Kicked to Death.

Mr. Thos. Walter, of Walter's Falls, died on Saturday from injuries received by a kick from a horse. The accident happened Thursday night. Mr. Walter had gone, as usual, to attend to his stock, and had just finished looking after his horses, when he noticed that the blanket on one of them was in danger of slipping off. He stepped over to straighten it and gave it a slight twitch, when the horse startled, lashed out with its feet. One of the hoofs struck Mr. Walter a terrible blow in the stomach, knocking him down. His daughter, who was with him, gave the alarm, and aid was quickly at hand. But in spite of all that could be done, he never recovered from the blow, and passed away on Saturday. Mr. Walter was one of the best known of the younger residents of that part of the township. He leaves a widow one son and one daughter.—Sun.

Leaving the Post Office

Miss McCormick, for over twenty years connected with the Walkerton postoffice, has tendered her resignation, and on February 1st will withdraw from the position she has graced so long and filled so well. Her going out will be deeply regretted by the Walkerton public, as she was a most popular official and obliging person. Upon the death of her uncle, the late postmaster, she had intended withdrawing from office, but was prevailed upon to accept service for a time under the new management. Fortunately, Miss McCormick is in a position to take a well-earned rest, and in the summer purposes leaving to temporarily reside in British Columbia. Her position here will be filled by Miss Marie Schneider, of Mildmay, who at present is engaged in the Cargill postoffice.—Bruce Times.

Frozen to Death

On Thursday night, or Friday morning, Jas. Ferguson, a farmer, aged 60, living in Salem neighborhood, came to his death under sad circumstances. Shortly after noon on Friday, the old man was found dead in a neighbor's field where he had lost his way on the previous night and frozen to death.

The deceased left Salem for home between nine and ten o'clock on Thursday evening with a farmer named Forbes, who was giving the old man a ride home. Forbes let him out at his own gate but the old man wandered down to another gate near by, entered it and so lost his way.

He was unmarried and lived with his aged mother, and his niece who kept house for him. The sad affair has occasioned much sympathy throughout the Salem neighborhood. Crown Attorney Peterson, of Guelph, ordered an inquest, which was held on Monday afternoon.—Arthur Enterprise.

NATURE TELLS YOU

As Many a Durham Reader Knows Too Well

When the kidneys are sick.
Nature tells you all about it.
The urine is nature's calendar.
Infrequent or too frequent action;
Any urinary trouble tells of kidney ills.
Booth's Kidney Pills cure all kidney ills.
Durham people testify to this.

Mrs. John Bryan, of Albert St., Durham, Ont., says: "Mr. Bryan had suffered with kidney and bladder trouble for over two years and could find nothing that would benefit him until he used Booth's Kidney Pills on advice of our druggist Mr. Macfarlane. His back was so painful and tender that he could not stoop or lift anything of any consequence. He would leave his bed frequently with the irregular secretions of the kidneys. His back would be more tender in the morning and very often he would be unable to lace his shoes. He used Booth's Kidney Pills and found them to act directly on the kidneys. The kidney secretions were regulated and reduced to normal. His back strengthened and the pain and tenderness left it. He is stronger and better than in over a year, and speaks very highly of Booth's Kidney Pills.

Darkies' Corners.

A very enjoyable time was spent on Monday night of last week at the home of Mr. and Mrs. Thos. McGirr, when a sleighload put in their appearance to compare points "on the negative" for use at the debate which took place Tuesday night of this week. The evening was passed pleasantly with music and singing, also a brief debate took part in the proceedings. Supper was heartily partaken of about 11 p.m., and about an hour later everybody left for home feeling confident that victory would rest on the banner of the negative at the coming debate.—The same night the affirmative marshalled their army at the home of Mr. and Mrs. A. Scott, and no doubt spent a pleasant and profitable evening.

Miss Lizzie Weir spent the greater part of last week, the guest of Mr. and Mrs. Sam. Ritchie and family.

Mr. Wm. Allan and family spent Wednesday evening of last week very pleasantly at the home of Mr. and Mrs. Thos. McGirr.

Prayermeeting was held at the home of Mrs. Chas. Ritchie Thursday night last, and was well attended, although the weather was unfavorable. The opening was taken by Mrs. F.A. Allan, and the topic was taken by Misses Leah McComb and Annie Aljoe.

We are pleased to report that Mrs. Adam Watson continues to improve, and is making good progress towards recovery.

Mr. Jas. McGirr, sr., we regret to learn, is unwell at present. Hope to hear of his speedy recovery.

Mr. F.A. Allan recently disposed of his fine driver for a handsome sum.

Mr. W. J. McFadden passed thru this burg one day recently on his way to deliver a fine Doherty organ. It was to be placed in the home of Mr. R.T. Edwards. We congratulate Mr. Edwards on his purchase of such a beautiful instrument.

Four Cases of Small pox

There are four cases of smallpox in Brant, but luckily they are all confined to one home and quarantined under one roof. Miss Clara Gowanlock, who has been ill with the disease at the home of her uncle, Mr. Wm. Ellis, has evidently distributed the disease liberally among his children, and as a result, his 7 months' old son, and two girls aged respectively 5 and 3 years, are now ill with the malady. Miss Gowanlock is recovering nicely, but one of the affected girls is said to have a severe type of the disease.—Bruce Times.

How to Improve Health

No better way than to improve the blood—cleanse and enrich it—give it nourishment and strength. This can be quickly done by Dr. Hamilton's Pills, which have a vitalizing purifying effect that is unequalled in any other medicine. With lots of pure rich blood circulating to all parts of the body, with snap and vim running thru every vein and artery, robust health is inevitable. No cleansing building tonic is as good as Dr. Hamilton's Pills. Sold by all dealers.

A Nonagenarian Dead

On Thursday last, there died at the home of her son, Jas. S. Woods, concession 6, Egremont, Lydia Lyons, relict of the late John Woods, in the 91st year of her age.

Mrs. Woods was born in the Co. Monaghan, Ireland. She was the youngest daughter of the Rev. John Lyons, who preached in the counties of Antrim, Monaghan and Fermanagh for forty years. At the age of twenty-five years she was married, and five years later, with a family of twin boys ten months old, and another boy two years old, she and her husband embarked in a sailing vessel bound for America. After a two-months' voyage, they were shipwrecked at Sandy Hook, all their belongings being thrown overboard. Only one life, however, was lost—that of a sailor. All that long winter night they spent on the seashore, twenty miles from any habitation.

On coming to Canada, the family settled in Tecumseth, Simcoe county. It was while here that Mrs. Woods had another very narrow escape from death: the house caught fire when there was no one near but herself and youngest boy and in trying to rescue some household effects, her clothing became ignited, and she was quite seriously burned before the flames were beaten out.

Fourteen years after coming to this country they moved to the 2nd concession of Minto, near Cotswold, and five years later came to Egremont, where they lived on the 9th concession. Mr. Woods died at about this time, but until twenty years ago his widow continued to live in the home on the 9th of Egremont, when she left, and has since resided in the home where her death occurred.

Three sons predeceased her, but there is left to mourn their loss, five sons and one daughter, viz.: Robert, of Grand Forks, N.D.; Wm. of Warwick, Alta.; Geo., of Glasgo, Montana; Richard S., of Lawson, Sask.; James S., of Egremont, and Mrs. John Ramsey, of Park River, N. D. She also left forty-five grandchildren and eighteen great-grandchildren.

A large number of friends and neighbors gathered to pay their last tribute of respect on Saturday, when the remains were interred in Woodland cemetery.

The services were conducted by her pastor, Rev. A. J. Irwin, of Mt. Forest.—Representative.

Married Over Again.

Mr. Geo. Goodhand, a broker, of Toronto, and Miss Lena Koller, of Greenock township, went through the marriage ceremony for the second time on Monday last. The first marriage was celebrated about two months ago in the Methodist church, Toronto. The Roman Catholic church, however, of which the bride is a member, would not recognize the union, and on Monday last, the young couple repaired to the R. C. church, Formosa, where the marriage rites were administered. The bride is a daughter of Mr. Jacob Koller, near Enniskillen, and a sister of Mrs. Tory Gibson, of Walkerton.—Times

People to Use Majority.

A Brantford despatch says: The Citizens' League Executive, which elected eleven of the sixteen members of the city council this year, and which was behind the local option campaign, announced its intentions to-day regarding license reduction in this city. There are now sixteen taverns and four shop licenses here. They will ask the council to reduce the number to six taverns and two shops, thus cutting off ten and two, respectively.

This is a bigger reduction than was anticipated by the liquor interests. By cutting off ten hotels it will leave only six of the largest ones if the license commissioners do the cutting on the basis of hotel accommodation. It is expected the council will act on the recommendation at an early date. No increase is asked in license fees from each license.

New Theory About Rheumatism

This disease is constitutional—caused by virus in the blood that circulates to all parts of the body. To cure, you must use a constitutional treatment. Nothing so completely dispels the poison from the system as Ferrozone. It purifies and renews the blood, clears it of every taint. The system is vitalized and strengthened and thus enabled to fight off threatened attacks. Not only does Ferrozone relieve at once—it cures rheumatism, gout and lumbago permanently. Results guaranteed, 50c. boxes at all dealers.

Clothes line Thief Captured

The police believe they have at last caught the clothes-line thief who has been operating in town for the past six or eight weeks. At different times during that period reports of such thefts have been made residents in all quarters of the town, but the police were unable to obtain any clue, though every effort was made, and several suspected places searched.

Last night, or rather this morning about two o'clock, Mr. W. B. Oatt, 4th avenue east, heard his dog making a fuss, barking and growling, and when he looked to see what was wrong, found that someone had been at his clothes-line. He followed the tracks, which led him by a roundabout way, to the residence of Wm. Lewis, 5th avenue east. Mr. Oatt did the right thing by coming down and notifying the police. Constables Foster and Shute, who were on duty, went with him to Lewis' house, and after a good deal of trouble succeeded in gaining entrance. They found Lewis in bed, but awake, and in looking around the room, almost the first thing Mr. Oatt set his eyes on was a pair of socks which he identified as his own. They were quite wet. Further search brought to light several articles which Mr. Oatt identified, as well as a quantity of goods which answered descriptions of articles lost by other persons. Though he strongly protested his innocence, Lewis was arrested and taken to the lock-up, along with a lot of property supposed to be stolen—about as much as the two policemen could conveniently carry.

This morning, Lewis was remanded for a week, to give time for identifying some of the other goods. He is at present charged only with the theft of Mr. Oatt's property, but other charges may be laid later on.—O.S. Sun.

How a Bear Fishes.

Few people have had the opportunity of seeing a bear feeding—that is in his native state—and fewer still have seen him fishing. But fish he does, and in it he displays an amount of patience and dexterity that is amazing. He will lie motionless upon an overhanging log or bank with paw poised and little beady eyes attentively scanning the water. Salmon and trout are his chief delight, and should one come near enough to the surface he is snapped out on the bank with a flip and a twist and vanishes in bruin's capacious maw.
