A. D. Browning, C. R. — Wm Johnston, R. C.

Getting Ready.—The contract has been let for fixing up the rink for the great concert on the night of July 1. The reputation of the 48 Highlander's Band and the variety offered in their splendid program ensures a great success. Clink's solos on the great chimes and the closing piece "Hunting Scene" will not soon be forgotten. Admission 25c. Reserved Seats 35c.

Give them a Welcome.—The volunteers and the Regimental band will be home likely on Saturday night. As they seem to have been distinguishing themselves at Niagara, we suggest they be given a reception of some kind as they return bronzed and footsore. Who will move?—Later. Very appropriately we learn that Mayor Calder has his eye on them.

Young people should acquire the habit of correct speaking and writing, and abandon as early as possible any use of slang words and phrases. The longer you put this off, the more difficult the acquirement of correct language will be; and if the golden age of youth, the proper season for the acquisition of language, be passed in its abuse, the unfortunate victim will most probably be doomed to talk slang for life. You have merely to use the language which you read, instead of the slang you hear to form a taste in agreement with the speakers and poets in the country.

Operations.—Mrs D. Jackson was last Friday stricken with appendicitis and attending physicians decided an operation was necessary. This was done, the patient stood it well and has made gratifying progress towards recovery. Mr John Adlam who underwent the same operation a week previous, continues to improve. A son of Mr Wm Walker, Holstein, a nephew of Mr Wm Johnston, of Durham, was a subject of the knife about 10 days ago and reported to be a critical case. Mr Archie McKechnie of the Rocky was operated on last Friday and is progressing, though there were complications. We hope all may recover their wonted health and strength.

The annual meeting of South Grey Farmer's Institute was held in the Town Hall here on Wednesday June 12th. After the usual routine business was transacted the following officers were elected for the ensuing year. President, Robt Morice; Vice President, Dan Edge; Sec—Treasurer, Geo Binnie; Directors—Sam Putherbough; Dan McDougall, H. H. Miller M. P.; Val Kichner, Wm Grant, David Leith, H. J. Snell, W. J. Adams, Thos McFadden, Wm Ritchie, Geo Lothian, Jas McIlvride, Chas Heise. Auditors—Chas Ramage, Arch Davisdon. Regular meetings next month to be held in Durham and Hanover. Supplementary meetings in Elmwood, Ayton, Holstein, Dromore and perhaps Neustadt. The business ended, W. P. Gamble. B. S. A., Guelph, addressed the meeting on the comparative value of feeding stuffs. Showing the composition and value of the different grains in feeding for growth, flesh, fat or milk, comparing them with the mill feeds on the market. He said mill feeds were largely adulterated. Much that was sold for bran and middlings was mixed with oat hulls or something of that nature of little value. For some time an agitation has been going on, amongst feeders asking the Legislature to pass an act defining bran to be the bran of wheat and nothing else, and making anyone putting in anything else, liable to a penalty. He then spoke of stock feeds, saying that as feeds, they were of no great value, but might sometimes be used with profit as a tonic. But the price was much beyond the real value, any one could buy the material at a drug store, and mix them just as well as the manufacturer, and very much cheaper. By far the best special food, especially for milk, was wheat bran. There were quite a number present and listened with attention, and at the close of the address, plied the speaker with questions, showing that they took an intelligent interest in the subject discussed. John Ewan, Rocky Saugeen. June 15th 1907.

Sold Organs.—Messrs McQueen and Morice sold two organs this week, one to Mr. Jas. Baird, Varney and another to Mr. Henry Love, Dromore. They are of the famous Bell make. They have still a few Buggies left, out of two carloads and offer them at Bargain Day prices. The Manure Spreader they sold to Mr. Angus McArthur is giving good satisfaction.

Reports of Cattle and horses running at large in town of Durham, have been made very frequently lately. The Mayor has issued orders to the Constable to impound all horses, cows and other animals found pasturing or running at large on the streets and also to lay information against the owners of all such animals. Under the By-law of the town the fine is from $1 to $5 and costs for each offence.

Commendable.—The Lacrosse boys were in a fix. They collected gate money for a game that never came off. To give it back with justice to all was impossible, they thought of giving a free game but this too didn't meet the situation. So they have generously donated the funds to the Fire Brigade. This worthy action should meet with its reward, and citizens have started a fund to help the boys out. Everybody subscribe. This was an honorable way out.

June Brides.—Congratulations are all we will essay this week to no fewer than five pairs of young people entering Hymen's bonds; on Tuesday Miss Emma Atkinson to Mr Jesse McClure Toronto; Miss Florence Saunders to Mr Calvin Capper of the Cement works: On Wednesday, Miss Mary Hunter to Dr W. C. Pickering. Miss Bessie Edge to Mr W. J. Ritchie; and Miss E. Schwenk to Mr Chas Lavelle. A pleasant honeymoon and a joyous life beyond it.

St. Columba Church, Priceville, will celebrate its Jubilee shortly. Fifty years ago regular services were established by the late Rev. John Goodwill afterwards a Foreign Missionary for some time, and in later years a pastor of a Congregation in Prince Edward Island. Having this fact in view Rev. James Buchanan, as representative of Orangeville Presbytery, will preach on Sabbath June 23rd and Rev. Alex McGillivray of Bonar Church Toronto on Sabbath July 7th. On Monday July 8th there will be a reunion of the Congregation. Supper will be provided and an excellent programme.

The Philosophy of Advertising—A duck was one day bewailing her fate to a rooster. "Here I work all year round," said the duck; "lay larger eggs than the hen, and one a day when I am laying, and still there is no flattering poetry written on my efforts towards feeding mankind." "Well," said the rooster, "you lay an egg and walk away quietly. Why don't you do like the hen—advertise?" Moral—Call your attention to yourself and your business. Your competitor won't do it for you. The world won't know you are doing business if you don't cackle about it. Be a hen, not a duck.

In Sporting Circles

Our lacrosse boys journeyed to Chesley Monday and though not returning victors, made a satisfactory showing, the score being 7—4 in favor of Chesley Chesley has an even well balanced team but the Durham's give promise of more than reversing the score on their return. The game was clean and fast throughout, but one Durham player being penalized About half the Durham line-up was composed of Juniors, who played their first C. L. A game, but they look good to keep Durham, as in former years, at the top of the district standing.

Owen Sound intermediates are anxious to enter a team in this C. L. A. district,—Durham, Hanover and Chesley. Our boys are agreeable provided they pay $25, the bond for a former season defaulted game. In the event of O. S. coming in, the double schedule will probably be dropped.

Last Thursday's game was easily the nearest to real league baseball yet pulled off in the town series. The C. P. R. and manufactures met, each of whom won their first game. and the game developed into a pitcher's battle both gaining in strength throughout the six inning contest. Owing to the absence of their pitcher, E. Glass, a Palmerston twirler was in the box for the manufacturers. Darkness ended the game with the score a tie, 3 all. Batteries, Manufacturers; Root and Mulyin; C. P. R., Freeman and McGiffin.

On the School grounds next evening the Professions and cement team came together in their first game. The match was marked by free hitting and costly errors. Passes were numerous, on two or three occasions, runs being forced in by the cement twirler with bases full. Nevertheless the Cement won out 16—11 through superior hitting and fielding. Batteries, Cement; Watt and Matheson; Professions, Newton and Brebber.

Rev Dr Pidgeon

Tuesday evening of next week, Rev Dr Pidgeon of Toronto Junction will address a mass meeting in the Town Hall under the auspices of South Grey Temperance Association. Obituary

Mr Quintin Pettigrew

On Monday last at his home near Orchardville, the aboye gentleman passed over to the great majority. Over three years ago he was taken ill and his life was despaired of but he rallied through, though since he has been in indifferent health, but able to be around until about 10 days ago when he took to bed to rise no more.

Mr Pettigrew was a man of considerable force of character, intelligent and well-read, hearty and genial to a degree, He was of a buoyant nature and this kept him up when other men would have succumbed. Musically inclined the song was ever near his lips in the days of his strength and as neighbor and friend as well as in the tenderer relations of husband and father, he will long be kindly remembered. He was a Presbyterian in religion and in politics an ardent Reformer.

Mr Pettigrew was born in Ayrshire, Scotland, over 75 years ago and came out to this country in the 50's of last century, settling for a few years near Fergus before moving to the locality in which he died.

In Fergus he married a Miss Allan, sister to Mrs Picken, Sr., and to them were born a large family, 11 of whom survive, four having died in infancy. The sons are Robert near Varney, Quintin, John and Wm in or near Lumsden, Sask. Jas of Saskatoon, Adam on the homestead. The daughters are Mrs Adam Little, Mrs John Campbell, and Helen, widow of the late Samuel Stewart all in Saskatchewan, Mrs Conrad Krellar, of Normanby and Elizabeth at home.

The funeral takes place to-day, Wednesday, to Maplewood cemetery.

Joseph Staples

On Monday also the angel of death invaded the home of Mr and Mrs John Staples and carried off their well beloved son, Joe, at the interesting age of about 13 years. For a year or two back he has not been in robust health but latterly it was thought he was going to outlive his trouble till nervous affections set in and he has gone, leaving a cloud over the home and a sorrowing blank in his parent's hearts that can never be filled

He was a lad of very bright parts for his years, of a manly nature, and his premature removal has drawn from a wide circle intense sympathy for the bereaved home.

Mr George Frend

Tuesday morning Mr. Geo. P. Frend passed away after several years of helplessness from a severe nervous infection, which deprived him of the power of speech as well. During his long illness he has been most tenderly cared for by his wife and two daughters. Before being stricken he held an important office position in Toronto. He is being buried to day in St. John Cemetery, Glenelg.
