, but the latter came out ahead.

Some talk of young men driving fast but one of our married men passed the corner the other night with the remains of a broom handle in the whip socket,

Mr. and Mrs. N. McCannel, Proton, Sundayed at Mr. Donald McCannel's.

Fifty Years in Durham.

Mr. Haskins praised South American Nervine, while his wife cannot say enough in favor of South American Rheumatic cure.

Mr. Haskins says that he suffered for years from dyspepsia and indigestion. By the advise of his pastor he purchased a few bottles of South American Nervine and WRS cured.

Mrs. Haskins, for twenty years, suffered from rheumatism and Neuralgia, The very first dose of South American Rheumatic Cure gave relief, and one bottle so greatly improved her that she thought it was almost magic.

Itching Piles

A Fearfully Bad Case—Much Pain and Acute Misery From the Terrible Itching—Cured by Dr. Chase's Ointment.

It is doubtful if any remedy ever received so much grateful, unsolicited testimony as Dr. Chase's Ointment. The reason is not far to seek, for it is the only preparation known to man which never fails to cure piles.

Mr. F. G. Harding, a retired farmer, living at Nilestown, Middlesex county, Ont., writes as follows:—"I have been troubled with bleeding and itching piles for four or five years, and suffered intense agony at times. I had tried almost everything, but could get nothing that would give relief. On hearing of Dr. Chase's Ointment I procured a box, and it only required part of it to completely cure me. I am recommending it to all afflicted as I was."

Such incontrovertible evidence from responsible persons cannot, for a moment, be doubted. A few applications of Dr. Chase's Ointment will convince the most skeptical of its wonderful healing and soothing influence. A box or two will positively cure the most severe case of piles; 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

POMONA.

This week will see the hay crop housed and fall wheat cut in this vicinity. In fact a good deal of wheat was cut last week, and we heard the first threshing whistle blow on Saturday last. We believe the Haley Bros. made a start at fall wheat.

Miss Kate Morrison left last week for a few months sojourn with her brother, Michael, and Mrs. Morrison, at Grand Rapids, Minn. She left O.Sound by the Alberta, and wrote to her sister, Annie, while on board, and en route to the Soo that she was getting along nicely.

Mr. Geo. Campbell built himself a commodious kitchen or rather a kitchen and wood shed combined. Geo. is a handy man and does most of his own work, even to making a churn,

Mr. J. J. Welsh has had many a squeeze more to his liking than the one he received on his toe at Nichol's barn raising. Dr. Campbell was the emergency surgeon and all is well again.

Mr. Frank Riely, of Priceville, is the good-natured, able assistant of Geo. R. Patterson, at the haying.

Messrs. Angus Morrison and R. McDonald, threshers, having an engine to run their seperator they sold their horsepower to Mr. Filchie, of Mt. Forest, and the former delivered it Saturday week.

Mrs. Friend and her two bright little girls, of Toronto, spent a week with her sister, Mrs. M. McGrath.

Yes! Yes! Mr. Pat Culp, of the Centre, or the high sheriff, whatever your name is or might be, for you have so many aliases it is difficult to determine which you would perfer. We heard your Biddy Moriarty drolleries last week. They must have made your little Pats and Biddys almost take a fit of merriment, especially as you introduced gum chewing into the penetentiary. Like all the new women you have a fad and its chew, chew. You did not tell us what brand you would perfer, but likely it will bear the Butter McLellan & Co's stamp. Very good indeed as it's twin virtues are soft and tough. Well that is enough said about gum except be sure and don't forget your Durham, Priceville and Irish Lake friends when you put a nickle in the slot. So you wanted us to sing a song. Ours is getting thread bare, and for that reason I would ask you kindly to give the company something new, or you might resurrect an old one or two. You might tone down your voice so as not to disturb the equanimity of bachelor Duncan, the Glenites, or the fair ones of Priceville, then give us a modicum of:—

Kate so dear delightful creature,
Laughing all the live-long day,
Merry as a chirping cricket,
Mid flowers that love to stray.

Then as Pat and the chits and the bridge gang will likely encore you, call to memory:—

Oh dearest May your lovelin in the day,
Your eyes so bright they shine at night
When the moon am gone away.

It is written music hath charms to soothe a savage, rend a rock or split a cabbage. But the rippling lake hath less charms for the twa Archies since their last and recent visit to that song famed hamlet, As good looking parlor Joe had taken a walk with one of the fairest flowers there, so the typical young Highlanders had to console themselves as best they could, talking weather and politics to the elderly people. Away with you now Biddy. Take a piece of your own gooseberry pie and a little crowberry jam. Take a trip to Klondike which may develop your much needed muscles, and perhaps cure you of your moonstruck propensities.
