Dundalk, Sept. 23rd, 1880 h-136.

South Grey Exhibition.

On Wednesday and Thursday last week the South Grey Exhibition was held on the grounds of the Society in this Town. On Wednesday the articles exhibited in the hall were arranged and judged. In the evening the hall was lighted up, and the Mount Forest Brass Band furnished the music, and a charge of ten cents was made for admission. About $30 was taken. On Thursday the live stock was brought in and the prizes awarded. Since last Show the Society have taken down the fence on the south side extended the grounds in the direction having now taken in the full six acres of land, and have now two rings so that both cattle and horses were judged at once. The weather was very fine on both days, and on Thursday morning a continual stream of vehicles came into the Town on the four leading roads until near noon, by which time an immense throng of people were on the streets and on the Show ground. The stores were kept busy all the day.

We are of opinion that the building for the exhibition of ladies work and domestic manufactures should be enlarged, and if the prize List was extended and an admission fee of 25 cents charged, with a reduction to families it would tend to make the show a greater success than it has been.

The exhibition of horses was very good, especially in carriage teams, and in cattle there is a marked improvement, over former years. Still we cannot compare yet, with thorough-bred cattle of some fairs. There were some good sheep on exhibition, but not quite so many as last year. Pigs were well represented and the show of Poultry was very fair. The show of carriages, buggies, waggons and cutters was very good.

Mr. R. McFarlane, of Durham, showed two single buggies, taking 2nd prize for one and a speciol prize for the other.

Mr. T. Swan, of Mount Forest, showed five vehicles taking 1st for Market waggon, 1st for pheaton, and 1st for cutter. Mr Swan showed a Cutter that by a very ingenious contrivance could be made either one seated or two, without taking any of the seats off—the front one being folded up, and the back one being brought forward and placed upon it. Another feature about the cutters was that they had no railing on the sides but heavier iron. There is no doubt but this style of rig will soon become popular. Messrs Brown, of Glenelg, and Telford, of Hanover, were also successful exhibitors.

In Agricultural implements Mr. A. Cochrane, of the Durham Foundry, was a very extensive exhibitor, and his dustless Separator, at work, attracted much attention and inspection, and we expect he will receive a good number of orders for the machine as a consequence. Mr. Cochrane is determined to keep up with the requirements of the age.

Mr. R. McKay, of Walkerton, showed one of his superior Fanning Mills. These Mills are becoming more popular and the sale of them is gradually extending all over Western Ontario.

IN THE HALL.

The inside show was very fine in many of the departments the only deficiency noticeable was in Apples, in which class there were very few entries, but some fine apples were shown. One side of the hall on the first floor was taken up with grain. The first prize barley was very white, but the rest of the barley was not so bright in color. Oats were good. There was a grand display of spring and fall wheat, most of it of the finest quality, and it would be no discredit to the Provincial show. Peas were very nice and clean. Mr. A. Cochrane had on display a fine collection of stoves. Mr. John Shewell of this Town, showed a very handsome set of Furniture.

In Fruit, owing to the severe frost early in the summer there was a great falling off in this department. Some very fine pears, apples, and crab apples were shown. Mr. S. Arrowsmith showed some of the finest plums we ever saw, being as large as good sized pears, and pear shaped. Tomatoes, peppers, and grapes were well represented.

The display of butter, as is generally the case, was very good, and some nice cheese was also shown.

The display of roots was very fair, particularly in potatoes and mangels which were said to be far superior to those shown in the Industrial this year at Toronto. Mr S. Edge showed a fine collection of vegetables. Some of the potatoes were very large and clean. We also noticed several new varieties of a white kind, which were very large, and appeared to be of an excellent quality. Melons, citrons, squashes, &c. were well represented.

On the second floor was an excellent display of Ladies' work, Mrs. Millner, of Proton, being an extensive exhibiter in this class, as were also Miss Jones, Mrs. Warren, Mrs. Midddaugh, Mrs. Stewart, Mrs. Greenwood, Miss Parrott, Miss Edge, and others. The display of cookery was very extensive, and what is more to the credit of the show, it was safely kept on exhibition until the show was over, although Mr. S. Arrowsmith, who had charge of this department had on several occasions to administer pretty hard raps, to parties trying to pilfer tarts and pies. The display of flowers and plants was very creditable, as was also the show of honey, pickles, and home-made wines. Some excellent work in boots, both sewed and pegged, was shown.

Mr. Donaghy, of Durham, had on exhibition a fine assortment of Photographs, which were of a decidedly superior finish, but there was no prize awarded to this class.

Some fine specimens of pencil drawings were exhibited, for the respective merits of which and of other classes we refer our readers to the prize lize list.

Mr. Wm. Doll, of Flesherton, exhibited a very handsome assortment of gold and silver watches, jewellery, and silver-plate, and which attracted considerable attention. There was a tremendous crush of people on the second floor on Thursday, and there being only one stairway up it was almost impossible at times to get either up or down. There is no doubt but that the building is too small for the show, and will have to be enlarged, and more stairways opened up. There were a number of refreshment stands on the ground who did good business.

The receipts at the gate amounted to $308.

The following is the

PRIZE LIST.

CLASS 1—HORSES.

Best Span working Horses, 1st, special by R. McFarlane, wheelbarrow, $5—Geo. Lawrence, Glenelg; 2nd, H. J. Middaugh, Durham; 3rd, James Paul, Egremont.

SUDDEN DEATH.—On Wednesday evening Mr. George Parks, residing in Bay Ward, feeling drowsy, went to bed about half past seven, and when an hour afterward his wife went to the bed she found him dead. Although the deceased had been unwell for some time past, he was able to go around and on Wednesday apparently felt better than usual. The death is supposed to have been from apoplexy. Deceased has resided in Town for several years, and was generally respected.—*O. S. Times.*

Ald. J. W. Ellis has been elected Lord Mayor of London. He is a Conservative and a strong Free Mason.
