Local Chapter assist in Rummage Sale
Canadian Greys I.O.D.E. were in co-operation with Saugeen Chapter, Hanover, in holding a rummage sale in the latter town on Friday last, which proved to be successful. The demand for second rate apparel of all varieties, appears to be high in Hanover, for in short order almost everything was disposed of. The two Chapters went in on a fifty-fifty basis in the financial part, and the local Chapter brought home $40 from the end of the affair.

Honored by O. Sound Friends
Mrs J. W. D. Evans, whose husband is manager of the Shell Oil Station in town, was tendered a farewell evening Friday last, at the home of Mrs R. J. English, Owen Sound, on the occasion of her leaving the city to reside in Durham. Many friends of the guests of honor were present and presented her with a handsome set of dishes and a complimentary address, read by Mr Kenneth Ward. Mrs Evans kindly thanked the ladies for their love, gift and good wishes extended to her.

Dwelling Burned Down
About 7 o'clock last Thursday night, the home of Mr and Mrs Ed Braun and her mother, Mrs McClement, three miles north of Glenrosen, on 2nd con., Glenelg, was burned to the ground. It was a fairly large house, two storey and somewhat high. The fire started from the chimney, while the occupants of the house were out milking and when they returned beheld it, the upstairs was aflame. We learn that only the organ and one or two small articles could be saved. The farm was formerly owned by Tim McKenna, who erected the dwelling.

Blaze at Robt. Ewen's Home
The factory fire alarm sounding at 4.20 Wednesday morning roused many citizens from their slumbers. Robt. Ewen had arisen about an hour previous, put on more fire in his sheet-iron stove in his little home on Countess St. (formerly McKenzie Mills Office) and went back to bed. He was awakened some time later by the house being full of smoke and rushed out, broke a window in the mill nearby and gave the alarm from Ewen's telephone there. A spark must have escaped from the stove, at any rate the fire had gone into the partition and looked serious. A bucket brigade got busy and had it under control when the chemical engine arrived and completely extinguished the blaze. Some furniture was destroyed, but the building is still intact.

Likely to Leave Next Month
The town was surprised last week to learn of the possible removal of Mr. S. D. Croft and family from Durham, where he has been C.N.R agent the past six or seven years. Mr Croft has been offered the position station agent at Goderich, which, being a town about three times the size of Durham, is a decided promotion and carries with it increased remuneration. Mr Croft has made many friends here, and has proved an active public-spirited citizen; he is loath to leave, but has practically decided to accept the promotion to the lake town, and will likely be removed from Durham towards the end of November. Who his successor will be will not be known for two or three weeks, as he is remaining for a month at least in the present season. Mr Croft is at present W. M. of the local Masonic lodge, and has been active in bowling and in other circles in town, in all of which his removal will be keenly felt.
