Another Biddulph Sensation.

Lucan, Oct. 10.—Parties were caught in the act of firing Stanley, Dight, & Co's mills at eleven o'clock last night. They succeeded in boring four holes through the side of the building and pouring coal oil in the holes, and were in the act of applying the match, when they were pounced upon by a constable and a *posse* of men lying in wait for them. One of the parties escaped to the woods, but Bill Donnelly, Bob Donnelly, Con Carty, his son Patrick, and John Kent have been arrested and are now safe in the lock-up. Other arrests will be made before morning.

CANADIAN ITEMS.

Senator Penny, of Montreal, is dead.

The Maitland River is completely dry in some places, a circumstance which it is said has occurred only once before in 38 years.

Mr. William Lilly, of Tecumseth, who died last week, was 100 years of age. He had resided in the township some forty years.

A stage driver named Little on the route between Chatham and Rondeau absconded on Monday night with a banker's package containing $2,000.

Every case of diphtheria coming under the notice of Halifax medical men this season, was directly attributed to bad drainage, or decaying vegetable matter.

Boys will continue to play with revolvers—and shoot themselves. Saturday morning a lad aged fourteen, in Quebec, while playing with a revolver, shot himself through the stomach and died almost instantly.

Mr. W. R. Coleman, lot 7, con. 2, Innisville, about four miles from Cookstown, lost by fire on Sunday afternoon the whole of his crop for 1881, barns, outbuildings, and implements. No insurance. Loss $3,000. The fire was the result of a little boy playing with matches.

A bachelor farmer living near Colborne, having been pestered by ill-mannered boys who frequently made him the victim of their practical jokes, peppered them with buckshot a few nights since, and in several cases caused painful wounds. The man was arrested, but when brought before the magistrate no one appeared against him.

Professor Macoun and his party have returned from Winnipeg after completing their exploratory tour of the country around Lake Winnipegoosis, and the Porcupine Hills and Duck Mountain districts. They report salt in the Lake Winnipegosis region, good spruce and poplar timber on the Red Deer and Swan Rivers, and splendid land in the Fort Pelly district.

The steamer Rosseau, of the Muskoka and Nipissing Navigation Company, while lying in dock at the Beardmore tannery, was discovered to be on fire early on Thursday. Those on board narrowly escaped with their lives. By the most strenuous exertions the boat was saved, although very serious damages was sustained. The loss is covered by insurance. It is supposed the fire was the work of an incendiary.

Parnell has shown his hand. The bottom of the agitation is the united action of Irishmen for the recovery of the so-called legislative independence.

Gladstone received a great ovation at Leeds, Friday. Eighty-six addresses were presented to him. He replied, acknowledging the value of party criticism.

Set back 42 Years.

"I was troubled for many years with Kidney Complaint, Gravel, &c.; my blood became thin; I was dull and inactive; could hardly crawl about; was an old worn out man all over; could get nothing to help me, until I got Hop Bitters, and now I am a boy again. My blood and kidneys are all right, and I am as active as a man of 30, although I am 72, and I have no doubt it will do as well for others of my age. It is worth a trial."—(Father.) *Sunday Mercury.*

It is said the Zulus are again on the warpath; and rumours of rebellion and strife having become rife, Sir Evelyn Wood has gone to Zululand to see what is wrong.

A General Alarm

Is needed when the frame is consumed with fever as with a slow fire, brought on by sluggishness of the kidney, or torpidity of the liver; Burdock Blood Bitters will act on the system like a chemical engine, and remove all fever and restore to normal state of health. Price $1.00, trial size 10 cents.—b177

For many months three notorious robbers who infested Iron Mountains made frequent sallies on the trains, bearing off much plunder to their fastnesses. They have been caught, and their names are Cox, Stephens, and Delaney. Each is now imprisoned for seven years.

Top off with a Bit of Pie.

What a peculiar American custom, and one which, together with hot cakes and excess of butter, lays the foundation for first class cases of dyspepsia. Better use Burdock Blood Bitters. Price $1.00, trial size 10 cents.—b177

A very good laugh was enjoyed at the Queen's one day this week at a certain limb of the law (not a citizen of Walkerton), who had been "boozing" considerably, attempting to light a cigar that he supposed to be in his mouth, but which was not there. He is said to have pretty well scorched his lips in the attempt.—*Walkerton Herald.*

No Wonder

Many a man's love has been turned into loathing on account of unsightly eruptions on the face, and of the offensive breath of his fiancee. This trouble could have been avoided if she only had sense enough to use Burdock Blood bitters. Price $1.00, trial sizes 10 cents.—b177

urham, May 12, 1881

WALKERTON FANNING MILL WORKS.

R. H. McKAY, Proprietor.

Still and always to the Front.

While politicians have been discussing the question of Free Trade and Protection the ever enterprising proprietor of the Walkerton Fanning-Mill Works has been busy adding improvements to his already Celebrated First Prize Fanning-Mill, which has fought its way through competition and difficulties to the first rank, and now stands the

First Prize Fanning Mill of Ontario,

and, as in the past, is warranted to separate Cockle from wheat, wild or any kind of Oats from Wheat, Clover from Wheat, Oats from Peas, and all clean Oats, Barley and all kinds of Coarse Grains, to perfection. For Cleaning, it has no equal. It will save Grass and Clover Seed perfectly, thus enabling Farmers to furnish their own Grass and Clover Seed, which cost them so much money yearly. These improvements ought to be of the greatest importance to the farmer, because especially as all the grain he grows has to pass through the fanning mill, and if well cleaned, he will receive the highest market price; also, if well cleaned for seed, he grows nothing but pure grain, thus leaving good land

Free from Obnoxious Weeds

that cause labor and yield nothing in return. I would likewise call your attention to the late improvements which I have made for

Saving Grass seed & taking Cockle & Chess from Wheat,

which I warrant it will do perfectly, thus enabling Farmers to furnish their own Grass Seed. Having enlarged my Workshop and added new Machinery, I am prepared to Manufacture extensively, either Wholesale or Retail.

Orders punctually attended to, and Communications promptly answered.

R. H. McKAY.

H. PARKER, Druggist,

DURHAM, July 14th, 1881.

HELP Yourselves by making money when a golden chance is offered, thereby always keeping poverty from your door. Those who always take advantage of the good chances for making money that are offered, generally become wealthy, while those who do not improve such chances remain in poverty. We want many men, women, boys and girls to work for us right in their own localities. The business will pay more than ten times ordinary wages. We furnish an expensive outfit and all that you need, free. No one who engages fails to make money very rapidly. You can devote your whole time to the work, or only your spare moments. Full information and all that is needed sent free.

Address STINSON & Co. Portland Me
