EXCHANGE ECHOES.

Pimples, boils and other humors of the blood are liable to break out in the warm weather. Prevent it by taking Hood's Sarsaparilla.

The conviction of Dalaney, the Toronto tea man, by Mayor Martin, of this town, was quashed at Osgoode Hall on Friday of last week. The corporation, therefore, has to refund the $40 fine and costs imposed, but the by-law is still good as affects tea agents and other pedlars.—Mt. Forest Rep.

A BOON TO HORSEMEN.—One bottle of English Spavin Liniment completely removed a curb from my horse. I take pleasure in recommending the remedy, as it acts with mysterious promptness in the removal from horses of hard, soft or calloused lumps, blood spavin, splints, curbs, sweeny, stifles and sprains GEORGE ROBB, Farmer, Markham, Ont. Sold by McFarlane & Co.

The Hanover Furniture Company, did a business of $55,000 during the business year which has just closed. This is the most successful year the company has experienced since its inception. Hanover bids fair to be, in the near future, one of the leading furniture towns in the Province, or for that matter, in the Dominion.—Post.

NOTHING STRANGE:—Intelligent people, who realize the important part the blood holds in keeping the body in a normal condition, find nothing strange in the number of diseases Hood's Sarsaparilla is able to cure. So many troubles result from impure blood, the best way to treat them is through the blood. Hood's Sarsaparilla vitalizes the blood.

The third page of the Toronto Daily *Mail* is noted for "Want" advertisement. "I am not a scientist," says a writer in an exchange, and so cannot explain it, but it is a fact eggs that have boiled three minutes or less, can be reboiled the next morning and will not only be fresh, but soft and pallatable as though cooked but once. After an egg has been heated and cooled you could cook it till doomsday and it would not get hard. Some property in it resists the hardening process after, it is once heated.

SUFFERED FOR TWELVE YEARS.—Mr. Geo. H. Williams, the extensive manufacturer of fruit baskets, Thorold, writes:—"I suffered very severely from sick and nervous headaches and biliousness for over twelve years and had tried all the advertised pills, powders, and other medicines, but obtained very little relief, until about two years ago, I began to use Stark's Powders and since then have been like a different man and now seldom have a headache. If I have any tendency that way Stark's Powders give immediate relief." Price, 25c a box; sold by all medicine dealers.

Shelburne has a painful sensation just now in the form of a bigamy case. A young Englishman named Wanby was married last September to Miss Lizzie Miller, a young lady of the village, and it now transpires that he left a wife and family in the old country some years ago. The bigamist has cleared out and the unhappy girl whom he has deceived does not even know the reason of his absence as her friends fearing for her reason are keeping the truth from her till after her approaching accouchment.

COUNTY WAIF.—On July 20th, Elizabeth Deitz was committed to the Mercer Reformatory by P. M. Robb. The charge was vagrancy and the period two years. Instead of being sent off at the time as she should have been in charge of a County Constable she was confined in the jail here to await the coming of a bailiff from the Reformatory. She has lain in jail ever since and on Tuesday last she added another that the County will have to support until the youngster is able to support itself.—Bruce Herald.

BURGLARY.—A daring burglary was committed in Markdale during the thunder storm last Sunday night. The burglars were evidently well up in their business, and are in all probability the same gang who robbed Hartman & Wilgress' bank in Clarksburg ten days before. Having gained admittance to McCullough & Young's bank they broke open the vault and then drilled into the safe which they loaded and blew a side out of during rattle and roar of the rain storm. The robbers, of whom there were four in all, secured about $1000 and thus far have made good their escape.

A CLOSE CALL.—On Saturday evening while Mr. J. E. Trelford, hardware merchant, was in the act of turning on gas in his gasoline stove in the tinsmith department the little stove exploded throwing the gas over his hands and arms and setting his clothes on fire as also the shop. With prompt assistance he got the fire extinguished both on his person and premises. Had it not been for assistance, which was at hand, Mr. T. could not have saved himself, much less the destruction of the store. As he was badly burned on both hands and arms. The damage otherwise was trifling.—Markdale Standard.

If a man were to give another man an orange, he would merely say: "I give you this orange," but when the transaction is entrusted to the hands of a lawyer to put it in writing he adopts this form: "I hereby give, grant and convey to you all and singular, my estate and interest, right, title and claim and advantages of and in the said orange, together with all its kind, skin, juice, pulp and pips, and all rights and advantages therein with full power to bite, cut, suck and otherwise eat the said orange, or give the same away with its rind, skin, juice, pulp and pips anything hereinbefore or hereinafter, or in any other deeds, instrument or instruments, of what nature or kind soever to the contrary notwithstanding."

POINTS ON MARS:—Once every fifteen years the planet Mars comes within 35,000,000 miles of the earth. At all other times a distance of something like 141,000,000 mile separates the Marsians from the people of our sphere. These figures are interesting in view of the fact that astronomers are of the opinion that the people of Mars are trying to signal to us. How to signal back to them is now engaging attention.

BURNT TO DEATH.—Port Elgin, Sept. 12.—Mr. A. W. Wright, traveller for Watt's Soap Works, Brantford, was burnt to death in the American Hotel here this morning. It seems that he was subject to falling fits, and about 5 o'clock took one of these in the lavatory, having a lamp. He fell, and the lamp which he was carrying burst. Before he regained consciousness his side, one arm and his face were burnt to a crisp. After the fit left, however, he was able to get to the landlord's room and wake him. Strange to say, the fire did no damage, except to blacken and char the wall. Wright lived for five hours, was quite conscious, and chatted intelligently and recognized those who called on him. He leaves a widow and ten children, who lives in Brantford. His body, which is an unrecognizable mass, will be taken to Brantford. He was an old and well-known traveller on the road, and popular with his customers and fellow-traycllers.

GOOD FOR SAWMILLERS.—Washington, Sept. 12.—Secretary Carlisle decided yesterday, in a letter addressed to the Collector of Customs at New York, that the "reciprocity" condition attached by the new tariff bill to the provision for the free admission of lumber did not apply to the Dominion of Canada. The letter says:—"Referring to pargraph 683 of the Act of August 28, 1894, which provides that when articles of wood mentioned in the free list of said Act, or imported from any county which lays an export duty or imposes discriminating stumpage dues on any of them, they shall be subject to the duties existing prior to the passage of the said Act. I have to inform you that this department is officiality advised that there are no export duties on articles in question when brought from Canada, and that no discrimination stumpage duties are imposed by the Dominion Government. Such importations will therefore, be entitled to free entry."

OUR RAILWAY ACCOMMODATION.—The incentive to prompt action on the part of the gentlemen appointed to negotiate with the C. P. R. Railway for a connection with Wiarton is not wanting, nor, if the inceptive departures of the G.T. Railway by way of impressing upon us that we are the "branch" are still further elaborated, will we lack for reminders, ad. inf. A detention of the mail for half an hour or more and the corresponding period allowed our business men to contemplate the tardy transfer of a passenger or two for Owen Sound, may suit the views of that dredge-bound town and the G.T. Railway, but not those of the citizens of Wiarton. The dot-and-carry-one style of service heretofore vouchsafed us was bad enough, but with ill requited patience we endured it. Let us at length arouse ourselves. We have been at the mercy, so to speak of a soulless monopoly, as regardless of our requirements as of its most solemn promises. A united effort in the direction of economy along all other lines, with the determination to secure competitive railway facilities must at this juncture commend itself to every loyal citizen. We have the prestige attached to a growing incorporated town; surroundings unrivalled for attractiveness on the Continent; a harbor admittedly unapproached for its excellence by any other on the coast, and with the advantages derived from the advent of a competing road, what is to hinder Wiarton becoming in fact as well as theory, the "Venice of the Georgian Bay." We suggest that a public meeting be called and the sense of the citizens taken in moral, and if need be tangible support of the committee appointed to look after it.—Echo.

ORCHARDVILLE.

Rain—welcome.

Mr. Robt. Robertson has returned from a trip to the lakes where he went for a holiday and some sport.

Caldwell bros. have just received an importation from Guernsey Island in the person of a gentleman's son, who wishes to acquaint himself with the method of farming in Canada, with a view to engaging in that business for himself, in this country.

Mr. H. Lewis, took a trip to Ottawa last week, to visit relatives.

Jim looks very dejected since the nurse went away.

The teacher was sick for a couple of days last week.

The fishing season will soon close and the shooting season open. We may expect those men, who rent all the fishing grounds and fine any poor man (too poor to appeal) who may happen to catch a meal for himself, to ramble over everybody's property in search of game.

Mr. Heoflin purchased a new engine for thrashing. It seems to work well, and he is busy thrashing out the golden grain. Mr. Jas. Myres is running the engine for him.

Mr. Alex. Blythe is attending a Business College in Guelph.

Jack feels better and looks happier since the school-marm came back.

SWINTON PARK.

Thrashing is all the order of the day at present. Oats are turning out well but other grains are below average.

The welcome shower that came on Friday morning has put a stop to fighting fires, which have destroyed considerable valuable timber. Mr. H. Hannam and McMillan had some eight rods of fence burnt, while John Haw had his shanty and stable with a few contents consumed.

Mrs. Fletcher of Bentinck paid a brief visit to her brother Mr. Wm Stewart lately.

Dr Brander, of Priceville, passed here on her byke last week.

Mrs. Wm. Sackett is visiting her sister at Canton.

Mr. George Dean of Proton Centre had his knee accidently cut with an axe at Mr. Robt. Black's thrashing on Friday last. He was driven to Dundalk and had it dressed by the doctor and at last accounts was doing well.

We were pleased to read the article in your last issue headed "Hopeville picnic" by H. J. Allen, Grand Prelate of C. O. C. F. which described the picnic just as it was, but had Mr. Allen been personally acquainted with the whole situation, he would, we think, never have gone to the trouble to pen a reply.

Mr Jos. Richardson who has been in poor health for some time is a little better at present.

What we hear:— That no person has the mail carrying contract yet.

That J. H. went to hunt a hired man at Dromore on Sunday night.

That no person was afraid of fire half a mile away as reported in last week's Herald.

That some person's eyes are either improving or else printe.'s ink is more plentiful since the REVIEW changed hands.

That S. P. wedding bells will soon ring again.

DORNOCH.

FOOT BALL MATCH.—Cedarville's cracks together with some Mooresburghs stars visited our burg the day of the R. C. picnic. Both teams lined about 7 p. m. The visitors won the toss, while Dornoch took the kick off. The game raged for about thirty minutes, when our sports run in four straights. The first two goals were scored in five minutes, the third in ten, while the 4th glanced through, during the last few minutes of play.

Three of the most attractive horses in this vicinity are no more. The genial Sullivan boys of Bentinck owned two, while the third is Mr. Allan's three minuter. The former two's end were hastened by poison. Durham's V. S. being unable to effect a cure.

Miss Jennie McDonald, left last Monday for Toronto.

Carpenter Fred Heft enjoys at present Toronto's Industrial Fair.

BURGLAR VISITOR.—A pair of these characters re-turned Hunt & Cos. door key recently and abstracted about $10 in change. The vagrants escaped.

RELIEF IN SIX HOURS.—Distressing Kidney and Bladder diseases relief in six hours the "Great South American Kidney Cure" This new remedy is a great surprise and delight on on account of its exceeding promptness in relieving pain in the bladder, kidneys, back, and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by McFarlane & Co., Druggists.

MURDOCH.

Mrs. D. Sharpe has returned home after a two week's visit with her sister in Mitchell.

Mr. and Mrs. Geo. Pollock, of Murdoch, P. O. spent a few days last week visiting friends at Allenwood and Wiarton.

Miss Annie Ball, of Ball's Corners, took charge of the P. O. while her sister Mrs. Geo. Polloik was away on her trip.

Mr. T. Pollock, of your town, spent Sunday with his parents at Murdoch.

Deputy-reeve Allan was surprised in going out to his barn on Saturday morning to find that one of his horses had got into the barn and had fallen into one of the trap-holes. It had to be let down into the basement before it could be released. It got a pretty bad shaking up but is likely to get all right again.

A foot ball match was played in Orchardville on Sept. 1st between the Murdoch team and the Orchardville Striplings. The score stood 1 to 1. The Murdoch boys are highly pleased they did so well as it was their first match.

A reception was held in Varney Methodist church on Friday evening to welcome Rev, Mr. Flagg back again accompanied by his bride. Mr. Gilpin occupied the chair. Addresses were given by the Rev's. Mr. Flagg and Pomeroy, also by Mr Wm. Allan and Mr. Smith. Music and singing by the choir also by Misses Orchard and Carson, of Durham. Refreshments were served in the middle of the programe and altogether a very enjoyable evening was spent.

Reeve Dickson, of Holstein, celebrated his silver wedding on Thursday evening last. Deputy reeve Allan and Mrs. Allan and Councillor McFadden and Mrs. McFadden had the honor of receiving invitations to be present on the occasion.

EX-MEMBER OF PARLIAMENT
REUBEN E. TRUAX

Hon. Reuben E. Truax, one of Canada's ablest thinkers and statesmen, a man so highly esteemed by the people of his district that he was honored with a seat in Parliament, kindly furnishes us for publication the following statement, which will be most welcome to the public, inasmuch as it is one in which all will place implicit confidence. Mr. Truax says:

"I have been for about ten years very much troubled with Indigestion and Dyspepsia, have tried a great many different kinds of patent medicines, and have been treated by a number of physicians and found no benefit from them. I was recommended to try the Great South American Nervine Tonic. I obtained a bottle, and I must say I found very great relief, and have since taken two more bottles, and now feel that I am entirely free from Indigestion, and would strongly recommend all my friends to use this great cure, because it will put the bloom of freshness and beauty upon your lips and in your cheeks, and quickly drive away your disabilities and weaknesses.

Dr. W. Washburn, of New Richmond, Indiana, writes: "I have used South American Nervine in my family and prescribed it in my practice. It is a most excellent remedy."
