The footprints of Dyspepsia have been directly traced to the Stomach nerves. When these "inside nerves" fail, indigestion and stomach distress must surely result. For this, druggists everywhere are supplying a prescription known as Dr Shoop's Restorative. First these tiny inside Stomach, Heart, and Kidney nerves fail. Then gas belching, Heart palpitation, or failing Kidneys follow. Don't drug the Stomach, or stimulate the Heart or Kidneys. That is wrong. Strengthen these failing nerves with Dr Shoop's Restorative. It is the nerves, not the organs that are calling for help. Within 48 hours after starting the Restorative treatment, you will realize the gain. A test will tell. Sold by MacFarlane & Co.

Hopeville.

Last week's report stated that Mr Peter McArthur was able to be out. This was an error. Peter is never sick. It should read that Mrs Peter McArthur was able to be out.

A fatal accident occurred on Monday the 9th inst., on the farm of Mr Thos. Fraser, lot 37, con 9. His son, a boy of 12 years, was on a horse rake, and on going down a grade, there being no brechin, the horse began to run and the boy could not hold it. He was thrown off and his head struck a gate-post. He was taken up unconscious, carried home, and came to enough to say that he could not live. A doctor was sent for but skill and care could not save him, and he died the same day. The funeral took place on Wednesday to Ventry and there was a large funeral and much sympathy expressed by the neighbors for the family.

Another horse-rake accident happened a few days after the above on the farm of Mr H. Ellis, near Kingscote. He hitched up a colt, (said to have been harnessed only a few times,) to a horse rake, and got his boy, an English boy of 12 years, to go on it. He raked a while, when the harness broke, and a shaft falling down, the colt got scared and ran away. The boy held on well for a while but was not able to get him under control and at last was thrown off and in front of the rake. He was dragged along on the hard ground for some distance till at last some of the teeth breaking, he was left on the ground. They thought he was not much hurt but the next day he got worse and blood ran out of his mouth and nose. A doctor was called in and last reports are that he is still lying. Those who saw the runaway say that he acted like a plucky boy and held well on to the horse.

Farmers should be careful about entrusting young horses to boys unless harness, rake, &c., is in thoroughly good order.

The five-mile race got up here to be run last Friday was postponed to Tuesday, 17th inst. It is only for beginners.

Don't drug the Stomach, or stimulate the Heart or Kidneys. That is wrong. It is the weak nerves that are crying out for help. Vitalize these weak inside controlling nerves with Dr Shoop's Restorative, and see how quickly good health will come to you again. Test it and see! Sold by MacFarlane & Co.

August time, tells on the nerves. But that spiritless, no ambition feeling can be easily and quickly altered by taking what is known to druggists everywhere as Dr Shoop's Restorative. Within 48 hours after beginning to use the Restorative, improvement will be noticed. Of course, full health will not immediately return. The gain, however, will surely follow. And best of all, you will realize and feel your strength and ambition as it is returning. Outside influences depress first the "inside nerves" then the stomach, Heart and Kidneys will usually fail. Strengthen these failing nerves with Dr Shoop's Restorative and see how quickly health will be yours again. Sold by MacFarlane & Co.
