Hymeneal.

Wilson—Corbet.

On Tuesday last at "Craigielee," the pretty residence of Mr. J. P. Telford, a quiet wedding took place in the presence of immediate relatives and intimate friends. The contracting parties were Miss Margaret Corbet, Durham, sister of Mrs. J. P. Telford and a graduate of Roosevelt Hospital, N. Y., and Mr. Walter H. Wilson, of Fairbanks, Alaska. Rev. Wm. Farquharson was the officiating minister, and after a sumptuous wedding breakfast the happy pair left by 3 p. m. train for an extensive wedding tour to the Southern States, Florida, El Paso, San Francisco, and via Seattle to their home in far Alaska, where Mr. Wilson has a good Hardware business. Many good wishes go with them and amongst them those of the Review.

Bell—Livingstone.

On Tuesday, in Guelph, at the home of the bride's brother, Mr. Frank Livingstone, Miss May Livingstone, of Allan Park, was wedded to Mr. R. D. Bell, resident engineer of the C. P. R. staff. The officiating clergyman was Rev. Mr. Glassford, Presbyterian minister, and the ceremony took place in the presence of relatives and intimate friends. The bride is an estimable young lady, and in addition to many good wishes received many presents, the most striking being a handsome cabinet of silverware presented by Mr. Bell's colleagues on the C. R. R staff. After a wedding tour to Buffalo and other U. S. points they will take up residence in Hanover. Mrs. Bell was on the Review staff for a short time, and we learned to value the genial young lady and wish her and her husband all good things on the voyage of life. The cabinet was secured through Jeweler P. G. Webster.

Citizen's Sanction

The Level Crossing

The meeting of the citizens called last Thursday evening was, we are informed, almost unanimous in accepting the proposals of the C. P. R. for a level crossing on Garafraxa St. with gates and watchman to mitigate the dangers of the level crossing at the foot of a big hill. The enormous expense of cutting the hill, bridging it and filling to the east, as laid down by Mr. Darling at the meeting of Monday previous, had its effect in convincing the town that the railway people were "up against it" and were doing the best they could.

The council were to meet on Friday evening to take action but owing to a curling match at Walkerton, the meeting was postponed till Monday evening of this week.

At the meeting on Monday Mr. Doherty was present on behalf of the railway. The council made no strenuous efforts further to secure an underground crossing further up the hill but have asked the railway people to have an agreement prepared setting forth the kind of crossing and safeguards they will give and they will then accept with clear knowledge of the conditions.

Baptist Anniversary.

The 4th Anniversary of the Baptist Church has passed and another good record has been made. Rev. D. J. Kennedy, of Toronto, an old college chum of Mr. Newton's, conducted the very much appreciated services on Sunday to large congregations, and on Monday evening a well filled church, notwithstanding the cold night, met to hear an able lecture on "A Man's a man for a' that." They were not disappointed. He described the different men and of what use they were in general, the self-important man coming in for a large share of attention With humor and spice and frequent eloquent periods intermingled one and all pronounced him to be a speaker of the first rank: as Mr. Newton added that "it was so good a vote of thanks was unnecessary." The choir gave some well rendered selections, which also went a long way in making a pleasant and profitable evening.

Curling.

Friday evening last four rinks went from town to Walkerton and had a splendid evening's play and close in the totals, as the following table shows. They speak in the highest terms of their treatment in the western town, and expect to return the compliment in a few days when the westerners come east. Town Council.

W. H. Bean, Treasurer. Salary $100

The meeting on Monday night after disposing of the railway crossing, referred to elsewhere, proceeded to wrestle with the subject of Town Treasurer and the salary to be paid that official. It will be remembered that at last meeting a motion prevailed paying the Treasurer $150 for his services for 1906, but not settling the question for this year.

Three applications were in: Mr Jackson, late Treas, Mr W. H. Bean, and Mr W. F. Dunn, with, it was understood, either verbal or written offers of $150, $100 and $125 respectively The mayor pointed out that the salary of this officer was fixed by by-law and claimed the council had made a mistake in the last payment, by exceeding the amount fixed at the last by-law, $85. He also warned the council that to pass a by-law paying $150 for 1907 would inevitably lead to demands by other officials for similar increases, leading to an outlay that would destroy all chance of a 20 mill rate.

The warning evidently had its effect on some of the members, but Mr Wheln strenuously pled for the increased amount to Mr Jackson who was admitted by all to be a most efficient official. After much discussion in which all sides of the subject were shown up a division took place on a motion by Whelan, Lenahan that the salary be fixed at $150. An amendment was presented by Cochrane, McGowan that the salary be fixed at $100.

The vote resulted in a tie as follows:

For the motion;
Whelan, Lenahan, Swallow.

For the amendment:
Cochrane, McGowan, Calder.

The mayor then exercised his privilege of giving a casting vote and declared the amendment carried. This put Mr Jackson out of the question, for he had distinctly stated he would not accept less than $150. Mr Whelan advocated filling in the name of Mr Dunn, but some doubt was expressed whether he would take the $100. Some doubt was also again expressed as to the fitness of Mr Bean but Mr Calder pointed to his excellent record as Treasurer of one of the largest beneficiary societies in town, and the vote gave him a majority and he is thus Treasurer at a salary of $100 which includes postage and all sundries as well as the treasurership of school moneys, as Mr Jackson had done. Mr Bean is a man of careful habits and will no doubt perform the duties satisfactorily.

The Auditors handed in their report which was accepted by the council excepting, we may say, the recommendation in the last paragraph of their declaration, which was as follows:

January 31, 1907.

TO THE COUNCIL OF THE TOWN OF DURHAM:

We have to-day finished auditing the town books and herewith send you statement of the same.

The Treasurer's bonds, we find, amount to $3000 00, and these we consider to be quite sufficient and satisfactory considering the small amount of money passing through the Treasurer's hands.

We found all the books to be kept in first class order, the work being very neatly and accurately done. We notice that you have advertised for a new Town Treasurer. Considering the excellent condition in which the books of the town have been kept for the past year, we think it will be to your interests as well as to those of the town as a whole to keep, if possible, the services of your present Treasurer.
