Miss Orchard, was the Durham delegate of the Epworth League to the Mt. Forest District Meeting which was called for the purpose of forming a local union of all Leagues in the District.

A second attack on the old Orange Hall was reported last week. This time the vigilance of Reeve Gorsline frustrated the attempt. Those who steal a march on our Mayor or Reeve have got to be smart.

Dr. Geo. M. Leeson, graduate of Detroit Med. College, is spending a week or so at the old home in Varney, and visiting friends in the neighborhood, before going West to begin the practice of his profession.

PASSED.—We notice in the list of successful 1st year students at the Easter Examinations of the Guelph O. A. C. the name of Thos. Gadd, of Normanby. He stands at the head of the honor list in agriculture, and is well up in General Proficiency.

Dr. Oronhyatekha, Supreme Chief Ranger of the Independent Order of Foresters, has returned to Toronto after a six weeks' successful tour among the Forestric jurisdictions throughout the western part of the continent.

GET ONE.—Spring Calendars showing when and at what stage of plant life spraying should be done, and the various solutions necessary to do it, have been issued by Stone & Wellington, nurserymen, Toronto. Call at REVIEW office and get one free.

Laidlaw has a complete stock in all of the followings:—Dry Goods, Hardware, Groceries & Provisions, Confectionery, Crockery & Glassware, Wall Paper & Stationery, Boots & Shoes, Hats & Caps, Ready-Made Clothing, Flour & Feed, Patent Medicines.

Many will be pleased to learn that the Rev. E. A. Henry, who ministered with so much acceptance to the Pres. Congregation here last summer, has received a unanimous call to the Presbyterian congregation of Brandon, Manitoba. We extend our hearty congratulations.

WORLD'S COLUMBIAN EXPOSITION.—Will be of value to the world by illustrating the improvements in the mechanical arts and eminent physicians will tell you that the progress in medicinal agents, has been of equal importance, and as a strengthening laxative that Syrup of Figs is far in advance of all others.

CHRISTIAN ENDEAVOR.—The executive meeting of the C. E. S. called for last Saturday, was not well attended. However, Priceville and Hampden delegates were on hand. They adjourned the meeting till Saturday next, 18th inst. at 3 p. m. when it is hoped a larger attendance will be secured. Priceville is anxious to have the next meeting of Local Union.

EXTENSIVE FIRE IN ELMWOOD.—On Friday night last from 7 to 10 o'clock a reflection in the western sky attracted the attention of many. It was soon learned that Elmwood had met with a disaster. The extensive sawmill, furniture factory office and lumber yards of the Elmwood Sawmill and Furniture Company were destroyed. Loss about $10,000, and only a small insurance.

Varney Cheese Factory opened for the season last week, and is in full blast this week. The pushing proprietor, Mr. J. W. Blyth, is more thanordinary busy this year having a new barn on hand which was successfully got on its feet last Saturday. We regret to say however that Mr. Jno. Aldred met with an accident having, fallen from aloft to a board floor and received injuries to his back, shoulders and head which are quite serious. We hope Mr. Aldred may soon be himself again.

SCHOOL ARBITRATION.—On Saturday last, at Dornoch, an arbitration Board consisting of Judge Creasor, Inspectors Gordon and Campbell, Mr. Jno. Corlett, on behalf of Bentinck and Mr. A. Stevens on behalf of Sullivan, met to consider the appeal of Arthur Hughes, S. S. No. 4, Sullivan, who wants to be detached from his own section and form a union School Section with No. 13, Bentinck. The arbitrators were unanimous in acknowledging Hughes' grievance, but owing to a technical difficulty nothing was done till the point was submitted to the Minister of Education. The Board will then meet in Chatsworth at the call of Judge Creasor.

A letter recently received from Mr. Wm. Ledingham, Portage La Prairie, dated May 11, says the weather has been fine since the snow left, first week in March. Seeding began April 1st and was done long ago, wheat fields standing 4 inches high. Rhubarb and onions about a foot high and in use at the table. Radishes on the market, plum trees out in bloom in April, a growth of 4 or 5 inches on the maple. Wheat was 68 cents and going up. The new part of the proposed Hudson Bay Road starts near the Portage, and is much discussed being likely to help the Portage considerably. In fact the outlook for the wheat growing prairie province is decidedly rosy.

OBITUARY.—It is with great regret we notice the death of Mrs. Daniel McDougall, of Bentinck. The mother of a large family and wholly devoted to the interests of her household. The deceased was the daughter of the late Mr. Donald McIntosh, of Bentinck. She had been ailing we understand, for a week or two, but the end came very suddenly. She leaves her husband, a family of eight children and a large circle of relatives to mourn the irreparable loss which her death has brought upon them. Rev. Mr. Little conducted the funeral services, and spoke with touching power on the "Rest that remaineth to the people of God." All Bentinck seemed to be represented, and many from other parts were there, by their presence testifying their respect for the memory of the dead and their sympathy and esteem for the living. Rev. Mr. Burns, of Corinth, also addressed the assembly.

200 acres of wheat sowed by 23rd April and the first seeding nicely through writes Mr. Jno. Cameron of Bottineau, N. Dakota, to the REVIEW. This is doing well and if the present prices hold out should prove profitable. May the harvest prove gratifying is the wish of the REVIEW.

Farm Machinery and implements of all kinds at the shop next Boulger's, Priceville.—Arch. McKinnon.

Mr. Geo. F. Robbins, representing the Toronto Type Foundry, was on his rounds last week. He left this office with an order for new stock to meet the demands of our growing business. We are now better prepared than ever to furnish customers with neat and cheap work in all lines from calling cards to posters.

### PUBLIC LIBRARY.

The Annual meeting of the Mechanics' Inst. was held on Monday the 6th inst. and owing to the absence of some reports, was adjourned till last Friday and a good meeting, (compared with other years) was the result. President Gun spoke briefly on the work of the year in its threefold field of Entertainment, Reading Room, and Evening Classes. The Reading Room had to be given up, owing to an indifferent reading public and a scarcity of funds. The Entertainments were fairly successful, and Classes in primary Drawing had been held, by courtesy of the Trustee Board, in the Public School. Both the Classes and the Reading Room are a source of revenue. He then referred to the change of name from Mechanics' Inst. to Public Library, occasioned by the Act passed at the late Legislature. It also allowed a change of Constitution, if the Board and the Town Council could agree in the matter. Nothing was done in this matter however, nor is it likely to be done, as the success of the Institute in the past under its own management has been so successful that change is not desirable.

The following officers were elected:—Pres., Dr. Gun; 1st Vice Pres., Rev. Mr. Pomeroy; 2nd Vice Pres., Mr. Allan; Treas., Mr. Kelly; Secy., Mr. Ramage; Board of Directors; Messrs. H. Parker, T. Moffat, A. Jackson, A. Davidson, N. W. Campbell, C. L. Grant, J. P. Telford, C. McArthur, S. Todd.

A formal resolution then buried the time honored name "Mechanics' Institute," and the new title, "Public Library," will henceforth be used.

The annual meeting then closed and the new executive held its first meeting and appointed the following Committees:—Entertainment; Grant, Jackson, Moffat, Telford. Library; Dr. Gun, Rev. Mr. Pomeroy, Ramage, Davidson, Kelly, Allan. Property; McArthur Parker, Dr. Gun. Finance; Kelly, Jackson.

The Salary of Librarian was increased to $35.00.

The Pres., Mr. Rev. Pomeroy, and Messrs. Grant and Kelly were appointed a committee to wait on the Council to lay the claims of the Public Library before them, and secure a grant.

Rev. Mr. Pomeroy is the first clergyman to take an active interest in the Institution, since Rev. Mr. Burt's time, and looks upon it as a power for good.

An order of books from London, England, value $150, arrived in Durham last Saturday after some provoking delays in the Custom House. There is no duty on books for Public Libraries.

There will soon be 4,000 volumes on the shelves. Annual Fee, $1.00; 6 mos. 50 cents.

During the year 3405 volumes were given out divided as follows:—

History 250, Biography, 223 Poetry and the Drama 26, Science and Art 53, Voyages and Travells 415, General Literature 796, Fiction 1617, Religious 25. We are not aware how this compares with other years. The reports of the minister of Education show that the reading of Fiction throughout the Province is gradually getting less, and a condition of the grant to Libraries is that not more than 20 per cent must be expended in fiction.

### PROTON CENTRE.

The farmers around here are about through seeding as the weather has been very favorable for it, but it has taken quite a change these last few days that we think more like winter weather than summer.

Mr. W. Bryce's children have the chickenpox, but are getting over them nicely if they don't catch cold.

Mr. James Soper's little boy is laid up with inflammation of the lungs. Dr. Mac. is in attendance.

Messrs Campbell and Champs, of Dundalk, called on Mr. Batchelor last week.

Mr. and Mrs. W. J. McLean, of Swamp College, were visiting at their cousin's, Mr. S. McLean, of this place last week.

Mr. and Mrs. J. McMurdo, of Hopeville, were the guests of their friends on the eighth, last Sabbath.

Messrs J. Hopkinson and C. McKay, of Ventry, passed through this place last week on a fishing expedition.

Mr. G. Woollsley took in Mt. Forest last week.

Mr. J. Lee has been engaged working for Mr. C. McArdle, of Hopeville, for the past few weeks.

There seems to be a disease among the horses around here. They are all giving up, they can't work and some are dying, it is a bad thing this time of the year when they are so needed.

MABLE.

### EGREMONT COUNCIL.

*(Too late for last week.)*

A special meeting of Council was held on May 1st at Mr. Fraser's, convened by call of the reeve to consider what was best in regard to the removal of McQueen's bridge Con. 5, by the spring freshet. Also the Fraser bridge, which is damaged. The Council met in full at at McQueen's bridge and found it entirely gone, and Mr. Fraser's is also in an unsafe condition as the centre butment is removed about four feet down the river but the covering is entire.

The council, after examining the ground at the McQueen bridge, found that further down the stream a much better place for building a bridge can be got at less cost and will be as good for McQueen, he guaranteeing to furnish the right of way from Mr. McLachlan.

Be it therefore resolved that the reeve and clerk ask for tenders for building said bridge, and also for the bridge at Arthur's at Lot 25, Con. 8 giving all information regarding kind, etc. required. All tenders to be sent to the Clerk on, or before, the 25th May, and will be considered at the regular session of council on May 27th.

Swanston—Hunter—That Mr. Fraser post up notices at the bridge, known as Fraser's, warning the public against travelling over said bridge, and that he have it repaired as soon as convenient.—Carried.

D. ALLAN, Clerk.

### DEATHS.

McDOUGALL.—In Bentinck, on Friday morning, May 10th, Mrs. Dan McDougall.

## LOCAL NEWS.

Mr. H. Parker sold his thoroughbred bull the other day to cattle buyer Brunt at a good figure. He tipped the beam at 2165 lbs.

At the meeting of the Town Council on Monday night last, the council appointed Mayor Laidlaw Inspector of the building operations at the market ground while in progress. A payment of $188 was also made to contractor Bull on his contract.

The Fire Brigade had a meeting on Tuesday night for organization purposes, drafting of bye-laws, etc., Citizens will not be alarmed to-night if they hear the firebell ring out "three times three" a signal for practice. We hope the Council will show a commendable willingness and promptness to meet the wants of the Brigade as to rubber and duck clothing, etc. If the Brigade furnish the muscle, the time, the skill, and the daring, the town should do their part. And will too.
