A football match took place on Tuesday evening between the Flying Wedge and the second eleven, known as the Invincibles. The Flying Wedge is 2nd of the Northern League and bound to get first.

A disastrous fire took place in Markdale last Saturday night. The woodenware factory, owned by Armstrong Bros., was entirely destroyed, entailing a loss of $10,000 of which only $2,500 is covered by insurance.

MIGHT HAVE BEEN WORSE.-As Mr. R. Cochrane and his daughter Mrs. R. Gray and child were driving near Camp's creek on Monday last, their horse shied at a load they were meeting and threw them all out but happily without serious injury.

Our readers in town will be glad to know that harvest is on and grain of good quality. We are able to announce this from finding some splendid ears of wheat in our office brought there we believe by C. C. McFayden, and grown by him.

As the service in the Presbyterian Church, on Sunday morning next is intended for the children, Rev. Mr. Henery will preach on the subject "The little captive maid in the Land of Syria." This is meant for the old as well as the young. It is requested the middle and front seats be reserved for the children.

Mr. J. W. Hartman of Elm Hedge P. O., St. Vincent Township, passed through Durham Thursday with two fine thorough-bred Durham cows. They were purchased from Mr. Milne, Township of Grey. Mr. Hartman, who is a cousin of the late Reform candidate in East Grey, takes a deep interest in fancy stock.

VANDALISM.—Mr. Aljoe the efficient caretaker of the school property is much annoyed lately to find that some mischievous or thoughtless persons are smashing windows in the school buildings. This thing grows unless checked, and our town authorities would have the support of all good citizens, if an example could be made of the offenders.

There appears to be decided rottenness in many of the contracts let by the Dominion Government and the recent discussions on these squanderings of public funds does not elevate the character of the men engaged in it. Why are these offences winked at? The Central Prison and Kingston penitentiary have vacancies for M. P.'s or their pals of this silk. *Brussels Post.*

Definition Wanted.—An amateur bicyclist would like to know if the prohibition boards put up last week on the bridges apply only to horses and vehicles drawn by them. Is a bicyclist in motion riding or driving? Perhaps he is both, probably neither, anyway he can scarcely be said to walk, and so the sight of a big eye staring at him from the middle of pros l cuted has made him cautious.

WHILE Mr Allan's pupils and others were scanning Monday's dailies, he, in company with Mr Wright, of the Woollen Mills, were in the glen near Traverston. They were trying to do some rock climbing, but the darkness of the night fell upon the dangers of the way, and they were still in the wilderness. A night in the bush was not pleasant to contemplate, so, after further effort they reached civilization about midnight but consideration, for the sleepers led them to take shelter in a hay-mow! The tramps got home Tuesday, tired and sleepy, with a string of trout.

INSURANCE COMPANIES IN A BAD WAY. —In our day banks are failing right and left the in United States. Now the cry is that Insurance there has reached its limit and unwholesome competition has produced a dangerous state of affairs." We hope this is not the case, but one thing we do know and that is, that sick and nervous headache, neuralgia and biliousness has increased of late years. Stark's Powders, the greatest of modern remedies is a never failing and pleasant cure. Twenty five cents a box.

BEAR KILLED.—On Sunday morning last Mr. John S. Black's little boy went back in the field on their farm in Glenelg where he saw a bear prowling around. He lost no time getting back to the house to inform his father, who with W. Arrowsmith and Don. Black armed themselves, and after waiting a time till the church people got away, they opened their battery on bruin, who leaped in the air with a bullet in his brain after the first broadside. The animal weighed about 300lbs. and was shipped to Toronto from Markdale next day.

A select party of townspeople, numbering twenty-five drove out in three conveyances last Friday, to Wilder's lake. The spot is romantic, and with its boating privileges an ideal place for an outing. Though the heat was intense a most pleasant day was spent, the "Jane Bell," lending her aid to give them the benefit of lake breezes. There was just one medical gentleman for each seven of the party, but we hasten to say that they were present in a social position and not from any apprehension of danger from overloaded boats or stomachs, though the presence of Mr. Fisher, from Parker's drug store would give countenance to this idea. The medicos were Drs. Kelly, Wells and Arthur Gun, while Rev. Mr. Henry overlooked all and was no doubt shocked at the superstitious tendencies of his charge, evinced by their cup-reading propensities. The drive home in the cool evening was pleasant. The company have to thank Mr. Wm. McFadden for stable accommodation.

AN UPSET.—On Saturday night last as Mr. A. Morrison, of Scotch Town, Glenelg, was driving out of town, with his two sisters and Miss M. F. McMillan, in the rig, he attempted to pass another rig in front of Jas. Atkinson's gate, where the road is narrow, and in doing so the rig went over a four ft. bank throwing out the occupants, and overturning the rig, which was somewhat damaged. Miss McMillan had her shoulder severely bruised, and the other two ladies were badly shaken up, but all escaped what might have been a very serious accident.

DORNOCH.

He's just as jolly as of yore. We refer to Mr D. Little, who, after eight week's sojourn near Gd. Rapids, Mich., arrived home on the 23rd ult. for a week's vacation. He left on the 30th to fulfil some pressing contracts.

One of the most enthusiastic matches ever kicked in this vicinity was won by our first eleven on the 21th ult. Play started sharp at seven and for over one hour the contest raged. For a few minutes the visitors made some grand play, but defence was firm and they failed to score. The wedges' forward took things easy till after the first half hour, then in less than two minutes a rush on the right wing was made which landed the ball below the goal line, when it was easily scored. The visitors simply weren't in it. The return will be played in the village of Holland Centre in a week.

Like a Miracle

Consumption—Low Condition

Wonderful Results From Taking Hood's Sarsaparilla.

Miss Hannah Wyatt
Toronto, Ont.

"Four years ago while in the old country (England), my daughter Hannah was sent away from the hospital, in a very low condition with consumption of the lungs and bowels, and weak action of the heart. The trip across the water to this country seemed to make her feel better for a while. Then she began to get worse, and for 14 weeks she was unable to get off the bed. She grew worse for five months and lost the use of her limbs and lower part of body, and if she sat up in bed had to be propped up with pillows. Physicians

Said She Was Past All Help

and wanted me to send her to the 'Home for Incurables.' But I said as long as I could hold my hand up she should not go. We then began

Hood's Sarsaparilla Cures

to give her Hood's Sarsaparilla. She is getting strong, walks around, is out doors every day; has no trouble with her throat and no cough, and her heart seems to be all right again. She has a first class appetite. We regard her cure as nothing short of a miracle." W. WYATT, 68 Marion Street, Parkdale, Toronto, Ontario.

A Racking Cough

Cured by Ayer's Cherry Pectoral. Mrs. P. D. HALL, 217 Genessee St., Lockport, N. Y., says:

"Over thirty years ago, I remember hearing my father describe the wonderful curative effects of Ayer's Cherry Pectoral. During a recent attack of La Grippe, which assumed the form of a catarrh, soreness of the lungs, accompanied by an aggravating cough, I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was

Nearly in Despair,

and had about decided to sit up all night in my easy chair, and procure what sleep I could in that way. It then occurred to me that I had a bottle of Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a teaspoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."
