

## Recreational Boating Feasibility and Capacity Study Open House

Thursday, December 5, 2013

7:00 – 9:00 p.m.

**Halton Regional Centre  
Dakota and Glenorchy Rooms  
1151 Bronte Road, Oakville**

Conducted in partnership between the Town of Oakville, the City of Burlington, and Halton Region, the *Recreational Boating Feasibility and Capacity Study* is taking a comprehensive look at the current state of recreational boating in the GTA/Golden Horseshoe area, with a specific focus on Halton. Presently, all marina facilities are operating close to maximum capacity and maintain waitlists.

To determine if additional harbour capacity is required within the next five to 20 years, this study is examining: changing demographics of the area; impacts of changes on demand for recreational boating; sources and location of demand; current pricing strategies; economic, social, and recreational trends; and, trends in boating types and berth requirements.

We want to hear from you! At this public open house, you will have the opportunity to learn about the study including its research and findings and next steps. The open house will begin with a presentation, followed by an opportunity for you to provide feedback on what you have seen and experienced and also to ask questions of staff and the consultants.

If you are unable to attend the open house in person, you may submit questions or comments at any time to:
