DONALD BEATON, Guelph P. O.

Golden Wedding

Up in the east end of Hanover, in a cosy red brick dwelling overhung with ivy a most delightful affair took place last Saturday afternoon, when Mr and Mrs Duncan Campbell celebrated the fiftieth anniversary of their wedding. The high esteem in which they are held was evidenced by the large attendance of many friends who called to extend best wishes. Mr and Mrs Campbell have been residents of Hanover for more than half a century, and THE POST takes great pleasure in extending felicitations to them on the occasion of their golden wedding.

Duncan Campbell was born in Cantyre, Argyleshire, Scotland, 75 years ago next December, and is a son of the late Peter Campbell. He emigrated when 16 years of age, his first position being that of school teaching at Hespeler, then known as New Hope. In 1854 he went to Durham and three years later came to Hanover, where he has lived ever since with the exception of 2 years spent in Manitoba. He kept store for a time where Mr Chas. Diebel's residence now stands, the post office being in the building which was conducted by A. Z. Gottwals. This was his occupation from 1857 to 1884 when he started a foundry, running it for 15 years. In 1855 he was appointed inspector of weights and measures, holding same for two years. In 1859 he was elected a councillor of Bentinck township, serving for two years, and at the expiration of that time was appointed clerk which position he has held ever since. He was always a force at the council board. He was magistrate of Hanover for 32 years, manager of the Grey and Bruce Mutual Fire Insurance Co. for 24 years, clerk of Hanover for 8 years, and has been an elder in the Presbyterian church for the past 20 years.

On the 25th of May 1858 he married Miss Johanna Privat, daughter of Louis Privat, of Durham, their union being blessed with twelve children, as follows: George in Michigan, Annie (deceased), Kate, Mrs (Dr.) Ball of Hanover; D. W. of Portland; William, Margaret and Donald, deceased; Nettie, Mrs John McKechnie of Durham; Clara, Mrs H. H. Engel of Hanover; Elizabeth, Mrs Dowkes of Owen Sound; and Misses Maimie and Merle at home.

Mr. Campbell has had a checkered and interesting career, and can tell many a stirring tale of the "good old days." His is a sunny nature and he is a very companionable man, and his friends are legion. His wife has been a helpmate in every sense of the term, and her nature is just as bright and spontaneous as is her husband's, and doubtless she is one of the youngest elderly ladies in the town. THE POST trusts that they may live to celebrate their diamond wedding.—Hanover Post.

"Young Picador" Sold.

Mr. G. J. Watts Sells His Celebrated Stallion to Messrs Black & Carson, of Durham.

An important horse deal was consummated on Tuesday morning, when Messrs Black & Carson, of Durham, purchased the handsome sweepstake stallion "Young Picador" from Mr Geo. Watts, of the Tecumseh House. The sale of "Young Picador" will no doubt be greatly deplored by the farmers and horse breeders of this section, and Messrs Black & Carson have certainly been fortunate in securing such a valuable animal. He will no doubt be the means of greatly improving the light horse and working stock in the vicinity of Durham, for he has always proven himself a successful stock horse also a successful prize winner in the show ring. He took first prize in coach and carriage class at Ridgetown, and sweepstakes for the best horse on the grounds of any breed or description, April 25 1907. At Chatham, on April 27, 1907, he took first and diploma for coach and carriage. At the Western Fair, London, Sept. 1906, he won second in coach and carriage, and a two-year old filly sired by him won first prize at the same time in the carriage class.

"Young Picador" is a beautiful seal brown, free from white, 16½ hands high, weighs 1000 lbs., with good, all round action, good head and neck, short back, lots of bone and good feet. His oldest colts are now four years old and all have changed hands at good prices, which should convince anyone wanting to raise colts that this is the horse to use. His colts are all good-tempered and easily broken to harness.

The Commissioners sent out by the Provincial Government in January o last year to inspect all stallions kept for service, reported this horse as scoring 85 points, which they say was the nearest perfection of any stallion they had inspected in their whole rounds.
