Irregularities disappear, vital energy is restored. back trouble is forgotten. The ailing sick woman gains strength. improves in looks, increases in spirit by using Dr. Hamilton's Pills. Paralyzed by Lumbago.

Manual labor or even light exercise is impossible with lumbago. The muscles stiffen out like steel—to move means agony. Only a poweful remedy can penetrate deep enough to help. The surest relief comes from rubbing in Nerviline. It sinks into the very root of the trouble—penetrates where an oily liniment cannot go. To prevent lumbago returning, put on a Nerviline Porous Plaster which removes inflammation and strain from the muscles, and acts as a guard from drafts and exposure. Nothing will so quickly cure as these remedies. All dealers sell Polson's Nerviline and Nerviline Porous Plasters. Refuse all substitutes.

Committed For Trial.

Ernest Spencer, the man alleged to have shot the Chinaman, and who was arrested at Chatham and brought here for trial had a hearing on Saturday before Magistrate Robb and was sent up for trial on a charge of attempted murder. Inspector H. Reaburn, of the Criminal Investigation Department for the Province of Ontario, was on hand at the hearing assisting Constable Russell. Spencer is scheduled to stand his trial at the Fall Assizes on Feb. 28th, but an effort is being made to get him before Judge Barrett at an earlier date.—Walkerton Herald.

Changed the Rations

A unique story is being told, and vouched for by the highest authority, however in spite of this. we will not guarantee the truth of it. It is in substance that a local farmer who uses both stock and poultry food got the two foods mixed and fed the poultry his stock food and vice versa. That may be all right, probably it is. but the yarn goes one farther, and says that the horses began to lay eggs and grew a coat of feathers. while the poultry lost their feathers and were shortly covered with hair. Not only this. but it is said their claws are slowly growing together and taking on the appearance of hoofs. If this yarn is not true we hope the prevaricator who started it has had his fun and that for their own sake no one will imperil their reputation by repeating it.

If you are in a generally "run-down" condition; consequent upon the effects of la grippe, take the "D.&L." Emulsion. It will soon restore you to health again.

Very Sudden Death.

Very distressing in its suddenness was the death of Mr. Orval Orr. of the 12th concession, Culross, which occurred last Thursday evening. He was in his usual health when he left the house to do the evening chores, and a few minutes afterward he was discovered lying in the barnyard where he had evidently met instant death. A horse running about the yard with a halter and leading strap on led to the belief that he had been leading the horse and had been kicked. Nobody, however. saw him fall. and as the doctor who afterwards examined the body could find no evidence of a blow. it can never be known whether he was kicked or not. Mr. Orr was known to suffer at times from heart failure, and in the absence of any marks on the body it is thought by some that death was due to this cause. The body was first discovered by Mr. Jas. Whytock who. having called on business went to the barn to look for Mr. Orr. and to him fell the painful duty of breaking the terrible news to the bereaved wife—a bride of last June.—Teeswater News.

Look Out For It.

The local banks have issued a warning to merchants regarding the amount of Hong Kong silver which is in circulation in the city, says the Stratford Herald, which adds the coins are mostly 10 cent and 5 cent pieces and from the amount in circulation, the banks are of the opinion that some person is dealing in it buying the coin on the coast under par, disposing of it in Ontario at par. The banks have in the past accepted Hong Kong silver in small amounts, but the large quantity in circulation has caused them to refuse it for the present.—Ex.

Brown's Body Found.

The mystery surrounding the fate of Mr. R. J. Brown, who disappeared the 29th October from his home in the Okanagan Valley, B.C. has been solved by the discovery of his body. It was found Feb. 9th. on the shore of Lake Okanagan by ice harvesters. Mr. Brown had gone to town, five miles from his home, transacted his business and left for home, but failed to reach it, a search party instituting a thorough search search without avail. The news of above discovery was wired to his wife who is at her parent's home. Caintown, near Brockville, by Rev. Mr. Buckley on the 9th inst., stating that an inquest was to be held that day. The body is now on the way to Markdale, and will be laid away in the family plot. Presbyterian Cemetery. on on arrival, which is expected on Friday.

Our readers will remember that Mr. Brown. only son of the late Isaac Brown, of this place, received his education in Owen S'd, had taught school for some years at Ottawa. He was obliged owing to ill-health to give up teaching, and he went to British Columbia last summer and purchased a fruit farm near Okanagan Centre. After the sad event and when all reasonable hope of his return alive had been abandoned, Mrs. Brown returned heart-broken with her five children to the home of her parents. She is almost prostrated with grief, and has the sincere sympathy of a wide circle of friends in her sad affliction. —Markdale Standard.

A lady driving in the west ward had a remarkable experience on Monday. Since she was a young girl she has been troubled at intervals with a bealing ear, the cause of which was rather mysterious. On Monday a pin slightly rusted. was discovered in the ear and removed. The pin had probably been in her ear since she was a child.—Alliston Herald.
