THE DURHAM CHRONICLE

VOL. 63.—NO. 3232. DURHAM, ONTARIO, CANADA, THURSDAY, MAY 23, 1929. $2.00 a Year in Canada; $2.50 in U. S.

Full Houses Heard Rev. Dr. Drummond

Noted Hamilton Divine Delighted the Presbyterian Congregations Sunday Morning and Evening With His Eloquent Discourses.— Annual Supper and Entertainment Held Monday.

Two full houses attended the morning and evening services in the Presbyterian church here last Sunday, the occasion being the anniversary services of this congregation. At the evening service the church was scarcely large enough to accommodate the crowd, the largest in attendance at any service since the opening of the new church building a couple of years ago.

Rev. Dr. Drummond of St. Paul's Presbyterian church, Hamilton, was the special speaker, and to say that he delighted his congregations with his eloquent sermons at both services is but expressing it very mildly, indeed. At the morning service he took his text from the words, "Let this mind be in you, which was also in Christ Jesus." For his evening text he chose that passage from the Gospel of St Matthew, "He saved others; himself he could not save." Both discourses were well thought out sermons and were listened to with much interest by his hearers.

Special music by the choir under the leadership of Mrs. J. H. Harding enhanced both services, the choir acquitting themselves most creditably. At the morning service the anthem, "Love Divine All Love Excelling", was sung, the duet obligato being taken by Mrs. A. W. H. Lauder and Miss J. M. Weir. Lorenz's "O For a Thousand Tongues to Sing" was given by a full choir. Mrs. T. M. McFadden sang in solo, "O Lord Correct Me".

"Hark, Hark My Soul" and "At Even When the Sun Was Set" were the choral offerings at the evening service, the solo in the former being taken by Mrs. McFadden. The male quartette comprising Messrs. E. S. MacArthur, T. M. McFadden, J. H. Harding, and A. G. McComb rendered the selection "Beautiful Land".

The church decorations for the occasion were very beautiful, roses, snapdragons and lilies being well displayed. There was a large attendance from the sister congregations of the town and surrounding community and from some of the nearby towns and as a mark of respect the evening service in the Baptist church was withdrawn.

Monday's Programme

On Monday evening a full course supper was served in the basement of the church from 6 to 8 o'clock and this, too, was well patronized. Tempting viands and attentive waitresses on former occasions assured a large crowd, and the supper this year if anything surpassed any of former occasions.

Following the supper the crowd adjourned to the church auditorius where a most excellent programme was given by the Paramount Quartette, assisted by Miss Vera Hudson, of Seaforth. The offerings were of the most versatile nature, and, one might say, ran from the sublime to the ridiculous. There was something for everybody and while many humorous offerings were presented, these lighter numbers while furnishing much laughter, were entirely in keeping with a church programme. In their heavier numbers the quartette displayed a fine sense of interpretation.

The quartette is composed of Messrs. James Stewart and John Beattie, tenors, R. Rennie, baritone and D. L. Reid, basso, and in both choral and solo work delighted all who heard them.

Miss Hudson, entertainer, in her first appearance here, displayed remarkable talent in her various offerings, and will be again welcomed in a return engagement. Possessing a pleasing personality and good powers of interpretation, every number was well received and an encore demanded.

HYDRO RATES MAY AGAIN BE REDUCED

Surplus of Over Two Million Dollars May Mean Refund to Patrons on 1928 Bills.—New Schedule of Rates Being Worked Out.

The Mail and Empire, Toronto, published the following newspage item on Tuesday:

'Rate reductions and in some cases refunds of one or two months' bills will result, the Mail and Empire is informed, from the total surplus of $2,016,451.58 which the Ontario Hydro municipalities, rolled up by the sale of electrical energy in 1928 according to the complete report of the year's operations issued yesterday by the Provincial Hydro Commissioner.

"'The Commission is now working out a schedule of future rate reductions and refunds,' stated C. A. Maguire, Hydro Commissioner, last night. 'All surpluses will be applied as far as possible to a lessening of the cost to the consumer in accordance with the Commission's policy.'

"Important rate reductions and refunds in the Georgian Bay system and part of the Niagara system were put into effect last March, it will be recalled. At that time, it was forecast in the Mail and Empire that further reductions and refunds were on the way.

"Ontario's prosperity during 1928 is mirrored in a striking manner by the report's figures. Although the Hydro chain was increased by only four more municipalities during the year, the total surplus of $2,016,451.58 is an increase of more than 8 per cent over the total surplus for 1927."

Man is the only animal that can be skinned more than once.

BRITISH GOLFER WINS
Miss Joyce Wethered, one of the renowned family of British golfers made a sensational return to competitive golf when she won the British women's golf championship this week. She defeated Glenna Collett of the United States in the final.

Crossing Protection Is Not Efficient

Board of Railway Commissioners Recommend "Wig-wag" Signal At Foot of Garafraxa Street Hill.—Council Had Special Session.

A canvass is to be made immediately of the residents on lower Garafraxa street, more particularly in the business district to ascertain those who intend putting the sewers into their property when the main sewer is put down the centre of the street. This was agreed to at a special meeting of the Town Council Tuesday night and Councillors Hunter and McLean were named a committee to make the canvass, with Reeve Bell and Councillor Whitmore as an alternate committee.

The matter of stub sewers was pretty well discussed, and while a canvass is being made to endeavor to have residents install them, the Council is pretty much of he opinion that the only proper method is to insist that they be laid at the same time as the main sewer. It was admitted that it would be all right if those who do not want them could be prevented from having them installed at a future date, but this was felt to be out of the hands of the Council, and moral suasion is to be used. Sewers laid after the pavement is laid will cost the property owner at least double what they will cost now and in addition will injure the pavement when it has to be cut later to give the service.

May Oil Detours

There was a letter on the table from the Muniicpal Road Spraying Company inquiring about oil this summer. The company is to have a car or two in this vicinity in a few days and the Council could secure it in any quantity desired at 12½ cents a gallon applied. The letter caused some discussion. Some of the councillors thought the detours along the back streets should be oiled and while no definite arrangement was made it looks as though something will be done.

The erection of poles on Queen street was requested by the Bell Telephone Company, it was decided to put in a fill on Lambton street to take the place of the stone wall that went ou a couple of years ago, and considerable discussion took place over the erection of fire stands at the rear of the McIntyre block and on the roadway west of Garafraxa street running from Lambton to Saddler streets. The early closing bylaw was given another hoist and will probably pop up again at the regular June meeting.

Agreement Re Sewer

The Council is prepared to draw up an agreement with J. W. Ewen & Son regarding the running of the town sewer through his headrace at the mill and on to the river. Members of the Council and the engineers had talked to Mr. Ewen and the Council finally agreed that for the privilege of running the sewer under his headrace they would supply him with a fill for the western river bank washed away last spring. It this was satisfactory to Mr. Ewen an agreement was to be drawn up and registered.

Recommend Better Signal

A letter from the Board of Railway Commissioners dealt with the C. P. R. crossing at the foot of Garafraxa street. Following the accident to Robert McCaslin an inspection was made of this crossing, the inspector reporting that in his opinion the present bell was not sufficient. It would be less efficient once the pavement was laid as care going north would naturally put on speed to climb the hill while those travelling south would be unable to stop on a slippery pavement if a train came in view. The Commission recommended the erection of what is known as a "wig-wag" signal which would, beside ringing a bell, cause a red light to swing across the roadway when a train was approaching. Forty per cent of the cost of installation and upkeep would be paid out of a fund provided for this purpose by the Commission, the balance to be paid for, we understand, by the railway company and the town. This latter was not made clear, but it is thought the railway company pays forty per cent and the town twenty.

That hardy monthly, the revision of the town bylaws, was again brought up by Mayor Murdock, and while the councillors gave him a good hearing we noticed that nothing was done. It will in all probability crop up next month.

Summer Series Meeting a Success

Mrs. Lowe, R. N., Toronto, Speaker of Afternoon at District Women's Institute Meeting Wednesday Afternoon of Last Week.

Over forty ladies of the Women's Institute met at the home of Miss A. Weir on Wednesday afternoon. The new president, Miss Margaret McGirr was in the chair, and after the business was dealt with, called on the speaker, Mrs. M. E. Lowe, R.N., of Toronto to address the ladies. From her list of subjects she spoke on "Foods vs. Health" and "Agreeableness Is Life; Discouragement Is a Disease".

Mrs. Lowe eulogised the work of the Women's Institute at home and abroad. This year in conjunction with other societies the Women's Institute are endeavoring to do all that is possible for crippled children. She said not to think anything incurable till a capable surgeon was consulted. The Institute was helping finance such cases where funds were low.

In dealing with the effect food has on health, Mrs. Lowe intimated that happiness is health and it was our duty to protect our own health and that of the community. Faith, hope and courage assists the general nutrition of the body. Temper produces a poisonous toxin in the body which encourages dyspepsia. Do not carry the worries of the day to bed with you at night and review them there. Settle them before going to bed, forget them and go to sleep. "God's in His heaven, all's right with the world," the speaker quoted.

The need of oxygen and oxygen foods was dealt with, also the acid and alkaline foods. Among the alkaline foods which should form three-fourths of our diet were meat, fish, eggs, beans, peas, cereals, whole wheat bread, cream, butter, cheese, tomatoes, oranges, grapefruit. The iodine foods were found in egg yolk, green grapes, strawberries, baked potatoes, salmon, pineapple, pears, peas and apples. Iodine protects the brain and nerves and balance of weight. The unsweetened juice of a grapefruit was good to take at bedtime to promote sleep. Learn to relax. Keep bright, always happy, never snappy, for agreeableness is life, discouragement is a disease.

Mrs. Knechtel delighted the audience with a solo, "When the Robin Redbreast Sings His Home Sweet Home". She was accompanied by Mrs. H. Kress.

Lunch was served after the meeting by Miss Weir and the executive.

Mrs. Weir received many congratulations in the afternoon, it being her eighty-eighth birthday.

REV. JAMES T. PRIEST ACCEPTED CALL HERE

New Pastor of Durham Baptist Congregation Assumes Duties on June 2.—Comes From Arnprior.

The vacancy in the Baptist pulpit here caused by the removal to Mount Forest a few weeks ago of Rev. W. Spencer, was filled this week with the acceptance by the Rev. James T. Priest of Arnprior of the unanimous call extended by the congregation here. Mr. Priest assumes his duties on Sunday, June 2.

For the past five years Mr. Priest has had charge of the Baptist church at Arnprior and comes to Durham with a most enviable reputation as a pastor and the citizens, with The Chronicle, will join in extending a most hearty welcome to the new divine and family who are so shortly to take up their residence amongst us.

Rev. and Mrs. Priest will occupy the residence on Countess street recently vacated by Rev. and Mrs. Spencer. They have a family of six children, four of whom are attending university and collegiate, with the two youngest members at home.

FLESHERTON BOY WON GRAND PRIZE

Murray Sewart Won $100 as First Prize Essayist in "Just Kids" Competition.

At the recent "Just Kids" Essay Competition sponsored by the Toronto Globe, Murray, the second son of Mr. and Mrs. Fred Stewart of Flesherton was the fortunate essayist to receive the grand prize of $100.00 in cash.

Murray, who is a clever young boy of twelve years and a 1st form pupil of Flesherton High school is certainly to be congratulated on his achievement. There were several thousand members of the "Just Kids Safety Club", who entered the competition which took place in November last with the final judging on Friday afternoon by Premier G. Howard Ferguson and a committee of prominent educationalists and citizens in Toronto.

PORTER—LINDSAY

A quiet wedding took place at the Presbyterian manse, College street, last Saturday afternoon at 2.30 o'clock when Miss Margaret Jane Lindsay, daughter of Mr. and Mrs. Robert Lindsay of Glenelg, was united in marriage to Mr. John Prosper Porter of Bentinck. Rev. B. D. Armstrong officiated. The wedding was very quiet, the bride's sister, Mrs. A. Hunt, and niece, Miss Emily Hunt, being the only relatives present. Following the ceremony a wedding dinner was served at the home of the bride, the immediate family only being present. Mr. and Mrs. Porter are residing in Glenelg for the present and a large circle of friends extend good wishes.

DR. T. H. SHIELDS
Pastor of Jarvis Street Baptist Church, Toronto, and Chairman of the Board of Trustees of Des Moines University, who is leading the fight to oust the present faculty of the college, which is controlled by the Baptist Bible Union of North America. Dr. Shields and his supporters were rotten-egged by the students a few days ago.

No Cases Tried At Division Court

Two Were Scheduled For Trial, But One Was Said to Be Settled, and Other Transferred to County Court.

Tuesday of this week was the regular date for the sitting of the Division Court, and while court convened under His Honor Judge Sutherland, it was of short duration and no business was done.

The case of Frank McIlraith vs a man named Watt of Alliston was said to have been settled, but we learn that since a hitch has developed and the settlement is all off. We understand the defendant, who ran into the plaintiff's car near Flesherton last fall, tendered a certain amount in settlement, which was to be accepted providing Traffic Officer Culp, who was on hand at the time of the accident, could be got in touch with and stopped from appearing as witness. This was impossible, however, and Mr. Culp came through from Clappison's, where he is now on duty. He collected something like $15 for witness fees and this also will have to be paid by Watt in the settlement.

The only other case on the docket was a rather complicated one. A man named Kreutzweiser had rented a car from a Mr. Cotton of Owen Sound. There was a collision between the car driven by Kreutzweiser and another driven by George Tolchard of Bentinck. As a result a brother, William Tolchard, was in Durham hospital for a time. Now it seems that George is sueing Cotton as owner of the car for damages to his car, while William is suing Cotton and Kreutzweiser for injuries. Cotton on the other hand is suing both Kreutzweiser and George Tolchard for damages to his car. The case was rather complicated and it was decided that the whole affair would be aired in County Court next month.

HOLDS FISH RECORD

The season of 1929 has been a disappointment so far as regards catches of fish and one is forced to the conclusion that the weather is too cold, the fish are not there, or the present crop of fishermen have reformed and do not tell the tall stories of other days. So far this season, Graydon Moorhead holds the record for good catches and while none was of an outstanding size a catch of ten he made a week or so ago are by far the best reported so far in the aggregate. Graydon got his catch within the boundaries of the corporation, too, and while a good many of the local numrods hied themselves to the country with motor cars to come back with empty baskets he stayed right in town and pulled out ten beauties. Of these one measured fourteen inches, two thirteen inches, four others touched the ten-inch mark and over, while the remaining three were of good size, considerably over the seven-inch limit and in themselves would make a good catch.

FATALITY AT ROCK MILLS

Muriel, the three-year-old daughter of Mr. and Mrs. Sam Fisher of Rock Mills was fatally injured at the Durham Furniture Co. mill on Thursday morning of last week and died within an hour at the Collingwood hospital, where she was rushed.

The little girl was playing near the track used to carry logs into the mill, to be sawed into lumber; and in some manner, after four logs had been loaded on the car, she climbed on the track ahead of the load of logs. The little tot's father was operating the machinery which hauled the logs into the mill and commenced drawing the load up the incline and from his position in the mill was unaware that the little girl was in any danger. In its ascent the car rolled the child ahead of it until the body became jammed in some way, when Mr. Fisher knew something was wrong and investigated. A workman in the yard witnessed the accident and although he tried to give the alarm his shouts were unheard in the mill and he was powerless to avert the sad occurrence.—Flesherton Advance.

"She wanted to have a finger in the pie, but I smelt a rat and nipped it in the bud."

"'Lor' Mrs. Burgess, 'ow you mix your semaphores!"

Saugeen Presbyterial Held Annual Session

Meeting at Drayton, Reported Briefly Last Week, Was Most Successful.—Officers For Present Year Elected.

The attendance of over 100 delegates with many from the local organization marked the opening session of the fifteenth annual meeting of the Saugeen Presbyterial W. M. S., held in Drayton on May 14. Two sessions were held at 10.30 a.m. and 1. 30 p.m. Mrs. Ledingham of Harriston, as president of the Presbytery, occupied the chair. The morning session opened with devotions and prayer by Mrs. Dulmage of Palmerston. In the absence of Mrs. McClanahan, president of the local society, Miss Belle Watson very ably gave the address of welcome, which was responded to by Mrs. J. C. Richardson, of Palmerston. Reports were heard from all the Auxiliaries and were most encouraging. The roll call was answered by delegates from Arthur, Clifford, Conn, Dromore, Durham, Holstein, Harriston, Mount Forest, Fairbairn, Rocky Saugeen and Drayton. Interest in the various departments of the work was manifest and the session proved its value to delegates eager for assistance in order that they might better carry on the work of the society.

The afternoon session opened at 1.30. The devotional part was taken by Mrs. Burgess and Mrs. B. D. Armstrong of Durham. Then followed the President's address in which she briefly recalled the work of the Presbyterial since the amalgamation of 15 years ago and it was interesting to note the progress made in that time. In part, Mrs. Ledingham said, "We have been blessed in the years that have gone—may we in the years before us, spend more time in prayer. This is our first object—uniting all the women in prayer. Let us in our work fail not in lifting up our eyes unto the hills from whence cometh our help."

Interesting reports were given by the Y. W.A., C.G. I.T., and Mission Bands.

Mrs. J. D. McPhee, Secretary, gave a very full and instructive report of the Provincial W. M. S. meeting held recently in Hamilton. Greetings were brought from the United Church by Mrs. Hambly of Drayton. Mrs. Gordon Wilkes gave a very pleasing solo.

The afternoon session was marked by having two outstanding speakers, Miss Lamont, one of the field secretaries, and Rev. G. M. Dunn, treasurer of the church. Miss Lamont was listened to with rapt attention. The speaker began by saying "Our aim is in our motto, 'The World for Christ'—to unite the women and children in prayer and service. Our aim is a spiritual one. We as W. M. S. members have the whole church work at heart." Miss Lamont gave glimpses of the work in Quebec with its encouragements and discouragements. She showed the value of the school home, also the work of the Deaconesses in helping in the outlying sections of our north country. Her resume of the work of the W. M. S. was very inspiring and all felt encouraged to press forward to greater things for the Master.

Rev. G. M. Dunn gave a stirring address to a joint meeting of the Presbytery and Presbyterial. The Drayton Mission Band gave an exercise, "Going into all the world", followed by their Mission Band song.

The report of the nominating committee, the election and installation of officers led by Miss Lamont, brought the meeting to a successful close.

Following are the officers for the coming year: Honorary president, Mrs. McDonald, Arthur, and Mrs. D. Dulmage, Palmerston; president, Mrs. R. Ledingham, Harriston; vice-presidents, Mrs. John Marshall, Knox Normanby, Mrs. B. D. Armstrong, Durham; Mrs. A. E. Riddell, Palmerston, and Mrs. F. Purnell, Dromore; treasurer, Miss Young, Clifford; corresponding secretary, Mrs. J. McPhee, Mount Forest; recording secretary, Mrs. Meston, Palmerston; Glad Tidings secretary, Miss V. Porterfield, Clifford; Home Helpers secretary, Miss A. Renwick, Dromore; Mission Band secretary, Mrs. J. H. Harding, Durham; press secretary, Mrs. D. McKay, Drayton; Welcome and Welfare secretary, Mrs. J. Dyce, Mount Forest; supply secretary, Mrs. H. Hart, Harriston; literature and library secretary, Miss J. Christie, Holstein; exchange secretary, Mrs. A. E. Riddell, Palmerston; Y. W. C. A. & C. G. I. T. secretary, Mrs. A. W. H. Lauder, Durham; finance and life membership secretary, Mrs. M. F. Cree, Arthur; general interests, Mrs. Richardson, Palmerston.

FORMER RESIDENT UNINJURED IN EXPLOSION AT CLEVELAND

Mr. and Mrs. William Smith of town have received word that their niece, Miss Winnie Smith, R. N., on the staff of the hospital at Cleveland at which the appalling disaster occurred a few days ago resulting in the death of over one hundred doctors and nurses, had emerged safely from the accident and was in no way injured. Miss Smith is a daughter of Mrs. George Smith of Toronto, and a former resident of Glenelg township. She received her training at the Toronto General hospital and had been on the Cleveland staff for the past year or more. Miss Smith is well known here, where she has frequently visited, spending some time a year or so ago with Mr. and Mrs. Smith here and with her cousin, Mrs. E. S. MacArthur north of town.

OBITUARY

MRS. ARCHIBALD DAVIDSON

The death of Mrs. Archibald Davidson at her home in Upper Town on Monday removes another of the early residents of Durham, and a woman who was held in the very highest esteem by all residents of this community who had the privilege of an intimate acquaintance. For the past three years the late Mrs. Davidson had been an invalid and since last December was confined to her bed. Monday of last week she suffered a stroke of paralysis and though the family had hopes that she might recover, she failed to rally and on Tuesday of this week the tender thread snapped and she passed over to join the great majority of those who have gone before. A woman of outstanding character, a kind mother and neighbor, and a true friend, the death of this fine old resident is very much regretted. While her passing is deplored by the community as a whole, it is in the family circle that the blow will fall the heaviest as she was a home woman in the truest sense and the members of her family will miss her kindly ministrations and counsel. Her passing, however, was a happy release from a bed of suffering and this will to a large extent mitigate the sorrow felt in the loss of mother and advisor. Following her serious turn last December, members of the family away from home had paid numerous visits to her sickbed and for a number of weeks this winter a daughter, Mrs. Robert Mitchell of Keewatin, visited her, returning to her home only a short time ago. In her long illness Mrs. Davidson was under the constant care of her daughter, Miss Frances, who, with the members of the family left nothing undone that would in any way make for her comfort.

The late Mrs. Davidson, whose maiden name was Helen Beith, was born in Owen Sound in the late forties. Coming to young womanhood she taught school for a time at what is still known as the Stone school at Owen Sound. She was a woman of more than the ordinary education, received her first-class teaching certificate, and rose to the position of assistant principal of the school.

Nearly fifty years ago she was married to the late Mr. Archibald Davidson, the first white child born in Durham, and has been a continuous resident of this town ever since.

The late Mrs. Davidson was a daughter of the late Mr. and Mrs. James Beith, and a granddaughter of the late Mr. and Mrs. William Telfer, the former the founder of the present city of Owen Sound and the first Crown Lands Agent in this part of Ontario. Mr. Telfer had also considerable to do with the founding of Galt and made several trips to Scotland, returning with settlers who took up their residence there.

Mrs. Davidson had enjoyed good health up to nearly three years ago when she began to fail. Her condition was not considered serious until she was taken to her bed last December, subsequently suffering a stroke a week ago from which she never recovered. She was a Presbyterian in religion and the funeral service, which is being held at her late residence this Thursday afternoon at 1.30, will be in charge of her pastor, the Rev. B. D. Armstrong of Durham Presbyterian church.

Surviving are two daughters and two sons: Miss Frances at home, Mrs. Robert Mitchell (Dora) in Keewatin, Archie, chief clerk of the through freight department of the C. P. R. at Port McNicoll and Jack, on the staff of the Canadian Bank of Commerce, Toronto. A sister, Miss Frances Beith of the Dominion Archives, Ottawa also survives. A sad feature is the inability of her daughter, Mrs. Mtichell, to attend the funeral, as Mr. Mitchell is at present very seriously ill in hospital.

We regret very much the passing of these pioneers and the snapping of the ties that bind us with the past and with the community tender sympathy to the family and relatives.

MRS. H. G. MISTELE

The announcement of the death at Waterloo on Friday of Mrs. H. G. Mistele, a former well-known resident of this town, was a shock to her numerous friends here. It had been known for some time that Mrs. Mistele was not in her usual health but the public were not prepared for the announcement of her death.

The late Mrs. Mistele came to Durham as a bride some thirteen years ago, her husband, Mr. Mistele, being manager of the local branch of the Royal Bank. During her residence here she made many friends, and ten years ago moved to Waterloo, where Mr. Mistele had been transferred to take over the management of the branch in that city. The family later moved to Hamilton, and a couple of years ago Mr. Mistele resigned his position in the bank to take over an important position with the Mutual Life Insurance Company, with headquarters at Waterloo.

Mrs. Mistele was before her marriage Miss Anna Harris of Rodney, daughter of Mr. and Mrs. J. B. Harris, now of Leamington. She is survived by Mr. Mistele and daughter, Florence, 11 years old, born in Durham, her parents, Mr. and Mrs. J. B. Harris of Leamington, three brothers, Messrs. W. D. Harris of Regina, J. R. Harris of Detroit, Dr. Harris of Brantford, and two sisters, Mrs. Corson of Leamington and Mrs. McPhail of Hamilton.

A funeral service was held at the home, 78 Park avenue, Waterloo, Saturday evening, the remains being taken by motor to Rodney where interment was made on Sunday afternoon.

Prof.: "Do you believe that five-dollar gold piece I hold will dissolve in this solution?"

Stude: "No, sir. You wouldn't put it in if it would."
