SKATING CARNIVAL.—The rink is in good shape for the Carnival to-night. Prizes good, Fun better, Costumes best.

Thousands of cases of rheumatism have been cured by Hood's Sarsaparilla. This is abundant reason for belief that it well cure you.

The Ontario Parliament meets on Thursday the 21st inst. The event this year has more than the usual interest owing to the presence of three well-defined parties.

Mayor Laidlaw left on Monday last for Toronto, where he will in the town's interest try to dispose of the debentures as favorably as possidle. He has got several good offers. While in the city he will also hear Gen. Booth of the Salvation Army, who is now being lionized there.

Mr. T. Hewson, of the Peoples' Mills, met with a rather severe accident last week. His left hand got caught in some gearing and before getting it extricated several of his fingers were lacerated and part of some of them had to be removed. Drs. Park and Gun dressed the wound, and the hand will still be useful.

A COMING MINISTER.—N. W. Campbell, Esq., Public School Inspector for South Grey is one of the most thorough and up-to-date officials in the province, and an indefatigable worker. He is not only master of his situation, but would make a competent Minister of Education, which position we would not be surprised to see him occupy yet. He delivered an able address at the Vandeleur new school opening last week.—*Standard.*

Beyond comparison are the good qualities possessed by Hood's Sarsaparilla. Above all it purifies the bloom, thus strengthening the nerves; it regulates the digestive organs, invigorates the kidneys and liver, tones and builds up the entire system, cures Scrofula, Dyspepsia, Catarrh and Rheumatism. Get Hood's and only Hood's.

Hood's Pills cure all liver ills, biliousness jaundice, indigestion, sick headache. 25c.

TWO SUNDAYS IN ONE WEEK.—The clerk of the weather has a good deal to answer for these days. What with demoralized roads and delayed mails Time itself gets confusing. At least one Egremont gentleman found it so, for after piously keeping last Saturday he drove into town last Sunday morning, only to find workmen in their Sunday garb, and discover that he was a day out. He turned in the suburbs, went home, and observed the rest of the Christian Sabbath as he had done the Jewish.

Mr. Andrew Lindsay, whose death is noticed in another column, was a native of Scotland, and there took an active part in the struggle of the masses against the classes. He was strongly imbued with Liberal principles, and in former days in this county, his voice was always in support of pure and economical government. Of late he has been laid aside with a painful and incurable disease which has now cut his life short. He belonged to the Presbyterian Church.

WHY HOOD'S WINS.—President Lincoln said, "You cannot fool the people a second time." They are too quick to recognize real merit or lack of it, and cling only to those things which they find to be what is claimed for them. It is especially gratifying that the sale of Hood's Sarsaparilla increases most rapidly in those sections where it is best known. The inference is plain. Hood's Sarsaparilla has proven that it possesses genuine merit. It maintains a high standard, which others cannot even approach. It is the people's favorite blood-purifying and building up medicine, and more popular this year an ever before. All this because Hood's Cures.

ANOTHER DEATH.—Mrs. Donald McDonald, of the 11th Con. Glenelg, died on the 3rd of Feb. 1895 in the 43rd year of her age. Her ailment was heart disease, from which she suffered the most of last summer. Mrs. McDonald was the daughter of the late Angus McMillan, and only sister of a family of six brothers, all of whom are living and well known. She was a particular favorite with all her friends and acquaintances. She was a good wife and an affectionate mother. Her death, to her bereaved husband and six helpless children, the youngest of whom is only three months old, will be an irreparable loss. They have the sincere sympathy of the entire community. Notwithstanding the severe cold weather, the funeral was a large one. Having been a good consistent member of the Catholic Church, her remains were taken into the East Glenelg R. C. Church, when Rev. Father Maloney conducted the funeral services in the presence of a large gathering of both Catholic and Protestants, paying alike their last tribute of respect to their departed neighbor and friend.

Prof. Francis Joseph Brown will give a recital in the Town Hall next Tuesday evening, of a humorous and dramatic character. He occupies the position of Pres. of the School of Oratory and comes most highly recommended. Reserved seats at McFarlane's.

RHEUMATISM CURED IN A DAY.—South American Rheumatism Cure, for Rheumatism and Neuralgia, radically cures in 1 to 3 days. Its action upon the system is remarkable mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by McFarlane & Co.

CURLIANA.—Eight of the devotees of broom and stane left last Friday morning, in the midst of a storm to try conclusions with Chesley. They drove to Hanover, intending to take the train, but the train was stuck. Not so our Curlers. Fresh horses were procured and Chesley was reached after considerable trouble and bitter weather. The match went to Chesley by 10 pts. but our curlers believe that with conditions a little less frigid they could have put up a winning game. The hearts of the Chesley people were warm however, and after a very brief stay they started for home—or Hanover—and there the fun began. The roads were desperate, there was no one to "soop them up" hence, after much plunging, sleighlifting, etc. the stane—or the arctic travelers—came to a dead stop 3 miles frae the tee, that is Hanover. Robes and wraps were taken to a farm-house, brooms and stanes were left in the sleigh, and men and horses, duck fashion, marched into Hanover—and comfort. Next day, the sleigh was dug out, and our worthies got home, none the worse we hope for their rough trip.

THE railway accident on the G. T. R. near Weston, has not, very fortunately, been of so serious a character as at first reported, though loss of life has occurred. The local passenger train, no. 6, from London was following the Chicago "flyer," no. 4 at a safe time and distance under ordinary circumstances. But Friday last was no ordinary day, and the flyer on reaching "Wardhaw's cut" 2½ miles from Weston, got stuck in a snow bank. Knowing that they were being followed by the local, a brakesman was sent back to signal the approaching train, but owing to the blinding storm, he was unobserved, and of course No. 6 pitched into the rear end of No. 4, almost at a moment's warning. Confusion followed, and to the amazement of all, for some time it seemed that every one had escaped, but, while looking at the blazing coaches and caring for the injured the absence of Mr. Frank Joseph, assistant Law Clerk of the Legislature, was noticed, and it was subsequently found that he had perished in the wreck. The other passengers, among whom were Judges Burton and Osler, W. B. Osler and I. Aylesworth, Barristers, Mr. Atkinson of the Globe, and others, got a severe shaking. Another smash-up occurred on the Midland Division of the G. T. R., near Agincourt, when the express train for Toronto ran into a snow-plough and engine moving slowly along the track. Here, also, a life was sacrificed, John Rigg, Engineer, being killed, and several others very seriously injured. Both of these being rear-end collisions, it would seem that the block system should be adopted. By this system a train going in the same direction as another, is not allowed to leave a station until the first is reported "arrived" at the preceding station. The system is already in use, and proves simple and efficient.

PROF. BROWN,

Town Hall, Durham,

TUESDAY 19th inst.

At a meeting of the Durham Branch of the Ancient Order of United Workmen held on Monday evening last in the matter of the death of the late Mr. Thomas Fox, of Durham, who was a member of the Order, the following letter of condolence to Mrs. Fox was read and approved of and a copy was ordered to be sent to Mrs. Fox.

DEAR MADAM,

It is with profound regret that we, the Master-workman, officers, and brethren of the Durham Lodge No. 108, of the Ancient Order of United Workmen, find ourselves called upon to express our sympathy with you and your family in your great bereavement. Our brother, your late husband, whose earthly life has been so suddenly cut short, we have known to be a workman worthy of his hire, and during the years in which he has been associated with us we have learned to appreciate the many excellent qualities which adorned his character. We know that words are comparatively meaningless to you in this hour of sore trial, and we would therefore simply express our confidence, that He who is husband to the widow and the father to the fatherless will be your stay, now and forever.

Yours very truly,
ARCHIBALD MCKENZIE,
Recorder.

COLD IN THE HEAD AND HOW TO CURE IT.

One of the most unpleasant and dangerous maladies that afflicts Canadians at this season is cold in the head. Unpleasant, because of the dull, heavy headache, inflamed nostrils and other disagreeable symptoms accompanying it; and dangerous, because if neglected, it develops into catarrh, with its disagreeable hawking and spitting, foul breath, frequent loss of taste and smell, and in many cases ultimately developing into consumption. Nasal Balm is the only remedy yet discovered that will instantly relieve cold in the head and cure in a few applications, while its faithful use will effectually eradicate the worst case of catarrh. Capt. D. H. Lyon, president of the C. P. R. Car Ferry, Prescott, Ont., says:—"I used Nasal Balm for a prolonged case of cold in the head. Two applications effected a cure in less than twenty-four hours. I would not take $100 for my bottle of Nasal Balm if I could not replace it." Sold by all dealers or sent by mail postpaid at 50 cents per bottle, by addressing G. T. Fulford & Co. Brockville, Ont.

Arch. McKenzie, Durham,

DEAR SIR,—I have much pleasure in reccommending your Horse and Cattle Feed to all horse and cattle men. I feed it to colts under my charge, they were Hide Bound and in bad shape. I am pleased to state that your Food loosened them up and made new colts out of them. I will never be without it as long as I have 25 cents to buy 6 lbs.

Yours Respectively,
JAMES LLOYD.
