Billed for Geneva

Hon. W. S. Fielding, Canada's grand old man of finance, Hon P. C. Larkin, the popular and efficient High Commissioner for Canada in London, and Hon. Ernest Lapointe, Minister of Marine and Fisheries, from the trio that will represent Canada at the League of Nations Assembly that will meet in Geneva on Sept. 4.

Fielding is known to all Canadians as one of the most brilliant financiers Canada ever had. Larkin is known as one of Canada's successful business men rather than as a politician, founder of the Salada tea business, but Ernest Lapointa is not so well known to English speaking Canadians as he should be.

Lapointe came to Ottawa from Kamouraska, a shy French-Canadian lawyer with little English and it is said was ten years in Parliament before he attempted to speak in that tongue. He set himself however to attain proficiency in both languages and succeeded so well that in pleadcases as a lawyer before the Privy Council in London, he astonished the eminent jurists by his command of the King's English. To-day he sits for Quebec East, succeeding his late revered chieftain, Sir Wilfrid Laurier, whose mantle seems to have fallen on him as leader in Quebec and also as a matter of pure English.

As Minister of Marine and fisheries he is making a conspicious success and it was his department that saved over a million dollars for Canada by investigating an ice breaker contract that had been let, and by purchasing the "John D Hazen" back from France

Mr Lapointe will carry a distinctive Canadian viewpoint to Geneva, and his course with that of his two brilliant colleagues will be eagerly watched.

Mr J. C. Elliott, ex-M. P. P. for West Middlesex has been appointed Crown Attorney for London and Middlesex County. He is to be allowed to continue his private practice, a permission not heretofore granted. Mr Elliott was a candidate for the Liberal Premiership at the time Mr Dewart was chosen.

United States President Harding is facing a conflict with 600000 striking coal miners. He has instructed the Governors of 28 States to protect the owners of mines who can get workers and this means it is reported the mobilizi of a million armed men. It seems likely to be a test of strength and the government cannot afford to lose. The reduction of the inflated wages of war time is at the bottom of the trouble.

John Bracken

Has been chosen by the victorious Farmers' Party in Manitoba to be their leader and he has been entrusted with the task of forming a government. He is not a farmer, was not even a candidate at the recent election, never dabbled in politics, and his selection therefore is a great tribute to some factor in his character.

He is a young man of 39 years, born in Leeds County in Ontario of farming stock, studied at and graduated from the O. A. C. at Guelph. Later he went to Manitoba as representative of the Dominion Seed Branch, in which work he won high praise. Then he was appointed Supt. of Institutes and Fairs and Live Stock Commissioner in Sask. When the University of Sask. was opened he was made Professor of Field Husbandry. He has written two books on Farming topics which are reckoned standard works and no fewer than 25 pamphlets. In 1920 he was unanimously chosen as President of Manitoba Agricultural College.

Thus if not a farmer, Prof. Bracken is thoroughly in touch with farming conditions. His selection was a surprise but with such a record, it will be surprising if he does not succeed.

He married a Guelph girl and has four sons.

Lower School Exam. Results

Durham High School

To pass on any subject a student must have 50 per cent of the aggregate marks. He or she may obtain Honors above the 60 per cent. These Honors are indicated by figures or letter "C" following the name as follows: "1" —indicates first class honors, 75 to 100 per cent; "2"—2nd class honors, 66 to 74; "3"—3rd class honors, 60 to 65; and "C"—credit, 50 to 59 per cent. Certificates containing this information in greater detail will be mailed each student within a few days.

Form 1 are writing the Lower School for the first time after one year's tuition. They have tried from one to four subjects and their standing is indicated by 1st, 2nd, 3rd, "C" for Credit and "X" for failure, "—" subject not tried. They do not try a complete examination so their success or failure is indicated in the individual subjects.

Forms 2 A and 2 B this year tried the complete Lower School. Both the subjects obtained individually and the course completed is indicated. Honors are indicated in the individual subjects and not the aggregate. In these forms of 37 trying, 26 complete the Lower School, 3 fail in one subject and 8 in two subjects. Those failing in one or more subjects will not be required as in previous years to write the complete examination, but will be allowed to finish that subject next year and pursue the course of the Middle School.

The third list contains the names of 3rd form students who have subjects of the Lower School to complete from last year. There are 17 of these students trying from one to six subjects of the Lower School. Of thes seventeen, fourteen have completed the Lower School. Most of these are also trying Middle School subjects.

Aggregating the two Forms, 40 have completed the Lower School Course while 14 have one or two subjects to be completed.

IN MEMORIAM

In loving memory of Frederick Reay Jr., who died July 27th, 1921.

Far beyond our world of sorrow,
Far beyond its toil and care
There the joys of life, to-morrow.
With our loved ones we shall share.

"Why weepest Thou? Thy brother is not dead, he sleepeth."
