### PRICEVILLE

### SWINTON PARK

In our corner this morning the most dominant thought is the passing of Mr Archibald Ferguson of con 18, Proton. Mr Ferguson died on Sunday night after a few weeks' illness at the age of 80 years. The funeral will be held Tuesday afternoon, Dec. 11th, interment in McNeil's cemetery, Priceville. We extend sympathy to the bereaved. Chief mourners are four daughters, Janet, Mrs. Colin McLean, Priceville; Catherine, Mrs Fred Runciman and Miss Mollie, both of Toronto; also Sarah and an only son John at the old home, who will feel the loss of a father most severely, they having been the constant companion and attendant upon the father in his time of sickness.

Mr Ferguson is one of the real pioneers of this part, coming to Proton before there was a road, nothing but solid bush. He along with his parents, brothers and sisters, homesteaded on lot 2, con 18 and in this locality his home has been ever since. Many changes have taken place and few companions of his youth are left to mourn. Only one brother, Mr Dougald Ferguson, now of Moose Jaw, is living. Archie in early life married a neighbor girl, Miss Mary McDonald and together they enjoyed life until about 18 mos. ago, when Mrs Ferguson was called home. Since that time he has gradually failed.

His face and form will be seen no more in our midst but in memory we will oft recall him as he walked about his daily tasks with a little limp—the result of a broken leg many years ago, but along with a pleasant countenance and cheerful word.

We are enjoying reautiful weather in the Park also the best of sleighing and an odd car is still running.

Richardson McLeod and Mr Brown of Kingscote, are this week moving the saw mill to Berkeley for the winter.

All of the teachers with their pupils and other young folk. are preparing to entertain us old cadgers in various ways. On Friday, the 14th, Miss Parslow in Boothville school a box social and program; on 17th, Mss Baigent of Swamp College, a pie social at which Wilfrid Wright will be chairman and Dan McCannel will sell a pie and give a girl with each one. But these are as nothing compared with Wednesday evening, the 19th, when Miss Smith and staff in the Orange Hall, will have Christmas Tree, Santa Claus and all. Now anyone within a reasonable distance who misses these events where the children are going to give us a real treat with those bright eyes and cheerful countenance, are likely to go about the rest of the winter with a long face like the sole of an old shoe pack.

## S. Grey Speakers at U.F.Y.P.O. Sessions in Toronto

**After holding Presidency for two years, Harold McKechnie Retires from Office**

At the U.F.Y.P.O. annual Convention in Toronto last week, Harold McKechnie of Durham, President for the last two years, retired from office and is succeeded by W. H. Hamilton of Renfrew Co., former Vice President. Miss Reta Rathwell, Wiarton, is the new Vice President and Mr H. Hannam, a former Swinton Park boy, is Educational Secretary.

A pleasing feature of the session was the presentation of the trophy to the winners of the Debating League. Mr N. Lindsay, Renfrew Co., on behalf of the Debating com., presented the Burnaby cup to Miss Emma Oliver and Miss Mary Beaton, the South Grey team.

Tuesday evening, the annual banquet was held. After the repast, a rousing sing-song added zest and toasts were proposed and responded to in spirited style Miss Emma Oliver, of Yeovil Club, proposed a toast to Agriculture, explaining the relationship between Agriculture and prosperity and making reference to Sir Thomas White's statement that Canada's war debt would be paid from "the top six inches of the soil." From this it will be seen, she said, that Canada draws in a crisis from Agriculture, and not from other industries, therefore the prosperity of the land depends upon farm organization.

Miss Mary Beaton of Bunessan Club, responded to the toast, declaring that all other industries depended upon agriculture, and that if a nation were to be prosperous it must produce more than was necessary for the consumption of its own people. She told something of the work of the United Farm Young People's Clubs, and made a strong appeal to young people to give of their best to agriculture.

Mr Hannam responded to the toast to the United Farm Young People of Ontario. Group games and an impromptu program concluded a very pleasant evening.

On Thursday noon, South Grey delegates, to the number of 50, came together for lunch, and then a few were absent.

Something of the duties and responsibilities of the young people's section of the United Farmers of Ontario, was outlined by Haroll McKechnie, president of the United Farm Young People, in representing the junior branch of the organization.

"As we look back," Mr McKechnie said, "we remember pledges of service, coupled with visions and opportunity from past conventions. Let us look at this convention for the duties that will make us better leaders in our local communities. We are all responsible for something. Lowell, the poet, reminds us that 'new occasions teach new duties.'" I do not hesitate in saying that the United Farmers realize this, therefore let us assume those duties with a feeling of responsibility. Work that was undertaken by the pioneers of this country in past days, can now be done in an entirely different manner, one reason for this being easier and better transportation. In the same way we find the duties pertaining to an organization covering so large an area and so varied a people as those engaged in agriculture. As we draw them together, we find the need of more '-up-to-the-minute" thought. By our own efforts too, are we not raising the standards of rural life, thereby creating within ourselves the need of the most competent and far-sighted leaders—leaders willing to give of their store of experience for the good of their respective communities and the general welfare of their industry. . . ."
